

## DIETZ FAMILY ALL FREED OF CHARGE OF SHOOTING DEPUTY

Wife and Children of Cameron Dam Man Allowed to Go.

Prosecutor Says State Is Satisfied With Punishment of John.

Principal Witness Is in Australia and Another Is Detective.

Eau Claire, Wis., Sept. 16.—The cases of the state of Wisconsin against Hattie, Clarence, Leslie and Elmyra Dietz were dismissed this forenoon in circuit court by Judge Wickham, on motion of District Attorney Williams of Sawyer county. All the defendants were in court, each accompanied by an attorney.

There were four cases, charging assault with intent to kill John Dietz, Hattie Dietz, Elmyra Dietz and Leslie Dietz. The district attorney gave as his reason for the dismissal of the cases that one of the principal witnesses, John Hough, is now in Australia, and another, John Hesse, is a professional detective. It was believed the detective evidence would not have much weight with a jury, as he was engaged for pay at the time of the alleged assault in assisting in getting John Dietz, said the district attorney.

Children Under Age. Hattie Dietz is the wife of John Dietz, Elmyra Dietz is the daughter of John Dietz, Leslie Dietz is the son of John Dietz. John Dietz was a man of strong personality and liable to use violence when anyone differed with him, and the members of his family were completely under his sway, said District Attorney Williams.

The county board of Sawyer county, the district attorney said, believed that the law was being violated with the serving of life imprisonment by John Dietz, husband of Hattie and father of the children, and requested that the cases be nolle.

In conclusion, the district attorney said: "It is the evident belief that a jury in this action would take a large and generous view that the chief of the rebellion being brought to full punishment under the law, this should satisfy the state for all the offenders, and that therefore the accused persons ought to be free."

## NEGRO MURDERER IS PUT TO DEATH

"Gentlemen, Don't Kill Me," He Pleads on Way to Chair.

Auburn, N. Y., Sept. 16.—James Williams, a negro murderer, died in the electric chair early today at the state prison here, delivering a rambling valedictory.

"Gentlemen, don't kill me," he pleaded as he entered the chamber at 8 o'clock, the prison guards gently urging him.

He wore his old working clothes and a soft cap. After taking his seat he said: "Gentlemen, don't kill me. I want to warn you about the women. Keep away from the women. That's what got me."

Williams killed an aged farmer, James Duffy, with a hatchet near here, N. Y., in 1911, and later attempted to assault his victim's daughter.

## WILL DECIDE BIG ISSUES

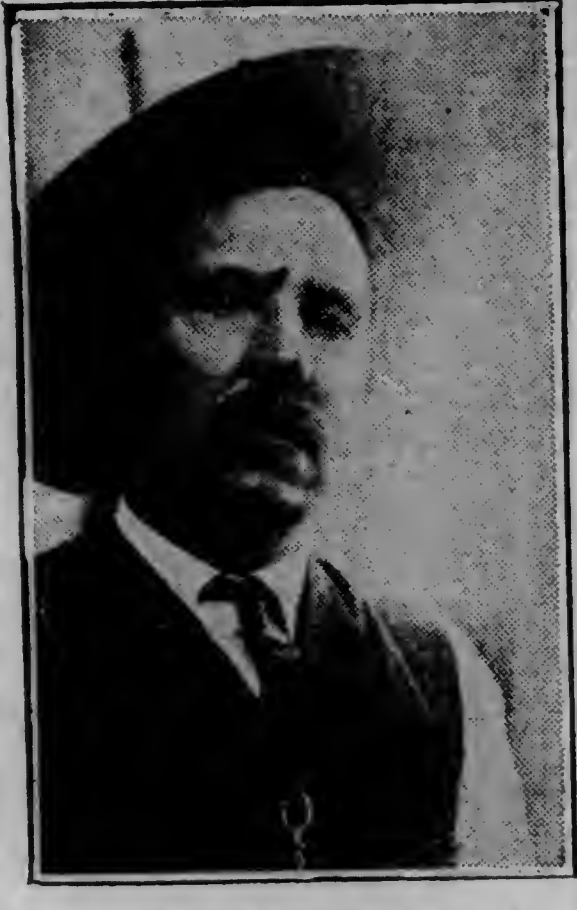

Supreme Court Already Has Twenty-one Cases on Calendar.

Rate, Patent and Judicial Questions Raised in Suits.

Washington, Sept. 16.—The supreme court will begin its fall term with the consideration of many important cases. Already twenty-one cases of unusual consequence have been set for hearing Oct. 14, the opening day. To this list probably will be added the Kansas election case, which involves the right of Roosevelt electors to remain on the Republican ticket.

The business world is said to be principally interested in the second argument of the cotton corner case and the interstate commerce case, both assigned for re-argument early in the term. The cotton corner case arises over the validity of indictments against James Patten and others, on a charge of conspiring to corner the market on the New York Cotton exchange in (Continued on page 6, fourth column.)

## MEXICAN REBEL IS CAPTURED IN TEXAS

COL. PASQUALE OROZCO, SR., Father of the Leader in the Mexican Revolution.

## OROZCO OVER THE BORDER

Mexican Rebel General Escapes But Americans Arrest His Father.

Leader Would Be Extradited on Theft and Murder Charges.

Marfa, Tex., Sept. 16.—Gen. Pasquale Orozco, Jr., is reported to have been among the rebels who crossed the Texas yesterday after the federalists had captured Ojinaga. Orozco was said to be one of a band of thirty fleeing rebels who crossed the Rio Grande about one mile from Presidio, the Texas town opposite Ojinaga.

It has been impossible here to obtain either confirmation or denial of this report. United States troops started after the band of which Orozco was said to be a member.

Col. Pasquale Orozco, Sr., the leader's father, crossed directly into Presidio with twelve companions, and all of this party were at once placed under surveillance by United States authorities.

Will Be Deported. Washington, Sept. 16.—The United States will hold Col. Pasquale Orozco, Sr., and Col. P. G. Orozco, with any other captured Mexican rebels, probably for deportation into Mexico. No charges of violations of the neutrality laws are pending against either, and their position is the same as that of any of their men.

Gen. Orozco, however, if captured, would be held for the Mexican government, which is preparing to demand his extradition to face charges of embezzlement of funds in his care while inspecting general military affairs of the rebel forces.

Col. P. G. Orozco, a cousin of the rebel leader, still is at large with a small command.

El Tigre Captured. Douglas, Ariz., Sept. 16.—Luz Salazar and his rebel band finally captured El Tigre, the American gold mining camp, in the fighting against federal forces. Only one American was wounded. He was Gilbert McNeil, but his wound is not serious. The rebel loss could not be learned.

The valuable plant of the El Tigre company was not molested. Federal reinforcements for the El Tigrearrison were twelve miles from the camp nine hours before the capture of the town but they never arrived.

## HAYWOOD HELD FOR STRIKE PLOT

Is Arrested on Conspiracy Charge—No Strike in Protest.

Lawrence, Mass., Sept. 16.—William D. Haywood of Denver, general organizer of the Industrial Workers of the World, pleaded not guilty in court here today in answer to an indictment charging him with conspiracy in connection with the big textile strike here last winter. He was held in \$1,000 bonds. No trial date was set.

His arrest took place yesterday afternoon in the strike, meeting in Boston common to protest against the jailing of Ettore Giovannitti and Caruso, leaders in the strike. Fred H. Moore of Los Angeles, who will defend the strike leaders, was prepared to represent Haywood in court. Haywood's indictment charged "conspiracy to intimidate the general public by an alleged endeavor to conduct the textile strike of last winter unlawfully."

Despite the expectation that a strike might be called to protest against the imprisonment of the strike leaders, the operatives in the woolen and cotton mills reported for work when the factories opened today.

## GUN MEN GET BRIEF DELAY

Gyp the Blood and Lefty Louie Will Plead on Wednesday.

Alleged Murderers Arrested in Brooklyn—Whitman in Hot Springs.

New York, Sept. 16.—Harry Horowitz, alias "Gyp the Blood," and "Lefty Louie" Rosenzweig, whose arrests on Saturday night completed the roundup of the men indicted for the murder of Herman Rosenthal, were arraigned this morning before Justice Goff in the supreme court. At the request of counsel for the prisoners pleading was adjourned until Sept. 18.

The wives of the prisoners and Max Kahn, the alleged pickpocket, arrested in the flat occupied by them, were held in \$2,500 bail each as material witnesses.

The gunmen evinced no more disposition to give information or make any admissions than they did yesterday, when Assistant District Attorney Moss questioned them for three hours.

Forty or more letters and postcards found in the rooms of the two men may furnish important information to the state's attorney. Detectives ransacked the apartment and beneath the boards of the floor and tucked under carpets, correspondence was found which Deputy Police Commissioner Dougherty says is of importance to the prosecution.

Arrested in Brooklyn. "Gyp the Blood" and "Lefty Louie" were found by the police Saturday night living with their wives in a flat in the Brownsville section of Brooklyn. They were arrested by Deputy Commissioner Dougherty.

This principle is vital: That every man in America has the right to run his office and vote for whomsoever he chooses.

When matters of great pith and moment are involved a party is not dealing honestly with the voters unless it declares its principles and pledges its candidates to maintain them. A vote obtained through dissimulation is wrongfully obtained.

"Could anything be more practical than the open boast of the Roosevelt men that they kept still and waited until the Maine election had been carried before declaring their principles? Every regular Republican vote obtained in this way is the state of Maine was fully as honest as the Democratic platform. He may be right, much as I doubt it."

Sanborn Upheld in Kansas Ballot Case. Denver, Colo., Sept. 16.—The United States circuit court of appeals here today handed down a decision in the Kansas presidential election case.

The decision of Judge Sanborn in the United States district court here, that a court of equity has no jurisdiction to enjoin a state election officer from putting on a statutory primary election ballot, was upheld.

The case was remanded to the United States district court with directions to dismiss the bill.

## MAN AND HIS WIFE UNITE IN MURDER

Kill Woman's Stepfather After Walking 100 Miles to Find Him.

Colfax, Wash., Sept. 16.—Wesley Brownell, aged 25, and his 17-year-old wife, Winnie, residents of Cul De Sac, Idaho, yesterday shot and killed A. Nieves, stepfather of Mrs. Brownell.

The shooting occurred at the Charles Long ranch, near Colfax, where Nieves and his wife had been with them the Brownell children.

Brownell and his wife had been without food more than a day, and had hidden in the barn at Long's ranch, waiting for Nieves to appear.

Brownell shot Nieves five times, according to his statement. As Nieves fell, the authorities say, through the head. The Brownells then took the children to neighbors and told the sheriff Carter and Deputy Cule. Mrs. Brownell was masquerading as a man. They told the sheriff the act was done because they could not get justice in Idaho.

## SOME OF STRIKERS REFUSING TO TAKE PART IN THE WEST VIRGINIA STRIKE

## SEES PIRACY IN POLITICS

Governor Marshall Talks Plainly in Speech in Kansas.

Denounces Roosevelt Party's Action—Scoffs at Republican "Divorce."

Kansas City, Kan., Sept. 16.—"Never has the black flag of piracy floated above the political seas as now; never was it saluted with so much honor," declared Governor Thomas R. Marshall of Indiana, Democratic nominee for vice president, in a speech here today.

"In all my political career I have never asked anybody to vote for me; I do not propose to do so now. I am unfit for public office if my personal preference is more potent than the triumph of the cause I advocate. He is not a good soldier who is not willing to sacrifice himself in an effort to save his party standard. My personality is of slight moment to the voters of this country unless they believe in my party platform, and in my intent, I elected to help carry out its pledges. I have no quarrel with the man who disagrees with me with reference to the Democratic platform. He may be right, much as I doubt it."

A Vital Principle. "This principle is vital: That every man in America has the right to run his office and vote for whomsoever he chooses."

When matters of great pith and moment are involved a party is not dealing honestly with the voters unless it declares its principles and pledges its candidates to maintain them. A vote obtained through dissimulation is wrongfully obtained.

"Could anything be more practical than the open boast of the Roosevelt men that they kept still and waited until the Maine election had been carried before declaring their principles? Every regular Republican vote obtained in this way is the state of Maine was fully as honest as the Democratic platform. He may be right, much as I doubt it."

Sanborn Upheld in Kansas Ballot Case. Denver, Colo., Sept. 16.—The United States circuit court of appeals here today handed down a decision in the Kansas presidential election case.

The decision of Judge Sanborn in the United States district court here, that a court of equity has no jurisdiction to enjoin a state election officer from putting on a statutory primary election ballot, was upheld.

The case was remanded to the United States district court with directions to dismiss the bill.

## TAYLOR TAKING EVIDENCE IN HARVESTER TRUST SUIT

Clarence Funk Is First Witness Examined in Chicago.

Chicago, Sept. 16.—Taking of testimony in the government suit to dissolve the International Harvester company, which as a \$140,000,000 corporation is charged with existing in violation of the Sherman anti-trust law, was begun today before Special Examiner Robert S. Taylor of Duluth, Minn., with General Manager Clarence Funk as the first witness. He appeared with books and documents containing records of the company's business.

Edwin P. Grosvener, special assistant to the attorney general, appeared for the government. He announced at the opening that the Chicago hearing is one of the number to be held in various cities, following filing of the suit in St. Paul, Minn., last April.

The defendants include George W. Perkins, Cyrus H. McCormick, Elbert H. Gary, president of the Steel corporation; George F. Baker, Norman B. Ream, Charles Deering and Harold P. McCormick.

The filing of the suit was determined upon after the department of justice and the company had failed to agree to a plan to dissolve without litigation by dividing the corporation's property among new companies, as was done in the tobacco corporation dissolution.

The government charges that the corporation, by combining the five largest agricultural implement manufacturers in 1902, created a trust and monopolized at that time 85 to 90 per cent of the trade.

Mr. Funk testified that prior to the combination of the late 1922 Harvester companies in 1902, they all were active competitors. The general agencies of all the companies were turned over to the new organization, he said.

The products of the present company, Mr. Funk asserted, were sold to the farmers through jobbers in the Pacific coast states and through general agents in other states.

## GOVERNOR JOHNSON BACK IN ILLINOIS

Burlington, Iowa, Sept. 16.—Governor Johnson today entered Illinois for a second time to spread the Progressive propaganda. Leaving Burlington over the Burlington and Fort Madison and Keokuk and then across over into Illinois to speak at Quincy, McDonough, Galesburg and Peoria.

The Illinois trip will consume two days, a half dozen cities in the central and eastern sections being included in tomorrow's itinerary.

## TAKING PART IN THE WEST VIRGINIA STRIKE

"MOTHER" JONES.

Charleston, W. Va., Sept. 16.—"Mother" Jones is leading the miners of West Virginia in their strike. She is one of the most picturesque figures in the labor world. She first came into notice in a Pennsylvania mining strike and the men promptly made her their Joan of Arc. She has been conspicuous since that time in every movement of the mine workers to obtain higher wages or better conditions of labor.

## CROATIANS PLAN ORPHANS' HOME

Have Over \$50,000 on Hand for Care of Fatherless.

Kansas City, Mo., Sept. 16.—The establishing of an orphan's home is one of the first matters to be considered by the convention of the National Society of Croats during its second week, which opened today in Kansas City, Kan. The society now has a fund of more than \$50,000 for the use of orphans.

Individual subscriptions today increased to \$3,000 the nucleus of the fund for the use of the Croatian League of the United States of America, the new organization formed yesterday to aid the people of Croatia in their struggle for independence from Austria-Hungary.

## MAKE THEIR PLATFORMS

Badger State Parties' Candidates Assemble at Madison.

Questions for Platforms—No Republican Presidential Indorsement.

Madison, Wis., Sept. 16.—Platform conventions of the several party states of nominees at the recent primary election will meet in Madison tomorrow to draft various sets of resolutions with which to go before the people soliciting suffrage and to elect party chairmen of state central committees.

The presidential situation promises to entangle the members of the Republican convention should the matter of a resolution calling for the indorsement of Taft or Roosevelt come up. Senator La Follette, it is expected, will be on the ground and while he will not take part in the Republican gathering his friends say his influence will be felt in the framing of a platform.

Those who profess to know, say the resolutions will indorse neither Taft nor Roosevelt; that Governor McDoyle and his state ticket will go before the people on the Republican record of the last two years. A Republican caucus likely will be held tonight at which a program will be arranged.

The income tax law, it is promised, will furnish food for deliberation. Judge John C. Karel, the Democratic gubernatorial nominee, is known to favor the repeal of the present income tax law, and if the people demand it, the enactment of a new Democratic measure to be submitted to the people before it becomes law. This and the matter of selecting a new state chairman probably will be settled at a caucus of the Democratic nominees tonight.

The conventions of the Socialist and Prohibitionists have looked upon the law, as their platforms were adopted at previous conventions.

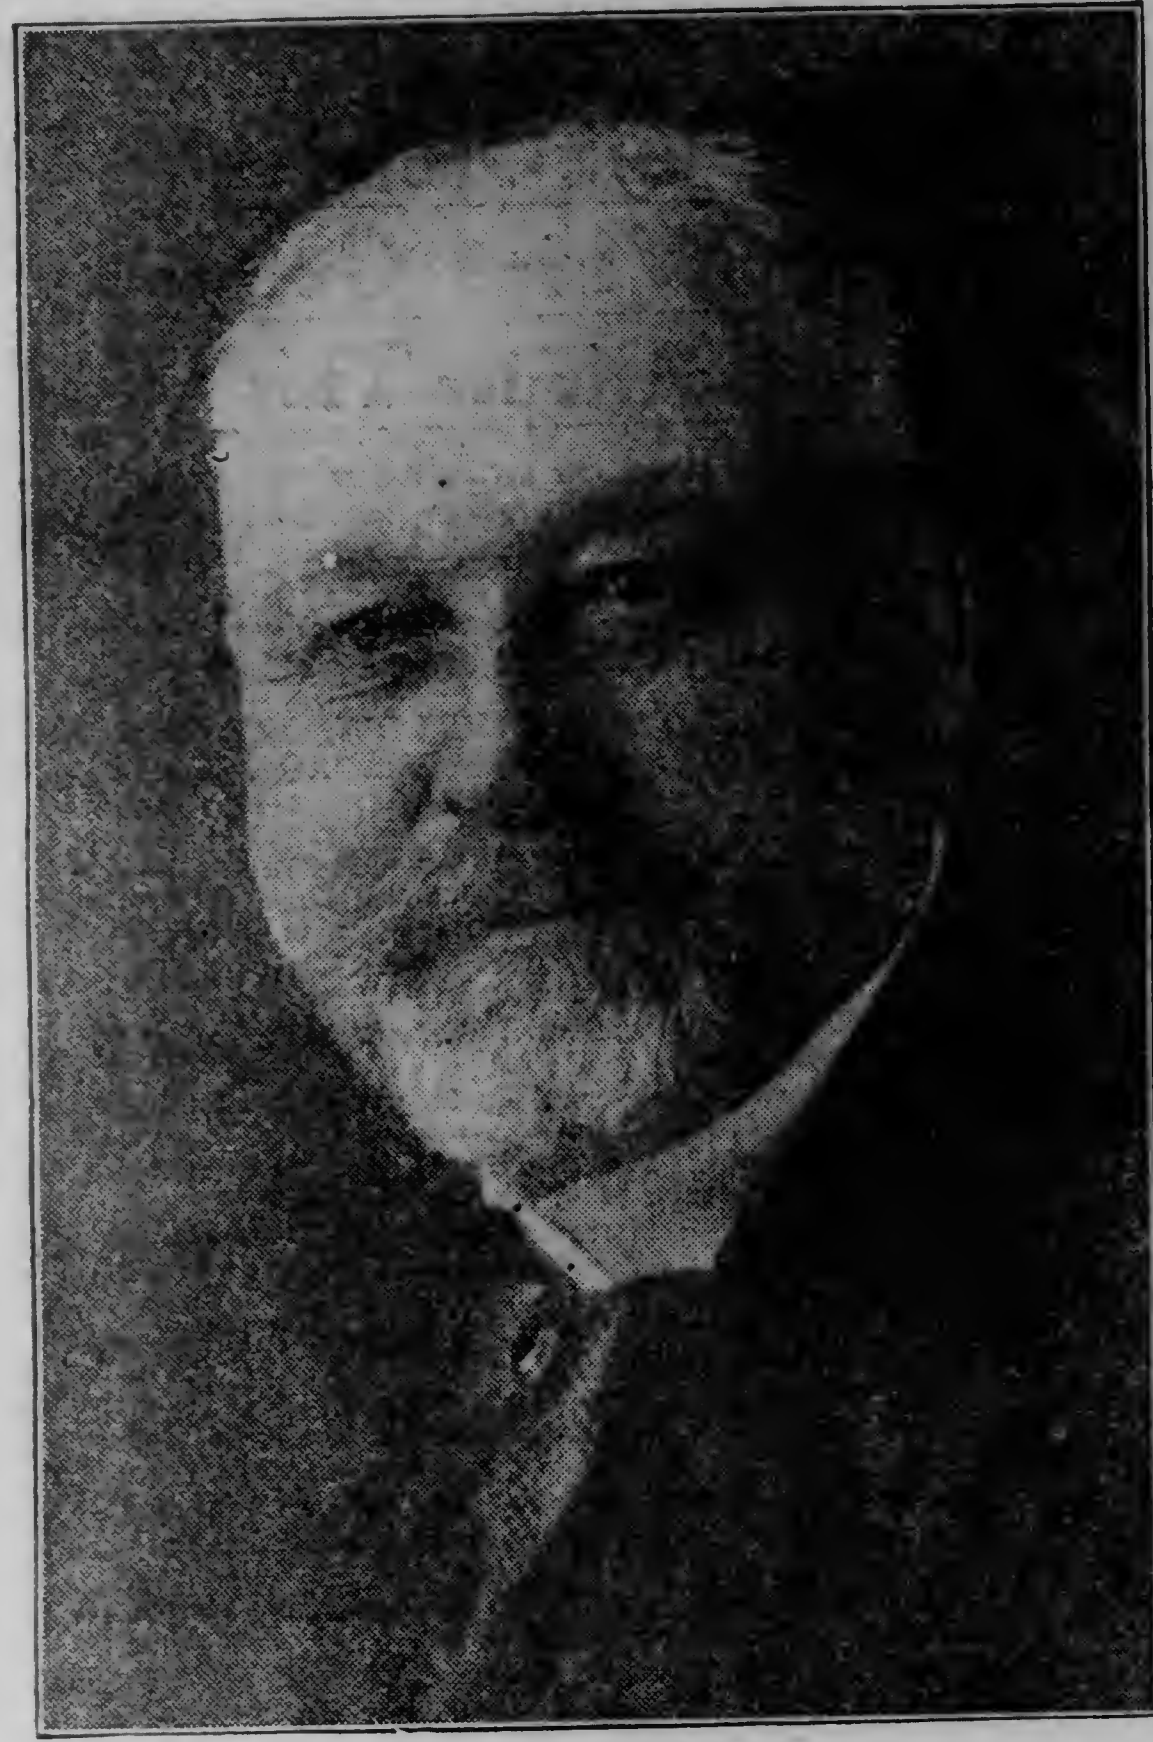

PAID POLITICAL ADVERTISEMENT.  
Inserted by Philip Gordon Brown in behalf of Dr. C. F. McComb, candidate for County Coroner. Amount to be paid, \$22.40.

## DR. C. F. McCOMB County Coroner

Republican Candidate For Re-election

Dr. McComb has been a resident of Duluth twenty-eight years, and is thoroughly conversant with the duties of this office, having been appointed county coroner by the board of county commissioners, March, 1912.

Dr. McComb has served as:

President of the State Medical Association.

President of the St. Louis County Medical Association.

President of the Interurban Academy of Medicine.

Member of the State Board of Health under three governors.

Dr. McComb solicits your vote and support solely upon his record and fitness for the office.

## W. C. T. U. MEETS IN NORTH DAKOTA

State Convention This Week  
Dominated By Suffrage  
Movement.

Devils Lake, N. D., Sept. 16.—(Special to The Herald).—The complete program for the state convention of the North Dakota W. C. T. U. to be held in this city Sept. 27 to 30, is arranged and extensive preparations are being made by the local union and Commercial club for the entertainment of the delegates. The courteousness has been secured for all sessions except those of the various municipal organizations and the W. C. T. U. at the Grand theater and be addressed by Dr. C. E. Grogan, president of Fargo college, in the evening and Rev. P. L. Watkins, secretary of the North Dakota Enforcement league, in the morning. The first day will be given over to routine business and in the evening the welcome addresses will be given by the various municipal organizations and Mrs. Neela Buck will give her annual address as acting president. An informal reception in honor of the delegates will follow.

**Equal Suffrage Dominant.**  
A dominant note in the convention will be equal suffrage and Saturday afternoon the delegates will be addressed by Miss Candis Nelson of Valley City, state superintendent of the department on "Home and the Ballot" and Mrs. L. M. Pollock of Fargo, editor of the White Ribbon Bulletin, on "The Legal Status of Women." Saturday evening will be young people's night and an L. L. L. demonstration will be conducted by Miss Georgie M. Chaggers of Churchill, state secretary. The young people's branch will be represented by Miss Mary A. Cosgrove of Wheatland, who will give an address on equal suffrage, and Miss Ethel E. Halvorson of Grand Forks, who

## STOMACH BAD? BELCHING GAS AND SOUR FOOD? WANT TO FEEL FINE?

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

LARGE 50 CENT CASE—ANY DRUG STORE.

## NEW HEADS OF WATER AND LIGHT DEPARTMENT

S. R. HATCH.

S. R. Hatch, acting manager, and E. W. Kelly, acting assistant manager of the Duluth water and light department, assumed their new duties this morning.

L. N. Case, whose resignation as manager will become effective Oct. 1, has been granted leave of absence for the remainder of this month. He will leave about Oct. 1 for California to make his home.

Mr. Hatch has been with the department for about a year, first as assistant

E. W. KELLY.

ant to the manager and later as assistant manager. He is a graduate of the engineering department of the University of Wisconsin and before coming to Duluth was employed by the Wisconsin railroad commission and tax commission in making valuations of water, light and other plants as bases for rates and taxes.

Mr. Kelly is a Duluth man, a graduate of the Central high school and the engineering school of the University of Minnesota. He was in the attorney's office for some time and became engineer for the water and light department about two years ago.

## TELLS STORY TO AUDIENCE EX-SOLDIER IS HUNTED BY POSSE

Theater Patrons Get Entertainment Not Included in Program.  
Manager of Traveling Company Recites His Financial Troubles.

Do you think it is right to take a promising young man away from a steady job, one that pays salary every week with the regularity of an eight-day clock, and thrust him on the road, with its rigors and overdone eggs, and then refuse to pay him?

Adolph Gettrier is the man behind, and he is merely mentioned at this point. Let the story go on. Mr. Shapiro says he is a promising young man, also competent. He further says he can prove it by witnesses. He has been in the show business for eighteen years, according to his own statement.

He was in Chicago, presumably contented, when along comes a man with the show bee buzzing in his bonnet, and asked him to go out and smooth the way, casting adjectives and honeyed words ahead. Mr. Shapiro agreed, according to his own statement.

They failed to come to a definite understanding on money. Alas! How often does money war even between members of the human family.

Mr. Shapiro, according to his own story, kept asking the man behind the show for money. He said he had no money to go ahead, spend his own money for railroad fare, even in states where the fare is 2 cents, and that the prop of the show would be a regular prop and would reimburse.

At St. Paul he hastened to find the prop and found the feat difficult. The prop was a little bank roll as his one best friend, Mr. Shapiro found that traveling on one's own expense account is not just exactly what it is cracked up to be.

Mr. Shapiro hastened to get the prop against the rules of argument here all day yesterday, but failed. His funds were low. He hit upon an original idea. He would leave the argument to the audience.

Last night, at the Lyceum theater, as part of the show, Mr. Shapiro, the young and competent manager, according to his own story, stepped before the footlights and took the audience into his financial straits. He unburdened and asked them whether they were going to stand, or sit, to let him be bamboozled.

The butt in of Mr. Shapiro made an exceedingly original variety to the play, according to several witnesses. The end is not as yet. Mr. Shapiro says he will get a warrant for the arrest of the prop. He also says that the prop is crazy like a fox and has sent all the attachable stuff of the show to Winnipeg.

He is a cheap guy and he has a cheap show, opined Mr. R. Shapiro, today. "I am one of the best managers I got the business, and I work hard to get it and here this guy won't pay me. I make up my mind to tell the people about it, and last night I asked them if they were going to let one of their race be shamed."

"I was working in Chicago and I had a good job, day regular. This fellow promised to pay me \$40 a week and he pays me nothing. It's a fine thing for a business man. Maybe I will get him at the depot."

**WILL HAVE CHARGE OF  
I. O. O. F. DRILL TEAMS**

Col. A. H. Paul of the Department of the I. O. O. F. has been selected to attend the national grand lodge session 1. O. O. F., Sept. 18 to 21, inclusive.

He will be in charge of all prize drill teams which will be sent from all parts of the United States and Canada. Teams' training part in the contest will have from fifteen to

thirty-six men and officers, and the prizes to be contested for range from \$50 to \$1,500.

## EX-SOLDIER IS HUNTED BY POSSE

Has Shot Four Pennsylvania Men in Dispute Over Wages.

Clearfield, Pa., Sept. 15.—Heavily armed men are searching the swamps and forests of Clearfield and Somerset counties today for John Keeler, a teamster, who late Saturday night forced his way into a brewery office here and fatally wounded John W. Rosner, wealthy head of the institution, and seriously injured three of his clerks.

Keeler, who served ten years in the United States army, much of the time as a scout in the Philippines, escaped from a Pennsylvania prison Sunday. He held off his pursuers with his rifle, shooting four, but was captured.

"I got four, but I want six more."

The shooting was the outcome of a dispute over wages.

## CANOEISTS LOST ON SENECA RIVER

Storm That Did \$500,000 Damage May Have Cost Five Lives.

Syracuse, N. Y., Sept. 16.—No trace has as yet been found of Mr. and Mrs. O. H. Madison of Syracuse, who were canoeing on Seneca river yesterday afternoon about the time the hurricane swept over Onondaga lake and the town of Salina, killing four persons and damaging property to the extent of \$500,000. It is feared Mr. and Mrs. Madison were drowned.

Samuel J. Syracuse was fatally hurt by a trolley car as he was walking to the city from a lake resort near Salina. He was found near the track today with his skull fractured and right arm severed at the shoulder.

Trolley service between this city and Oswego and between South Bay and Syracuse was paralyzed by the storm. Poles carrying telephone, telegraph and electric light wires were swept down by scores.

WILLIAM MADISON, Syracuse.  
J. DOFF, Oswego.  
CHARLES CHAPMAN, Salina.

## BIG PLANS FOR DRY FARM MEET

Twenty Nations Will Be Represented at Congress in Lethbridge.

Lethbridge, Alberta, Sept. 16.—One hundred prominent agricultural experimenters, railway officials and government investigators have accepted invitations to address the eighth annual Dry Farming congress to be held here Oct. 19 to Oct. 26. Twenty nations, including the United States, Russia, Turkey, France, Persia, Australia, Mexico and Hungary, are to send representatives.

An exposition of dry farming products will be held in connection with the congress, and is expected to prove the largest of its kind ever seen. Besides costly exhibits by the United States, Canada, British Columbia, and the Canadian Pacific railway, there will be 300 state and district exhibits and 500 by individual farmers.

Addresses will deal largely with means to reduce the high cost of living, reclamation of worn soils, cultivation of waste lands, and with modern tillage methods. Secretary Wilson of the United States department of agriculture will be in attendance.

## IRON AND STEEL REVIEW

New York, Sept. 16.—The principal feature of interest in the steel trade continues to be the pressure for shipments on contracts and some of the mills are falling further behind in deliveries. Specifications continue to permit the mills to operate at full capacity, but there is an adequate supply of semi-finished steel to meet the demand. The largest interests purchased 20,000 tons of billets in the open market at an advance of \$1 per ton or more and prices are still tending upward.

The active demand for black and galvanized sheets precipitated an advance of \$2 per ton on black and \$2 per ton on galvanized, and additional large sales of boiler tubes and wrought steel pipe prompted a revision in schedules with an advance of from \$2 to \$4 per ton on some sizes.

Railroad orders for equipment were

again light, including only 30,000 tons of rails, 800 cars and ninety-five locomotives, but rail specifications are being prepared by the Pennsylvania, New York Central, Baltimore & Ohio and other eastern railroads for 1913 shipments, while the Santa Fe has inquiries out for 50,000 tons, the Delaware, Lackawanna & Western for 25,000 tons and export inquiries amount to 20,000 tons.

Seven thousand tons of plates required for three new lake boats are to be rolled at Pittsburgh. Fabricated steel contracts were again light—only about 12,000 tons aside from 7,000 tons to be used in construction of ore bins at the plant of the Pittsburgh Steel company. Railroad contracts for bridges and shops called for only 3,300 tons.

## NEW PHYSICAL INSTRUCTOR HERE

J. W. Woogerd, 1911 graduate of the Nebraska Western university, and recently in charge of one of the St. Paul public playgrounds, has been appointed assistant physical director of the local Y. M. C. A., to succeed Albert Olson, who resigned to take a better position in another city. Mr. Woogerd comes well recommended. A. B. Wegener, physical director, now expects to be ready to open up "gym" work Sept. 30.

The educational classes will begin holding recitations about Sept. 30, according to Harry J. Sophr, director of this department. About seventy-five students have already enrolled.

Lydia E. Pinkham's Vegetable Compound, that successful remedy for female ills, had its origin in this way and today tons of roots and herbs are consumed annually in making it.

## ODD FELLOWS BEGIN MEETING

Manitoba and Winnipeg Officials Welcome Visiting Delegations.

Winnipeg, Man., Sept. 16.—Governor Cameron, Sir Rodman Hoelings, premier, and Mayor Waag were among the speakers who welcomed to this city today the eighty-eight delegates of the twenty-first Grand Lodge independent Order of Odd Fellows.

After the reception the lodge sessions were opened in Westminster hall. The military camp of the Fairbanks Militant, pitched in the armory, was named Camp J. B. King in memory of a prominent Odd Fellow of Toronto, Ont., in earlier years.

The degree teams today began competitions in the Arena rink for valuable prizes.

## WEST END

HERALD BRANCH:  
Herman Olson, Manager, 1823 West Superior Street.

### ARBITRATION IS ADVOCATED

Pastor Says It Is Best  
Way to Settle  
Strike.

Because arbitration is unselfish and just, Rev. J. A. McGaughey of the Second Presbyterian church, 1515 West Superior street, advocated the move in the present street car strike at the regular morning services yesterday. The subject of the sermon was "Arbitration, the Christian Method of Settling Difficulties." Rev. Mr. McGaughey took his text from Isaiah, 24: "He shall judge between the nations and shall decide (arbitrate) concerning many people," and from Math. xv:18: "If thy brother sin against thee, go show him his faults between thee and him alone; but if he will not hear thee, take with thee one or more that at the mouth of three every word may be established; and if he refuse to hear them tell it to the congregation; and if he refuse to hear the congregation let him be unto thee as the Gentile or publican."

"The first quotation," said the pastor, "prophesies the coming of Christ as the great arbitrator, while the second shows how Christ wished his followers to settle their many difficulties. The first step to be taken is man to man, the second by a committee method and last by public opinion. The refusal of arbitration should be deplored."

"Arbitration has been practiced for

centuries, even the most difficult international differences being settled in this way. Arbitration is Christian because it shows an unselfish spirit, modesty on the part of the two sides and the humble spirit of Christ when he was on earth."

### DIFFICULT TO CONVERT IN COMMERCIAL AGE

"It is difficult to convert in this commercial and materialistic age," declared Rev. C. W. E. Werhane of the First Swedish M. E. church in his sermon on "The Genuine Salvation" at the regular services last evening.

"Sin is the greatest destructive force in human life and with the many different schemes concocted to save the human soul, it is no wonder that conversion has been found difficult," went on the pastor. "The ethical programs and social reforms have all failed, because of their independence of Christ, who should be made the center on which the plan of salvation revolves. Christ alone can save the lost race."

"For the Samaritan woman after her conversation with Christ, life values were changed. The material things were subordinated to the spiritual. The true mark of a genuine conversion is shown when the spiritual forces are given predominance. These things are difficult to realize in this commercial and materialistic age. When this woman recognized that God sent the Savior, she became the recipient of the blessings that God gives. Others were received because of her redemption. Service to our fellowmen should be the keynote of our lives."

### Surprise Party.

Mrs. Joseph Chamberlain of 209 North Twenty-ninth avenue west was pleasantly surprised at her home Saturday evening in honor of her birthday anniversary. The evening was spent at cards, honors being won by

### DULUTH WILL GET NEXT CONVENTION

The General Swedish Baptist Conference of America will hold its 121st convention in Duluth. The gathering will last the entire first week of September and the meetings will be held at the First Swedish Baptist church, Twenty-second avenue west and Third street.

Rev. Swaney Nelson, pastor of the church, who attended the conference at Chicago last week, was instrumental in securing the gathering for Duluth next year. Mr. Nelson was opposed by several other cities in his attempt to

obtain the 1913 conference for Duluth. Rev. Mr. Nelson lectured to Duluth yesterday morning and reported the success of his work at the regular evening services yesterday.

At the meetings in Chicago last week there were 300 delegates from parts of the United States. Besides the delegates there were over 1,000 members of the church in attendance at the various meetings.

Other Duluthians who were in attendance at the Chicago conference and who returned yesterday are: Theodore Gustafson, Miss Carrie Erickson and Mrs. T. H. Hargreaves.

### REV. SWANEY NELSON.

On account of the street car strike Rev. J. A. McGaughey of the Second Presbyterian church did not conduct the regular open air services last evening on the corner of Piedmont and Garfield avenues. A large crowd, Rev. Mr. McGaughey thought it best to postpone the meeting until next week.

### OPEN AIR MEETING WAS POSTPONED.

On account of the street car strike Rev. J. A. McGaughey of the Second Presbyterian church did not conduct the regular open air services last evening on the corner of Piedmont and Garfield avenues. A large crowd, Rev. Mr. McGaughey thought it best to postpone the meeting until next week.

### Webster Funeral.

The funeral of Gustaf R. Webster, 49 years old, of Grace street, was held Thursday at St. Luke's hospital after a brief illness. The service was conducted by Rev. Mr. Nelson, pastor of the church, at 2 o'clock. Burial was in the cemetery.

### Young People's Rally.

The Epworth league of the Grace M. E. church, Twenty-second avenue west and Third street, conducted a young people's rally in place of the regular service last evening. The officers of the league were installed and short talks were made by R. R. Norwood, Charles E. Dice, D. E. Swan, Rev. George E. Sillaway, Mrs. D. V. Blood, Miss Edna Gorman and D. V. Blood.

### Lecture on India.

Miss Hester McGaughey of Houston, Tex., who is a guest for several weeks at the home of her brother, Rev. J. A. McGaughey, gave a lecture last evening at the Second Presbyterian church, 1515 West Superior street, on "The Greatness of India." Miss McGaughey was a missionary in India up to five years ago, when she was compelled to give up the work on account of her health. She is now secretary of the Houston Y. W. C.

### Meetings Postponed.

The various societies of the West end churches are postponing their meeting this week on account of the street car strike. The members are unable to get about the city and the pastors announced this morning that most of the regular meetings will not be held this week.

### Swedish M. E. Notes.

The Sunday school board and teachers of the First Swedish M. E. church, Twentieth avenue west and Third street, will meet tomorrow evening at the home of Charles Peterson, 2529 West Second street.

The Women's Home and Foreign Missionary society will meet in the church parlors tomorrow evening.

The church choir will hold regular practice Wednesday evening.

The ladies aid society will be entertained Thursday afternoon at the home of Mrs. William Wicklund, 2128 West Seventh street.

The Confirmation society will be entertained Friday evening at the parsonage, 314 North Twentieth avenue west.

### West End Briefs.

Miss Mabel Sorenson of 328 North Twenty-sixth avenue has returned from a trip down the lakes.

Mr. and Mrs. A. Anderson and daughter, Margaret, have returned from a month's visit with relatives at White Bear, Minn.

Mrs. W. S. Kearns and daughters, Dorothy and Jane, of 1912 West Second street have returned from a month's visit with relatives at the East.

Mr. and Mrs. W. Hackett of St. Paul are the guests for several weeks at the home of the latter's parents, Mr. and Mrs. J. Riddell, 2124 West Third street.

Miss Ella Mandell of Ude, Minn., left for her home after spending the past week at the home of her sister, Mrs. J. Lampert, 1907 West First street.

St. Luke's Guild of St. Peter's Episcopal church will entertain a party Thursday afternoon at the home of Mrs. T. E. Hafslund, 102 North Twenty-eighth avenue west.

Rev. C. G. Olson of the Bethany Swedish M. E. church, Twenty-third avenue west and Third street, left this morning for Albion, Minn.

For the benefit of the chapel building fund the Ladies Aid Society of St. Herman church is holding a picnic and sale today at the market place, Twenty-first avenue west and Superior street.

Miss Gertrude Badaux of 2008 West Second street has returned from a two weeks' visit with relatives at Eau Claire, Wis.

Mr. and Mrs. A. G. Thompson and daughter have left for Carlton, Minn., where they will make their home.

ORPHEUM—Vaudeville.

AMAZING BILL AT THE ORPHEUM

Wonders and Surprises Without End in New Program.

Theater audiences, and especially vaudeville patrons, are so accustomed to being amazed and surprised that they would be surprised and amazed if they were not amazed and surprised. The extraordinary becomes ordinary to them, and the ordinary the extraordinary.

No better proof of that can be offered than this week's bill at the Orpheum which seems to be the last word in a collection of amazing acts.

Take the first act for example. A bulldog has been so carefully trained that it apparently does multiplication and addition, and selects colors, and performs other amazing stunts. There is no visible signal from his master, who stands like a graven image while the dog does his stunts. Amaze No. 1. Amaze No. 2 is offered by the Ward brothers. They do an entertaining little act of dialogue and singing, and end with a dance that is the surprise. It is a very clever and amusing act of action with the necessary amazement, it enables the young man to leave in a blaze of glory.

Amaze No. 3 was provided by the Nat Nazario company. One is amazed that any human being could turn handspins and flip-flaps with such wonderful speed as one of the members of this company of five. It is an athletic feat, and one of the ordinary, but this one tumbler was the sensation of the entire performance last evening, and the Big Amaze of the acts.

The amazing part of Nonette's act was the gown she wore. It was all gold and trimmings. The man in the suit evidently shut down on the sup-

ply of gold, for the dress didn't come down very far, or go up very high, but she played some amazing ragtime, and the nearly broke up the show because the orchestra leader didn't know any more dances for her.

Right here came a break in the amazement. Miss McConnell and Grant Simpson have nothing amazing in their sketch, "The Right Girl," except the plot, which would make a regular honest to goodness dramatist turn over in his grave. But Miss McConnell's vivacious personality would make a reading of Spencer's "First Principles" one long yawn. She is genuinely, wholesomely funny, and the sketch, while impossible in plot, is filled with amusing situations. The audience forgot its amazement while Miss McConnell and her partner, Grant Simpson, were on the stage, and just enjoyed itself.

Back to more amazement with the appearance of Lester, called in the vaudeville halls of fame, Lester the Great, a ventriloquist. Ventriloquists are an old story to vaudeville audiences, but Lester's work is so clever that his little dummy seems to become endowed with a personality, and the self-effacing performer is forgotten while the audience laughs at the running monologue kept up by the little mannikin. But even the amazement satiated audience woke up and became amazed again when Lester drank a glass of wine while the little dummy kept up its conversation. That a man can talk while swallowing a tumbler of colored water (stage wine) is amazing.

The one grand amazement of the afternoon's performance was saved until last, when George H. Watt, the Electric Problem, appeared. He handled great, vicious, crackling electric apparatus. If they were apathetic, his assistant, lighted lamps and torches from his body through which enough current as if the program might be lost. The pictures were amazing scenes gazing from every corner of the globe, and then the amazement surprised audience walked out and was nearly surprised for the first time to find the street cars running on nearly the regular schedule.

### HE WAS NOT EASILY CONVINCED

Louis C. Schaum of Wilson, Pa., went to the McKeesport Hospital for an operation for Appendicitis. They made the usual examination for albumen and sugar. Finding the condition of his kidneys satisfactory they proceeded with the operation.

It was successful. But he wanted to be certain there was no Bright's Disease and had one of the physicians make an examination. They confirmed the views of the Hospital authorities.

Now for the reason he was anxious to have his recovery established—in July of the year before he was in such a condition due to Bright's Disease that his family physician had told him it was useless to take more medicine. This caused him to resort to Fulton's Compound with the above results.

These facts were sent by W. H. Lipplund, a mining operator of 301 Oliver Building, Pittsburgh, Pa. His interest was due to his own recovery from Diabetes, also supposed to be incurable.

The constant reiteration by medical works of the incurability of this disease is costing thousands of lives. Druggists supplied by Leithend Drug Co.

motion picture feature film this week. It is a thrilling story of how Bludoo, engineer of the Mississippi river boat, Prairie Bell, made good his lifelong boast that he would not desert his boat in case of fire until the last soul was ashore.

The comedy feature of the week is the split film, "Bunny's Suicide" and "She Wanted a Boarder." Both abound in good wholesome humor. The bill will continue all week with a daily matinee.

Sheehan English Opera Company.

The popularity of Verdi's masterpiece, "Il Trovatore" (The Troubadour) written in the first flush of his youthful genius, seems never to wane. Always it fascinates and charms by its hauntingly beautiful music and its tragic tale of medieval Italy.

The story turns on the fact that the Count di Luna has lost a young brother to kidnapping gypsies, and that this child, and now grown to man's estate as Manrico, the troubadour, without knowing the relationship, falls in love with the beautiful Lenora, the same lady who has inspired di Luna with the tender passion. The count chances upon Manrico, when he is serenading his lady love and a fight ensues, from which Manrico escapes with a slight wound. Nursed back to health by Azucena, his foster-mother in the gypsy camp, he hears that Lenora, convinced that he has been killed, is about to take the veil. He rises from his sick bed to go to the rescue. Arriving, he finds that di Luna has already abducted her from the nuns, but he overpowers the count's men and takes her to the gypsy camp. Here preparations for the wedding are being made, when news is brought that his loved Azucena has fallen in the count's hands and is to be tortured. Breaking away from the nuns, he rescues her, but she is so weak that she is unable to follow him. He hastens to the rescue again, but is himself captured and thrown into a dungeon to await execution. The desperate Lenora thereupon offers herself to di Luna if he will let her go. The count agrees and permits her to carry the news to her lover. He guesses what has happened, but does not see the full extent of

her sacrifice, till she sinks dying, having contrived to escape the count by taking poison.

The latter enters and full of rage at the trick, orders Manrico instantly executed, and as the ax falls outside, Azucena, broken and dying from the rack, rises on her elbow and curses the count, telling him he has destroyed his own brother. The Sheehan English Opera company will give a production of "Il Trovatore" at the Lyceum theater tonight.

On tomorrow night the company will present Pinquetti's beautiful masterpiece "The Chimes of Normandy."

The latter enters and full of rage at the trick, orders Manrico instantly executed, and as the ax falls outside, Azucena, broken and dying from the rack, rises on her elbow and curses the count, telling him he has destroyed his own brother. The Sheehan English Opera company will give a production of "Il Trovatore" at the Lyceum theater tonight.

On tomorrow night the company will present Pinquetti's beautiful masterpiece "The Chimes of Normandy."

An English gentleman writes that he read the little book, "The Road to Wellville," and at a meeting of the Victorian Psychological Society of London (of which he is president) he urges the members to read it carefully, for, as he writes: "I think it the finest little book of Psychological Knowledge I have ever seen."

He is Mr. T. A. Wilson, 22 Hamburg St., Richmond, Eng.

The relation of body, food and mind are explained in a simple way in "The Road to Wellville," and a miniature copy is placed in small envelope, and attached to every third package of Grape-Nuts, in order to extend its circulation, in such cases, free.

If interested, you can instruct your grocer to send up a package with the little envelope attached.

The little book is certainly interesting and well worth reading.

### BILL OF MIRTH AT THE EMPRESS

Comedy and Harmony Are Mingled in the Head-line Act.

There is plenty of mirth and melody in the headline act at the Empress this week, which is offered by the Cowboy Minstrels, a quartet of quality.

The entertainers are picturesquely garbed in cowboy costumes and are heard in a program of popular and classical songs. Bert La Mont, one of vaudeville's best contra-tenors features the act. He has a voice of unusual sweetness which he uses to advantage. The other three men are pleasing vocalists.

In their ensemble numbers, their voices blend beautifully. A thread of comedy is introduced in this act. With yesterday's audience, the quartet drew much applause.

Kob and La Nerva have something new in their act, "The Cartoonist and the Prima Donna." Kob has been a successful newspaper cartoonist for years and his diversion shows that he has lost none of his ability and that he has acquired the art of doing his sketches quickly. His partner is a singer of exceptional ability, having trained under the European masters.

Carrie McManus won favor with her audiences yesterday as a singing comedienne. With her winning personality and her knack of working with new material, she is rapidly coming to the front in her line of work. Her songs have been well selected and her voice is one which pleases.

Jim Bludso, the whinner hero of the poem "The Prairie Bell" from the pen of the late secretary of state, John Hay, is reproduced in photoplay in the

# Woman's Steam

Mrs. J. L. Washburn will be the guest of honor at a farewell reception on Friday afternoon of this week at the Commercial club which will be given by the Woman's Council of which organization she has been president for a number of years. Arrangements for the affair are being made by a committee under the chairmanship of Mrs. E. H. Hadden, first vice president; Mrs. W. W. Mott, second vice president; Mrs. J. L. Washburn, secretary and Mrs. M. H. Kelley, treasurer.

In the evening line will be Mrs. W. S. Woodbridge, Mrs. L. E. Washburn and Mrs. W. H. Hadden. Miss Margaret Harrows will preside at the banquet which will be given at the Commercial club Friday evening in honor of Edward J. Ward, social center expert of Madison, Wis. Invitations to the members will be mailed this afternoon and to their particulars will be arranged soon.

## "THE BOY PROBLEM."

Secretary of Boys' Y. M. C. A. Will Speak.

Norman McLeod, secretary in charge of the boys' department of the Young Men's Christian association will give a talk on "The Boy Problem" tomorrow afternoon at the regular meeting of the Duluth Union of Elementary Sunday School Workers to be held at the Lester Park Methodist Episcopal church, fifty-fourth avenue east and Superior street at 2 o'clock.

Mrs. R. S. Taylor will conduct the devotional exercises and special music has been arranged for. The various departments of the union will hold special discussions on their special work and anyone interested in the work of the union is cordially invited to attend this meeting.

## W. R. C.

Thimble Bee at Memorial Hall. The Woman's Relief Corps will hold its monthly thimble bee Thursday afternoon at Memorial hall. Plans for the entertainment of guests on Oct. 10 will be made and a large attendance is desired. A basket lunch will be served at 4 o'clock.

## SPECIAL MEETING.

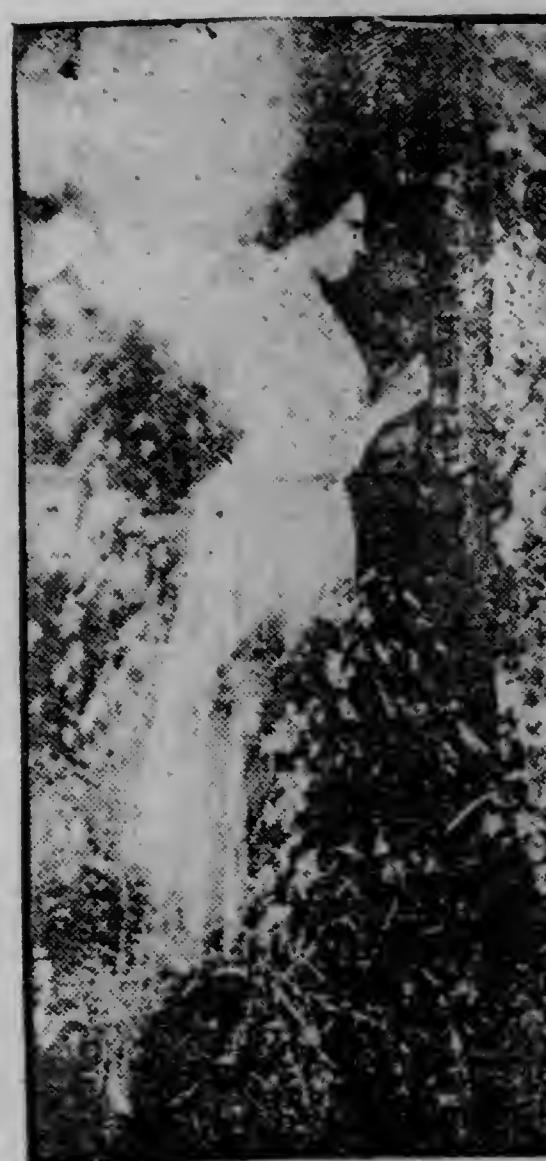

Executive Board of Twentieth Club to Meet.

A special meeting of the executive board of the Twentieth Century club is called for the consideration of matters relating to the opening of the club year for Wednesday morning at 10 o'clock at the clubroom of the library.

Peyton and son, Miss Peyton, J. C. Hunter, Mr. and Mrs. W. R. Philbin, Mrs. D. M. Philbin, Miss Marian Exater, Mr. and Mrs. G. E. Lynott, Miss Louise Lyons, Miss

## BLIND GIRL IS A SOCIALIST

HELEN KELLER.

Helen Keller is going to Schenectady to help Mayor Linn run his Socialist administration. The famous girl has become an ardent Socialist. She believes that under Socialism only can everyone obtain the right to work and be happy. She is to be a member of the board of public welfare of Schenectady.

Etta Roberts, William Robinson and party, James Cronwell, J. H. Edwards, William Coe and William Fischer.

## Dinner and Mass Meeting.

The dinner Friday evening at the Commercial club which will be given by the Public Welfare board for Edward J. Ward, social center expert of Madison, Wis. will be one of the chief events of the week. All men and women of the city interested in social matters and the allied work may attend this dinner at which Mr. Ward will speak. He will also speak at the high school Saturday evening at an open house meeting for the general public which will be free to all and the public is urged to hear him as his talk will prove of distinct value in the future social work and welfare of the city. Parents especially will be interested in what he will have to say and a big audience will undoubtedly hear his talk.

## Party on Point.

Dr. C. E. Booth entertained a party of friends yesterday at his cottage on Park Point. A luncheon at the cottage and launch ride were enjoyed by the following guests: Ex-senator Thomas B. Mills of Superior, exalted ruler of the B. P. O. E. of the United States, Peter Casey and William Lindsay of Superior, Miss Florence Nutting of Duluth, Mary A. Casey, Pearl Lindsay, and Shaw of Superior, and Frank M. Webb of Duluth.

## Children's Party.

Mrs. W. H. Cole of 2314 East First street entertained at a children's party Saturday afternoon for her little daughter, Alice. There were eight guests and the afternoon was spent with games, pink and white asters were used in the living room and a large center piece of nasturtiums was used on the dining room table.

## Anderson-Hanson.

Miss Borgina Anderson and Anton Hanson were united in marriage yesterday afternoon at the home of the bride's parents, Mr. and Mrs. A. Anderson, 1920 West Fifth street, by Rev. O. E. Flanagan of Trinity church. The bride wore a pretty gown of white serge with long veil and carried a shower of bride's roses. She was attended by her sister, Miss Isabelle Anderson, bridesmaid, who wore a dress of pink silk.

The out-of-town guests were: Mr.

and Mrs. T. M. Kirkley of Two Harbors, Miss Mabel Anderson of Eau Claire, Wis., Mrs. O. E. Knutson, Mrs. O. Wagner, Mr. and Mrs. Hans Ericson, Christ Roholt of Superior, Wis.

## For Bride.

Mrs. A. V. Rogers entertained Saturday evening in compliment to Miss Marie Nicholson whose marriage took place this morning. The room was decorated with garden flowers, red hearts and cupid. Games and music furnished the amusement for the evening, after which refreshments were served to the following guests:

Robert Burton, Thomas Valo-hovich, Misses: Evelyn Blais, Ellen Engberg, Janet Campbell, Anna Furjongs, Evelyn Schmitt, Anna Symmer, Eliza Burton, Frances Valo-hovich, Carrie Gyllon, Hilda Sherson, Louise Sands, Marie Nicholson, Annie Engberg, Gladys Nicholson.

## House Party.

A party, including the following people, returned last evening from a week-end visit to the Lake Nebagamon, Mr. and Mrs. J. M. Smith, Miss Helen Smith, H. Baker, Mr. and Mrs. H. Mullin and Miss Edith Mullin, Mr. and Mrs. J. G. Ketcham, Miss Helen Hale, Gilbert Ketcham, Mr. and Mrs. Robert E. Johnson, H. Forbes.

## Surprise Party.

Miss Elizabeth Swenson was pleasantly surprised at her home at the West and Saturday evening by a number of her friends. Games and music were the features of the evening, after which refreshments were served. Those present were:

Misses: Edna Nordstrom, Esther Rudberg, Victoria Benson, Sigrid Lindon, Sybil Jensen, James Pearce, Anna Wick, Carl Brown, Marian Cum-mings, Arvid Truelson, Anna Jensen, Marjorie McKee, Elizabeth Swenson.

## Church Meeting.

Circle No. 4 of the Eastern Methodist Episcopal church will hold its first meeting of the year tomorrow afternoon at 2 o'clock with Mrs. H. E. Goessler, No. 2 Chester terrace.

Circle No. 1 of the Women's Guild of Duluth M. E. church will meet Wednesday afternoon with Mrs. C. C. Coke-fair and Circle No. 2 of the same church will be entertained by Mrs. H. E. Goessler, No. 2 Chester terrace.

## Party for President.

Millbury, Mass., Sept. 16.—Miss Della Torrey gave a party. Sunday afternoon of her nephew, Mr. J. H. Torrey, who was 55 years old and he was the president of the city of Millbury.

"Aunt" Della had plenty of apple pie, but there were many other things to accompany a perfectly good birthday party. The president went to church in the morning with Miss Torrey, took her for a motor ride in the afternoon and started back to Beverly with all the guests later in the day.

It became known here during the day that the president had come to the rescue of the Unitarian church of Millbury with a substantial contribution. The money was sent through Miss Torrey and his letter accompanying the check was as follows: "I am very glad to make the contribution, 'just in memory of my mother'." "she would like to have me do something of that sort."

## Here On Honeymoon.

Mayor Andrew W. Johnson and Mrs. Johnson returned from their honeymoon tour yesterday afternoon. They were married Aug. 20 and returned from their honeymoon tour through the East. They visited New York, Washington, Baltimore and other Eastern points.

## Convention Delegates.

Mrs. James Sullivan, 325 West Third street and a number of the state board of auxiliary to the A. O. H. of Mrs. M. A. Willeson, 617 North Fifty-seventh avenue west, left yesterday for St. Paul where they will attend the state convention of the auxiliary which opens Wednesday morning for three days.

Mrs. John Murphy, county president; Mrs. D. A. McKee, McGraw, Mrs. A. Grainger, Mrs. A. Brotherton, Mrs. E. M. Doherty, Mrs. A. Doherty, Mrs. Gertrude Gillis of Hibbing, Miss Eva McNamara, Miss Emily McNamara,

## LILY LANGTRY WILL TOUR AMERICA

The once-beautiful Lily Langtry is coming here to exhibit her mature charms. Lily never had any claim to beauty and her association with royalty showed her great favor at one time, which she was reported to have lost by an indiscretion. It was reported that she so far forgot the dignity of the future king that she dropped a piece of ice down his back. The Lily has toured America several times. The last time she came across to recite Kipling's "Pay Day" verses in music halls and was received with marked coldness.

Miss Catherine Driscoll, Miss Esther Driscoll, Miss Rose McLaughlin, Miss Mary Allen, Miss Mary Garvey and Miss Anna Flood will leave tomorrow to attend the same convention.

## Kelly-Dixon.

The marriage of Miss Helen Hean Kelly, daughter of John A. Kelly of Superior to Rev. James J. Dixon of Milwaukee took place Saturday afternoon at St. Paul's Episcopal church. The Rev. and Mrs. Dixon left for a short wedding trip and will return to Duluth, the bridegroom being acting rector of St. John's Episcopal church at Lakeside.

## Guests at Luncheon.

Mrs. H. F. Niedringhaus and daughter of St. Louis, Mo., are in the city for their summer home at Swan lake, near Hibbing, Minn., where they spent two months. This afternoon at the Spaulding hotel luncheon by some of the women of Duluth. The party of Duluth ladies were the following: Mesdames Herbert W. Richardson, Henry Nesbitt, Jesse Norton, Arthur P. Cook, H. L. Dresser, J. W. Kreitzer, Mrs. W. R. Rydell, rector of the church, officiating. The only attendant being Mrs. J. H. Rydell, who gave her in marriage.

Rev. and Mrs. Dixon left for a short wedding trip and will return to Duluth, the bridegroom being acting rector of St. John's Episcopal church at Lakeside.

## Engagement.

Daniel T. Helm of 249 East Second street announces the engagement of his daughter, Corn Belle, to William J. Scott of New York.

## Personal Mention.

Mr. and Mrs. Kirby and sons, Donald and Stephen Ray, of 2432 East Fifth street have returned from their summer home at Swan lake, near Hibbing, Minn., where they spent two months.

Mrs. Lawrence Bowman's mother, Mrs. P. M. Bowman, who has been spending the summer here with her daughter at her home at Hunter's Park, left Saturday for her home at Ann Arbor, Mich.

Miss Rena Vivienne who will sing here in "The Chocolate Soldier" next week will be the guest of Mr. and Mrs. R. J. Sutphin, 1615 East Sixth street during her stay here.

Miss Mac Bell left Saturday for Minneapolis after a week's visit with her parents at Lakeside.

Mrs. DePauf and son, Clifford of Green Bay, who have been visiting

## NEW GERMAN TENOR COMING

JACQUES URLUS. Jacques Urlus is the new German tenor coming to the Metropolitan opera house this season. He sang in Boston last year and gave satisfaction to the lovers of German opera there. But this does not prove that fastidious New York will be pleased with him. Urlus is leading the new star at the theater in Leipzig. He is a native of Hergenrath, Germany, and spent his youth in Holland, receiving there his musical training. At 17 he sang in a church choir, and the manager of the resort dam opera house gave him a chance and he made good in opera. He has sung many Italian as well as German roles. But in New York he will be heard only in German opera.

Mrs. Fred Winters, 1225 East Sixth street for a month have returned to their home.

Mr. and Mrs. Robert Bruce Liggett, 1014 East Third street have returned from a two week's visit in the Twin Cities. Mrs. Liggett enjoyed a motor trip through points in Wisconsin before going to the Twin Cities.

Mrs. E. F. Alford and daughter Pauline have gone to Oberlin, Ohio, where Miss Pauline will attend the Conservatory of music.

Mrs. A. J. Francis and family of 2234 Woodland avenue left today for their home at Princeton, N. J., after spending the summer at their summer home at Hunter's Park.

Miss Julia Ryan of Minneapolis is visiting Mr. and Mrs. Simon Clark of Hunter's Park.

Mrs. Merritt Cook of Thirty-third street, Park Point, and her daughter, Mrs. E. W. Ashley of Winnipeg have left for a visit at Chicago, Detroit and other eastern points. Mrs. Cook will be absent from Duluth for the winter.

Mrs. J. W. Marvin has returned from a visit her son Luke, at Madison, Wis. to the Point, has returned from a lake trip.

Mr. and Mrs. Frank R. Thompson of 18 Fifty-eighth avenue east have returned from a trip down the lakes on the freighter "Howard Shaw."

Harold Matteson has left for St. Paul to resume his studies at Macalester college.

Mrs. W. H. Vaughan of 5333 London road has left for Calgary, Alta., Canada, called there by the serious illness of her son, Ethelbert.

Mrs. Wolf who has been spending the summer with her daughter, Mrs. Herbert Westaway, 4215 Regent street is taking a trip down the lakes.

Mr. and Mrs. John Lambert of Joliet, Ill., who have been guests of Rev. and Mrs. R. E. Sayles of No. 7 Berkshire apartments for the week-end, will leave this evening for their home.

Judge and Mrs. H. A. Dancer of 2514 East Superior street have as their guest Judge Dancer's father of Chelsea, Mich.

Miss Lila O'Rourke of 119 East Third street left today for the Villa Sancta Scholastica to take up a college course there.

Ralph Caulkins left yesterday for Fargo to resume his studies at the North Dakota Agricultural college. He has been visiting his parents, Mr. and Mrs. E. H. Caulkins, 215 East Fourth street.

William E. Richardson, Jr., son of Mr. and Mrs. E. B. Richardson of 2221 East Second street, left today for Fajal, Minn., where he will attend Shattuck Military academy.

## POACHERS OF THE FRENCH FOREST

Men and Women Who Risk Prison Sentences to Steal Wood or Game.

Lillie Hamilton French in the Century Magazine. The guards in the forest of Compiègne, in Northeastern France, are ever on the watch for both wood stealers and poachers. Indeed, a series of their engagements is always taking place between peasants and guards, and those depredations which the officials are powerless to prevent they are forced to "tolerate." Sometimes, however, a guard is boastful.

"The rich hunt the deer and the pheasants and pay the government for the right; but I hunt the women, and the government pays for it. It is twice as hard to catch a woman as it is to catch a deer. Since if he were not rather stupid, for I am always catching women chopping down small trees, their faces hidden in their mufflers and their outposts of children ranging at intervals of five minutes. I am told, catches sight of me, a signal is given, the woman stops chopping, and holds on to her head as though she were suffering, while the children squat silently, like a group of rabbits, their eyes on my figure till I pass.

I have never caught poachers at work, but I have seen them walking between gentlemen on their way to prison. Some of them are as famous as great hunters and there was one who has appeared in French journals. For his constant poachings he had 140 suits brought against him, and spent half of his 55 years in a cell. Both his widow and his son live to carry on his work, but the glory of the house is departed. Only the other day I saw the wife, the poor thing, sitting on a bench, crying and begging to be loaded a wagon of wood and store it in a neighbor's cellar.

Of the three ways of poaching, with the gun, the snare and the snare, that the snare is the simplest and easiest. I one has to do is to carry to a given place a piece of wire ready coiled in a bag of one's trousers or in a petticoat. As all wild animals follow set paths in the woods, all that is necessary is to make a slip knot in the wire, place the loop in one of these paths, cover it with leaves, fastening the free end of the wire securely to the ground. When game of any kind once sets foot in this loop every effort to free itself only draws the wire tighter. Many hundreds of these snares are yearly found by the guards, though quite as many more are left to do their damage. Conscience regarding government property is never anywhere a vitalizing factor in human conduct. "Pas vu, pas pris," says the poacher to himself, and to you whenever you question the danger he has risked in acquiring plunder which he wishes you to buy.

An Attractive Sash. One of the most attractive sashes I have seen this season was made of pale green satin ribbon eight inches wide, folded in several narrow folds and encircling the waist in a rather narrow band, says a writer in the Philadelphia North American.

In the center of the back is a flat bow with two loops and two long ends that reach almost to the hem of the skirt. These ends each had three lace medallions, graduated in size, set in, the smallest one at the top.

I thought what an easy thing it would be for a young girl to make for herself, for the price of this sash was quite beyond the means of a woman with a slender purse.

Fold the waistband ribbon on a straight piece of belting and cut it down underneath with silk matching the ribbon in color, and sew hooks and eyes on each end of this to fasten it around the waist.

In the lace medallions in place and sew them down firmly on the edge with fine white cotton, then cut away the ribbon, leaving about a quarter of an inch to turn back and whip down on the wrong side of the ribbon with the same thread.

Make the ends of the ribbon-covered belting, then the bow over the top of the sash is ready to wear.

The same kind of a sash without lace insets, but with each end edged with deep silk fringe, makes an attractive sash to wear with a summer frock. You will find it quite a simple matter to make one of these pretty sashes if you are fond of needlework and have what is known as "good taste."

## Autumn Display of Home Furnishings and Decorations

Autumn months bring thoughts of new furnishings and decorations. Changes when not too sweeping are always welcome.

What improvements can be made? That is the hard question to answer and it is just there that we can help. A few suggestions or the arrangement of a scheme on our floor may greatly assist you.

Our Decorator will be pleased at any time to make such suggestions. He has ready at hand the best of everything to work with. Let him know what you wish to spend and he'll find something to suit you. He can supply furniture, hangings and floor coverings suitable for your rooms.

Estimates gladly submitted without charge.

Lillie Hamilton French in the Century Magazine. The guards in the forest of Compiègne, in Northeastern France, are ever on the watch for both wood stealers and poachers. Indeed, a series of their engagements is always taking place between peasants and guards, and those depredations which the officials are powerless to prevent they are forced to "tolerate." Sometimes, however, a guard is boastful.

## Have Your Heavier Suit Cleaned for Fall!

The suit you laid away in the Spring will be suitable for wear this Fall, if sent to us and thoroughly cleaned and pressed.

Our service will remove dust and dirt, take out spots and stains and freshen and brighten the fabric so it will look like new.

We'll press out all wrinkles and creases, give the material a new-like stiffness and shape the garments so they will fit as they did when first worn.

Send your suit this week—phone call brings our wagon promptly.

## OBSERVATIONS

By PEGGY PEABODY

## Acquiring the Graces of Conversation.

The criticism made by two young English girls that they did not hear enough grown-up conversation while attending college in this country is well deserved.

There is a dearth everywhere of conversation that has broadening and helpful tendencies. Wherever you go the conversation has a decidedly personal trend. Publicly and privately you hear folks airing their most intimate affairs, gossiping about the concerns of others, or chattering in the superficial manner which very soon becomes tiresome to a person with an atom of gray matter.

Chaffing is our long suit. The exchanges of new on serious subjects while not unknown to us, is rare indeed. For that reason it is easy to understand how rapid our light chatter sounds to those accustomed to considering a few subjects with gravity.

In older countries, family discourse is reserved almost wholly for the grown members. Children are seen but not heard. In our land children are conspicuous in all phases of family life. They come close to monopolizing it.

Let our children be forced to hold their tongues and listen to serious conversation and worth-while discussions of current events and we should develop in short order a race of decent conversationalists. It is not necessary at first that children should understand all that they hear. They will take care of that if the plan is persisted in and in due season they will enjoy it and come to take an intelligent part therein.

Nothing lays bare the impoverished mind and bespeaks lack of breeding quicker than the resort to personalities and gossip whenever conversation is demanded of one. That training in the broad and impersonal art of colloquy is not the good fortune of the average American is glaringly apparent in social circles.

Two women are able to chatter agreeably enough if left to themselves, providing they are well acquainted. Let them be strangers or let a third party intervene, necessitating a change in the conversation, from personal to impersonal, and the result is embarrassment and a drifting apart as soon as it can be accomplished decently.

Every gathering includes women, who, without possessing any broad interests or knowledge, are capable of carrying on a light conversation with anyone. They have assurance, tact and a fund of pleasant and good nature.

However, all are not so well blessed. Therefore it would be well if we would acquire the graces of conversation. The easiest way to do this is to form the habit of listening to the worth-while conversations of our elders and to introduce thoughtful discourse among those of our own age, now and then.

## FALL CROP REPORTS BEAR OUT PROMISES OF JULY

Little or No General Damage to the Crops Is Reported.

Big Yields in Minnesota, Two Dakotas and Montana.

A game of solitaire played on the floor of a private room by the grain news gatherers of The Herald last night with two decks of postal cards, bearing crop reports of early July and early September, from many different parts of Minnesota, North and South Dakota and Montana, afforded some highly interesting revelations.

The cards were spread about in positions on the floor corresponding with the localities from which they came, and thus formed a crop map of the four great grain states, which are largely tributary to Duluth. The cards that came from the same locality at different times made it easy to compare the general feeling of the country people at the present time in regard to the crops, with what their feeling was two months ago.

The most striking fact that the cards brought out was that there had been no general damage to the crops. The estimates that were made by the grain elevator men early in July were in almost every instance the same or very nearly the same as what they reported early in September. The July reports were for the most part optimistic, and the September reports almost invariably vindicated what was said in July.

Many of those making the July reports qualified their estimates by saying that it was feared that the crop would be damaged by too much rain. Many said their figures represented what they expected in case rain did not set in, but they greatly feared there would be a great deal of it. This, however, did not come to pass. The September reports show that the crop has been remarkably little hurt, as the September reports show. Wheat suffered no general damage, generally speaking, from the long spell of wet weather, though there was a great deal of barley slain.

The flaxseed reports of September did not show such bumper figures as did the wheat statements, but on the whole they not only vindicated the highest hopes that were expressed in July, but they also showed that farmers have long feared that the good yield of flaxseed would fall to ripen accurately because of excessive moisture or would be caught by the frosts of an early autumn, as was feared.

Reports of wheat yields through Western and Southern Minnesota show new localities averaging less than 15 bu to the acre. Many run as high as 20 bu. Reports from some parts of Scott and Carter counties give averages of 25 bu to the acre. State averages from Ottumwa and Lyons counties give averages of 22 bu.

North Dakota statements are on the whole less definite, but the claims are about the same as those of Minnesota. Many of the North Dakota messages, stating that twenty acres will produce a yield of 25 bushels to the acre, seem to regard that as a mere "fair" yield. A report from Scott, Hotterling, states that 25 bu to the acre will be the average there.

South Dakota, with the exception of a cluster of counties in the north-central section, reports yields about as heavy as those reported in North Dakota. The statement that comes from Wilcox, South Dakota, is extraordinary, the claim being made that the yield there is averaging 25 bu to the acre. The region where wheat is reported poor includes Hand, Faulk and Potter counties. In some places in this section it is expected that the yield will not average higher than 10 bu to the acre. This is the only section of the four great grain-raising states of the Northwest where there is any poor showing of any considerable extent in the wheat crop.

Big Crop in Montana. Montana reports make the largest claims of any of the four states. Few localities there seem to be averaging less than twenty bushels to the acre. A statement from Manhattan, Gallatin county, makes the extraordinary claim of thirty-two bushels to the acre. Yellowstone county is not far behind this, stating that there will be an average of thirty bushels to the acre. Harrison, Lewis and Clark counties, presents an estimate of twenty-five bushels to the acre as an average.

Not a great deal of flax is being raised through southern areas central Minnesota, but in the northwestern part of the state where far more of the agricultural land is new, there is quite an acreage. On the whole the flaxseed reports of this state, though better than they were in July, are not so rosy as the wheat claims. Many places report the yield of flax good but there are more that merely say it is fair. It appears that the Minnesota yield will hardly average over ten bushels to the acre. At the same time the prospects here improved. In many of the country people greatly feared that the flaxseed crop would be seriously impaired by a week of sunny weather and by early frosts. Wilkin, Grant and Meeker counties furnish the most optimistic reports, the average yield being stated in the reports from each of these counties at fifteen bushels to the acre. Nicollet county reports rather

poor flax, but as the flax acreage there is very small, the poor quality is of little consequence. There are parts of Nicollet county, moreover, where the yield and quality are good.

North Dakota flax like that of Minnesota, is partly fair and partly good, and will probably show an average yield in the neighborhood of ten bushels to the acre. A Linton, Emmons county, statement goes as high as sixteen bushels for an average. A message from McIntosh county says the flax is "fine" and one from Le Moure county says it is "excellent." A report from Bowdell, Burke county, says the flax is very spotted and will hardly average more than five bushels to the acre.

South Dakota flax seems to run somewhat better than an average year and about as well as in North Dakota. Wilcox, Roberts county reports an average of sixteen bushels to the acre. A report from Miller, Hand county, says the yield will be about 10 per cent more than what would be called a good crop. Gettysburg, Potter county, tells the same sort of story about its flax, as it does about its wheat, saying that flax is very poor, and will run only four to six bushels to the acre.

In flax as in wheat, Montana, the coming great agricultural state of the Northwest, according to many claims, makes a better showing than any of the others of flaxseed. The statements prove to average as high as twelve bushels to the acre. The statements that come from Sweet Grass, Rosebud, Custer and Valley counties use strong adjectives in speaking of the yield of this year. From only one county in the state, however, does the report come of a poor crop. There the expectation is that there will be a yield for such measures as will help man to raise as a social being.

## SAYS LESLIE SHAW HELPED

Metropolitan Trust Company Connects Him With Steel Affairs.

Former Secretary of Treasury Denies He Got Loan for Western Corporation.

Seattle, Wash., Sept. 16.—Efforts of Leslie M. Shaw, former secretary of the treasury, to scrape up money for the tottering Western Steel corporation, did not prevent the company from going into bankruptcy, according to explanations made by the company's attorneys here.

Mr. Shaw's name came into the case when the Metropolitan Trust company of New York filed sworn copies of correspondence to show that he helped James A. Moore, the Western Steel corporation's promoter, get a loan of \$600,000 from the company. It is Moore's contention that the loan of \$600,000 and the action of the trust company in calling the loan at a critical time threw the concern into bankruptcy, and is suing the trust company for \$1,000,000 damages.

Shaw, according to the papers submitted by the trust company, got 750 shares of preferred stock, with 1,000 shares of common stock "due me," the certified copy of his record as being correct.

Moore's counsel said that certain other correspondence submitted between Moore and Shaw was written after the loan was granted, and had reference to \$2,000,000 additional which Moore contends the trust company promised to advance him.

Denied by Shaw. Philadelphia, Sept. 16.—Leslie M. Shaw, formerly secretary of the treasury, denied that he had assisted in the promotion of the Western Steel corporation, as alleged in affidavits filed in Seattle.

"I went to Seattle in the spring of 1911 with a European engineer who went to examine the plant and its average of steel which certain European bankers had underwritten on condition that the company would permit a satisfactory examination of the ore deposits. I returned some time before the engineer. I do not know where he went. I do not know the engineer and Mr. Moore, respectively, which do not agree with what I have said. I do not know why the services I rendered and the money I advanced were worth many fold the value of the stock I received, had the stock been worth par, I received a fraction of what was due me under the contract."

## CAR STRIKE HIS THEME

Pastor Talks on Individual Rights and Social Duties.

New Social Consciousness Is Shown in Citizens' Attitude.

"Individual Rights and Social Duties," was the subject of a sermon by Rev. George R. Gebauer of the First United church, yesterday, and in it he referred to the street railway strike as follows:

"Today more perhaps than in any previous age society as a whole recognizes its moral obligation to the individual. We realize that man has not only a right to the pursuit of happiness and wellbeing, but that society ought to recognize that right. It is the duty of society to make that right a reality. In doing so society will often interfere with so-called private interests and rights. It is the duty of the individual to recognize the right of society to do this. The growing generation laughs at his notions of private rights; he cares only for such measures as will help man to rise as a social being."

It is this new social consciousness which accounts for the attitude of this community in the present unpleasantness between the street car company and its employees. A generation ago such an attitude would have been impossible. The various individuals might have sympathized with the poor strikers, but most of them would have declared that this is a matter which alone concerns the company and its employees. But today the community looks upon the matter differently. It practices, says, whatever concerns the company and the employees of the street car company concerns the community. This company is not an independent body, but is part of the body social of Duluth; indeed the city has only delegated certain powers to it to franchise and the company's obligations are not merely to act for the financial interests of the city, but for the best civic interest of the city of which it is a part. In so far as the company has by any unjust measures, brought about this strike, brought about these

riots, it stands morally responsible for it to the community. And being a part of the community it must make good by meeting in a reconciliatory temper the will of the community.

"In so far now as the company stubbornly insists upon its private rights regardless of the will of the community, it proclaims itself an enemy of the new social order. In so far as the strikers are willing to rest their case with a board of arbitration, they show the spirit of the times. Indeed no matter what the strictly legal rights of the company may be or may not be, it is quite obvious that no company, which is not in turn under the control of the city, should control our street car system. However, matters may finally be arranged for the striking men, it is a plain duty of the city to bring the company to terms. This for the good of all concerned."

"But let us not for a moment believe that this new social consciousness which rises up in indignation against the street car company, is really an all determining factor in the affairs of men as yet. Many a business man, who vigorously denounces the street car company, shows as little of the true social spirit in dealing with his employees. If we look into the matter we find that human greed in all conditions, make more or less ineffective that ideal of morality about which we get so excited when we see it written large in the sins of a great corporation. Certainly the notion of feeling the best of the lowest market, they never seem to consider that in buying labor the laborer becomes an industrial slave. From the higher point of view, the new social consciousness the idea of the labor market has given place to that of labor exchange, where all men meet on equal footing to exchange power for wages. And in exchange, honest change, the notion of feeling the best of the other has no room. Fair exchange is no robbery, but certainly unfair exchange is. Any man who will live on labor has not fairly compensated is a thief and a corporation which will declare dividends for the benefit of its stockholders and pay starvation wages to its workers is at best a gang of industrial pirates. Where the new social ethics prevails, there the question is not, 'At how low a price may I get my share, but how much am I able to pay to my partner in the work?'"

Mr. Weed has been at the Spaulding, but left last evening for Nett Lake. Mr. Weed has just come from Detroit, where he attended the annual meeting of the American Bankers' association and addressed that body on the postal savings system. He said a great many bankers were opposed to it at first, because they feared that a vast number of depositors would withdraw their money from the banks to put it in the postal savings depositories. These fears have proved groundless. On the other hand, the postal system had drawn forth from its hiding places millions of dollars that had not been in banks at all, but which the owners were glad to place with the government and was heartily applauded. Some of the Detroit bankers said they did not know of a single instance of one of their depositors withdrawing his money to put it in the postal depositories.

Mr. Weed said yesterday that there were 12,000 postal depositories in the country, with a total of 270,000 depositors, and deposits aggregating \$25,000,000.

May Urge Income Tax. St. Paul, Minn., Sept. 16.—An income tax may be recommended to the state legislature this coming winter by the permanent tax commission, though such a tax will not be binding to the exclusion of taxation on other personal property.

## MONEY ALL CAME FROM STOCKINGS

Postal Stations Have Not Affected Banks, Says Director Weed.

No hostility to the postal banking system exists any longer in the banking circles of the country, according to Director Theodore L. Weed of Washington, director of the postal savings system, who is spending a few days

in Northern Minnesota for recreation. Mr. Weed has been at the Spaulding, but left last evening for Nett Lake.

Mr. Weed has just come from Detroit, where he attended the annual meeting of the American Bankers' association and addressed that body on the postal savings system. He said a great many bankers were opposed to it at first, because they feared that a vast number of depositors would withdraw their money from the banks to put it in the postal savings depositories. These fears have proved groundless. On the other hand, the postal system had drawn forth from its hiding places millions of dollars that had not been in banks at all, but which the owners were glad to place with the government and was heartily applauded. Some of the Detroit bankers said they did not know of a single instance of one of their depositors withdrawing his money to put it in the postal depositories.

Mr. Weed said yesterday that there were 12,000 postal depositories in the country, with a total of 270,000 depositors, and deposits aggregating \$25,000,000.

May Urge Income Tax. St. Paul, Minn., Sept. 16.—An income tax may be recommended to the state legislature this coming winter by the permanent tax commission, though such a tax will not be binding to the exclusion of taxation on other personal property.

## "NO-BODY LOVES A BALD MAN"

Every day we see YOUNG men and women, who have grown prematurely grey. They immediately fall into the "Old Age" class, because grey hairs are so closely associated WITH OLD AGE.

It is a disgraceful and humiliating thing to be bald—to be grey when the years do not justify it. The girls laugh at the young men so marked—the young man soon learns to discriminate between natural hair in its full bloom of health and NATURAL COLOR, and shabby looking grey and faded hair.

Give nature a chance. If she is encouraged, stimulated, assisted, the wisest you need of hair that you will be proud of. Give it to her. Use—

HAY'S HAIR RESTORANT

For Sale and Recommended by W. A. Adams.

## CONGRESSMAN STANLEY HERE

Chairman of Steel Corporation Committee Visits Range.

Congressman A. O. Stanley of Henderson, Ky., chairman of the committee that investigated the Steel corporation, is spending a few days in this part of the country as the guest of Lon Merritt. He has been visiting at Mr. Merritt's home at Pike lake. Today Mr. Stanley, Mr. Merritt and P. H. Nelson took an automobile ride to the Mesaba range.

It is thought by some of the iron mining men that Mr. Stanley's Minnesota visit is more than a mere recreation trip. They are of the opinion that Mr. Stanley is here in the interest of a movement to obtain a further reduction of the ore carrying rate from the Mesaba and Vermilion ranges to the Lake Superior docks. It will be remembered that this rate was established last fall at 60 cents. It is well known, however, that Mr. Stanley is convinced that 40 cents is a just rate of compensation for this transportation. The independent iron ore producers have contended that they were entitled to a reduction to 40 cents as that would place them on the same basis as the Michigan iron miners in setting the ore to Lake Superior.

It is said that Mr. Stanley will have to cut his Minnesota visit short to attend a meeting of his committee at Louisville next week.

LIBRARIANS TO MEET. One Hundred Delegates Expected at Faribault Oct. 2.

Faribault, Minn., Sept. 16.—The State library association will meet in this city from Oct. 2 to 4. About a hundred delegates are expected to be in attendance at the meeting. Preparations are already being made by the local library board for the entertainment of the visitors. The Episcopal Guild House has been secured for the meetings and for the banquet. The meetings will be addressed by Blomquist, Judge Thomas S. Buckham, Mrs. E. H. Loyd, Prof. John Munroe of the public schools, and Dr. J. J. Dow.

## Why CALUMET BAKING POWDER Is Better

It is not alone the wonderful raising qualities, or the certainty of results, or the purity, or the uniformity, or the economy, that is rapidly making Calumet the most popular Baking Powder. It is the perfect combination of all of these things.

You need only to use Calumet once to make you a constant user. Ask your grocer today—test it in your next baking. Insist on Calumet.

## NO MERCY FOR ABDUCTOR

District Judge at Virginia Denounces Naabli as Unworthy of Leniency.

Gives Him Indeterminate Sentence to State's Prison—Girl Victim.

Virginia, Minn., Sept. 16.—(Special to The Herald.)—Eli Naabli, alias Eli Maki, convicted in district court here for an indecent assault on a young girl, was sentenced to the state prison at Stillwater. In passing sentence, the court denounced the prisoner unmercifully and declared that Naabli was entitled to no sympathy or leniency.

Naabli was convicted of abducting and marrying at Duluth, Minn., a girl under 16 years of age. He was sentenced to the state prison at Stillwater. In passing sentence, the court denounced the prisoner unmercifully and declared that Naabli was entitled to no sympathy or leniency.

## VIRGINIA ELKS BEAT EVELETH

First of Two Baseball Clashes Results in Victory of Home Team.

Virginia, Minn., Sept. 16.—(Special to The Herald.)—The Elks of Virginia and Eveleth met in the first of two ball games at the Oliver field yesterday afternoon. Virginia won by a score of 5 to 3. Eveleth led by a score of 2 to 1 up to the end of the seventh. The players included several old-time stars of college and professional teams, including George Shea and Fred Anthony of Virginia and State Senator James P. Boyle of Eveleth. There was only a fair attendance as the day was cold. The next will be played at Eveleth next Sunday. The following was the lineup in batting order of the two teams:

Virginia—Boyle, 1st; Simpson, 2nd; Cawright, 3rd; Boyle, 2nd; Feldman, 4th; Sullivan, 5th; Kruse, 6th; McQuinn, 7th.

## WOMEN'S CLUB RESUMES WORK

Chisholm Art and Study Club Asks Admission to State Federation.

Chisholm, Minn., Sept. 15.—(Special to The Herald.)—The Ladies Art and Study club, a local organization, and which was organized last season, started out on its second year with a meeting Saturday at the high school building. The officers for the coming season are: President, Mrs. Frank Austin; vice president, Mrs. Nellie Peterson; secretary, Mrs. Fred Austin; corresponding secretary, Mrs. A. B. Rick; treasurer, Mrs. Fred Peterson.

## RESINOL A HOUSEHOLD OINTMENT

The same soothing, healing, antiseptic properties that make Resinol Ointment so effective for skin eruptions, also make it the ideal household remedy for:

- Burns
- Scalds
- Scratches
- Wounds
- Bruises
- Sores
- Boils
- Ulcers
- Felons
- Pimples
- Acne
- Chafes
- Itches
- Inflammations

And a score of other troubles which constantly arise in every home, especially where there are children. That is why Resinol Ointment should be on your medicine shelf, ready for immediate use.

Sample free: Write your druggist for it, but for generous sample and a miniature cake of Resinol Soap, write to Dept. S.A., Resinol Chemical Co., Baltimore, Md. Resinol Soap is made from the tenderest face.

## ELY WINS FIRST GAME OF SEASON

High School Football Team Defeats Aurora High in Spirited Contest.

Ely, Minn., Sept. 16.—(Special to The Herald.)—The football team of the Ely high school was victor over the team representing the Aurora high school in the game played here Saturday afternoon. The final score was 19 to 0. During the first half the Aurora team carried the ball down to the Ely twenty-yard line, at which point the ball went to Ely. Ely then carried the ball over Aurora's goal for the second touchdown of the game. The Ely team were in the lineup for Ely this year, and have shown their ability to make football a success. And it is well predicted that they will have a successful season.

## SPANISH WAR VETS FORM CORPS

Chisholm's Former Volunteers Apply for Charter for New Organization.

Chisholm, Minn., Sept. 16.—(Special to The Herald.)—The first organization of the Spanish War Veterans of the United States has been perfected and an application for a charter has been made to the department commander at Duluth. The charter, which comes from Washington, D. C., is being handled by the department commander at Duluth. The charter membership consists of nineteen veterans, all of whom have seen actual foreign service. Most of them were infantry men and volunteers, and one in the artillery. There are several names now waiting to be added to the list and it is expected that the organization will be completed in time to avail themselves of that privilege.

## WOMAN'S SUFFRAGE AT TASCA FAIR

Will Have Important Part in Gathering at Grand Rapids This Week.

Grand Rapids, Minn., Sept. 16.—(Special to The Herald.)—Woman's suffrage will play a prominent part during the Tascas fair, which will be held Sept. 19, 20 and 21, and which is being held at Grand Rapids. The fair is being held at Grand Rapids. The fair is being held at Grand Rapids. The fair is being held at Grand Rapids.

## ALDERMAN IS NABBED

Ely Solon Charged With Illegal Possession of Partridges.

Ely, Minn., Sept. 16.—(Special to The Herald.)—Alderman James W. Jones, charged with having partridges in his possession illegally, was arrested by the Ely police. The partridges were found in his possession. The partridges were found in his possession.

## CHICAGO FISHING PARTY

Winton, Minn., Sept. 16.—(Special to The Herald.)—A fishing party was held at Winton, Minn., on Saturday. The party was held at Winton, Minn. The party was held at Winton, Minn.

## RECEPTION TO TEACHERS

Gilbert, Minn., Sept. 16.—(Special to The Herald.)—A reception was given to the teachers of the district No. 18, which was largely attended and proved a decided success. The reception was given to the teachers of the district No. 18, which was largely attended and proved a decided success.

## MRS. ANDREWS DEAD

Well Known Woman Passes Away at Daughter's Home in Virginia.

Virginia, Minn., Sept. 16.—(Special to The Herald.)—Mrs. Margaret Andrews, 50 years old, mother of Mrs. F. E. Thomas, died this morning at the home of her daughter, 502 Birch street. She was the widow of the late W. S. Andrews of Two Harbors and resided there for two years, later at Duluth. Surviving her, besides Mrs. Thomas, are two sons, L. D. Padden of Virginia and J. J. Padden of Crookston. Interment will be in Calvary cemetery, St. Paul, her former home, next Thursday.

## RETURNS TO OLD HOME

Winton Hotel Man Sells Out After Successful Career.

Winton, Minn., Sept. 16.—(Special to The Herald.)—Gust Peterson, who for the past two years has been proprietor of the Winton hotel, leaves Winton today for his old home in Toronto, Ont. Mr. Peterson has been a resident of Winton for the past ten years, and during that time has gained a host of friends who regret his departure, but are glad to see him return to his old home. Mr. Peterson came to Winton in 1902 as cook in one of the logging camps near here. After a few years he moved to town, running a restaurant in what is known as the Keweenaw building. His next move was to the Winton hotel, which he has run successfully for two years.

## ELY WINS FIRST GAME OF SEASON

# READY FOR PRIMARIES

Polls Will Be Open From 6 a. m. Until 9 p. m.

New Minnesota Law Will Be Given Its First Trial.

Nominations for state and county offices will be made in Minnesota tomorrow.

The polls in all precincts will be open from 6 a. m. to 9 p. m. Tomorrow will be the first day of registration in precincts in St. Louis county outside of the city of Duluth.

In the city of Duluth, all voters may vote in the primary election. Those who registered on one of the first two registration days, which were Sept. 3 and 10, may vote at the primary without further formality.

A voter who failed to register on one of the first two days may vote tomorrow by registering and by filing an affidavit of residence, corroborated by the affidavits of two property owners living in his election district. The blanks will be furnished and the affidavits taken by the election board. All that will be necessary for the voter is to present himself at the polling place with two qualified witnesses who are able to corroborate his affidavit. No property owner may corroborate more than five such affidavits.

The new primary law will receive its first trial tomorrow and voters generally will have their first opportunity of voting on the nominations for state officers. The most noteworthy new feature of the law is that providing for a second choice.

The second choice applies to all offices for which there are three or more candidates, but that is a technical application of the law and the second choice may be disregarded in these cases.

The non-partisan feature, which applies to judges and county superintendent of schools, is also new. Every candidate will be given the partisan ballot for which he applies, and a non-partisan ballot.

The new law also has a provision which makes it advisable for members of minority parties to vote their own tickets. Unless the candidates of any party receive at the primary election a vote equal to 20 per cent of the party vote on state offices at the last general election, the members of the candidates will not be placed on the ballot.

The campaign has not been a very warm one in St. Louis county. The indications are that a heavy vote will be cast tomorrow with those who will vote on affidavits.

## KNAPP OUT FOR RENOMINATION

Representative's Name Inadvertently Omitted From List of Candidates.

The name of Cleon T. Knapp of Chisholm, candidate for renomination on the Republican ticket for representative in the Forty-ninth district, was omitted by mistake from the list of candidates published in The Herald Saturday.

Mr. Knapp is a candidate for renomination and his friends believe he will win by a large margin. He is an excellent record as a legislator during his first term and is making a plea for another term in his re-election. He is popular, aggressive and progressive and has made a valuable representative for St. Louis county.

After U. S. Electricity.  
Williston, N. D., Sept. 16.—(Special to The Herald.)—The city council has voted to send Mayor Jackson and H. H. Steers, the electrical expert, to Washington to see the city in the matter of securing a contract for supplying electricity from a power plant near here.

## KAISER REVIEWS GERMAN FLEET

Twenty-Two Battleships Besides Smaller Craft in Review.

Helligoland, North Sea, Sept. 16.—The German imperial fleet, composed of 22 battleships, 6 large and 16 small cruisers, flotillas of torpedo boats and torpedos, destroyers and a number of auxiliary vessels, was reviewed off this island today by the German emperor.

At the conclusion of the review his majesty accompanied the fleet to sea, where maneuvers occupying four days will be held.

Sixteen passengers on board the Zeppelin dirigible balloon Hansa were among the spectators of the naval evolutions.

The imperial fleet carried out the maneuvers included 4 battleships of the Osterreich type, 4 Nassau, 9 Deutschland, the dreadnought cruisers Goeben, Moltke and Von der Tann and several other vessels of older type, unequal to modern requirements.

The tonnage of the armada, exclusive of small craft, aggregates 486,400 and the fleet is armed with 48 12-inch guns, 84 11-inch guns and 29 4-inch guns.

NATIONAL BREWERS MEET IN CLEVELAND  
Cleveland, Ohio, Sept. 16.—Eight hundred members of the National Brewers' association gathered here in twenty-six annual convention, being called to order by President C. F. Russell of Boston and welcomed by Mayor Newton D. Baker of Cleveland. Three busy days of convention work and entertainment followed, with the association, which will elect its officers tomorrow.

## NEW LAW IS TESTED IN DULUTH

Silence Reigns Around the Polls During the Primaries.

No Carriages, Badges, Buttons or Campaign Advertising Allowed.

Voters Need More Time to Mark Their Ballots.

Duluth is having the quietest primary in the history of primary elections.

No candidates' cards are being handed around. No badges, buttons, or campaign advertising are visible around the polling places. Campaign literature is not being distributed anywhere in the city. No automobiles and carriages are being sent around for the voters.

The new corrupt practices act is responsible. Many of the old election practices have gone and some of the voters are uncomfortable under the new order of things.

Election posters are not permissible within 100 feet of any polling place. The election judges are expected to tear them down if any are visible, and if the election judges fail the police may do so.

The police and sheriff's office have set about the enforcement of the new law. Candidates generally are familiar with it, however, and are not attempting to violate its provisions. Hired workers of any kind are not permissible under the law, except the regular challengers.

The polls opened at 8 o'clock this morning, and many people in Duluth voted during the early morning hours. The election judges report that many

## WILL HEAR CASE INVOLVING SHAW

Court Decides Jurisdiction Point in Western Steel Affair.

Seattle, Wash., Sept. 17.—Judge R. B. Albertson of the King county superior court has decided that he has jurisdiction in the suit brought by James A. Moore, promoter of the Western Steel corporation, against the Metropolitan Trust company of New York. He denied last night the motion of Moore's attorney to remand the case to the Jefferson county court, where the suit first was brought.

The court gave Moore ten days to answer the affidavit filed by the trust company Saturday, in which Moore is charged with engaging the services of Leslie M. Shaw, former treasurer of the trust company, to obtain a loan of \$500,000 from the Metropolitan Trust company.

## STATE WILL BUILD 2,700 MILES OF ROADS IN 1913

Contracts Will Be Authorized By Highway Commission This Winter.

Preliminary Work Will Be Finished Before Next Spring.

St. Paul, Minn., Sept. 17.—(Special to The Herald.)—Contracts for the construction of 2,700 miles of highway in Minnesota next summer will be authorized by the state highway commission this winter. Of this 700 miles will be entirely new road in the northern part of the state, surveyed and constructed under the rural highway law enacted by the last legislature.

The state department is now at work mapping out the work for next summer, and is arranging to have all the surveying, stumping and sand hauling done this winter so that work may be commenced promptly on the actual road work in the spring. One of the chief delays in road work this year was due to the fact that much of this work had not been previously done.

In connection with the surveying, etc., the department is preparing sets of instruction on the different methods of road building to be employed, so that road construction contractors may this winter know the specifications and the road upon which bids are to be made.

With this preliminary work done there will be a great opportunity for road contractors, it is stated at the highway commission office, and so far there has been more work than there were contractors to take charge of it.

With this preliminary winter work it is planned that practically all the 2,700 miles mapped out for the coming season can be completed before fall.

## LAWYER-SOLDIER IS SHOT BY HOLD-UP MAN

HEADS BULL MOOSE TICKET IN OHIO

C. N. Kirkbride of "Millionaire Company" at San Mateo May Die.

Grapples With Robber Who Holds Up Two San Francisco Cars.

San Mateo, Cal., Sept. 17.—Charles N. Kirkbride, an attorney of this city and a lieutenant in the Eleventh company, Coast Artillery reserves, known as the "Millionaire company," was shot and probably fatally wounded early today by a highwayman who held up and robbed two cars of the electric lines between this place and San Francisco.

Kirkbride grappled with the robber and received a bullet in the body. The bandit escaped. Posses have started in pursuit.

The robbery occurred on the outskirts of the city when a late car toward San Francisco was stopped by a masked man described as a youth. There was one woman aboard and the robber forced her to collect the passengers' valuables while he covered them with a revolver.

A southbound car from San Francisco appeared and came to a stop beside the first one. The robber scrambled aboard the second car and repeated his performance.

He had about completed his task when Kirkbride, a passenger on the second car, leaped at him.

Including the crews there were about forty-five persons aboard the two cars.

(Continued on page 7, fifth column.)

A. L. GARFORD.

Columbus, Ohio, Sept. 17.—A. L. Garford is the candidate of the Progressives for governor of Ohio. Mr. Garford is a manufacturer and has given his name to an automobile.

## HAVE RIOT IN PARLIAMENT

Hungarians Near Free-for-All Fight at Opening of Session.

Party Leaders Quell Uproar in Absence of Military.

Budapest, Hungary, Sept. 17.—The opening session of the Hungarian parliament today was marked by a wild outburst of factional feeling which only was prevented from becoming a free fight through the intervention of party leaders.

The uproar began as soon as Count Stephen Tisza, the president of the lower house, entered the chamber. He was received with cries of derision and abuse, mingled with hissing and whistling. The president treated the opposition outburst with indifference, but all his efforts to restore order were unavailing. His calls for attention only caused the disorder to break out with renewed violence. Not a word could be heard in the chamber or in the press gallery above the organizing din.

The royal decree opening the session was read without anybody hearing a word of it, and it was followed by a renewed outburst of violence.

The royal decree opening the session was read without anybody hearing a word of it, and it was followed by a renewed outburst of violence.

SUGGESTION FOR HANDLING THESE BIG BALLOTS.

Winnipeg, Man., Sept. 17.—The Canadian Pacific telegraphers, dispatchers and trainmen had not received orders from union headquarters to strike early this morning, and local leaders say they do not believe the strike will be called before the end of the present week. Word was expected from the East at midnight.

(Continued on page 7, fifth column.)

NEW YORK TRYING OUT PRIMARY LAW

Progressive Party Is Barred and Must Nominate By Petition.

Albany, N. Y., Sept. 17.—The first real test of the new direct primary law will come today when enrolled voters throughout the state will be given an opportunity to vote on the various candidates designated for nomination by party committees and for delegates to the coming state conventions. The nominees include candidates for congress, senate and assembly, and city, village and county officers.

Under the new law the Progressive party cannot participate, but must file nominating petitions with the secretary of state on or before Oct. 11.

GOVERNOR WILSON AT IOWA FAIR

Big Crowd From Four States Grooms Him at Sioux City.

Talks at Exposition Grounds About Pure Food Laws.

Governor Marshall Spends Day Campaigning in Missouri.

Sioux City, Iowa, Sept. 17.—Many prominent Democrats from Iowa, South Dakota and Nebraska gathered here today to greet Governor Wilson, who spoke at the Interstate fair this afternoon. The governor, on his arrival, was taken for an automobile ride, which was followed by a special ceremony of the Tribe of the Sioux, at which the governor was inducted into the mysteries of the order. After dinner he was taken to the fair grounds. A special train carrying Governor Wilson and party will start for Sioux Falls, S. D., at 4 p. m.

Governor Wilson found this city astir with enthusiasm when he arrived at 3:30 o'clock. There were many visitors from Nebraska, South Dakota and Minnesota.

Wishing to Talk at Midnight. The Democratic candidate was disappointed to learn that his secretaries had neglected to wake him late last night to meet the crowds that had gathered at Clinton and Cedar Rapids, Iowa. It was midnight when the latter place was reached, but hundreds were waiting. The governor gave orders that hereafter he wished to be called to greet any gathering that may want to see him.

When the governor reached Sioux City, Mayor A. A. Smith and F. L. Eaton, president of the Interstate Fair association, welcomed him. A big crowd cheered the candidate, who was taken by automobile to Morningside college, where he spoke to 800 students, boys and girls. Returning to town he made in a public reception with a long session of people.

E. G. Dunne, Democratic candidate for governor of Iowa and E. S. (Continued on page 7, fifth column.)

ROB MAIL CAR ON SOUTHERN RAILWAY

Two Masked Men Get Registered Mail and Escape in Safety.

Pull Off Bold Hold-up on Memphis Special at Stevenson, Tenn.

Chattanooga, Tenn., Sept. 17.—Searching parties from Sheffield, Stevenson and Huntsville, Ala., are scouring the countryside in search of two bandits who at 1:30 o'clock this morning looted the mail car of Southern railway train No. 25, New York to Memphis, of its registered mail.

The robbers boarded the car at Cave Chase, just west of Stevenson, and menacing the mail clerks, rode forty miles in the car, leaving it after stopping the train by an emergency signal at Stevens' Gap, a blind siding, and taking to the woods. The conductor found the mail clerks bound and gagged and half suffocated under heaped up mail bags.

The amount of the loot has not been determined. Passengers were not molested.

(Continued on page 7, fifth column.)

CLARENCE S. FUNK.

Memphis, Tenn., Sept. 17.—Thirty-four pieces of registered mail were taken by the two robbers who this morning looted the mail car of the "Memphis Special." Postoffice officials, upon arrival of the train this morning, denied that any large amount of valuables was missing, though mail clerks believed the loss would amount to several thousand dollars.

The bandits boarded the mail car while the train was standing at the water tank near Stevenson, Ala., entering a half open door. After their order "All hands up and everybody lie down," they compelled Charles Flint, one of the mail clerks, to tie the hands of the three other clerks and then lie down himself.

The train proceeded with the crew ignorant of the robbers' presence. The woods are very heavy in the vicinity of Stevens' Gap, where the robbers left the train.

## GOVERNOR WILSON AT IOWA FAIR

Big Crowd From Four States Grooms Him at Sioux City.

Talks at Exposition Grounds About Pure Food Laws.

Governor Marshall Spends Day Campaigning in Missouri.

WIRE FATHER; KILLS HERSELF

Julia Wood, Daughter of Navy Department Man, Leaps to Death.

New York, Sept. 17.—Miss Julia Wood, daughter of Henry G. Wood of the navy department, Washington, is believed to have been suffering from melancholia last night when she fell or jumped from a window on the seventh floor of an apartment here. Her father reached here today from Washington and it was not until his arrival that he knew of his daughter's death.

Mr. Wood came in response to a telegram signed by his daughter asking him to come at once.

In New York for more than a year, engaged in literary work, and had spent the summer in Maine. He said she never had given any indication of suicidal tendencies, though she had been despondent after the death of her mother.

WISCONSIN DEMOCRATS AND REPUBLICANS IN TROUBLE

MURDER CHARGE ON MONUMENT

Unusual Epitaph May Lead to Suit at Appleton, Wis.

Appleton, Wis., Sept. 17.—Unless a monument over the grave of a little girl in the cemetery in the town of Maine, this country, is removed this week, or the inscription completely obliterated, suit will be instituted in the municipal court for an injunction restraining the presentation of the child from keeping the monument in place.

This most unusual case is caused by the wording of the epitaph. "Laura Lies in This Grave and Lot. She Was Shot by Guy and Jackie Scott." Laura Freeman, 8 years old, daughter of Sidney J. Freeman, was accidentally shot and killed by Little Jack Scott, 11 years old, on March 16 last, at George Scott's grocery store, while returning from school. Mr. Scott, father of the boy who did the shooting, objects to the epitaph because it was purely accidental, and also declares that another son, Guy, mentioned in the epitaph was not at home at the time of the shooting.

FOUR PARTY CONVENTIONS ARE HELD IN THE BADGER CAPITAL

Income Tax and Presidential Indorsement Cause Differences in Opinion.

Madison, Wis., Sept. 17.—Of the four state conventions which convene here at 12 o'clock today, the Democratic and the Republican gatherings promise sensational features.

In each party—Democratic, Republican, Social Democratic and Prohibition—the respective gathering will be called to order by the chairman of the party's state central committee. Committees of each party will be appointed to draw a platform and pass upon the credentials, but aside from this little is expected until the platforms are submitted.

This afternoon, immediately following the adjournment of the Democratic convention, the delegates from each congressional district are scheduled to meet.

NO CHANGE IN STATUS OF STRIKE

Company Claims Four More Men Have Returned to Work.

Strikers Claim All the Men Out Now Will "Stick."

Manager Warren Offers to Take Back All But Seventy-five.

"Things are still coming our way." This is the way that General Manager Warren of the street railway this morning characterized the strike situation, but the men tell a different story.

He declared that four more of the old men went to work this morning, three of them taking out cars. The other one, he said, is working today in another department and will go out on the cars tomorrow.

"The service," said Mr. Warren, "is improving. Today we have nearly a full base service, that is the full minimum service without extra cars during rush hours. On the interstate line only about one third of the cars are in operation."

Of the two hundred men who left the company last week, Mr. Warren is willing to take back all but seventy-five. He considers that there are about thirty many "real strikers." Of the 125 remaining, the manager declares that thirty-nine have been reinstated.

The men appear to be slow in coming back," he said. "They are evidently willing enough to go to work again but are a little concerned yet as to their personal safety. I imagine that within the next two or three days that the majority of them will be back to their old places."

The company is waiving an old rule which did not allow the rehiring of men who were discharged prior to a strike for some trivial reason. "If these men wish to be reinstated at this time and can show us an earnest desire on their part to perform their duties," he said.

MAY EXTEND MARTIAL LAW

Governor Glasscock Is Likely to Act Further in Miners' Strike.

Charleston, W. Va., Sept. 17.—Gen. Charles D. Elliott, commanding the West Virginia troops in the field, arranged today to carry out a possible order from Governor Glasscock extending the martial district in the Kanawha coal country.

The refusal of the coal operators to accept the governor's plan for arbitration, it is stated by men who have come in today from the Paint Creek and Cabin Creek districts, was received by the striking miners with evidences of dissatisfaction.

Another cause for alarm is the testimony being given before the commission investigating conditions in and around the coal mines, miners declaring that they have been arrested and fined and their fines collected through the companies by which they were employed. The coal operators expect to begin the presentation of their side of the controversy Thursday morning. It was reported here today that if the charges made by the miners are substantiated, Governor Glasscock will take action against the law officers of whom the miners complain.

(Continued on page 7, first column.)

CLARENCE S. FUNK.

Memphis, Tenn., Sept. 17.—Thirty-four pieces of registered mail were taken by the two robbers who this morning looted the mail car of the "Memphis Special." Postoffice officials, upon arrival of the train this morning, denied that any large amount of valuables was missing, though mail clerks believed the loss would amount to several thousand dollars.

The bandits boarded the mail car while the train was standing at the water tank near Stevenson, Ala., entering a half open door. After their order "All hands up and everybody lie down," they compelled Charles Flint, one of the mail clerks, to tie the hands of the three other clerks and then lie down himself.

The train proceeded with the crew ignorant of the robbers' presence. The woods are very heavy in the vicinity of Stevens' Gap, where the robbers left the train.

## GOVERNOR WILSON AT IOWA FAIR

Big Crowd From Four States Grooms Him at Sioux City.

Talks at Exposition Grounds About Pure Food Laws.

Governor Marshall Spends Day Campaigning in Missouri.

Sioux City, Iowa, Sept. 17.—Many prominent Democrats from Iowa, South Dakota and Nebraska gathered here today to greet Governor Wilson, who spoke at the Interstate fair this afternoon. The governor, on his arrival, was taken for an automobile ride, which was followed by a special ceremony of the Tribe of the Sioux, at which the governor was inducted into the mysteries of the order. After dinner he was taken to the fair grounds. A special train carrying Governor Wilson and party will start for Sioux Falls, S. D., at 4 p. m.

Governor Wilson found this city astir with enthusiasm when he arrived at 3:30 o'clock. There were many visitors from Nebraska, South Dakota and Minnesota.

Wishing to Talk at Midnight. The Democratic candidate was disappointed to learn that his secretaries had neglected to wake him late last night to meet the crowds that had gathered at Clinton and Cedar Rapids, Iowa. It was midnight when the latter place was reached, but hundreds were waiting. The governor gave orders that hereafter he wished to be called to greet any gathering that may want to see him.

When the governor reached Sioux City, Mayor A. A. Smith and F. L. Eaton, president of the Interstate Fair association, welcomed him. A big crowd cheered the candidate, who was taken by automobile to Morningside college, where he spoke to 800 students, boys and girls. Returning to town he made in a public reception with a long session of people.

E. G. Dunne, Democratic candidate for governor of Iowa and E. S. (Continued on page 7, fifth column.)

TRUST COMPANY HEAD SUICIDE IN BALTIMORE

Baltimore, Md., Sept. 17.—George C. Morrison, president of the Title Guarantee & Trust company of this city, committed suicide some time during last night at the Baltimore Athletic club. The report to the police says that Morrison ended his life by inhaling gas, which he inhaled through a tube.

(Continued on page 7, fifth column.)

WIRE FATHER; KILLS HERSELF

Julia Wood, Daughter of Navy Department Man, Leaps to Death.

New York, Sept. 17.—Miss Julia Wood, daughter of Henry G. Wood of the navy department, Washington, is believed to have been suffering from melancholia last night when she fell or jumped from a window on the seventh floor of an apartment here. Her father reached here today from Washington and it was not until his arrival that he knew of his daughter's death.

Mr. Wood came in response to a telegram signed by his daughter asking him to come at once.

In New York for more than a year, engaged in literary work, and had spent the summer in Maine. He said she never had given any indication of suicidal tendencies, though she had been despondent after the death of her mother.

WESTERN ROMANCE ALL GOES WRONG

Girl Who Married Via Moving Picture Route Found in Street.

Grand Junction, Colo., Sept. 17.—Mrs. Laura Levassey, who was kidnapped from her father's home Sunday night by her husband of two days, whom she had married as the result of an advertisement thrown on the steps of a saloon, was found today lying dead on the steps of a saloon. She will recover. Posses are searching for Levassey.

(Continued on page 7, fourth column.)

WISCONSIN DEMOCRATS AND REPUBLICANS IN TROUBLE

MURDER CHARGE ON MONUMENT

Unusual Epitaph May Lead to Suit at Appleton, Wis.

Appleton, Wis., Sept. 17.—Unless a monument over the grave of a little girl in the cemetery in the town of Maine, this country, is removed this week, or the inscription completely obliterated, suit will be instituted in the municipal court for an injunction restraining the presentation of the child from keeping the monument in place.

This most unusual case is caused by the wording of the epitaph. "Laura Lies in This Grave and Lot. She Was Shot by Guy and Jackie Scott." Laura Freeman, 8 years old, daughter of Sidney J. Freeman, was accidentally shot and killed by Little Jack Scott, 11 years old, on March 16 last, at George Scott's grocery store, while returning from school. Mr. Scott, father of the boy who did the shooting, objects to the epitaph because it was purely accidental, and also declares that another son, Guy, mentioned in the epitaph was not at home at the time of the shooting.

## RAILROADS RATE ON WHEAT COMPLAINED OF

Eastern Firm Claims Northwest Is Favored By the Railroads.

Buffalo, N. Y., Sept. 17.—That the trunk lines are charging higher rates for the shipment of wheat than for flour, is the substance of a complaint under investigation here today by Special Examiner Mackley of the interstate commerce commission. Eighteen

railroads are defendants in the dispute, and the complaining corporation is the Federal Milling company of Lockport, N. Y. The specific charges alleged a discrimination in favor of the flour manufacturers of Minneapolis and other millers in the Northwest. The railroad rate on wheat from western points to Chicago is nearly 2 cents higher per hundred pounds than the rate on flour, inasmuch as wheat is grown west of Chicago, the eastern corporations claim discrimination in favor of the western flour manufacturers.

The railroads listed in the complaint are: New York Central, Pennsylvania, West Shore, Lake Shore, Illinois Central, Lackawanna, Erie, Baltimore & Ohio, Lehigh Valley, Minneapolis, St. Paul & Sault Ste. Marie, Chicago & Northwestern, Chicago, Burlington & Quincy, Chicago Great Western, Chicago, Milwaukee & St. Paul, Minneapolis & St. Louis, Chicago, St. Paul, Minneapolis & Omaha, and the Rock Island.

The testimony taken at the hearing will be presented to the commission at Washington.

Consider Safety Rules.

Chicago, Sept. 17.—Railroad men

from all parts of the country will meet in Kansas City, Oct. 19, to attend a convention called to consider safety rules in railroad operation. C. W. Kountz, general manager of the Santa Fe railroad, will preside.

## SPECIAL TRAINS DISCONTINUED

Northern Pacific Thanked By Business Men for Assistance.

Railroad officials say that the street car strike is so far settled that special train service has been discontinued. J. I. Thomas of the Northern Pacific road stated today that the special service of that road had been taken off for the reason that several big employers of labor had sent word to the railroad officials that the help of the road was no longer required.

With the statement that the street cars could now take care of the employment, also came a cordial note of appreciation for the promptness of the service and the timely aid.

D. H., 9-17-12.

THE COLUMBO SUIT \$14.50

The thirty suit for young men of limited means.

Constructed to give a maximum of style and service at a minimum of expense.

THIS COLUMBO SUIT has proven an instantaneous success because it deserves to be one, and because it is sold and backed by a store with a reputation.

With it don one of our sassy soft hats at \$2 and put on a pair of stylish Columbia \$3.50 shoes.

Then you'll be fixed for Fall.

At Third Ave. West.

## DEMOCRATS TO ST. PAUL

Duluth Men Will Assist in Reception to Governor Wilson.

Democratic Presidential Nominee Will Spend Day in Twin Cities.

A number of Duluth Democrats will leave this evening for the Twin Cities, where they will take part in the reception to Governor Woodrow Wilson tomorrow.

Governor Wilson will arrive in Minneapolis tomorrow morning at 8 o'clock. He will remain in that city until 3 o'clock in the afternoon when he will go to St. Paul. The big speech of the day will be given at the Auditorium in St. Paul in the evening. Preparations are being made for a monster reception to the Democratic nominee. Democrats and other Wilson admirers from all parts of the state will be there. There will be a big Democratic gathering that is expected to furnish inspiration for a great campaign for Governor Wilson in Minnesota. The speech at St. Paul tomorrow night will probably be the only one Governor Wilson will give in the Northwest during the campaign. Minnesota was a Wilson stronghold before the Baltimore convention and Duluth was a Wilson stronghold within the state. The convention that selected the state, the convention that selected twenty-four delegates which were sent to the Baltimore convention instructed for Wilson was held in Duluth. Duluth is expected to be well represented at the Wilson reception tomorrow. Some will go down tonight, and others will leave tomorrow, arriving in time for the speech at the Auditorium in the evening.

## ATTEND PINE COUNTY FAIR

Duluthians See Good Agricultural Display and Address Merchants.

A number of representatives of the Duluth Commercial club and of the wholesale houses went to Pine City yesterday for the Pine county fair. The Pine County Merchants' association was also in session and a number of the Duluth men addressed the gathering.

Duluth men report that Pine county had an exceptionally good display of agricultural products, indicating that the farmers of that county are prosperous this year.

Among the speakers made the trip were F. X. Gravel, J. E. Morehouse, F. E. Otto, F. C. Berry, F. E. Church, H. D. Pinal, W. C. Cross and E. E. Lewis.

## WANT MOVIES IN THE SCHOOLS

Mrs. Starkweather Says They Would Help in Education.

St. Paul, Minn., Sept. 17.—(Special to The Herald.)—To secure the presentation of approved moving pictures in the public schools of the larger cities in the state, a determined movement will be launched under the direction of the state women and children's department to get the legislature to pass a law which will require that school boards should be authorized to purchase and show moving pictures in the schools. Mrs. Starkweather, head of the department, who some time ago gathered reports from the schools that the children were interested in how much money was spent weekly by pupils for moving picture shows, said that the legislature should pass a law which would require that school boards should be authorized to purchase and show moving pictures in the schools. The recent invention of daylight film makes this plan feasible, it is urged.

It will be urged that moving picture apparatus could be installed in the schools of the three cities and operated at much less expense than the apparatus now used. The plan is to ask the legislature to pass a bill providing that in cities of the first class moving pictures approved by a board of censors shall be included in the school studies. The recent invention of daylight film makes this plan feasible, it is urged.

## BROTHER OF SZABO WOMAN ARRIVES

Brings Papers Showing That Mother Died in Vienna Two Years Ago.

New York, Sept. 17.—Frank Menachik, brother of Mrs. Rosa Menachik Szabo, who was drowned in Greenwood lake, Orange county, New York, while boating with Burton W. Gibson, a New York lawyer, arrived at New York on the steamship Kaiser Wilhelm II and went at once to the Austro-Hungarian consulate, where he deposited a death certificate showing that his mother died in Vienna two years ago. Gibson, now in jail, charged with Mrs. Szabo's murder, declares that the mother is living, and some time ago he produced a waiver of citation that purported to be signed by her as executrix of Mrs. Szabo's estate, turning the property over to him. Menachik said he came here to testify not only against Gibson at the murder trial, but at the surrogate's proceedings looking to the removal of the lawyer as executor of his sister's estate. He probably will be a witness when Gibson is arraigned for a hearing Sept. 30.

Narrowly Escapes Death. Grand Forks, N. D., Sept. 17.—(Special to The Herald.)—Christ Hanson, employed at the Grand Forks four-day, narrowly escaped death yesterday when a steam boiler tank exploded. Hanson was standing at the top of a high ladder and was hoisted into the air several feet as well as being struck by pieces of iron.

Made from Italian talcum, in six distinct odors—carnation, violet, rose, lilac, trailing arbutus and corals; a regular 25c talcum, special, introductory sale price, 10c.

## BREAK CHILD LABOR LAW

Twin City Men Train Little Ones for Stage Under Age.

Determined Campaign Against Child Actors Is Launched.

St. Paul, Minn., Sept. 17.—(Special to The Herald.)—That there are men in the Twin Cities making a business of training children for the stage and encouraging their appearance in violation of the anti-child actor law, is the avowed belief of Mrs. Starkweather, head of the women and children's state department of the state. Her conclusion is based upon the persistence with which young girls present themselves to her for a permit which she has no right to grant, to appear on the stage. When asked to go through their act, she discloses the fact that they have been carefully trained in action and song. The words of the latter are often beyond the comprehension of the child, and would have the effect of making the child as she became aware of their meaning. An investigation of the number of children under 14 appearing on the stage in Minnesota in one week disclosed there were 256 on the stage.

Campaign Has Started. To combat this evil a determined campaign has been started, which had its beginning yesterday in the arrest of John Rosen in Minneapolis. Rosen was fined \$25 for permitting his 11-year-old daughter to appear on the stage. Until the last special session of the legislature there was never a law under which a fight against child actors could be successfully waged, but now that there is such a law and conditions are fully realized, the campaign is to be pushed vigorously, and it is said will not exclude prosecution of managers who permit the appearance of children on their stage.

Great State Problem. "The child actor is the greatest child labor problem we have in Minnesota," said Mrs. Starkweather today. "We have not enough factories to menace children, and the outdoor work that is imposed on the children in the country is no great menace to their health, but the placing of children on the stage is a menace to their health, minds and morals."

As soon as a child has appeared before the public a few times the plaudits of the crowd become its sole ambition. Immediately the child actor loses all desire for books, domestic duties and the many things that are important to moral development. We are going to put a stop to it in Minnesota, it is possible.

Outer Suit Being Heard. Crosby, N. D., Sept. 17.—(Special to The Herald.)—The Grand Jurors of the County Auditor W. E. Vadnais of Divido county to east Commissioners MacColligan and Albert H. Mako and State's Attorney C. E. Brace is being heard in this city today before Judge Leighton. The commissioners are charged with charging and collecting illegal fees

and the state's attorney is accused of refusing to prosecute the commissioners. Francis J. Murphy of Minot has been named special prosecuting attorney.

## ST. PAUL'S PEOPLE ARE MORE THRIFTY

Statistics Made Under Tax Valuations Are Given Out.

St. Paul, Minn., Sept. 17.—(Special to The Herald.)—That St. Paul people are becoming more practical and less given to vanity might be concluded from reports on personal property valuation just compiled by the state tax commission. The assessed valuations of watches, diamonds and jewelry have fallen behind, while they have been increasing in Hennepin county. The tables disclose that Ramsey county people have increased their bond holdings \$351,414 during the last year, while Hennepin county has increased its holdings but \$4,015. There is a slight difference in bank stocks, to the advantage of Hennepin, which has increased \$354,849 during the year, while Ramsey has increased \$321,765.

While Hennepin county has had a decrease in wholesale valuations amounting to \$77,605, Ramsey has had a substantial increase in valuation of \$507,891.

On retail valuations the situation is somewhat reversed. Hennepin county shows an increased valuation of \$332,225 while Ramsey shows a decrease of \$731,765.

In the valuation of manufacturing implements Ramsey leads with an increase of \$174,977 as against an increase of \$395,099 in Hennepin. In money and credits Hennepin has a decided advantage, showing an increase of \$10,876,241 as against an increase of \$1,315,054 in Ramsey. In the total

## SOCIETY WANTS MORE MEMBERS

Annual Meeting of Friends of Dumb Animals Will Be Held.

Plans for interesting more citizens in the work of the humane society will be discussed tomorrow afternoon at the annual meeting of the organization. The meeting will be called at 4:30 o'clock at Memorial hall, court-house.

The society has had a big year, as will undoubtedly be shown by the annual report of Agent R. D. McKencher. Effective work has been carried along in all lines, and according to Mr. McKencher, he has usually found the public willing to co-operate in the work.

Special business for tomorrow's meeting will be the election of officers and the executive committee for the following year. Members of the society and their friends are urged to attend the meeting. The meeting will be open to all interested.

Bella Sanitary Slaughter House. Grand Forks, N. D., Sept. 17.—(Special to The Herald.)—A special meeting of the city council has been called for Wednesday evening at which time the proposition of Peter Worstein, one of the leading butchers, will be considered. He proposes to erect a \$15,000 sanitary structure if the city will extend the sewer to the site and grant free water. The plan is to have all butchers in the city have their killing done at their new plant.

## THE EUROPEAN MINERAL AND VAPOR BATHS

### ARE A CREDIT TO OUR CITY

A Herald reporter made a visit to the European Mineral and Vapor Bath Parlors at 17 and 19 East Superior street and was shown through the "House of Health" and was surprised to see what equipment and facilities the institution has for treating all kinds of diseases at a very small cost to the patient.

The baths and parlors, which are divided separately for ladies and gentlemen, are furnished elegantly and the patient, after taking the treatment can enjoy the comforts of a real home-like place. Private rooms are reserved for those who live in or outside of the city, so that in case patients desiring to remain at the Sanatorium can do so at very moderate rates.

The reporter was also shown hundreds of testimonials, which are not "faked up" ones but with the genuine signatures of those who have been cured of Rheumatism, Colds, Lumbago, Skin and Blood Diseases, Liver and Kidney Troubles, etc., and was informed by the Professional Masseuse in charge, that there is no necessity of any one suffering with the above ailments to leave the city and pay an enormous price, when they can be cured right here in Duluth. They have professional masseuses in attendance night and day, for both ladies and gentlemen, and the office is open all day to give free consultation.

Don't forget the place and number, The European Mineral and Vapor Bath Parlors, 17 and 19 East Superior street, Second Floor. Call, write or phone for appointments. Melrose 3153.

### SOLDIER SHOTS MAN.

**Affair Results From Effort to Expel Americans From Dance.**

Bismarck, Ariz., Sept. 17.—(Special to The Herald.)—A new school five miles west of here was destroyed by fire as the result of a pupil throwing a lighted match out of the window. The teacher, Miss Violet Matthey, got all contents to safety, but was unable to subdue the flames.

**New School Burned.**  
Forman, N. D., Sept. 17.—(Special to The Herald.)—A new school five miles west of here was destroyed by fire as the result of a pupil throwing a lighted match out of the window. The teacher, Miss Violet Matthey, got all contents to safety, but was unable to subdue the flames.

### Two Valuable Recipes for the Hair and Skin

Washing the head with soap results in discolored, "stringy" hair and a scalp that is dry and scaly or unduly oily. Shampooing with canthox soon corrects the condition that causes this, and a teaspoonful dissolved in cup hot water is ample for the thickest head of hair. Canthox is soothing and invigorating and not alone cleanses thoroughly and completely but stimulates the hair-roots to healthy activity. Hair shampooed with canthox is always soft, fluffy, lustrous and of rich, even color.

Women having envious complexions invariably use the justly famous Poslam lotion, which is a great natural beautifier. This is made by dissolving 4 ounces poslam in 1/2 pint witch hazel or hot water to which has been added 2 teaspoonfuls glycerine. The lotion dries quickly and cannot be detected when on and gives to the finest complexion an added charm and elegance. It is especially good to clear the skin of pimples, blackheads, blotches, sallowness, oiliness and other complexion defects and to protect it from harsh or cold winds.

## WEST END

HERALD BRANCH:  
Herman Olson, Manager, 1823 West Superior Street.

### ANOTHER LINK IN MAIN HIGHWAY

#### Commercial Club Now Working for West First Street Pavement.

Now that Twenty-first avenue west is open for traffic, the First and Second Commercial clubs will center its efforts in the future on the paving of that street from Eighteenth avenue west to Vernum street and over to Thirtieth avenue.

George M. Jensen, secretary of the Commercial club and chairman of the committee, said yesterday that a petition is being circulated among the property owners, and that in all probability it will be ready for the council by Oct. 15. The majority of the property owners east of Twenty-fifth avenue have already signed the petition, said Mr. Jensen yesterday afternoon.

With the paving of First street to Vernum street and then over to Thirtieth avenue west and Grand, a straight paved road will be afforded drivers from the center of the city to Thirtieth avenue west. From here to Twenty-seventh avenue, the property owners have signified their willingness to pay for a pavement. The members of the Commercial club and the Oconto and Hazelwood Improvement clubs expect to work together among these property owners and secure the pavement by next spring. From Forty-seventh avenue west to Twenty-first street, the pavement was laid last fall to West Duluth.

### THOMAS J. WILTON IS SUMMONED

Thomas J. Wilton, 67 years old, 2701 Railroad street, died at his home yesterday morning after a long illness from Bright's disease. Mr. Wilton has been a resident of this city for the past twenty-five years, retiring from the grocery business about three years ago. He is survived by a widow. The funeral will be held at 2 o'clock tomorrow afternoon at the residence, E. E. church, Twenty-second avenue west and Second street. Rev. George E. Silfoway will officiate and interment will be in Forest Hill cemetery.

### ORPHEUS MEMBERS RAISED \$2,500 OF BUILDING FUND.

Members of the Orpheus Singing society have now brought in extra funds of the shares of the Swedish building organization, which is capitalized at \$25,000. Although \$1500 worth of the stock is to be sold by the members of the Orpheus Singing society, the building at the corner of Twenty-fifth avenue west and Third street, it is believed that with the present buyers and the remainder of the stock will be sold by the end of the month.

The report of the building committee was made last evening at the regular meeting of the society. The weather permit, the stands will be open at 5 o'clock and the sale will last until the produce is gone.

### FARMERS OFFER FLOWERS ALSO AT MARKET PLACE.

Best of their loads of produce and flowers, farmers are now bringing extra loads of potted flowers and plants to the West end. These are sold exceptionally cheap and find ready buyers among housewives in this end of the city.

In all probability a number of the farmers will bring flowers along with them tomorrow, should the weather permit. The stands will be open at 5 o'clock and the sale will last until the produce is gone.

**Peterson-Sundell.**  
Miss Esther Selma Peterson and Charles Adolph Sundell were married at 8 o'clock last evening at the parsonage of the Bethany Swedish Lutheran church, 2305 West Third street. Rev. C. G. Olson read the service. Miss Johanna Peterson, a sister of the bride, and Albert Johnson were the attendants. Mr. and Mrs. Sundell will be at home at 224 West Second street after Oct. 1.

### Bethany Church Notes.

The Bethany Junior society of the Bethany Swedish Lutheran church, Twenty-third avenue west and Third street, met in the church parlors last evening.

The regular weekly prayer meeting will be conducted tomorrow evening by Rev. C. G. Olson, pastor of the church. The board of trustees and deacons will meet in the church parlors Friday evening to discuss the fall work.

### Will Discuss Strike.

The Scandinavian Socialist club of the West end will hold a special meeting this evening at Sloan's hall, Twenty-fifth avenue west and Superior street, to discuss the present street car strike. Several speakers will be heard, after which a collection will be taken up for the striking carmen.

### West End Briefs.

Mrs. T. Robinson of 1811 West First street is entertaining for her brother-in-law, Dr. and Mrs. B. Hansson of Minneapolis, at her home this week.

Wallace Leonard of 2710 West Fourth street has left for a week's business visit at Brainerd, Minn.

Mrs. D. Cooper of 1925 West First street has returned from a week's visit

### GOVERNOR MARSHALL TALKS IN MISSOURI ABOUT "PROTECTION."

Tells of Conditions in Plants Run By Privileged Interests.

St. Joseph, Mo., Sept. 17.—High protective tariff was denounced by Governor Thomas H. Marshall, Democratic nominee for vice president, in a speech here last night. He declared the policy "gave tariff beneficiaries a monopoly on products and free trade in labor." The governor said:

"I have always been, from the moral and constitutional viewpoints, of the influence of the high protective tariff, have not wasted much time in studying its practical workings. I have been heartily in their character, force themselves upon us, however. These revelations furnish economic reasons in abundance for a change."

"Take the argument that the high protective tariff has been maintained for the benefit of the American workingman. What do the facts disclose? They disclose that we have given the tariff beneficiaries a monopoly on products and free trade in labor."

### BAKER WANTED

Sober and industrious man who will buy and sell straight-jacket. Charge of a good paying wholesale bakery business. Reference on file. Address D 421, Herald office.

### ROOSEVELT TURNS GUNS ON WILSON

Says He Wou'd Have Straight-Jacket as the National Emblem.

Los Angeles, Cal., Sept. 17.—"Mr. Wilson proposes to erect as the national emblem a straight-jacket," said Col. Roosevelt here.

He declared that the Democratic candidate's view of the government was "one which every crooked financier, every crooked newspaper editor, and every crooked politician wishes to see the government take. He found it difficult to express himself as he wished on Governor Wilson's views, and he entirely courteous."

"Mr. Wilson must have said what he did because of his inexperience," he said.

Col. Roosevelt spent several hours in Los Angeles, arriving here in mid-afternoon from San Francisco on his way to make speeches at Santa Barbara, Ventura, and several of the smaller towns.

When he reached Los Angeles, he was welcomed by a throng that blocked the streets about the station.

Col. Roosevelt left here for Tucson, Ariz.

### SAYS WALL STREET HELPED ROOSEVELT

Bryan Declares Colonel Has Had His Support From There.

Colorado Springs, Colo., Sept. 17.—William J. Bryan addressed a large audience at Temple theater last night. He declared that the Democratic candidate's view of the government was "one which every crooked financier, every crooked newspaper editor, and every crooked politician wishes to see the government take. He found it difficult to express himself as he wished on Governor Wilson's views, and he entirely courteous."

"Mr. Wilson must have said what he did because of his inexperience," he said.

Col. Roosevelt spent several hours in Los Angeles, arriving here in mid-afternoon from San Francisco on his way to make speeches at Santa Barbara, Ventura, and several of the smaller towns.

When he reached Los Angeles, he was welcomed by a throng that blocked the streets about the station.

Col. Roosevelt left here for Tucson, Ariz.

### NAVAL REVIEW AT FRISCO HAS BEEN ABANDONED.

Washington, Sept. 17.—The navy department has announced that the October review of the Pacific fleet in San Francisco harbor has been abandoned. It had been hoped that it would be a growing belief that it was necessary to retain most of the vessels of the Pacific fleet in Central American waters during the next few weeks. The review, which was to have been held and a stable government is installed in Nicaragua, has caused the abandonment of the whole scheme for this year.

### UNUSUALLY SKIN IS CLEARED BY POSLAM

To be rid of skin eruptions, pimples, etc., and to quickly clear an inflamed complexion or red nose, use Poslam as soon as the trouble is noted.

If eczema, acne, barbers' itch or any stubborn skin affliction, cure it without extended treatment through the timely application of Poslam. This perfect remedy helps the skin under all conditions more rapidly and more effectively than anything yet devised. Itching stops at once. Use Poslam now to eradicate some minor blemish, and prove its merit.

Poslam is a daily use of POSLAM SOAP, an absolutely pure soap medicated with Poslam, is of inestimable benefit to all whose skin is subject to eruptions and troubles. Soothes tender skin; never irritates. Ideal for baby's bath; best shampoo for dandruff.

The Lyeum Pharmacy, W. A. Abbe's, Holmberg's (in Superior), and all druggists sell Poslam (price, 50 cents). For free sample, write to the Emergency Laboratories, 32 West 25th street, New York City.

## TARIFF AND THE WORKERS

### Governor Marshall Talks in Missouri About "Protection."

Tells of Conditions in Plants Run By Privileged Interests.

St. Joseph, Mo., Sept. 17.—High protective tariff was denounced by Governor Thomas H. Marshall, Democratic nominee for vice president, in a speech here last night. He declared the policy "gave tariff beneficiaries a monopoly on products and free trade in labor." The governor said:

"I have always been, from the moral and constitutional viewpoints, of the influence of the high protective tariff, have not wasted much time in studying its practical workings. ### DEMS ARE COMFY IN SOUTH DAKOTA

Taft Adherents Acknowledge Sight Drafts for Votes Against Bull Moosers.

Pierre, S. D., Sept. 17.—The meeting of candidates and members of the Republican state committee at Huron last week did a great deal to clear up the situation in the state, probably more than will be done at Mitchell this week. The result of the state committee meeting was that some of the Taft adherents acknowledged the effect of the protective tariff on raw material and on trade relations with the world. They said that they can do more business and make more money operating under the British empire than under the American government.

### WANTED!

Experienced bookkeeper. Apply with letter of application and references. FRENCH & BASSETT CO.

### FATALITIES IN NORTH DAKOTA

Shooting Causes Two Deaths and One Crippling—Heart Failure.

Columbus, N. D., Sept. 17.—(Special to The Herald.)—John Johnson, residing fifteen miles south of here, is the first victim of the hunting season in this vicinity. Mr. Johnson died four hours after he was severely injured from the accidental discharge of his shotgun, an infection setting in the wound.

The accident happened when Mr. Johnson attempted to shoot from the buggy in which he was riding. The horses became frightened and he dropped the gun to take the lines. In the fall the gun discharged, grazing Mr. Johnson's hip and cutting away about an inch of flesh.

### PLAN MONUMENT FOR WILLIAM H. HARRISON.

Columbus, O., Sept. 17.—After years of neglect, plans are now under way for the erection of a proper monument on the grave of former President William Henry Harrison, the Indian fighter, who figured prominently in the early history of Ohio. A memorial fund has been organized for the purpose.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that the cure for the cure in all its stages, and that is Catarrh, Hall's Catarrh Cure is the only cure known to the medical fraternity. Catarrh being a constitutional disease, it requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting upon the blood and the system, thereby destroying the foundation of the disease. It is a positive cure and is sold by all druggists. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, etc. Send Hall's Family Pills for constipation.

## The Glass Block Store

"The Shopping Center of Duluth"

### Concluding Wednesday the Formal Fall Opening

—Wednesday will be the last day of this three-day style exposition. It will be a day for the advantageous viewing of authentic apparel for Fall and Winter wear. The day will be essentially one for inspection and the showing of new goods will be the unvarying rule.

—In departments where apparel and kindred lines are carried special effort has been directed to the displays to make them highly informative and interesting.

—For your entertainment there will be an orchestra concert from 3 to 5 p. m., also souvenirs for the ladies on the second floor and light refreshments will be served in the Tea Rooms.

—We cordially invite your presence.

# Woman's Dream

Everyone interested in the Young Women's Christian association and its work will have a good opportunity of seeing what is being done there on Wednesday evening, Sept. 25. The association will hold open house that evening and everyone is cordially invited to visit the building. During that evening every activity of the association will be in progress and open to the inspection of the public. Classes in the gymnasium, classes in cooking and sewing will be conducted, the swimming pool will be open and use of a group of amateur girls will meet there that evening and the public is invited for a general inspection of the building and work.

The secretaries and teachers of the association will receive the visitors and show them over the building.

**Millinery Class.**  
Plans for the fall term in millinery were made last evening at a preliminary meeting held at the association building with Mrs. A. D. Jacobs, who will conduct the class. The members who expect to take the course called over materials and trimmings needed and the shapes which will be becoming and in style this fall and will purchase them ready for work next Monday evening. The class decided to meet every Monday evening at 7:30 o'clock at the association building for work on their millinery. An afternoon class will also be formed if the demand for the work warrants.

**Birthday Party.**  
Mrs. Fred Cook entertained at a children's party yesterday afternoon for her little daughter, June, in celebration of her 5th birthday anniversary. Those present were:

Misses—  
Louis Emerson, Margaret Cook,  
Tillie Williams, Alice Cowley,  
Violet Holmes, Evelyn Holmes,  
Mona Holmes, June Cook.

Masters—  
Edward Crowley, Raymond Lunnberg,  
Percy Hanratty.

**Musical Evening.**  
Mrs. Gustav Flaaten entertained last evening at an informal musical as a surprise party for her husband, Gustav Flaaten, in celebration of his birthday anniversary. The guests were:

Messes and Mesdames—  
P. S. Amick, Alpha Flaaten,  
Louis Emerson, Leo Ball,  
Superior, Leo Ball,  
Eugene Fletcher, Henry Nesbitt,  
New York, Henry Nesbitt,  
Mesdames—  
William Schupp, Lawitsky,  
Misses—  
Josephine Carey, Mabel Fulton,  
Emily Schupp, Beatrice of New  
Margaret Ann, York,  
Theresa Lynn,  
Messrs—  
George Sufel, James Lynn,  
George Kelly.

**Thank Donors.**  
The board of directors of the Children's home thank the following for donations in August:

Duluth Marine Supply company, Mrs. Cooper, Mrs. D. C. Root, Mrs. James C. Anderson, George M. Menev, Trixon dairy, East End grocery, Mrs. C. P. Linn, Mrs. C. C. Volk, Mrs. H. H. Myers, Mrs. A. C. Hubbell, Mrs. F. W. De Vey, W. J. O'Connell, E. House and W. A. McConagie.

**Bridge Party.**  
Mrs. W. G. La Rue of 2311 East Second street, will be hostess at bridge tomorrow afternoon at her home.

**Concert Postponed.**  
The concert which was to have been given by the Finnish American mixed chorus with leading soloists of the city at the high school assembly hall on Sept. 25 has been postponed until Oct. 9 on account of the street car strike.

**For Miss Reau.**  
Miss Theresa Long entertained at an informal evening party last evening at her home, 19 West Fifth street, in compliment to Miss Nell Reau, whose wedding to George D. McCarthy, whose wedding was carried out in pink and white with asters prettily arranged.

**Bur-Zinn.**  
Marquette, Minn., Sept. 17.—(Special to The Herald.)—Miss Marie Bur of Marquette was married yesterday to Richard Zinn of Ironwood, the wedding taking place at St. Peter's cathedral in the presence of a large number of relatives and friends. Rev. Father Pinter read the service. Miss Anna McCarthy of Duluth was bridesmaid and Eugene Bur of Ironwood was groomsmen. The bride was a teacher last year in the Duluth schools.

**Church Meetings.**  
The Women's Aid Society of the Lakeside Presbyterian church will hold its annual rally day tomorrow in the church parlors. All women and their friends are cordially invited to be present. Luncheon will be served at 1 o'clock.

The Women's Alliance of the Unitarian church will meet tomorrow afternoon at the parlors of the church with Mrs. Ellis as hostess. Important business will be transacted in connection.

**Personal Mention.**  
Miss Cora Smith of 324 Twentieth

## Social Center Worker Has Had Practical Experience

Some of the experiences which have led Edward J. Ward, the social center expert who will speak in Duluth at a dinner at the Commercial club Friday evening of this week and at an open mass meeting free to all Saturday night at the High School assembly hall, to his work and have fitted him for this leadership are:

Eight seasons of high school, varsity and professional football.

A year on freight-truck, moving van and ice wagon, half of it in New York city.

Several months as hired man on a farm.

The direction of the toughest recreation field in Buffalo, N. Y., and the presidency of the Directors' association.

The throwing of the champion heavyweight wrestler of Cornell university.

The winning of the Clark prize—the highest honor in original oratory at Hamilton college.

Unusual success as pastor of a village church at Silver Creek, N. Y.

The acting pastor of the Church of the Covenant, Washington, D. C.

Practical experience in politics as leader of a successful "clean-up" campaign in a rural township.

Four months sociological investigation in the important Eastern industrial centers.

Thorough practical experience as a news writer.

A professorship in history and English at Hamilton college.

In 1910 Mr. Ward was engaged as adviser in civic and social center development for Wisconsin, and in the extension division, became a member of the staff of the University of Wisconsin.

He is also chairman of the school extension committee of the National

EDWARD J. WARD.

Municipal League; member of the National Civic Societies' committee; vice president of the Social Center Association; American member of the Playground and Public Recreation Association of America.

The fact that Mr. Ward knows the problem with which he deals, from both sides, and his experience in its solution, gives his lectures a unique, practical value to any American community. "He's done the thing he's advising about."

## OBSERVATIONS

By PEGGY PEABODY

**Allowing a Child Choice of Appetite.**

Shall our children eat what is set before them unconditionally, or shall they be permitted some choice as is customary with the adult?

The world is full of grown people with dainty appetites who it is plain were pampered out of all reason in childhood. They are the despair of those who must cater to them and the dread of every hostess who has ever entertained them.

Admitting that there are few things more desirable than an appetite that is not over fastidious, and no guest more welcome than those who can relish whatever is before them, I cannot agree wholeheartedly with the idea of forcing a child to eat everything that a grown person considers good for him. It seems unfair.

Visiting the young mother of three small boys this summer I was made miserable every morning by her attempts to force the elder to eat a soft boiled egg. Each morning the process was repeated. Sonny gulped and spluttered, wept and pleaded, while his mother remained obdurate. The egg was eaten.

After the child left the table the mother explained that Richard's fuss was because eggs commenced as far back as when he was 2 years old. He

is seven now. According to his mother he has always been stubborn in the matter. Asked if it might be that the eggs were distasteful to him, his mother dismissed this possibility with the remark that—"It was simply a notion of his. Some day he will thank me for making him eat them."

It is not the positive assertion that this little boy will never take kindly to boiled eggs; that his mother's persistence will be remembered as an injustice; that his aversion is more than a notion, and that an egg taken into his stomach under such conditions does him harm rather than good.

Children are pampered in the matter of food until they become disgusting little pickers, turning up their noses at everything calculated to nourish them. I haven't any patience with such children or with parents who ever is responsible for them. But a child may dislike an article of diet, in fact more than one, consistently, just as grown-ups do. It seems to me, in fairness to the child, that an aversion to a soft-boiled egg sustained for five years by a normal little boy was worthy fuller consideration.

I do not believe that a child who is not otherwise difficult to please should be literally forced to swallow an egg every day in the year. No grown person would submit to the indignity—why a child?

A notion will be overcome in less than five years. A child who is forced by forcing something into his stomach for which he has a decided dislike. Remember, "one man's meat is another man's poison."

Haven't you an antipathy for some dish you have never been able to master?

aversion west has returned from Isle Royale where she spent the summer.

Dr. and Mrs. Lora C. Patterson of 614 Eighteenth avenue east returned yesterday from a two weeks' outing at Kimberly, Minn.

Mrs. John Sayre and Miss Inez Sayers, who have been the guests of Mr. and Mrs. Harry Wiegand of 1110 East Third street, have returned to their home at Sault Ste. Marie, Mich.

William Coughlin of Portland, Or., formerly of Duluth, is visiting in the city for a few weeks.

Miss Hanna Wehe, who has been visiting Mrs. P. J. Manske for the past three weeks, has left for her home at Fremont, Neb.

The Misses Jean and Carrie Brindamour have returned from a three weeks' visit in the Twin Cities. They also attended the "Home Coming" at Stillwater, Minn.

Mrs. E. E. Stafford of 610 Thirteenth avenue east has as her guests, her parents, Mr. and Mrs. Fuller, who will be here for a month.

Bishop and Mrs. J. D. Morrison of 2121 East Superior street, who are visiting friends in the East, are expected home the last of the week or next Monday.

Howard De Vey, son of Mrs. F. W. De Vey, of 804 East Second street, has left for Minneapolis, where he will enter the engineering college of the University of Minnesota for the year.

**Tenting in a Pine Forest.**  
A more restful vacation than we had in the pine forests of Northern Wisconsin can hardly be imagined, says a writer in the Woman's Home Companion.

**THE ANNUAL MEETING OF THE DULUTH HUMANE SOCIETY**

will be held in the Memorial hall, courthouse building, Duluth, on Wednesday, Sept. 18, 1912, at 8:30 a. m., when office bearers for the ensuing year will be elected and such other business transacted as may be competent to bring before the meeting. All interested are cordially invited to attend.

Duluth Sept. 16, 1912.

# Kewpie Kutouts in many colors

WHEN you see the Kewpie Kutouts you will want them all. The Kutouts are colored, just as if they were alive. They have both fronts and backs. When you cut them out and paste them together they look good either going or coming. The Kutouts are several inches high, too, as big as little dolls should be. And they stand up all alone.

You will find them in the October number of the Woman's Home Companion. More Kewpies every month, and Dotty Darling, who is a beautiful little doll girl, Dotty's Baby Brother, and clothes for Dotty Darling too. Rose O'Neill, the famous artist, makes the Kewpie Kutouts. Don't you want to play with them? You can have them.

## Just ask mother for 15 cents

and go to the nearest news-stand for the Woman's Home Companion—or cut out and send us the Kewpie Kewpon in the corner, with the same 15 cents, and you will get postpaid, the October number of the

# WOMAN'S HOME COMPANION

TELL your mother too that she will find the Woman's Home Companion jammed full of things that will interest her just as much as the Kewpies interest you—things like clothes and styles and cooking and parties and all sorts of ideas that will make life happier and better for herself and father and for you.

Just send this Kewpon and 15 cents—Send coin or stamps at our risk.

Woman's Home Companion, 381 Fourth Avenue, New York

## FREAK DANCES MUST GO; OLD-TIME STEPS RETURNING

If the International Association of Dancing Masters has its way, only one of the many freak dances introduced during the past year will survive—the Boston.

The other day the teachers had a meeting at Springfield, Ill., and they decided that the Boston is a pretty and graceful dance when properly done. The Texas Tommy, Bunny Hug, Grizzly Bear, Gaby Glide, Turkey Trot, Aerobane Glide, Tango, Dago and other dances must go.

The teachers agreed that a concerted effort to stamp out freak dances is needed all over the country and each one pledged himself to do his best in his home town.

Ragtime dances are under the ban and no one will teach them this winter. "In respectable dancing the bodies should not touch at any time," one dancing master said. The new dances call for light squeezing. He also claimed that the new dances spoil people's health.

"Half-nelsons" are absolutely forbidden under the 1912-13 models of correct dancing. The speed will be increased this year. It will no longer be a permit on how long one may circle on three inches of space.

The "Noah's Ark," a three-step; the "Dance of Cupid," the "Gem," the "Adeline," the "Astor" and several varieties of Greek dances are approved and will be taught this winter. The old fashioned minuet will also be taught and will be extremely fashionable if the teachers have anything to say.

While the stage dances are still popular at summer resorts, the popularity is waning. It seems, in the larger cities

ly gathering evidence against hundreds of dangerous frauds and quacks.

"Her elder son is a detective of the first grade; her sister is a department store detective, and her daughter also has already manifested ability in detective work. When the taxicab bandits, after robbing two bank messengers \$25,000, had seemingly baffled the police, Mrs. Goodwin was enlisted in the case. By impersonating the sister of the landlady of a boarding house frequented by friends of the robbers, she was enabled gradually to pick up information that was invaluable to the authorities in running down the criminals. It was this case that won her promotion and official standing as a detective; yet through her fifteen years of service she had already done an enormous amount of even more valuable though less sensational work in obtaining evidence against over 500 dangerous swindlers—astrologers, palmists, fortune-tellers, crystal-gazers, psychics, trance mediums, Hindu magicians, quack doctors and surgeons, and others that in the large cities prey upon foolish people, almost unmoored because of the difficulty of proving that they actually violate the law."

A Famous Woman Detective.

In the Woman's Home Companion appears the following account of Mrs. Isabella Goodwin, the famous detective in New York city in connection with the police department.

"Here is a real Sherlock Holmes who has been instrumental in the capture of hundreds of lawbreakers, without smoking a single pipeful of tobacco. She is Mrs. Isabella Goodwin, police matron, recently promoted to detective of the first grade on the New York city force, with a salary of \$2,500 a year, in recognition of her services in procuring the capture of the 'taxicab bandits' whose reckless exploits had startled the city. Mrs. Goodwin is a widow, the years old, the mother of three children, and her home life is as peacefully busy as that of any village housekeeper. Since the death of her husband, a roundsman on the police force, fifteen years ago, until her recent promotion, Mrs. Goodwin served as a police matron, incidentally exercising her gifts as a detective in quiet-

### WISCONSIN DEMOCRATS AND REPUBLICANS IN TROUBLE

(Continued from page 1.)

#### Split Over Income Tax.

The delegates to the Democratic convention are very much split over the income tax. The adherents of A. J. Schmitt believe they have a majority to adopt the recent Democratic platform promulgated at Milwaukee. They hope to prevent the adoption of a plank asking for the repeal of the present income tax law, and will compromise with supporters of Judge J. C. Karel, nominee for governor, upon a plank asking for specific amendments for the income tax. The Karel men here are avowedly opposed to this move. They will ask the election of Paul Henn of Dodge county as state chairman in the place of Frank B. Schutz of Milwaukee.

**La Follette on Hand.** In Republican circles political conditions are even more complicated. Senator La Follette is here, and his followers have already begun to outbid against the adoption of any plank favoring any presidential candidate. They claim that the last session of the legislature enacted a law permitting the separation of the national and state ballots. This will be taken as a reason for endorsing no presidential candidate, but they are expected to endorse the La Follette platform presented to the Chicago convention. The Republican platform will also

## Constipation and Catarrh

S. B. HARTMAN, M. D.

You are constipated. You have taken laxatives a great many years. You have tried to select a diet that would keep your bowels regular. In this you have failed and were obliged to go back to your laxatives again. This, I say, has been going on many years. You also have a slight catarrh in the head and throat. You never imagined that the catarrh had anything to do with the constipation. Suppose I were to tell you that as long as you have that catarrh you will never get better of your constipation. Would

you believe me? Well, whether you would believe me or not it is the truth. For many years I have been wrestling with the problem of furnishing the public an internal catarrh remedy. Peruna has been the remedy that I have devised and it has certainly relieved many thousands of people of chronic catarrh.

Constipation was my chief difficulty in treating these cases. I often felt that it would be better if a laxative element were added to Peruna. I feared to do so, however, first because of the number of catarrhal patients who needed no laxative, and second, I was afraid of making such a radical change in a remedy that was already doing so well. Thus it was that I continued to prescribe with the Peruna a bottle of Manalio to those who needed a laxative. At last, under circumstances explained in my booklet, I was constrained to add the laxative element to Peruna. This constitutes what is now known as the revised Peruna. Now those who take Peruna will, first, find themselves promptly relieved of their constipation. Second, the catarrh will gradually disappear. And once the catarrh is cured the constipation leaves permanently. Then if you follow the advice given in my booklet, you will never have to take pills any more. Catarrhs and laxatives you can ignore. You will be permanently relieved of both your catarrh and the constipation.

Peruna is for sale at all drug stores. **SPECIAL NOTICE**—Many persons making inquiries for the old-time Peruna, to such would say, this formula is now out under the name of KAY-NO, manufactured by the KAY-NO COMPANY, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

## AMUSEMENTS

### TONIGHT'S ATTRACTIONS.

LYCEUM—"The Chimes of Normandy," by the Sheehan English Opera company. ORPHEUM—Vaudeville.

### "IL TROVATORE" IN ENGLISH

Verdi's Famous Opera Given Splendid Presentation By Sheehan Company.

Verdi's music in "Il Trovatore" is always enjoyable, and the more so when it is presented by the Lyceum last night by Joseph Sheehan's English Grand Opera company. The audience apparently enjoyed it thoroughly, for there were many calls and one scene, that outside the prison, finally was repeated in response to insistent applause. The actor was well up to the part of the street car strike.

In the role of Manrico showed complete sympathy with the part. His singing and acting carried both the interpretation faithfully, and in spite of a physique that rather militates against the role of active and energetic young lover, the audience seemed greatly pleased with his work. Honors for the women in the cast were very evenly divided between Gladys Caldwell as Leonora and Alma Stetzel as Azucena, the spy, but the opportunity for characterization offered by her part gave Miss Caldwell an advantage as far as interpretation was concerned. Miss Caldwell made a most attractive and convincing Leonora, and her voice more than pleased her hearers. She entered completely into both the joy and sorrow of the much-oppressed sweetheart, and thrilled those who heard her with the sweetness of her pleading and the faithfulness of her love.

Miss Stetzel and Azucena gave not only a thoroughly artistic rendering of her songs, but showed a real ability far beyond what commonly is expected in operatic productions. She maintained the character of the villain to last, and the modulations of her voice were emphasized by expressive gesture and excellent facial expression. Joseph Iovoy's baritone won much favor, as he sang the part of Count di Luna, and Francis J. Boyle as Fernando sang his way to favor with a rolling basso.

Exceptionally good singing characterized the work of the choruses, the songs being given with appreciation and the voices blending perfectly. The company carries its own orchestra, and the harp accompaniment is most effective. The old favorites, the Anvil chorus and the Soldiers' chorus, were splendidly rendered. The company offers Duluth musicians a hearing of the grand opera in English, and it is evidently being appreciated, judging from the attendance and enthusiasm last evening. Those who heard her with the sweetness of her pleading and the faithfulness of her love.

At the Orpheum. "Nonette," the violinist who sings at the Orpheum this week, although a very young woman, has a professional record that may be well envied by many an older artist. the end of the month, after seeing Mr. Perkins about fifteen times. I was told to whom, and I agreed to accept stock in the new company for the Plano company. I knew Mr. Perkins was trying to get other companies. He said he would have an option on a Milwaukee plant.

Mr. Perkins' examination of the stockholders' meetings of the Harvester company. "No," my stock was held for ten years by Mr. Perkins, Charles Deering and Cyrus H. McCormick, the voting trustees. After Mr. Jones' examination of the company, he announced it was not decided whether Mr. Perkins would be called as a witness for the government.

The taking of testimony here, which probably will continue a week, will be followed by hearings in New York and St. Paul. Clarence S. Funk, general manager of the Harvester company, testified the company owned all the stock in the following companies: International Flax Twine company, St. Paul. Wisconsin Steel company, of which H. F. Perkins, the president, is also a division manager in the Harvester company.

Wisconsin Lumber company, of which H. F. Perkins is president. Illinois Northern Railroad company, of which H. F. Perkins, the president, is head of the traffic department of the Harvester company. Mr. Funk declared the Harvester company bought the products of plants of companies other than those in which it had stock. He said he had been called upon to act as umpire to determine the prices at which the national Harvester company of America, the selling company, was to pay for the products of the Harvester company.

Mr. Perkins declared the Harvester company bought the products of plants of companies other than those in which it had stock. present Western trip he will find facing him a second campaign trip which will take him to New England and again into Western territory. The itinerary of the new trip as arranged by the Democratic national committee, the governor in Connecticut and the governor in Massachusetts, Sept. 22 to 27 including a noonday meeting at Faneuil Hall, Boston, on the latter date. He will speak in Atlantic City at the good roads congress on Sept. 30; Indianapolis at the national conservation congress on Oct. 3, and at St. Louis on Oct. 4. Governor Wilson will be at Omaha on Oct. 5 during the afternoon and on the evening of the same day will be at Lincoln, Neb., where he will meet W. J. Bryan.

Grand Forks School Money. Grand Forks, N. D., Sept. 17.—(Special to The Herald.)—The August apportionment for the Grand Forks county schools has been received and the figures were given out at the office of County Superintendent Prindle yesterday afternoon. The per capita apportionment is 77 cents, 71 cents coming from the state and 6 cents from the county.

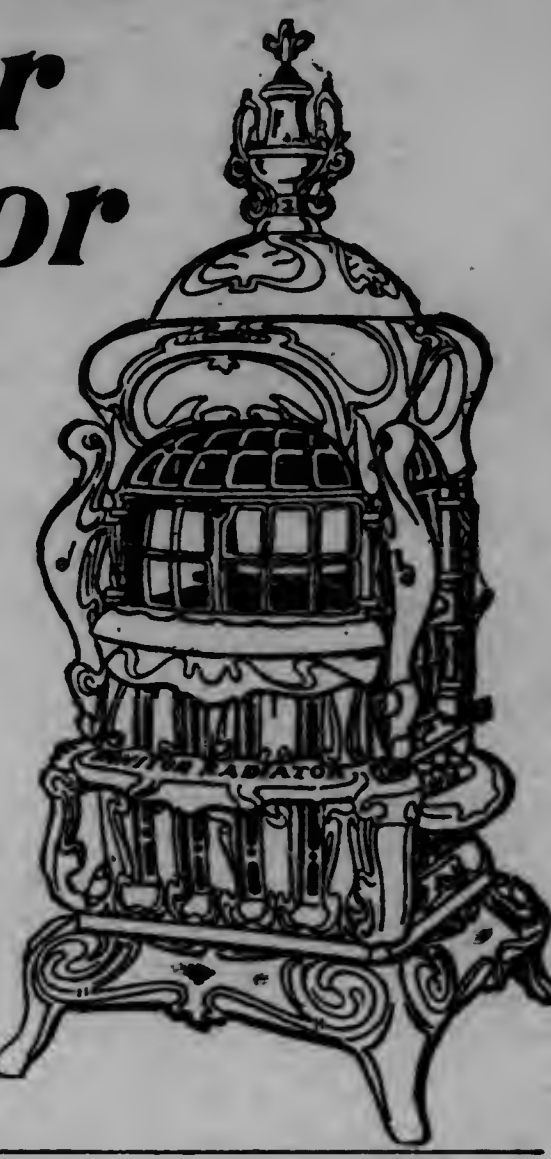

Of the total apportionment of \$6,000.21 for the county, Grand Forks receives \$2,842.20 from the state and \$241.20 from the county, making a total of \$3,083.40.

For Economy Buy a Monitor Radiator

You Can Economize In Two Ways.

You will make your coal bills smaller and we will take that old heater of yours in exchange. Come in and hear our proposition. It will sound good to you.

The Monitor Radiator is that wonderful fuel saving heater with the Five Front Flues. Heat is radiated directly into your room from the front and you get all the heat possible out of your coal. Sold on Easy Payments.

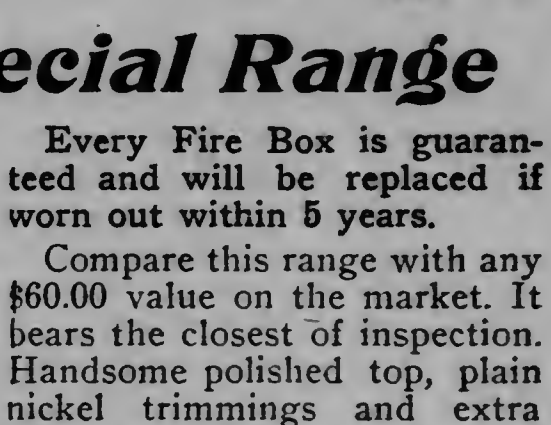

F. & B. Special Range

Every Fire Box is guaranteed and will be replaced if worn out within 5 years.

Compare this range with any \$60.00 value on the market. It bears the closest of inspection. Handsome polished top, plain nickel trimmings and extra heavy iron frame work under the oven. A wonder for the money.

For this week you can purchase this fine range for only—

The Duluth Herald accepts advertising contracts with the distinct guarantee that it has the largest circulation of any newspaper published in Minnesota outside the Twin Cities. Its value as an advertising medium is apparent.

### A GOOD THING TO FIND OUT.

The city council acted wisely last evening in adopting by a unanimous vote Alderman Gibson's resolution directing City Attorney Carmichael to find out if there is a way by which the city can take over the street railway lines in Duluth and operate them.

If there is not, there ought to be, some provision of law by which a city, driven to the wall by the stiff-necked attitude of a street car management, can exercise a right of eminent domain and by condemnation proceedings procure an appraisal of the company's property and buy it at a fair price.

The Duluth Street Railway company's ironclad franchise, given over the head of the city of Duluth by a legislature, may seem a stumbling block; but even if it is impossible to cancel that grant within its legal term of life, may it not be possible to give it a fair valuation, and buy it in in behalf of the city?

It is a legal question, entirely, and if there is a way to carry out Alderman Gibson's resolution the legal department of the city probably will find it.

Whether or not, the way found, the plant is taken over by the city, it will be of vast benefit to the community if it can be provided with such a weapon.

The strike is far from settled. Even if the men lose, and service is restored on the old basis, the end is not yet for the same conditions that made this trouble may easily make trouble again.

Besides, the street railway company has not acted like a Duluth citizen in its relations with the Duluth public. It has given good service, it is true, wherever its lines reach; but in such matters as extensions the management has been stubbornly unprogressive. While Duluth citizens and Duluth enterprises have been boosting Duluth and spending money and sacrificing themselves for the common good to build the city up, the street railway insists upon waiting for the city to build it up. Alone among the industries and enterprises of Duluth, it has acted the role of a stranger in our midst, taking no pains to conceal the fact that it is here for profit only.

Therefore, if the city can find a way to take over the plant and make it a Duluth enterprise, it will be a splendid thing to know. Whether, if a plan is developed, it will be carried out, depends to a very great degree upon the future attitude of the company toward the public and toward its employees, who are citizens of Duluth if it is not.

### Sad To Say.

There'll be many a slip 'twixt the primary and the fifth of November.

### JAMES J. HILL.

The Northwest has had some differences at times with James J. Hill, but there will be few to dissent from the pleasure that is felt that on his seventy-fourth birthday, in the midst of the empire which was a waste when he began railroad building, his friends from many quarters gathered about him at a testimonial banquet in St. Paul to find him in good health and enjoying life.

Mr. Hill has been called an "empire builder" so often that the term is trite enough, but it is a true term, nevertheless. He had the vision, he had the courage, he had the energy—and the splendid, prosperous Northwest and the great railroad lines of the Hill system that gridiron it are largely the result.

What James J. Hill's enterprise has meant can more easily be understood by contrasting the attitude of the Duluth Street Railway company, which assures the city of Duluth that it will build no extensions except into territory so thickly populated that the new lines will be profitable from the start, with the attitude of this great man who looked over an unpopulated wild, foresaw the thickly settled prosperity that was to come, and plunged boldly into the building of railroads that made settlement and prosperity possible.

Where would the Northwest have been today if railroad men like James J. Hill had had as little vision of the future as the Duluth street railway management?

### Vote.

Just because the polls will not be open until 9 o'clock is no reason why you should wait until 8:57½ before going to vote.

### GOOD COMMON SENSE.

The Anoka Union having remarked complacently that "any voter can express his choice Sept. 17," the St. Cloud Journal-Press replies that this is only partially true.

"No Republican voter in Stearns county," says the Journal-Press, "can express any choice whatever for county officers. No Democratic voter in probably fifty counties of the state can express any choice whatever on county candidates."

Legally, we presume the Journal-Press means; for we haven't the slightest doubt that in Democratic Stearns county the Republican voters have called for Democratic ballots and voted for the nomination on the Democratic ticket of the men they believed ought to have the offices. The Democrats have done that to a considerable extent in strongly Republican counties; and it is this that has given rise to the utterly mistaken charge that members of one party or the other have gone into the opposing party's primaries to manipulate nominations to the detriment of that party.

In counties strongly Democratic or Republican, members of the minority parties have been disfranchised by the primary election law, since nomination was equivalent to an election, unless they voted in the primary of the majority party. Being citizens with ideas on how the counties ought to be governed, many of them have gone

into the primary of the other party and helped nominate good men for county office, and though unlawful, this was not inconsistent with public good because otherwise they had no voice in county affairs.

The Journal-Press has a remedy for this, which we are all the more ready to approve heartily because we believe we proposed it first:

"Put all county candidates for nomination on a non-partisan ballot. There is no consistency or sense in making the judge of probate and the county superintendent of schools non-partisan, and making the other candidates partisan. It is absurd to elect a county treasurer, auditor, clerk of court, sheriff and other officers because they happen to be Republicans or Democrats. As a general proposition no Republican could be elected to a county office in Stearns county, although he might be a better man for the position than the Democratic candidate. In some fifty counties of the state no Democrat could be elected to a county office, though he might be much superior to the Republican candidate."

Right you are, Brother Journal-Press! It is the height of absurdity to choose a man for any county office because he is a Democrat or a Republican. It is almost as absurd even to consider, in selecting county officers, whether they are Republicans or Democrats.

The fact that a man belongs to one party or another has not the slightest possible bearing on his fitness for the office he seeks. That office is an opportunity to be of service to the people of his county; and the opportunity is heightened or reduced by the circumstance of his membership in one party or another only when that circumstance is the factor which procures his election.

The old theory of party government from top to bottom was that the selection for minor offices of party members strengthened the party organization. Under the primary election it must be admitted that this has ceased to be true. With rare exceptions county officers and candidates for county officers have been office-seekers only, and have been of utterly no service to their parties.

Since the partisan election of county officers is of no service whatever to the parties, and worse than no service to the public, why continue the practice?

The next legislature ought to extend the nonpartisan ballot to include all county officers.

### Tough Luck.

Now that Gyp the Blood and Sidna Edwards have actually been caught, the pipe artists will have to go back to Dorothy Arnold.

### WHERE IS THE STATE ARBITRATION BOARD?

The law of this state provides for a state board of arbitration, which was appointed by Governor Eberhart not long ago, and makes it the duty of that board, in such a quarrel as that which has paralyzed traffic in Duluth the past week, to offer its services.

Where is that board? What is it for? If there has been a time when it was needed it is now. It is true that the law does not make arbitration compulsory, as it should. It is true that if its services as a mediator are refused, the board cannot arbitrate. But the law does give it power to investigate the situation and report the causes of the controversy, placing the blame where it belongs; and it would be helpful if the board would do that much.

Has Governor Eberhart forgotten the existence of this board?

Filed Open Until 9 p. m.

### STRAW VOTES.

This is the season of straw votes. They are always interesting, if not conclusive.

The Cincinnati Enquirer has been conducting some with a view to detecting which way the political wind blows six weeks before election.

In Charleston, W. Va., eight different buildings were systematically canvassed with this result: Wilson, 105; Roosevelt, 63; Taft, 37; Debs, 2; Chaffin, 1.

In that territory no Democrats have gone to the Republicans, three Democrats have changed to Progressives, seventeen Republicans have changed to Democrats, and forty-two Republicans have become progressives.

Two straw votes in Indiana, combined, show the following totals: Wilson, 206; Roosevelt, 179; Taft, 92; Debs, 41.

In these lists one Democrat goes Republican, fifty-three Republicans turn to the Democrats, thirty-two Democrats go to the Progressives and eighty-six Republicans become Progressives—or Bull Mooseers.

The order of the candidates is about what nearly everybody expects the November results to show: Wilson first, Roosevelt second and Taft third. There is no dispute about second and third places, probably, but there is about first place.

It is to be noted, too, that while there is a marked dispersion of Republican votes to Wilson and Roosevelt, the Democratic voters are standing fast. In all these polls the Democrats lost one vote to the Republicans and thirty-five to the Bull Mooseers, while they have gained seventy from the Republican party.

Knute Nelson says he only spent \$23 for his campaign. Just as a matter of simple sense he ought to have made it a dollar more or a dollar less.

### VACCINATION.

Many good people are opposed to vaccination conscientiously. One may admire their conscientiousness and tenacity, without agreeing with their view.

The case for vaccination, however, is pretty strong. Because it costs the state of Michigan a hundred and fifty thousand dollars a year to care for its indigent smallpox patients, the state has been keeping a careful record of the cases.

In the first three months of this year the state handled 283 cases of smallpox. The record shows some interesting facts.

Out of this total of 283, only thirty-eight patients had been vaccinated. Of the thirty-eight, sixteen had been vaccinated more than ten years before, several as long before as half a century. A number had been vaccinated in childhood. Five others were doubtful whether they had ever been vaccinated.

And 245 of these patients were positive that they never had been vaccinated.

It takes these little nips in the atmosphere to make us remember the old days of pumpkin pie and buckwheats.

Germany has 76,000 fewer women out in domestic service than she had in 1907. Evidently the term "Hausfrau" is getting back to its real meaning.

If the president really ate all of Aunt Della's cooking he wanted to at his birthday party, it's safe to say his department of the interior isn't in "apple pie order" these days.

The Japanese hero of Port Arthur killed himself. Which proves all over again that he was a better man than the Russians, for they did their best to kill him, and couldn't.

## A PERSISTENT BOSS

By SAVOYARD.

Twenty years ago New Jersey, that had never cast but four electoral votes for a Republican candidate for president in its entire history, except in 1872, when the Democratic candidate was Horace Greely and the state went for Grant, a Democratic twenty years ago the legislature of New Jersey was Democratic in both houses and the country expected that Leon Abbott, then the foremost man in New Jersey and one of the greatest Democrats in the Union, would be elected senator in congress by that legislature.

But corrupt politics had other fish to fry. The Leather trust insisted on naming the senator, and other trusts, notably the sugar monopoly, elected James Smith, Jr., to reinforce Arthur F. Gorman as a champion of the "interests" in the United States senate. The name of Smith had been turned by Standard Oil in Ohio when Henry B. Payne got the seat in the senate the following year. Cal Brice was another man, an inhabitant of New York, who got a seat in the United States senate at the hands of an Ohio legislature to betray the Democratic party.

William L. Wilson, and his fellows of the ways and means committee of the house of representatives made a very decent politician and he was turned into the house of the Fifty-third congress. As the Democratic majority of the house was only two or three, Gorman and Wilson were forced to work and stuffed that bill full of "party perjury" and "corruption." The Sugar trust, the Steel trust, and the Sugar trust, were taken care of. Because of the house, and the Senate, the bill was passed. Mr. Cleveland allowed the bill to become a law without his express approval. The party was betrayed and the country outraged and Gorman, Smith and Brice were all repudiated by their respective constituencies. Wilson, however, they were. As a magnate of the Leather trust, Mr. Wilson was a powerful man. He was a magnate of the Leather trust, Mr. Wilson was a powerful man. He was a magnate of the Leather trust, Mr. Wilson was a powerful man.

But in 1910 the tide had emerged from "business" to "again enter the arena." He was the boss of two counties that were political units of the state. All eyes were turned to Woodrow Wilson as the Democratic nominee for governor and he was nominated for governor and this Mr. Smith was swept aside. The state legislature, however, deemed the legislature was Democratic.

## THE OPEN COURT

(Readers of The Herald are invited to meet free of cost of this column to express their ideas about the political situation in Duluth. Letters should be written on one side of the paper only, and should be accompanied in every case by the name of the writer. The state board of arbitration is a good place to express your views. A signed letter is always more effective, however.)

### THE PRICE OF PEACE.

To the Editor of The Herald: I hope the citizens of Duluth will not lose sight of the fact that the street railway strike is a public service, which it is vital to the community to have in continuous operation, a condition of federal peace. The state board of arbitration is a good place to express your views. A signed letter is always more effective, however.

## TWENTY YEARS AGO

Taken From the Columns of The Herald of This Date, 1892.

Rev. W. M. Barker yesterday confirmed the rumor that St. Paul's Episcopal church is to have a large surplus of choir men and boys. The conductor of the choir will be A. F. M. Custance, who has just arrived here from St. John, N. B., where he was a choirmaster and also head master of the Davenport school. Mr. Custance is an exhibitor of Massena college, Oxford, Eng., and has had extensive experience in the conduct of choirs. He is also thoroughly at home in orchestral work, being conductor of an orchestra of thirty pieces at St. John and having also been conductor of an equally large orchestra in England.

Mrs. G. R. Hall of West Duluth has returned from a visit with friends in North Dakota.

Frank Cowen of West Duluth has gone to Detroit to visit friends.

The marriage of Miss Maude Cameron, sister of Mrs. C. P. Craig, and George S. Palmer of Spokane, Wash., was celebrated on Sept. 14 at the residence of Mr. and Mrs. W. M. Barker, performing the ceremony. Mr. and Mrs. Palmer left at once for Spokane, where Mr. Palmer is manager of the Washington Water Power company.

The Billings Hardware company of West Superior has been organized with a capital stock of \$300,000 to do a wholesale business in heavy hardware. The directors are W. P. Cockey, R. J. Wemyss, W. B. Banks and D. L. Billings. Mr. Cockey will be manager.

A marriage license has been issued to C. C. Bergquist and Hannah Hendrickson.

John McCasill returned yesterday from a trip through the Eastern states and Canada. At St. Paul he met an old-time Duluthian, Benjamin Hale.

Mrs. Wolcott and Miss Wolcott, who have been spending the summer with Mrs. S. L. Merchant, left last evening for Mackinac and New York. Mr. Merchant accompanying them as far as Mackinac. Mrs. Merchant has gone to Minneapolis to visit her son, Huntington, who is attending the state university.

Mrs. James Gleason of West First street leaves today for a visit with her parents in Chicago.

Jacob Laux left yesterday for Washington to attend the national convention of the G. A. R.

Mrs. J. C. Sheldon, Miss Mamie Sheldon and Miss Blanche of Houghton, Mich., are in the city.

Mr. Flak of the Phoenix Electrical works has gone on a business trip to Peoria, Ill.

## THE GOVERNORSHIP

you Progressives won't take the time to vote.

Repealed Three "Writings." Governor Eberhart at the opening of the primary campaign announced that he would rely upon his record, and that alone, in seeking a renomination on the Republican ticket, but that record has been so deeply indented by the shots of the opposition that in the last week or two there have been several expedients tried to strengthen the defenses.

Will Vote Second Choice. Fairmont Sentinel: Republicans who are opposed to Eberhart and Eberhart will mark a second choice for governor next Tuesday.

Worn-Out Customs. Cannon Falls Beacon: So Mr. Eberhart's campaign machine has been alling on his appointments to "hustle for their jobs," and notifying them that contributions—entirely voluntary (?) of course—to the campaign fund of their chief will be appreciated. It is a poor excuse to say that this has always been done. Many things have been habitually done in politics that the people will not stand for any longer.

Minnesota Was Picked. Thief River Falls News-Press: The railroad restored the 3-cent passenger rate and higher freight rates in Minnesota one year ago last July. Restoration and increase was made in Minnesota alone, and in no other state, why? Let Governor Eberhart answer. Also let him give the reasons he not only refused to join with governors of other states in an intervention in the rates cases, but ridiculed such intervention. Who do you think favors, the interests or the people? All of you who enjoy paying 3 cents per mile for freight rates, vote for Eberhart.

They May Take Time. Luverne Journal: Next Tuesday, Sept. 17, is primary election day. The young folks are expected to survive the onslaught of the people next Tuesday if you Progressives turn out and vote.

Governor Eberhart, the standard candidate for re-election, expects to be made the Republican nominee because

never budge, he'll keep his record snowy white, into the world of commerce go and mark the ways of business; forget the list of things you know and then come here and say again.

In his remarks there was no "bitch" with sympathy he gently laughed, and dropped me, with a kindly smile, adown the elevator shaft.

### Always a Song to Sing

James Russell Lowell: This lesson I learn from the past; that grace and goodness, the fair, the noble, and the true, will never cease out of the world till God from whom they emanate ceases out of it; that the sacred duty and noble office of the poet is to reveal and justify them to men; that as long as the soul endures, endures also the theme of new and unexampled song; that while there is grace in grace, love in love, and beauty in beauty, God will still send poets to find them, and bear witness of them, and to hang their ideal portraits in the gallery of memory. God with us is forever the mystical name of the hour that is passing. The lives of the great poets teach us that they were the men of their generation who felt most deeply the meaning of the present.

The Educational Step Ladder. Life: We know what kindergarten is for; we know what the primary grades are for; they are to educate children for the grammar grades. We know what the grammar grades are for; they are to educate children for high school. We know what high school is for; it is to educate children for college. But what does college do for you?

James F. Crowe, Duluth, 1  
\*\*\*\*\*  
Total \$642  
\*\*\*\*\*

State politics will hold the interest of Minnesota voters for a few days now, and then the presidential campaign will begin to warm up.

The Wilson campaign fund is not growing as fast as it should.

There are not enough \$1 and \$5 and \$10 contributions.

The fund does not reflect the prevalence of progressive sentiment in this section of the country.

The beginning of the presidential campaign in Minnesota should see an increase in the Wilson fund.

Progressive citizens cannot afford to let this opportunity slip by. The people have their chance. Woodrow Wilson, as the Democratic nominee for the presidency, offers all that the people have been fighting for. He has a record that proves that he makes no promises he does not keep.

If Woodrow Wilson is not elected president this year, the opportunity of the people to secure the reins of government in their own hands again will have gone by. It will not come again for four years.

Woodrow Wilson cannot be elected without a hard campaign being made for him. His enemies are well supplied with money and they will stop at nothing to accomplish his defeat.

A long, hard campaign for the presidency costs money. The money for Woodrow Wilson's campaign must come from the people. The ordinary sources of campaign funds have been closed to him by his own words. He will have no money used in his campaign that has the taint of corporation or special privilege on it.

The money for the Wilson campaign

fund must come from the people. It will be a "People's Campaign Fund for a People's President."

The people of the Northwest should respond to Governor Wilson's appeal for funds. The section of country in which The Herald circulates is thoroughly progressive. It should assist in making other parts of the country just as progressive.

Every dollar contributed will do its part. It will assist in spreading the doctrine of Woodrow Wilson, and it will assist in letting people know of the opportunity of unseating special

privileges from the throne of government. No man who wants to see the government again in the hands of the people should fail to do his part toward electing Woodrow Wilson.

Checks should be made payable to the "Wilson Campaign Fund" and mailed to "Wilson Campaign Fund, Herald Office, Duluth, Minn."

Every contribution will be acknowledged by publication in The Herald and each contributor will receive from the Wilson Campaign Fund a handsomely engraved receipt that will be a valuable souvenir.

## MINNESOTA POLITICS

Wilson's Visit to Minnesota—Returns of Primary Election Will Be Delayed—Presidential Campaign to Be Warm in Minnesota—Committee of Fifty to Quiz Congressional Candidates.

Wilson in Minnesota.

Woodrow Wilson will be in the Twin Cities tomorrow.

Interest in the primary election will be forced to give first place to the visit of the Democratic nominee for the presidency.

It will be Governor Wilson's first visit to Minnesota since his nomination, and it may be his last as a return trip to this section of the country during the campaign is extremely doubtful.

Democrats from all parts of Minnesota will be in Minneapolis or St. Paul to hear the New Jersey governor, and they will be accompanied by thousands who have not been or are not Democrats.

Governor Wilson will be in Minneapolis from 8 o'clock tomorrow morning until 3 o'clock in the afternoon.

He will then go to St. Paul and the big speech of his visit will be given at the Auditorium in that city in the evening. Judge Thomas D. O'Brien will preside.

Governor Wilson is a commanding figure wherever he goes in the campaign. He will receive an unusually hearty welcome in Minnesota, where Wilson sentiment was strong before the convention and is stronger now.

Minnesota's twenty-four delegates stood steadfastly by Wilson at Baltimore, and there is more than a possibility that Minnesota's twelve electoral votes will go to the Democratic nominee.

Returns Will Be Late.

The "bug" who calls up the places from which information is supposed to be dispensed at about 10 o'clock on election night for returns on the primary election is doomed to disappointment tonight.

The information that will be available on the state contests before tomorrow will be very meager.

The chances are that close contests will not be decided until the latter part of the week. If contests in which the second choice is involved become doubtful, only the action of the state canvassing board will determine them.

The result of the county contests will probably be settled tomorrow or the next day. Those in which the second

choice is involved will go over until the county canvassing board completes its work.

This county canvassing board is required to meet Thursday morning. The law provides that it shall complete its work by Friday evening, but obviously if it cannot complete its work by that time, it will have to go by the limit.

The state canvassing board will meet next Tuesday to canvass the returns from the counties.

Only the canvassing boards have the authority to make eliminations under the second choice law, so some nominations are certain to be doubtful until they complete their work.

President's Campaign.

Theodore Roosevelt's recent visit to Minnesota. Governor Wilson's coming tomorrow and Senator Dixon's conference with Minnesota Roosevelt leaders are indications that the presidential campaign will begin soon after the primary election.

The party workers have been so busy with the primary election that they have given much less attention to the presidential campaign thus far.

Soon after the primary, the work of organization will begin. The indications are that Minnesota will see one of the warmest presidential contests in history. Taft is not expected to be a factor in the state, but the Roosevelt and Wilson forces will furnish excitement enough for everybody.

The split in the Republican ranks between the conservative and progressive candidates gives the Wilson forces hope of carrying the state.

Spencer is Executed.

Murderer of Boston Teacher Pays Penalty of His Crime.

Famous Locket Case Culminates in the Death Chamber.

Bull Moose Plans.

After the results of the primary election are known, the Republican committee of fifty will get down to work.

There is little doubt of another candidate for governor being put in the field if Governor Eberhart is renominated.

The committee of fifty is undoubtedly opposed to the governor, and is determined to oppose him if he is renominated.

The Republican committee of fifty is undoubtedly opposed to the governor, and is determined to oppose him if he is renominated.

Congressional candidates will also be quizzed by the Roosevelt men. They will be asked to state their preference for president. If they come out for the Republican ticket, they will be automatically dropped from the list.

The Roosevelt men are determined to make a hard campaign in Minnesota, and they will endeavor to offset the influence of candidates who are known to them on the Republican ticket.

Polls Open Until 9 P. M.

The polls will be open until 9 o'clock this evening, so the linecrossers will have plenty of time to vote.

GEORGE D. MCCARTHY.

NEWSPAPER LAW

EFFECTIVE OCT. 1.

Postmaster General Issues

Instructions for Carrying Out Terms.

Washington, Sept. 17.—Postmaster General Hitchcock has issued instructions for carrying out the new newspaper and periodical law, first returns under which must be made by Oct. 1.

The law requires that publishers shall file on the first days of April and October of each year, both with the postmaster general and with the local postmaster, under penalty of denial of the use of the mails, a sworn statement of the names and addresses of the owner, publisher, editor, managing editor, and business manager of their newspapers and periodicals. Religious publications are excepted.

For a corporation, the names of the holders of more than 1 per cent of the stocks, bonds or other securities must be given, and in the case of daily newspapers, a statement of the average paid circulation for the preceding six months is required.

All editorial or other reading matter appearing in a newspaper or magazine, for the publication of which pay is promised, must be marked "advertisement" and pay for it must not be less than \$50 and more than \$500.

On July 1, 1912, there were 29,144 newspapers and periodicals, entering second-class mail privileges. There were 2,514 dailies, 12,217 weeklies, 5,277 monthlies, 1,351 quarterlies, and 1,785 having other periods of issue. Of these, all except about 1,500 exempted publications will be affected by the new law.

THE RED CROSS RAT AND MOUSE EMBALMER AND NON-POISONOUS INSECT EXTERMINATOR.

## SPENCER IS EXECUTED

Murderer of Boston Teacher

Pays Penalty of His Crime.

Famous Locket Case Culminates in the Death Chamber.

Boston, Mass., Sept. 17.—Bertram G. Spencer, who, as a masked burglar, shot and killed Miss Martha B. Blackstone at Springfield on March 31, 1910, paid the penalty for his crime with death by electrocution at the Charlestown state prison at 12:18:02 this morning.

Spencer was calm, and walked into the death chamber unassisted. As he took his place, he looked at the witnesses, looking directly at them and speaking clearly.

"I wish to say to the world and the press, that this is not nerve, but the

run. The masked figure ordered them to stop, and as the women did not heed the warning, he discharged the revolver. One shot killed Miss Blackstone instantly, and another entered Miss Harriett Dow's head, causing a fracture of the skull from which, however, she recovered. The burglar then fled.

Three months later, after rewards had been offered by the governor and others, private detectives produced a locket which had been found near the scene of one of the many robberies. It contained pictures of Spencer's mother and sister, and bore his initials.

Spencer was arrested and he confessed not only to the many robberies, but to the shooting of Miss Blackstone. In his home was found a collection of miscellaneous articles he had stolen.

Spencer was known by an industrious clerk in a meat store. He was 28 years old, and had a young wife and baby. He was formally convicted of murder, Nov. 24, 1911.

Figures Tolls for Canal.

Manitowoc, Wis., Sept. 17.—Grover C. Huebner, a Manitowoc boy, who is pro-

fessor of economics at the University of Pennsylvania, has been named as chief statistician for the Panama canal commission. Mr. Huebner, who is visiting in this city at present, with his father, is engaged upon a schedule of tolls to be charged boats passing through the canal and has received word to report at Washington at once to confer with the commission.

BAN PLACED ON FUNERAL FILMS

Pictures of Mrs. Johnson's Funeral Procession Will Not Be Shown.

Chicago, Sept. 17.—Jack Johnson, negro heavyweight champion pugilist today obtained an injunction in the superior court, restraining the management of a negro theater from exhibiting motion pictures of the funeral procession of Mrs. Elita Johnson, the champion's wife, who committed suicide last week.

The exhibition, which is unauthorized by me, is an insult to me and may cause the impression that I am profiting financially from the pictures," said Johnson.

Chief of Police Mcweeney issued an order placing a ban on the exhibition of the pictures.

TAFT WILL MEET NEW YORK MEN

Will Discuss State Ticket With the Party Leaders There.

Beverly, Mass., Sept. 17.—President Taft will confer with party leaders in New York city on Sept. 24 relative to the New York state ticket the Republican convention is to name.

Chairman Hilites of the Republican committee, and George R. Sheldon, its treasurer, are expected to be present, and it is probable that William Barnes, Jr., and other New York leaders will see the president while he is in New York.

The president is not to determine upon a man to head the Republican ticket in New York. There have been reports in Beverly that he favors Secretary of the War Henry L. Stimson.

The president, it is known, would be pleased to see the name of his secretary of war at the head of the New York ticket but in line with his well-established policy of keeping out of state politics, it was considered doubtful if he would take any aggressive part in the selection of a gubernatorial candidate. Any man proposed by the leader probably will be acceptable to the president, but it is believed he will let the leaders know just what he thinks of the availability of any man proposed.

Leave Boston Sunday.

The president will visit New York on his way to Altoona, Pa. He will leave Boston next Sunday night and spend the night in Washington, where he will address a congress on hygiene and demography. He will go to New York early Tuesday, remaining there until night, and then start for Altoona to keep an engagement on Wednesday with the Civil War Governors' association.

He will leave Altoona Wednesday and arrive in Beverly Tuesday.

The president told visitors that there was no ground for the report that he would resign the office of president.

A. Murray would be asked to resign the office of controller of the currency, and it was believed he had displayed any activity in politics.

The president has received a letter

from Senator Brown of Nebraska announcing that the Republican organization there intends to resort to the courts to take anti-Taft elections off the state ticket. Senator Brown gave no details of the plan.

QUARANTINE AGAINST PINE IS ESTABLISHED.

Washington, Sept. 17.—The department of agriculture has provided a quarantine against the importation of white pine, Western white pine, sugar pine, and stone, or cambrian pine, from Great Britain, France, Belgium, Holland, Denmark, Norway, Sweden, Russia, Germany, Austria, Switzerland, and Italy. The quarantine, effective at once, is designed to prevent enormous damage to coniferous trees in the event of the introduction of a disease known as white pine blister rust.

The proclamation followed the first of three hearings preliminary to the enforcement of the new federal plant quarantine law.

TWENTY INDICTED IN WHITE SLAVE CASES.

Detroit, Mich., Sept. 17.—Forty indictments against thirty-two persons, were returned by a grand jury in the federal court here. Twenty people are charged with white slavery. Prominent among the other cases is an indictment charging William Ferguson, a cripple with murder on the high seas.

Ferguson must stand trial for the shooting of Canadian immigration inspector Herbert, which occurred several weeks ago on a ferry between Detroit and Windsor. The punishment under the United States laws is death. Capital punishment has not been inflicted in Michigan for years.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair-tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Max Wirth, 13 West Superior street.

## YOU'RE BILIOUS! YOUR LIVER AND BOWELS ARE INACTIVE—"CASCARETS"

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and constipated bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow

## Rock Island Tourist Sleeper To California

A Money-Saving Item

## NEWS OF THE NORTHWEST

BIG PAY DAY  
AT BRAINERD

Disbursements of Two Roads  
to Employees Approximate  
\$100,000.

Northern Pacific and Minne-  
sota & International  
Set High Mark.

Braierd, Minn., Sept. 17.—(Special  
to The Herald.)—A \$100,000 pay day  
in Braierd. A flood of gold and sil-  
ver was paid out yesterday, it being  
the monthly pay day by the Northern  
Pacific and Minnesota & International  
railways. Yesterday was the biggest  
pay day in the history of the North-  
ern Pacific railway shops in Braierd.  
Eighty-two thousand dollars is the  
high water mark set by the shops and  
it exceeds every other pay day in the  
history of the shops.

BOY SHOTS SELF  
IN SWANVILLE

Bullet Enters Nostril and  
Penetrates Brain—Light  
Caliber Gun.

Swanville, Minn., Sept. 17.—(Special  
to The Herald.)—Arthur Larson, aged  
15, was accidentally shot and killed on  
Saturday night at the home of his  
parents, Mr. and Mrs. Olof Larson. The  
lad was playing with a neighbor's  
boy, a little younger, came over with  
a .22 caliber rifle and invited Larson  
to take a shot.

## DENTAL THIEVES.

Huron, S. D., Scene of Two Bur-  
glaries for Dental Gold.  
Huron, S. D., Sept. 17.—Twice within  
a few months dental robbers have  
operated in this city. On a former oc-  
casion, owing to the quick work of the  
police department, the robbers were  
apprehended within an hour. These  
men were tried, convicted and sent to  
the state penitentiary.

## BRAINERD LAWN TENNIS.

Local and Visiting Players Try Con-  
clusions Satisfactorily.

Braierd, Minn., Sept. 17.—(Special  
to The Herald.)—At the Braierd lawn  
tennis association tournament the out-  
of-town players included J. Lampert  
and Dr. B. H. Saunders of Staples and  
Herbert Schoff, Dr. W. G. Courtney

PINE COUNTY  
FAIR BEGINS

Large Attendance at Open-  
ing—Duluth Well  
Represented.

Pine City, Minn., Sept. 17.—(Special  
to The Herald.)—The Pine County fair  
opened with a good attendance. The  
exhibits of vegetables, grains and  
stock are above the average. The fine  
exhibits brought from Hinkley re-  
ceived many commendations.

LOSES FRANCHISE  
TO REGAIN IT

Houghton Man Thought Him-  
self Citizen But Has to  
Try It Over.

Houghton, Mich., Sept. 17.—(Special  
to The Herald.)—An interesting phase  
of the working of the United States  
naturalization law was shown in the  
circuit court when George Adam Zoya  
of Houghton had his papers taken  
away from him by order of Judge  
O'Brien. The proceeding was a formal  
matter to straighten out Mr. Zoya's  
title to citizenship.

## TEAMSTERS STRIKE.

No Coal Delivered in Racine, Wis.,  
Until Agreement Is Reached.

Racine, Wis., Sept. 17.—Fifty team-  
sters comprising the combined forces  
employed by the various coal yards  
about the city struck today for an in-  
crease in wages from \$13 to \$15 a  
week. The men were on strike since  
last Saturday and no agreement with  
the coal yards has been reached. They  
struck at noon today.

## PRESBYTERIAL CHANGES.

Michigan Pastors Secure Transfers  
to Other Fields.

Iron Mountain, Mich., Sept. 17.—(Special  
to The Herald.)—A number of  
changes in the personnel of the pastors  
in the Lake Superior Presbytery were  
made at the meeting of the presbytery  
held in Iron Mountain. They were as  
follows:

## WILL NAME ELECTIONS.

North Dakota Republicans Looking  
for Strong Ticket Men.

Grand Forks, N. D., Sept. 17.—(Special  
to The Herald.)—The Executive  
committee of the Republican state cen-  
tral committee will meet at James-  
town Wednesday for the transaction of  
important business. One of the things  
to come up will be the selection of a  
successor to Frank Sprague of Grand  
Forks, who was elected by the commit-  
tee at the recent meeting at Bismarck,  
but who later refused to take the  
position.

## CROPS ATTRACT BUYERS.

Many Good Sales Near Carrington  
at High Prices.

Carrington, N. D., Sept. 17.—(Special  
to The Herald.)—As a result of the  
splendid crops that have been grown  
in this district this year, numerous  
land sales are being made, the influx  
of Eastern land buyers doing more  
than in several years. The situation  
here is much the same as that existing  
in other sections of the state, reality  
men everywhere reporting excellent  
conditions, with a healthy movement  
of farm lands.

## CHURCH WORKERS KILLED.

Three Muskegon Women Struck by  
Train and All Die.

Muskegon, Mich., Sept. 17.—Three  
women collecting provisions for a  
church supper were killed today when  
a train crashed into a rig in which  
they were riding. The victims were  
Mrs. Ole Reasler, Mrs. Gertrude Witt  
and Mrs. Adolph Turek. Mrs. Reasler  
was probably the driver. The other  
women died in a hospital.

The accident occurred at a local  
crossing and the engine carried the  
victims and debris about 500 feet be-  
fore it came to a stop.

## Second Choice Error.

La Crosse, Wis., Sept. 17.—Two re-  
counts of election returns resulted in  
the nomination of different persons  
for county treasurer, by one vote.

## MURDER AND SUICIDE.

St. Paul Man Shoots Sister-in-Law  
and Self Through Spite.

St. Paul, Sept. 17.—William C.  
Schmidt shot and killed Mrs. Bertha  
Lillie while they were conversing in  
the yard in the rear of 308 Aurora  
avenue yesterday evening. Schmidt  
then ran upstairs to the house, which  
is jointly occupied by him and his  
wife and Mr. and Mrs. Lillie, and blew  
his brains out in the presence of his  
wife. In the yard at the time of the  
shooting of Mrs. Lillie was Mrs. Hie-  
chow, her mother.

It is believed that the cause  
of the double tragedy was that Mr. and  
Mrs. Lillie had sworn out a warrant  
charging Schmidt with assault and  
battery. Schmidt had beaten his wife  
Saturday night. Mrs. Lillie, who was  
Mrs. Schmidt's sister, upon learning  
that, went with her husband to the  
police court prosecutor's office yester-  
day and obtained the warrant.

## Farm Hand Killed.

Hillsboro, N. D., Sept. 17.—(Special  
to The Herald.)—Frank M. W. Wynn,  
employed at the William von Stein-  
wehr farm near here met a horrible  
death when his clothing caught in the  
cylinder shaft of a separator. The  
death was crushed and his body was  
dead before the machine could be  
stopped. He came from Kahoka, Mo.  
His remains will be sent to his home.

## Locates at Crosby.

Crosby, Minn., Sept. 17.—(Special  
to The Herald.)—Thomas H. Martin, for-  
merly superintendent of mines for the  
Iron Mountain company and the Kozera-  
Brown Ore company on the Baraboo  
and Menominee ranges, now represents  
the Iron Mountain Mining company,  
producer of manganese ore on the  
Cuyuna range, and is located at Crosby.

## Peninsula Briefs

Negaunee—The city has removed  
the electric light poles from Iron  
street, putting the wires in the alleys.  
There were at least 100 poles in the  
street.

Marquette—Miss Florence Pate-  
naude of Duluth has arrived in the  
city to visit her grandmother, Mrs.  
T. Fatenau.

Escanaba—A stock company will  
be perfected in this city to engage in  
the manufacture of the Raymond Log  
loader, which machines up to this  
time have been constructed at the  
plant of the Chatfield Brass & Iron  
Works. It is planned that the com-  
pany to construct a factory at once.

Lake Linden—Sunday next will end  
the present season of the Copper  
Country Amateur Baseball league.  
This organization consists of five  
teams, four of them being from the  
Torch Lake towns while the Yellow  
Jackets of Lake Linden is also a  
member. The Tamarrack Juniors,  
Killebrews, Leaders and Star-  
tlers of Lake Linden form the total  
membership of teams, the sixth mem-  
ber, the Hawk Cubs, breaking away  
after the game here on May 26.

Marquette—Large crowds attended  
on Saturday the official opening of  
the new city playground. Flocks of  
children took part in the program.  
The playground is a welcome and  
much needed addition to the city.

Hancock—The grocery store and  
meat market business of Paul Hen-  
drickson on Franklin street has been  
purchased by Mr. and Mrs. C. A. Tolonen  
and Nestor Lepisto, the transfer  
being made through the C. A. Tolonen  
agency. The consideration was not  
announced.

## Minnesota Briefs

International Falls—C. W. Atkinson,  
publisher of the Northern Record, has  
been elected to the position of presi-  
dent for several months editor of the  
paper, and is in the city on busi-  
ness connected with the transfer. Mr.  
Atkinson states that he will remain in  
the county.

St. Cloud—George Gibson, a switchman  
in the yards of the St. Paul road, was  
killed Sunday morning. Dr. W. A. Valen-  
tine, the company's physician, had ampu-  
tated his leg. He was killed by a train.  
He was suffering intense pain.

MRS. STEVENS  
RECOVERS

After Years of Suffering.  
Tells How Her Health  
Was Regained.

Waukegan, Ill.—"I had female trou-  
bles for seven years, was all run down,  
and so nervous I could not do any-  
thing. The doctors treated me for dif-  
ferent things but did me no good. I got  
so bad that I could not sleep day or  
night. While in this condition I read of  
Lydia E. Pinkham's Vegetable Com-  
pound, and began  
its use and wrote to you for special  
advice. In a short time I had regained  
my health and am now strong and well."  
—Mrs. SALLIE STEVENS, R.F.D., No. 2,  
Camanche, Iowa.

## Dakota Briefs

Devils Lake, N. D.—P. J. McElroy,  
lawyer, has announced that he and his  
family will soon move to San Diego,  
Cal., to reside. Mr. McElroy's ill health  
is the reason given. Sam Wineman will  
succeed to the mayoralty.

Grand Forks, N. D.—Mr. and Mrs. M.  
B. Reinertson of Manitowish, Wis., are  
in the city, the guests of Alderman  
C. E. Reinertson, their brother. This is  
their first visit to the Red River val-  
ley and they are much impressed with  
the country.

Devils Lake, N. D.—Indians on the  
Fort Totten reservation will hold their  
annual autumn fair Oct. 3 to 5 on the  
Standing Rock reservation. The fair  
was instituted a year ago and at that  
time was very successful. Only Indians  
can compete in the products exhibits.

Bellevue, S. D.—A movement to cre-  
ate a new county out of part of Stark  
county, has already started a county  
seat fight. Belvidere and Medora are the  
contenders.

Hettinger, N. D.—Adams county  
farmers are taking to the dairy indus-  
try in very large numbers and are  
most enthusiastic over the results al-  
ready obtained. In some sections breed-  
ing circuits have been formed, and it  
is believed that fully 400 dairy cows  
have been brought in as a result.

Wahpeton, N. D.—Dan Holden, more  
than 50 years old, is in jail from  
Grandville township charged with in-  
decent assault on a 6-year-old girl.  
The child is in a serious condition.  
Holden waived examination. He is a  
farmer for a number of years.

Wahpeton, N. D.—Matt Koblod and  
four horses were burned to death in a  
fire on the farm of Fred Rodke,  
a few miles north of Wahpeton. Mr.  
Rodke had a narrow escape.

Drayton, N. D.—Palmer Stroud of  
Kenosha, Minn., is in a local hospital  
and may die as a result of an acci-  
dental discharge of a shotgun which  
fell from a buggy in which he was  
driving. The charge entered Stroud's  
back.

St. Paul, Minn.—A woman believed

by two votes and a count of the re-  
maining precincts, awarded by Free-  
hoff, gives him a majority of one.  
The election clerk's action caused the  
discarding of legal ballots.

Beer Exposed  
to Light for  
5 Minutes Becomes  
Undrinkable

This is not our state-  
ment, but the deliberate  
opinion of one of the  
most renowned scientists  
in the world. Read the  
entire statement:

"We have tested beers repeatedly,  
placing the bottles in the direct  
sunlight, and testing the same after  
one, two, three and five minutes  
exposure, found that the beer with  
three and five minutes exposure  
became undrinkable on account of  
the peculiar odor developed. The  
detrimental effect of light upon  
beer can be successfully counter-  
acted by the employment of brown  
or dark colored glass bottles, and  
such bottles are, therefore, recom-  
mendable."—Wahl-Henius Insti-  
tute of Fermentology.

It is not enough that beer be brewed  
pure, it must be kept pure.

Many Americans prefer beer in a  
light bottle. Most brewers follow the  
course of least resistance.

Light starts decay even in pure beer.  
Dark glass gives the best protection  
against light. Schlitz is sold in Brown  
Bottles to protect its purity from the  
brewery to your glass.

See that crown or cork  
is branded "Schlitz."

Baby's  
Voice

Every woman's heart responds to  
the charm and sweetness of a baby's  
voice, because nature intended her for  
motherhood. But even the loving  
nature of a mother shrinks from the  
ordeal because such a time is usually  
a period of suffering and danger.

Women who use Mother's Friend are  
saved much discomfort and suffering,  
and their systems, being thoroughly  
prepared by this great remedy, are  
in a healthy condition to meet the  
time with the least possible suffering  
and danger. Mother's Friend is  
recommended only for the relief and  
comfort of expectant mothers; it is in  
no sense a remedy for various ills,  
but its many years of success, and  
the thousands of endorsements re-  
ceived from women who have used it  
are a guarantee of the benefit to be  
derived from its use. This remedy  
does not accomplish wonders but sim-  
ply assists nature to perfect its work.

Mother's Friend allays nausea, pre-  
vents caking of the breasts, and  
in every way  
contributes to a  
strong, healthy  
motherhood. Mother's Friend is sold  
at drug stores. Write for our free  
book for expectant mothers.

## QUIZ ARCHBOLD, PERKINS AND T. R.

Clapp Will Also Ask for Letter Files of Some Congressmen.

Washington, Sept. 17.—John D. Archbold, George W. Perkins and T. R. Clapp are to be asked by the senate committee investigating campaign contributions to produce any correspondence they may have pertaining to "financial transactions" between the first two men and members of congress, or between them and Mr. Roosevelt when he was president. Investigation of this phase of the campaign contribution question was authorized by the La Follette-Penrose resolution just before congress adjourned.

Chairman Clapp of the investigation committee, after a conference with Senator Pomeroy of Ohio, stated that the committee would open the line of inquiry by asking for the production of letters when the three witnesses named are on the stand.

William R. Hearst is expected by Chairman Clapp to produce copies of many letters alleged to have been written to members of congress by Mr. Archbold. The members of the house and senate who may be called upon to submit their private letter files to the

committee will not be named until after the investigation begins. Senator Pomeroy left for Ohio last night after a two days' conference with Chairman Clapp. A list of proposed witnesses, most of whom have already been named, was gone over by the two senators. The full subcommittee will meet in Washington, Sept. 27, and arrange for the hearings which begin on Sept. 30.

## NO BLAME FIXED FOR CHICAGO DROWNINGS.

Chicago, Sept. 17.—At the inquest held over the ten naval apprentices and one petty officer of the United States naval training station at North Chicago, who were drowned when a cutter capsized in Lake Michigan, the jury, composed of naval officers, returned a verdict that the victims "came to their death while off duty as a result of the sale and the rough sea." The verdict did not fix the blame for the accident. An official investigation will be made by the United States naval officers.

## NEW TRADE TREATY WITH RUSSIA IS IN PROSPECT.

Washington, Sept. 17.—State department officials are noting with satisfaction the launching of a movement in Russia under governmental auspices to arrange for a new treaty of trade and commerce between Russia and the United States. Although only three and a half months intervene before the expiration by renunciation of the existing pact, there has been no progress during the last three months in the negotiations for a new treaty.

## STRIKE RESOLUTIONS KEEP ALDERMEN BUSY

Council Seeks Information on How to Acquire Street Railway.

Alderman Phillips Gets No Support in Attack on Manager Warren.

Resolutions resulting from the local street railway strike have interested the council meeting at the city hall last night. On the motion of Alderman Joseph Gibson of the Seventh ward the city attorney was directed to inform the council what steps would be necessary for the city to acquire ownership of the Duluth street railway system. Municipal ownership of the traction company is not an immediate possibility but the aldermen wish to be informed as to the proper procedure should occasion arise. Since last spring the legal department has been making an investigation of the franchise of the company and it is expected that the attorney will report upon Alderman Gibson's resolution which has concluded that examination.

Alderman Phillips did not get a supporting vote on his resolution declaring that the city should acquire the street railway. The council turned the proposition down by a vote of 15 to 1. Alderman Phillips asserted that the city should acquire the street railway. He did not consider such a resolution within the province of the council. Alderman Phillips said that Manager Warren's attitude has been one of "Be damned" kind and that he didn't think that he should be shown any more consideration than he has received by the citizens. Alderman Hicken added that it came at a most inopportune time. Alderman Gibson said that he could not see how the resolution could do any good.

The resolution of Alderman Phillips appropriating \$100,000 for the benefit of the strikers was withdrawn by him when it was learned that it was contrary to the provisions of the charter.

Mayor McCue was authorized by the council to continue the employment of special policemen so long as he may deem it necessary. Under the charter

the pay of the special cops is \$2.50 per day.

An ordinance was introduced calling for private detective agencies of all kinds to secure a permit from the council before operating in Duluth and requiring them to pay a license fee of \$100 a month. The resolution is said to be designed to prevent the hiring of any more strike breakers if trouble arises in the future. The ordinance was referred to the committee on ordinances and resolutions.

The persistent campaign which has been waged by the Woman's Council for more strictly streets is beginning to bear fruit. Last night the council ordered the board of public works to estimate the cost of posts and cans such as are used on streets as receptacles for paper and other waste material.

The members of the police department sent in a petition asking the council to give them a working day of eight hours. The petition was referred to a committee which will investigate the situation.

City Electrician F. E. Hough was authorized to advertise for the use of in placing underground the city's wires on Central avenue, which is about to be paved. The electrician estimates that the cost will not exceed \$1,000.

The city engineer was directed to prepare plans for a sanitary sewer system in the district between Thirty-first and Forty-third avenues west and the D, M. & N. tracks and the bay.

Alderman Hector and Curran were named as delegates to the convention of the League of American Municipalities to replace Mayor McCue and President Hough, who stated that it will be impossible for them to attend.

Adam McAdams was granted an extension of time to Oct. 1 for the completion of his contract for the concrete culvert and fill at Commonwealth avenue, New York.

The board of public works was directed to lay a Railroad street from the Soo depot to Tenth avenue west at a cost not to exceed \$100,000.

The D, M. & N. was given a franchise allowing it to lay a track into the plant of the Clyde Iron works. The company said it was not prepared to pay its proportionate cost when Superior street is paved. The road has a frontage of about two blocks in that vicinity.

The budget as fixed by the conference committee was reported to the council and referred to the finance committee.

The engineer estimated that the grading of Fifth street from Twenty-first avenue west to Piedmont avenue will cost \$2,554.84.

They don't want and see that they are kept off the statute books; and the men who do that are the men who are interested in the great monopolies of this country.

"I am sorry to observe that whereas the Republican party has practically fostered the great monopolies of this country, the third party, represented by Senator Beveridge, proposes to take the monopoly into partnership with the government by accepting it as an inevitable necessity, and bringing it under the regulation of law, that is to say, making it a legalized institution of the country. And when the men who are discovered by the government, do you suppose they are going to discontinue their business as their necessary agents, namely, the bosses who determine what are to occupy office, and what the legislation is to be?"

"Who created monopoly?" interrupted a man in the crowd, and he repeated his question several times. "The men who created monopoly, my friend, to answer your question," continued the governor, "are the men who have taken advantage of the protective tariff to get together to make great combinations of industry, to shut out competition and to make sure that the prices are in their control. And every Republican leader in our generation has been in league with those men."

Got Cheers From Crowd. "Who are they?" broke in another voice and the governor's reply brought cheers.

"They are the men who have set up the great trusts," he said. "Everybody knows the list of them. These men are the heads of the Steel trust, of the tobacco trust, of the Standard Oil trust, and of all the other trusts—that everybody knows. I am surprised that you didn't know the names of them before. These men have supported those who have controlled our government in the last fifteen years, and they are supporting them still. And I, for my part, do not entertain any hope or belief that the government of the United States, being freed from the control of trusts and the control of the bosses, who are the agents of trusts, through the instrumentality of the adoption of the trusts into the care of the government itself."

"I am not here to attack the reputation or the integrity of purpose of any man, but the only way you can tell whether a man can assist you in politics or not, is by finding out whether he is following the direction in which freedom is to be discovered. These gentlemen have not found the direction for they do not even propose the abolition of monopoly, and until monopoly is abolished, until it is destroyed, the government is not free. And until the government is free it cannot serve any man."

"Study the Programs." "Now you can't tell me looking at me whether I am the man to do this job or not. You cannot tell the contents of my character by looking at my face. But I want you to study the programs that lie back of the various

candidates. We are all of us interested in those measures which will benefit the great mass of our fellow citizens."

The governor was well received throughout the day. He shook hands with people who flocked to the rear platform, and waved greetings to those not so near. The nominee expected to be two hours late into Chicago, but the railroad attached an extra locomotive and brought the candidate to Chicago only seven minutes late.

His car was switched around for half an hour and tacked on to train No. 11 on the Chicago & Northwestern, leaving Chicago at 6:05 o'clock for St. Paul, St. Louis and St. Louis, Mo., where two speeches are scheduled for today.

## ROOSEVELT MUST PROVE SINCERITY

Bryan Declares Colonel Is Not Yet to Be Trusted.

Denver, Col., Sept. 17.—One term for president and the necessity of selecting Woodrow Wilson for that office in November, was the central thought of campaign addresses delivered here by William J. Bryan in his tour of northern Colorado. At Fort Collins, he emphasized this point, and scored Roosevelt for asking for a third term of office. "Roosevelt is an eleven hour convert to progressive principles," said Mr. Bryan, "and should not be trusted until he has proved his sincerity."

He said that Roosevelt had never fought the people's battles, but had opposed the Progressives, both Republican and Democratic, in congress. He charged that Roosevelt's campaign is being financed by the trusts.

"Mr. Taft distrusts the people and is dead politically," was Mr. Bryan's characterization of the president, whom he charged with having failed to reduce the tariff in keeping with campaign pledges.

The first speech of the day was made at Greeley. Other stops were made at Windsor, Fort Collins, Loveland, Longmont and Boulder.

## SAYS NEW TRIBES ARE NOT FROM NORSEMEN.

New York, Sept. 17.—Stefansson, the Arctic explorer, arrived in New York Monday and before a small group of scientists at the American Museum of Natural History, related the story of his discovery of a strange tribe in the frozen north.

"No, I never believe the blond Eskimos whom you found were a lost tribe of Norsemen," Mr. Stefansson was asked. "I should say they were of mixed Eskimo and Newfoundland stock."

## CABELL LOOKING UP CORPORATION TAXES.

Washington, Sept. 17.—To insure the federal government receiving its just income from the corporation tax law this year, Royal E. Cabell, commissioner of internal revenue, has left Washington on a trip from coast to coast for conferences with collectors of internal revenue. He will visit Chicago, Buffalo, St. Paul, Seattle, Tacoma, San Francisco, Los Angeles, Santa Fe, Cheyenne, Denver and Kansas City. The commissioner is accompanied by Luther M. Spear, chief of the corporation tax division.

Get Gold From Europe. New York, Sept. 17.—An engagement of \$750,000 in gold for import from Europe has been made by Goldman, Sachs & Co. This is the first gold imported from Europe in more than two years, and is believed to mark the beginning of a movement to bring the gold metal from Europe to finance the American crops.

## A Picture of Contentment

All men look pleased when they smoke this choice tobacco—for all men like the rich quality and true, natural taste of

Liggett & Myers

**Duke's Mixture**

Smoked in pipes by thousands of men—everywhere known to smokers as "the makings."

We take unusual pride in Liggett & Myers Duke's Mixture. It is our leading brand of granulated tobacco—and every sack we make is a challenge to all other tobacco manufacturers. Every 56 sack of this famous tobacco contains one and a half ounces of choice granulated tobacco, in every way equal to the best you can buy.

If you have not smoked Duke's Mixture, made by the Liggett & Myers Tobacco Co. at Durham, N. C., try it now.

## Get a Camera with the Coupons

Save the coupons. With them you can get all sorts of valuable presents—articles suitable for young and old; men, women, boys and girls. You'll be delighted to see what you can get free without one cent of cost to you. Get our new illustrated catalog. As a special offer, we will send it free during September and October only. Your name and address on a postal will bring it to you.

Coupons from Duke's Mixture may be secured with tags from HORSE SHOE, L. TINSLEY'S NATURAL LEAF, GRANGER'S TWIST, coupons from FRANK ROSES (the tin double coupon), PICK FLEEC CUT, REDMONT CIGARETTES, CLIK CIGARETTES, and other tags or coupons issued by us.

Address—Premium Dept.

## WINCHESTER

## .401 Caliber Self-Loading Rifle

This is the latest and most powerful rifle of the so-called automatic type. It has more power than the .30 Army rifle. This power, combined with its unequalled rapidity of fire, makes it exceptionally effective for hunting big game. It is simple in construction and operation and all its metal parts are made of Nickel Steel. The name "Winchester" on it guarantees it to be satisfactory in every way. It is sold by dealers everywhere. Worth looking into.

Send postal to Winchester Repeating Arms Co., New Haven, Conn. for complete, illustrated catalogue describing guns for all kinds of shooting, and ammunition for all kinds of guns.

IT HITS LIKE THE HAMMER OF THOR

## What's A Party Without A Few Bottles Of

**Fitzger's Beer**

THERE is "something missing" at the party when a cool, refreshing glass of beer is not served during the evening. No other liquid refreshment can take its place, for none has such genuinely satisfying results.

When a host serves Fitzger's Beer, he knows he is serving the very highest grade, and his guests know it too.

There's satisfaction in serving the best. Keep a case in your cellar and you will always be ready for emergencies.

FITZGER BREWING CO., OVER 30 YEARS IN DULUTH

# LATEST SPORTING NEWS OF THE DAY

## GOSSIP AND COMMENT ON SPORTS AND PASTIMES OF ARENA, FIELD AND TRACK.

By BRUCE

WASNT it the poet who sighed or said, "When dreams come true?" Baseball Gary has had a dream. Like a fatalist, he is willing to plunge on the slant Morpheus has pointed out. During sweet slumber the "Giant bug" imagined that the Polo ground crowd gathered seven runs off Joe Wood.

"I looked at the score board," said Gary, in relating the vision, "and remarked to myself that Wood was going great, as the Giants had only gathered seven runs in the first round."

This only goes to show that a man, at least some men, will follow a hunch through the forests and swamps of adverse arguments. Gary has been told to keep off the Giants—but, alas what good does all the warning do? He will follow this dream out to the end.

Last year he played the Noo York elephant against the Comic Mack White Elephants. He lost. As Lot's frau was stubborn, so is Gary. Wait and see.

YESTERDAY'S postman threw a letter from Tom Scanlon on our desk. Tom is from Cleveland and has his own letterhead. A man really begins to be important in this world when he has his individual letterhead, with personality blazoned forth in red letters. Thomas is an athletic promoter and is mildly known from coast to coast.

The Scanlon scamp wants to pit Gehring against anyone that we have at the head of the Lakes. There is no one here that is fit to cope with the great wrestler of Cleveland, but the writer only recently heard Walter Miller state that he would wrestle Gehring and Yokel in the same ring.

If the dispute as to weight is ever settled and Miller and Adamson can

be drawn into the same ring, perhaps the winner would be the most fit opponent in America to meet Gehring at the 158-pound mark.

Adamson begs at a glance at any of the middleweights. Walter Miller cries out for revenge on Mike Yokel, saying with genuine tears in his eyes that he was jobbed at Salt Lake City. Adamson says he can beat Miller at a decent weight, and that he can also beat the rest of them. Let them settle the controversy.

ART RYBERG is one of the enthusiastic sportsmen of this neck of the dreary woods. He promoted to a successful conclusion the Corner Lot league, the kid's baseball organization, for which his firm, the Quayle-Larsen company, donated a handsome loving cup. Now the game follower of amateur athletics has put a football league into the field.

Not only does Mr. Ryberg follow football and baseball, he is also a hunter and one of the kind of fishermen that will work from the early morn until the poetical dewy eve for a trout or black bass.

Such sportsmen are good for any community, and the kids and the nimrods can be glad that Ryberg has forsaken the wiles of the West for this part of the country.

A St. Louis woman secured a divorce because her husband threw money at her. Gabby Street caught a baseball thrown from the Washington monument for glory. Human nature is so different that it hurts us to think of it.

Those who had reservations for Chicago can cancel them.

Kansas City women have denounced tight skirts. Most of the rest of us have been deploring the tight times.

Down in the Twin Cities they are looking upon the approaching football season at the university with much interest as the average football fan observes the approach of the Saturday afternoon collector. The prospects of a good team are about as bright as the election possibilities of the large golf player of Beverley.

It is generally believed that the change in the rules providing for four downs will be an assist to the methods of Doc Williams. He longs for better like Shylock coveted the drama league pound of flesh. Give Williams a

heavy team and the change of rules may do brave deeds for him.

Down below they do not disguise the fact that those faculty guys are trying to kill the game. Only the other day we were talking with one of the greatest linemen that Minnesota ever produced. He was outspoken in his utterance.

"Kill the game," he cried, "they are not trying to kill the game; they have succeeded fairly well already."

Others are of the same opinion. There is a noticeable lack of interest at this stage of the season. Maybe with the assembling of the candidates there will be a return of the enthusiasm that football has called up in the past. It is a great old game and one hard to kill, like the fabled golden goose. Let us hope that some of the dyspeptics, sans red corpuscles, will find that they perniciously labored, like Socrates' wife, in vain.

If there were more referees of the courage of Dr. Ned McNulty there would be fewer fighting fakes perpetrated on the public. The raw deal that Hibbing was given by the local followers of sports, when the promoters thought they had Pal Moore. The cheese that was put on against Pal Brown didn't know the first thing about fighting, and yet if it had not been for McNulty this guy might have got away with the contemptible piece of framing.

It is such things as the Hibbing fake that kills the fighting game. If there were more referees of the nerve and knowledge of Doc, believe us, Archibald, there would be fewer fakes attempted.

Cleveland, Ohio, Sept. 17.—Both Mitchell and Plank pitched brilliantly, but errors returned Philadelphia the victory 3 to 0. Mitchell's error allowed

## QUAYLE-LARSEN TROPHY WON BY ADAMS JUNIORS

THE QUAYLE-LARSEN TROPHY.

The Adams Juniors have won the first pennant in the Quayle-Larsen league, that has been known as the Corner Lot league. The organization was formed by Art Ryberg of the sporting goods department of the store and has proved entirely successful. All of the original teams finished the season, and considering that all of the players of the kid league were of a comparatively tender age, the ball played was of a very good brand. Other cities have had regularly organized teams for the youngsters, but the experiment had never been tried in this city. The plan went through

without a hitch, and now that the baseball season is over plans have been completed for the organization of a Junior football league. All of the younger teams of the city are expected to enter the play, the winner to receive a handsome trophy.

Following is the lineup of the Adams Juniors: Earl Cleary, first base; Gilbert Mollin, second base, captain and manager; Walter Lundberg, left field; Andrew Johnson, third base; Carl Langren, short stop; Alfred Jenoff, catcher; Carl Craft, pitcher; George Anderson, center fielder; Gritz Lindbloom, right fielder.

Philadelphia's first run in the sixth inning. In the seventh with two out, LaJole made two misuses and seven outs resulted. Score: Philadelphia, 0; Cleveland, 4.  
R. H. E.  
Philadelphia.....000000000—0 0 0  
Cleveland.....000000000—4 6 3  
Batteries—Mitchell, Walker and Carlsch and Naegelson; Plank and Egan. Umpires—Loughlin and Westervelt.

## BREWERS TAKE A DAY OFF AND DEFEAT SAINTS.

Milwaukee, Wis., Sept. 17.—The home club batted both Gardner and Decanville hard, winning easily, by a score of 13 to 0. Nicholson was in the form, being especially strong with men on base. Blackburne's fielding and

## CHANCE DOPES GIANTS TO WIN

New York, Sept. 17.—While declaring that there was still a bare possibility that the Cubs could come out the Giants, Frank Chance, manager of the Giants, showed today that he does not count this a probability, discussing the outcome of the world's series between the locals and the Boston Red Sox. Chance insisted that he could see no good reason for making the American leaguers favorites.

A world's series of seven games is never a sure thing, said the noted manager, whose team clashed with the Giants yesterday afternoon for the last time this season.

The result always dep'd as on the pitching. With such pitchers as Mathewson and Tesreau for the hard work, Bedient may be good, but they are not better than the two Giant stars. Matty and Tesreau are both physically giants and can stand an immense amount of work.

If I were to bet money on a ball game I rather have Matty pitch it than any other man in the world. He is unquestionably the greatest of all pitchers. The great men have come and gone, but for years he has been right there at the top. He can always be depended on to pitch an intelligent game. This stuff about Matty being all in is all hogwash.

Tesreau is one of the most promising young pitchers I have ever seen. He is a natural. He has speed and the beauty of his work is that he never gets excited and no amount of joshing can rattle him.

The Red Sox have a wonderful out-field and a hard hitting team in general, but they are not as fast as the Giants on the bases. But it is useless to discuss individual players, as the result will surely be up to the pitchers.

## Local Briefs.

Frank Bryant, Head of the Lakes rink skating champion, is in training for a race with several of the Copper Country speed merchants. The local boy has set his heart on a race with Harley Davidson and the event may be brought off the present season at the Auditorium.

Manager Marshall of the Auditorium rink is booking some athletic attractions for the coming season, being in correspondence with several of the crack skaters of the East.

Art Ryberg, former member of the Amateur Athletic club, may go out a place on the Adams team.

Little Louis Zorbas, the crack wrestler of Duluth, is going after some of the cracks in his class the coming winter.

Plans will soon be considered for a big amateur wrestling tournament at the Y. M. C. A. hall to be put on some time this winter.

## Fight Was a Draw.

Cincinnati, Ohio, Sept. 17.—Eddie McGorty of Oshkosh, Wis., and Cyclone Johnny Thompson of Sycamore, Ill., fought eleven rounds to a draw here last evening. The "ton" kept going in throughout the fight but inflicted little damage, McGorty covering up cleverly.

## ED ADAMSON ACCUSES MILLER OF COWARDICE

Will Ed Adamson and Walter Miller ever wrestle?

That's a question that is no nearer a solution today than it was some six months ago, when the Little Demon of Chicago first hurled a challenge at the head of the little St. Paul Pole.

Today there are three men in the world who dispute the title at the middleweight limit. Miller, Gehring and Yokel have fought tooth and nail to lay a just claim to the title. The three great little wrestlers are in dispute as to the rightful claimant.

Walter Willoughby and Ed Adamson look with covetous eyes at the claims set forth by the three men mentioned. Adamson is fair in the proposition he makes. He offers to wrestle all of the wrestlers claiming the title, to let the claimants of the title choose who shall come first and aggress against him. He offers to let the decision of competent judges as to who is the middleweight champion, when the contest has been made.

Late yesterday a letter came from Adamson, under a studio, Iowa, date line. Evidently the Little Demon had not given up the hope of getting Miller on the mat. Here is what Ed Adamson says in part:

"I have not given up the chase of slippery Miller. He has evaded me for over three years, giving as the excuse that he has turned middleweight. Right on top of this he refuses to let me come in at the middleweight limit. I am going to force him to come on the mat. I am going to business in the spring, so this will be my last year excuse after another. Like a drowning man grabbing straws. First he said that he was only after the middleweights. I am

after the same game. I will wrestle Yokel, Gehring or Walter Willoughby, and I will let Willoughby come in at 168 or 180—I don't make any difference to me. I will beat them, too. But if I beat that bunch, do you think Miller would give me a chance?"

"I have always thought Walter was game, as I gruelled him for over two hours once and he didn't even whimper. But when you make every fair proposition that can be made to a man, and he then refuses to wrestle you, it is only reasonable that you should think he is afraid of you."

"Miller is the man I want. It is a personal matter with me. He has written me on several occasions, telling some of his friends that I said of him that he was making money merely as an excuse to let me down easy."

"Let that go. I came out like a man and said I was beaten fairly. I will wrestle Miller, winner take all, permitting him to come on the mat without getting on the scales, while I will get on the scales before the match. I will agree to let any fair minded man Miller suggest act as referee, and will make the match interesting. I will post \$250 as a forfeit and side bet."

"I have written to the Chicago and Kansas City sporting writers, submitting a similar proposition to them. I am going to force them to make a decision. I am going to business in the spring, so this will be my last year excuse after another. Before I hang up my toes I want to have the scalp of Miller. Does he want me to cut off an arm to wrestle him?"

## SPEED BUGS LET THE LID

Dare-Devil Auto Drivers Given Free Rein on Milwaukee Course.

Milwaukee, Wis., Sept. 17.—Today will see the kings and princes of speed unleash their steeds of steel and rubber and whiz around the eight-mile race course, in the first of the practice spins preliminary to the automobile carnival to be given Friday.

The speed limit lid is off, and along about noon some of the dare devils will be tearing over the stretch at a 90-mile clip or thereabouts. One hundred soldiers from Company G of the First regiment will patrol the course and for two hours the drivers will have the right-of-way, and an absolutely clear track. It is not to be expected that the contenders in the Vanderbilt cup, Grand Prix, Pabst trophy and Wisconsin challenge trophy events will endeavor to hit top speed at the outset. There is not a pilot entered, however, who fears to open his throttle wide in the straightaway stretch, and before doing spectacular turns, operators must first familiarize themselves with the pitch of the curves and determine just what speed these will stand.

The trials are under the official supervision of Starter J. Wagner and his assistants. He and the committee will make careful note of how the drivers handle their cars, also how they pass one another. The ability of the majority of drivers entered—the known veterans and winners of many road events—is well known, and it is expected to do any fairly driving the officials will not hesitate to bar them at once.

One thing is certain, however, all drivers will get a square deal, according to the officials.

Although all the entries for the Vanderbilt cup race and the two light car races have not been officially made as yet, a decidedly classy field is assured for the Vanderbilt cup race on Saturday. In the ordinary course of events the entry list would have been closed by the 15th, but the fact that the Grand Prix had to be postponed until next Monday necessitated the late closing.

open in order to give entrants time to consider the matter of putting their cars in both races or the other. Several of the entrants came originally with the intention of lifting the cup in the Grand Prix and did not plan to try for the Vanderbilt and vice versa. Grand Prix entrants run the risk of damaging his car in the Vanderbilt cup race, as a number of entrants hesitate about entering the national classic.

However, at present, there are ten fast cars nominated for the Vanderbilt cup, each with a crack pilot to drive it around in the pursuit of the famous silver trophy.

Seven cars are entered for the Pabst and five for the Wisconsin motor challenge trophy. A number of additional entries are in state tentative stage and will not be announced until officially closed. The list of entries will close Sept. 19.

Walter Matlock, the White Sox recruit from Des Moines, has practically won a regular berth for next year with Callahan's team. On the Eastern trip just recently closed he made a great showing, both in the outfield and at the bat, especially in Boston, where he had the game for his best work. A timely drive over Hooper's head, emphasizing his chances, is the talk of the town. He is wearing a "comely" crest for the last season. Callahan is the same for next year with a timely what was needed in the outfield.

## SPORTING NOTES

Charley Wagner, the Boston shortstop, once upon a time was a Giant. It is a long way back. 1905 the year in which McGraw assumed charge of the New York team. The present manager of the Giants brought with him players, and had so many others in mind who were seasoned that he let Wagner go. At the time McGraw was of the opinion that Wagner would make my last year experience, and he has done so.

Walter Matlock, the White Sox recruit from Des Moines, has practically won a regular berth for next year with Callahan's team. On the Eastern trip just recently closed he made a great showing, both in the outfield and at the bat, especially in Boston, where he had the game for his best work. A timely drive over Hooper's head, emphasizing his chances, is the talk of the town. He is wearing a "comely" crest for the last season. Callahan is the same for next year with a timely what was needed in the outfield.

## AVIATORS FLY OVER CHICAGO

Chicago, Sept. 17.—The scene of the aviation meet given by the Aero Club of Illinois, was transferred from the Cicero field to Grant park on the lake front, and thousands of spectators with upturned faces stood in Chicago's streets and watched twenty aviators circle over the city like a flock of birds in their 15-mile dash to the new field.

Horace Kearney, flying his tumblebug biplane, was the first to arrive at Grant park. He was closely followed by Farnum Fish, Glenn H. Martin and the others.

The last two arrivals circled Grant park and went far out over the lake before landing in the field.

Before leaving Cicero, four special prizes were awarded for duration events. Anthony Jannus won prizes for carrying three passengers to the greatest height and the longest distance, while De Lloyd Thompson won a prize in the one-passenger endurance contest, his time being 1:01:15.

Max Little won the two-passenger event, his time being 1:01:15. He was ground uninjured when his biplane became unmanageable 100 feet in the air. He rolled over in the grass unconscious, but was soon revived. His machine was wrecked.

## An Echo of Defunct League.

The United States baseball league was heard here yesterday when Magistrate Muller gave judgment against John J. Ryan, owner of the Cincinnati team, in favor of ten players for salary aggregating \$550.

## ELDER TEN EYCK MAY COME HERE

Veteran Oarsman to Train James Junior for Hackett Race.

It definite arrangements are made for the professional sculling match between Jimmy Ten Eyck and Hackett, James Ten Eyck, Sr., father of the Duluth coach and one of the most famous of the old school professional oarsmen, will come here to train his boy.

Negotiations for the match are nearing the definite stage. The latest is that the race will be rowed for \$500 a side and at the place offering the best inducements. If Hackett comes here he wants \$75 for training and transportation expenses, while if the race is held at St. Louis, he wants \$100 for the same amount.

Jimmy is going out morning and afternoon, giving all the time he can get from his coaching duties to getting in shape for the race with the veteran of Baudette. He will know by the latter part of the month whether he can regain his old form and if he is right by that time the articles for the race will be signed.

There are a large number of followers of rowing here who are going to make an effort to have the race held over the course in St. Louis bay. With a fine grand stand and every accommodation, it is proper that the contest, which is attracting interest all over the Northwest should be held at the head of the Lakes.

If James Ten Eyck, Sr., comes to Duluth he will be greeted by a large number of friends who made the acquaintance of the veteran sculler when he rowed in the big sculling regatta, staged here years ago. The elder Ten Eyck is one of the true representatives of American sculling and a credit to one of the best of all outdoor sports. His coming to Duluth will be made the occasion of a reception to a man who has taken his place in American rowing history with Hanlon, Gaudaur and the other notables of some twenty or more years ago.

Eddie Graney, manager of the Tuxedo club, has agreed to give Ad Wolgast \$5,000 for his end of the mile money, win, lose or draw, to fight twenty rounds with Willie Ritchie in San Francisco, Thanksgiving day.

# RESULTS OF PARTY CONTESTS ARE STILL IN DOUBT---RETURNS VERY SLOW

## TWIN CITIES HOSTS TO WOODROW WILSON; THREE TALKS THERE

Main Address to Be at the Auditorium in St. Paul.

Roosevelt's Monopoly Regulation Plan Attacked By Governor.

He Says Colonel Is Acting as Gary and Perkins Wanted Him To.

Minneapolis, Minn., Sept. 18.—(Special to The Herald.)—Governor Woodrow Wilson paid warm tribute here today to the character of President Taft. The Democratic candidate was greeted by the largest crowd that has yet heard him during his campaign, and as he passed through the streets here he was cheered enthusiastically. At the parade grounds the governor addressed a big open air meeting.

"I want to pay my tribute of personal respect to the president of the United States," said Governor Wilson. "I don't believe any man who knows the facts can question the integrity or the purpose of the man who now presides in the White House. If he has gotten into bad company it is no fault of his. He did not choose the company; it was made beforehand. If he has taken their advice, it was because they were nearest to him and he did not hear anyone else. That is the reason why I would rather hear the advice of a crowd like this than the advice of a cabinet."

When the governor again presented his attack on the Progressive party's plank in relation to trusts, Wilson's hundred members of the Minneapolis Commercial club applauded him vigorously. The governor was whirled through the streets in an automobile, while hundreds of school children lined the way. The governor in addressing the 4,500 students of the University of Minnesota did not talk politics.

A busy day in the Twin Cities was the outlook for Governor Woodrow Wilson, Democratic presidential candidate, when he arrived in Minneapolis early this morning from Sioux City, Iowa, and St. Paul, S. D., where he made addresses yesterday.

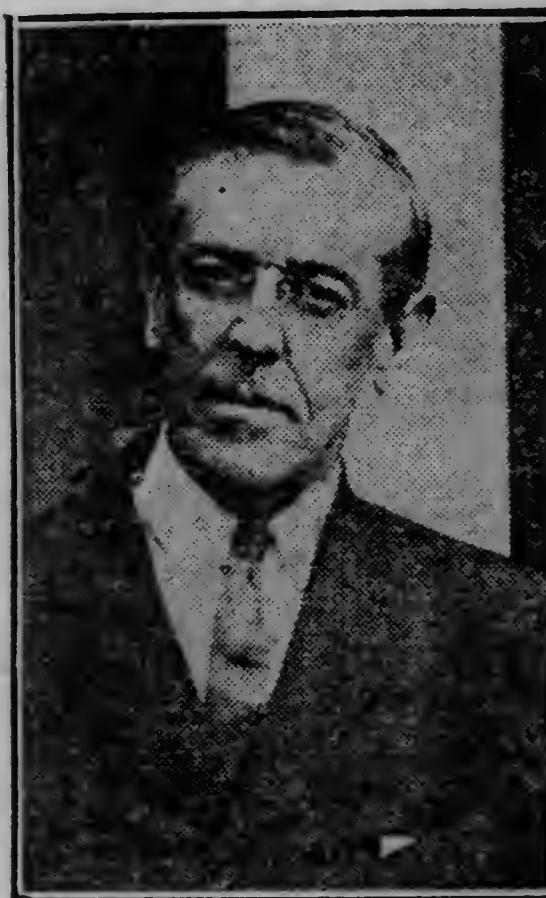

He was met by members of the local campaign committee and taken to a hotel, where he was entertained at breakfast by the Commercial club. At 10:30 he made an address at the University of Minnesota armory, and at 11:30 a. m. spoke at an open air meeting on the parade grounds.

After the address he attended a private luncheon at a conference with Minnesota party leaders, and then went to St. Paul, where he will make his principal address in the Twin Cities at the St. Paul Auditorium tonight.

**Third Party and Trusts.**

How the United States Steel corporation incidentally would benefit by the plank in the third party platform regarding regulation of trusts by a federal commission was revealed by Governor Wilson in his speeches as he (Continued on page 16, fourth column.)

TELLS MINNESOTANS HIS POLITICAL VIEWS

WOODROW WILSON, Governor of New Jersey and Democratic Nominee for President of the United States.

## "STICK" IS WATCHWORD OF STRIKERS

Men Optimistic Over Chances to Be Victors in Industrial Struggle.

They Claim Additions Are Being Made to Ranks Each Day.

Manager Warren States That Car Service Will Soon Be Normal.

## MARSHALL TALKS ABOUT THE JUDGES

Makes Non-Political Address to City Club at St. Louis.

St. Louis, Mo., Sept. 18.—Governor Thomas R. Marshall of Indiana, Democratic vice presidential candidate, who has been on a campaign tour of Missouri, arrived here today at the invitation of the City club to address its members at a luncheon given in his honor. The governor was accompanied by Mrs. Marshall. The candidate's arrival practically was unheralded and he was met only by the secretary of the City club.

His address at the club was non-political in character, although he touched on the major issues of the campaign. The chief subject of his talk was the failure of the American courts to properly and adequately perform their functions.

He said the courts were too much bound by precedent, that the judges were too prone to retire from the heart of things, and that for this reason they were falling more and more into disrepute with the general public, who could not understand the force of legal precedent. The governor did not go deeply into the recently enunciated doctrine of the recall of judicial decisions.

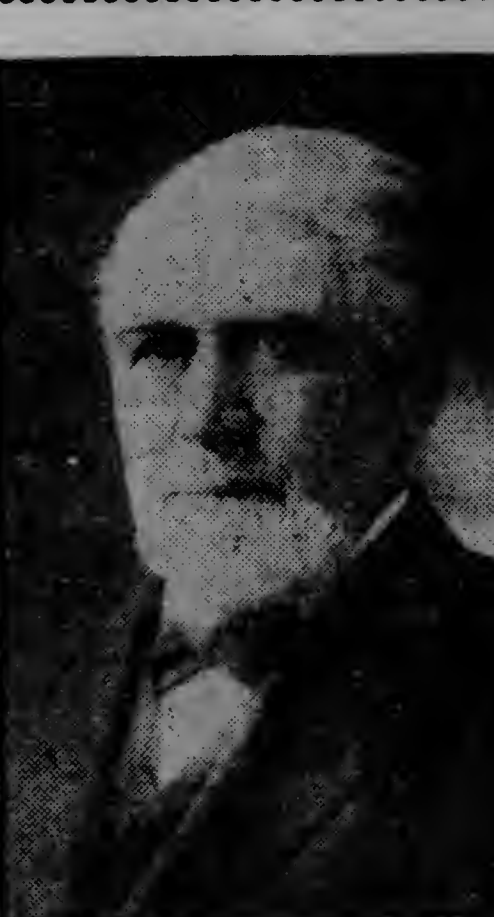

Immediately after his address Governor Marshall returned to his hotel, where he was to remain until his departure for Springfield, Ill., at 4 o'clock. He will address a Democratic gathering there tonight.

## CLAPP SETS DAY FOR ROOSEVELT

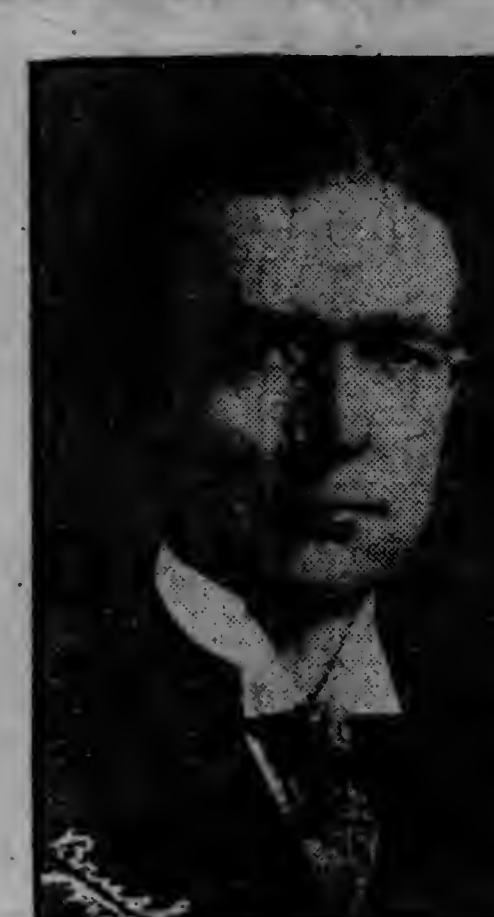

Will Quiz Him About Campaign Funds on Oct. 1.

Washington, Sept. 18.—Col. Roosevelt will reach Washington at 2:30 o'clock Tuesday afternoon, Oct. 1, according to a telegram received from the colonel's train today by Frank J. Hogan, Progressive leader in the District of Columbia. Chairman Clapp of the senate campaign expenditures committee will arrange for Col. Roosevelt to be heard that afternoon regarding the alleged contribution of \$100,000 by the Standard Oil company to his 1904 campaign fund.

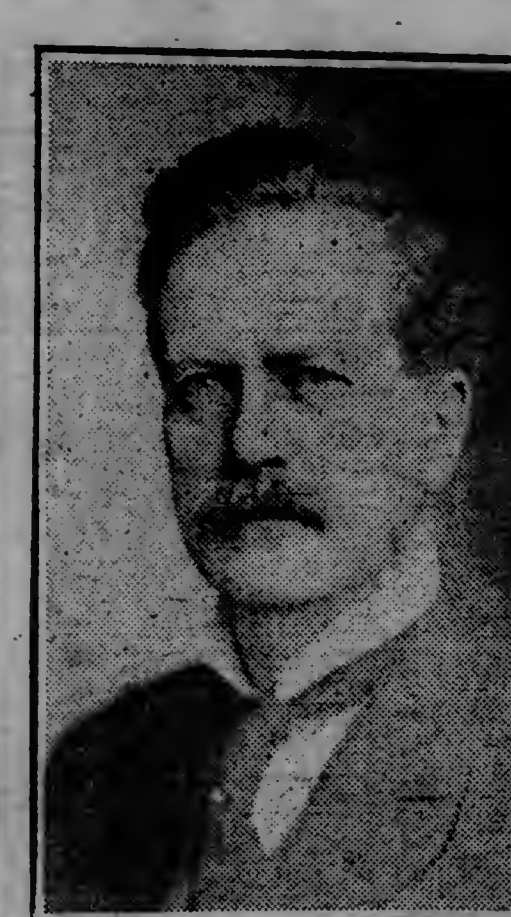

## LEADERS IN EARLY RETURNS FROM STATE-WIDE PRIMARY

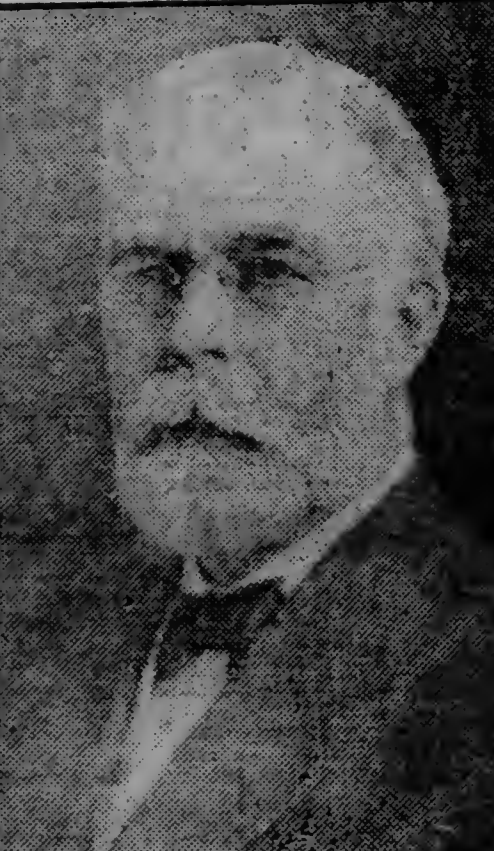

KNUTE NELSON Of Alexandria, Republican, for United States Senator.

ADOLPH O. EBERHART Of Mankato, Republican, for Governor.

P. M. RINGDAL Of Crookston, Democrat, for Governor.

LYNDON A. SMITH Of Montevideo, Republican, for Attorney General.

J. A. A. BURNQUIST Of St. Paul, Republican, for Lieutenant Governor.

JAMES MANAHAN Of St. Paul, Republican, for Congressman-at-Large.

## ROOSEVELT FOR VOTES FOR WOMEN

Tells Arizona to Adopt Suffrage—Colonel's Throat Giving Trouble.

Winslow, Ariz., Sept. 18.—On his way to New Mexico, where he is to make his appeal for the Progressive party before turning north to Colorado, Col. Roosevelt, passed through Eastern Arizona today. He was scheduled to make speeches in Albuquerque, Lamy and Santa Fe before leaving the state. One thing which Arizona needed, Col. Roosevelt said, was equal suffrage. "Woman suffrage is coming, and that within a few years, in the Eastern states," he said. "I don't want to see Arizona fall behind in this regard after setting the pace in other ways." Col. Roosevelt's physician, who is making the trip with him, largely for the purpose of treating his throat, told him today that he must be more careful of the use of his voice. Conversation with the train was in motion was barred, but Col. Roosevelt said he could not keep still all the time, and the doctor found it necessary to keep a close watch on his patient to make him obey the rules.

The strain of the long campaign has told on Col. Roosevelt and his voice was slightly husky, although he said that he felt "bully" with some of the hardest fighting of the campaign ahead.

**Rest of Four Mapped Out.**

Col. Roosevelt's tour from Denver onward, which was still undecided when he left New York, was settled upon today. He is to leave Denver Thursday night and go into Nebraska, speaking in Hastings, Lincoln and Omaha on Friday. On the following day he will go into Kansas with speeches at Atchison and Topeka. He will remain over Sunday in Topeka and then go into Oklahoma and Arkansas. His route then leads to Memphis, New Orleans, Montgomery, Birmingham and Atlanta, and then north to North Carolina. On the way he will stop over to speak in Baltimore and in due in New York at 7:30 on the morning of Oct. 2.

## CRUISER DES MOINES OFF COAST OF MEXICO

Washington, Sept. 18.—The cruiser Des Moines, the first American warship to appear on the eastern coast of Mexico in more than a year, is expected at Tampico today.

The state department made it clear that while United States warships were expected to extend protection to American or other foreign citizens in case local authorities could not protect them, their commanders have been strictly enjoined to take no part in the fight or quarrels incident to the revolution.

The Des Moines will cruise between Tampico, Vera Cruz and other Eastern ports.

## SENATOR NELSON AND EBERHART HAVE LEAD

Primary Returns Also Indicate Manahan Is Named for Congressman-at-Large.

St. Paul, Minn., Sept. 18.—(Special to The Herald.)—Election judges and clerks worked all night counting the ballots cast at yesterday's first state-wide primary for the nomination of candidates for state and county offices, congressmen and United States senator. While the returns still are incomplete and will not be finished before tonight, the indications are that the following have been nominated:

**REPUBLICAN.**

United States senator—Knute Nelson, Alexandria. Congressman-at-large—James Manahan, St. Paul. Governor—A. O. Eberhart, Mankato. Lieutenant governor—J. A. A. Burnquist, St. Paul. Secretary of state—Julius Schmah, Redwood Falls. Attorney general—Lyndon A. Smith, Montevideo. State treasurer—Walter J. Smith, Eveleth. Railroad commissioners—Ira B. Mills, Moorhead, and C. E. Elmquist, Rush City.

**DEMOCRATIC.**

United States senator—Daniel W. Lawler, St. Paul. Congressman-at-large—C. J. Buell, St. Paul. Governor—P. M. Ringdal, Crookston.

At 1 o'clock this afternoon the following returns from outside of St. Paul, Minneapolis and Duluth had been received:

Governor, 154 precincts—Eberhart, 4,160; Lee, 3,020; Young, 2,149; Gordon, 884; Spooner, 885; Falk, 301. Second choice—Lee.

## EVERY TWELFTH MAN "CRIMINAL"

Atlantic City, N. J., Sept. 18.—One man in every twelve residing permanently in Atlantic City has been accused of some crime and will come up for consideration before the October term of the grand jury, according to

## HALF THE PRECINCTS ARE STILL MISSING

Palmer and Calligan Running Close—Meining Probably Nominated—Vivian, Johnson and Dyer Winners.

Second Choice Will Determine Race for Coroner—Knapp and Healy Will Probably Win.

## PROBABLE WINNERS IN ST. LOUIS COUNTY

**REPUBLICAN.**

Congressman, Eighth District—Clarence B. Miller, Duluth. Representative, Forty-ninth District, Class 1—Fred W. Besette, Green. Representative, Forty-ninth District, Class 2—John A. Healy, Hibbing. Representative, Fiftieth District, Class 1—John R. Randall, Duluth. Representative, Fiftieth District, Class 2—Anton Borgen, Duluth. Representative, Fifty-first District, Class 1—Amos L. Warner, Duluth. County Auditor—Odin Halder, Duluth. County Treasurer—George H. Vivian, Duluth. Register of Deeds—Charles Calligan, Hibbing, doubtful. Sheriff—M. C. Palmer, Virginia, doubtful. County Attorney—John R. Meining, Duluth. County Attorney—Warren E. Greene, Duluth. Clerk of District Court—J. P. Johnson, Duluth. County Surveyor—A. E. Dyer, Hibbing. Coroner—C. F. McComb, Duluth. County Commissioner, First District—Alex Fraser, Duluth. County Commissioner, Third District—Walter A. Swanson, Duluth. County Commissioner, Fifth District—Charles Knapp, Duluth. County Commissioner, Seventh District—James Butchart, Hibbing.

**DEMOCRAT.**

Congressman, Eighth District—John Jensen, Jr., Duluth. Representative, Forty-ninth District, Class 1—S. Lekve, Hibbing. Representative, Forty-ninth District, Class 2—Luke T. Burns, Virginia. Representative, Fiftieth District, Class 1—E. R. Ribbeck, Duluth. Representative, Fifty-first District—William J. North, Duluth. County Auditor—Walter M. Johnson, Duluth. Register of Deeds—L. A. Gunderson, Duluth.

**PUBLIC OWNERSHIP.**

Congressman, Eighth District—Morris Kaplan, Duluth. Representative, Forty-ninth District, Class 1—D. E. Eklund, Hibbing. Representative, Forty-ninth District, Class 2—J. E. Foubister, Duluth. Representative, Fiftieth District, Class 1—C. F. Carlson, Duluth. Representative, Fifty-first District—William E. Towne, Duluth. County Treasurer—John G. Mattias, Virginia. Sheriff—M. O'Rourke, Duluth. Coroner—M. S. Hirschfeld, Duluth. County Commissioner, Fifth District—John Villa, Duluth.

**PROHIBITION.**

Representative, Forty-ninth District, Class 1—Lewis A. Simonson, Duluth. Representative, Forty-ninth District, Class 2—Charles Kangas, Pike. Sheriff—A. Housfield, Duluth. County Commissioner, Third District—Herb W. Wheeler, Duluth. County Commissioner, Fifth District—Carl T. Larson, Culver. County Commissioner, Seventh District—Gust Jarvi, Hibbing.

**NON-PARTISAN.**

Judge of the District Court, Eleventh District—Herbert A. Dancer, Duluth. Judge of Probate Court—S. W. Gilpin, Duluth. County Superintendent of Schools—N. A. Young, Eveleth.

Confusion reigns in St. Louis county as in the state today as a result of the first test of the new state-wide primary law, with the second choice provision.

Up to 3 o'clock this afternoon, fewer than half of the precincts outside of the city of Duluth had been reported, and only a few more than half of the city precincts.

Conclusions as to nominees may be reached only on pluralities of first choice votes reported. In the city of Duluth, the returns received early today indicated that not more than 15 per cent of the voters had used the second choice on state offices, and not more than 10 per cent had voted second choice on county offices. If that condition holds true through the county, the second choice will not upset pluralities reported on the first choice votes.

The closest contest and the one which now holds the greatest element of doubt is that between M. C. Palmer and Charles Calligan for the Republican nomination for register of deeds.

Up to 3 o'clock this afternoon the vote reported stood: Calligan, 2,121; Palmer, 1,849. J. E. Cooley is not a factor in the race, only as the second choice votes of those who voted for him may count.

The chances favor Palmer. Twenty-three Duluth precincts gave him 1,113 to Calligan's 586, and the big plurality given Calligan by the range towns, especially his home town of Stuntz, gave him the lead. The indications are that the returns from the other city precincts will give Palmer an advantage in first choice votes unless Calligan should develop unexpected strength in some parts of the city.

There is little doubt that John R. Meining's renomination for sheriff. Up to 3 o'clock the afternoon he had 2,115 to Pierce's 1,977 and McDonald's 470. (Continued on page 19, first column.)

## SEED CORN IN NORTH DAKOTA SAFE FROM FROST.

Fargo, N. D., Sept. 18.—(Special to The Herald.)—North Dakota seed corn supply is safe. A large amount had been selected prior to the frosts of last week. Last year good seed corn was very scarce.

Frosts have been general, and while some late flax and late corn were hurt, the damage in general was less than was looked for.

**Postmaster Is Arrested.**  
Fargo, N. D., Sept. 18.—(Special to The Herald.)—Frank Foster, postmaster at Bessie, Bowman county, was arrested today by a deputy United States marshal and arraigned before the United States commissioner at Bowman, charged with embezzling \$200 of government funds. He was bound over to the grand jury of the federal court.

**Weather:** Fair weather tonight and Thursday; probably frost to-night; warmer Thursday; light to moderate westerly winds.

## TRUST RUSE IS ALLEGED

**Secret Possession and Control of "Independents" Is Charged.**

**Contracts Introduced as Evidence Against Harvester Combine.**

Chicago, Sept. 18.—Contracts and other documents by which the International Harvester company is alleged to have formed and carried on a trust were introduced by the government today in its anti-trust suit against that corporation.

One of the eleven contracts showed that in the purchase of the D. M. Osborne & Co. plant at Auburn, N. Y., George W. Perkins had signed for the Harvester company. In this instance, the government charged, "for two years the defendant concealed and denied his association with the Osborne company, and operated the latter as an independent company. This was in pursuance of the defendant's policy, by denying ownership to use controlled companies to break down competition and secure for themselves the benefit of public sentiment against combinations."

In connection with the contracts the government's contention was similar. Masquerade as Free.

Edwin P. Grosvenor, special assistant attorney general, in introducing exhibits, said:

"The Osborne company was the largest independent manufacturer of harvesting implements in the United States in 1902, after the formation of the trust."

"The Harvester company, through Mr. Perkins, acquired control in January, 1903. This contract is signed by Mr. Perkins as chairman of the finance committee of the International Harvester company. The consideration paid was \$4,500,000. The government charges that the Osborne company for several years thereafter was masquerading as an 'independent' and widely advertised itself as the largest independent company in the country and independent of any trust."

**Contracts as Evidence.**

Mr. Grosvenor also introduced contracts alleging the acquisition by the Harvester company of the Keystone Miller company, Akron, Ohio; and the Minnie Harvester company of St. Paul, Minn.

Although it sold \$100,000,000 worth of farm implements, the International Harvester Company of America last year made only \$150,000 in profits, or 15 of 1 per cent, according to R. H. Mitchell, the president, who testified before Special Examiner Taylor.

Questions were asked by the government attorneys to show that the International Harvester Company of America was merely the selling agent of the International Harvester Company of New Jersey, and that the latter company was to make all the money.

One reason, Mr. Hastings explained, why the sale company made only \$150,000 while it sold \$100,000,000 worth of implements was that it was constantly expanding its business and expending large sums for advertising.

**RAILROADS**  
**CAR SHORTAGE**  
**SEEMS PROBABLE**

**Railroad Men State That Situation May Be Acute Very Soon.**

Duluth railroad men are of the opinion that there is going to be a car shortage. The immense growth of business and the steadily increasing

**Agent Optimistic.**

G. A. Mitchell, assistant general freight agent of the Northern Pacific railroad, is in the city today. Mr. Mitchell stated that the freight business on the Northern Pacific was very heavy at the present time, and also that the outlook for one of the West have enjoyed for some time is most excellent.

**MARINE**  
**FEW MORE TOURISTS.**

Duluth hotel men do not expect to receive many more tourists this year. The Octara which arrived yesterday, brought a considerable number of visitors, but by no means as many as it usually brings in the summer. Few more visits are still to be made at Duluth by tourist boats.

The season's season. These are the Tionesta, which is due to dock here on Sept. 19 and 20, the Junata on Sept. 24, and the Octara on Sept. 27 and the Hamilton on Oct. 1.

**New Furs 25% Discount During This Month.**

## CHANGE WAS SUDDEN ONE

News Tribune Has Landed With Common People at One Jump.

**E. M. Morgan States He Was Misquoted By the Morning Paper.**

E. M. Morgan, former assistant city attorney, is indignant at the willful and deliberate misquoting of an interview given last evening to the News Tribune just before his departure to the Twin Cities, where he will enter the state university as a professor in the law department.

In a long distance conversation with The Herald today Mr. Morgan declared that he wished the impressions which had been made by the misquoting to be corrected. "The reporter who quoted me with reference to the News Tribune and Herald misstated the facts. I said nothing of the kind," he said.

In the morning paper today, Mr. Morgan was quoted as follows: "Attorney Edmund M. Morgan does not believe that the city will find much trouble in taking over the property of the car company if the Mueller law of 1907 is declared constitutional following the attempt of the car company to have it declared otherwise."

"Mr. Morgan said: The Mueller law is known as an act to authorize cities to acquire public utilities and up to the present no city in Minnesota has had occasion to enforce it."

"In order to go ahead with the attempt to secure the public utility, it will be necessary to have the approval of three-fifths of the voters at a general or special election. This will do away with the need of the city asking the legislature for authority, and following the election, the city will be able to take over the property."

Commends News Tribune. "Incidentally, I wish to commend the attitude of the News Tribune in its policy relative to the strike. I have heard so much about the laboring man's friend and also that it goes into the homes of the middle class. I believe that the paper would be consistent and take up the cause of the strikers as the News Tribune has done. Instead, the evening paper has been for the company all the way through, and one who has kept in touch with the situation can see that this is so."

Mr. Morgan said: "The Herald in its policy relative to the strike, I have heard so much about the laboring man's friend and also that it goes into the homes of the middle class. I believe that the paper would be consistent and take up the cause of the strikers as the News Tribune has done. Instead, the evening paper has been for the company all the way through, and one who has kept in touch with the situation can see that this is so."

"The entire reference to the comparison of the newspapers in the strike which is now being made by the brain of a faithful reporter," declared Mr. Morgan, "is a whole lot of nonsense. There is not an atom of truth in the rest of what I was quoted as saying. The News Tribune was the one who said the rest of it."

## PRACTICAL TALK BY MCGONAGLE

**Y. M. C. A. Night School Students Will Hear Railroad President.**

The program for the educational rally that is to take place at the Y. M. C. A. next Monday evening in connection with the opening of the new school has just been enlarged by the addition of an address by W. A. McGonagle, president of the Duluth, Missisquoi & Superior Valley Railroad. McGonagle will address the gathering on "The Value of Education." His talk will be one of the main features of the evening. It will be right in line with the program of the school, which is to have the students impressed through address with the value of education. McGonagle will include in his address, business arithmetic, business English, business correspondence, spelling and lectures on commercial geography.

## WILL APPOINT TEN DELEGATES

**Mayor McCuen Wants Representatives for Irrigation Congress at Salt Lake.**

Mayor J. A. McCuen is in receipt of a message from George A. Snow, chairman Utah Board of Control, advising him that he is entitled to appoint ten delegates to the Twentieth National Irrigation congress to be held at Salt Lake City Sept. 30 to Oct. 3, and those wishing to attend this meeting are requested to send him their names. Mr. Snow states the congress is an assured success and promises to be the most interesting and important with the largest attendance since the congress was organized. An impressive program has been provided and many of the ablest men in the land will be present to discuss the various vital subjects that will come before the congress.

Salt Lake, the hostess city for the twentieth congress, has made extensive preparations for the entertainment and accommodation of delegates and guests.

The famous "Ode to Irrigation" re-

## DEDICATE NEW WICHITA CHURCH

**Cardinal Gibbons and Other Dignitaries Take Part in Ceremony.**

Wichita, Kan., Sept. 18.—Headed by His Eminence, Cardinal Gibbons, dignitaries of the Roman Catholic church from all parts of the United States were here today to attend the dedication of St. Mary's cathedral, said to be the finest church edifice in the Southwest.

The ceremonies, which began this morning with Cardinal Gibbons as officiating priest, Bishop John J. Hennessy of Wichita, celebrant, and

Archbishop John J. Glennon of St. Louis as orator of the occasion, are to cover two days.

Cardinal Gibbons was scheduled to review a church parade headed by a uniformed body of Knights of Columbus this afternoon. The program for tonight called for celebration of vespers by Bishop J. H. Thien of Lincoln, Neb., and a lecture by Archbishop Ireland of St. Paul.

The cathedral was erected at a cost of \$250,000 exclusive of furnishings. Among the prominent clergy scheduled to take part in the ceremonies were: Archbishop J. J. Keane, Dubuque, Iowa; and S. G. Messmer, Milwaukee; Bishops Austin Dowling, Des Moines, Iowa; Patrick F. Heffron, Winona, Minn.; Edward M. Dunne, Peoria, Ill.; Peter J. Muldoon, Rockford, Ill.; James Davis, Davenport, Iowa; Philip Garigan, Sioux City, Iowa; James Schwebach, La Crosse, Wis.; James McGorrick, Duluth, Minn.; and John Jansen, Belleville, Ill.

Dies From Knife Wound. Rugby, N. D., Sept. 18.—(Special to The Herald.)—Ed Ross, the young man who was stabbed by a man named Bullion, died of his injuries after several days of suffering. Just before he

died Ross gave his home address as Ontario street, Montreal, Que., where his mother still resides. The tragedy occurred on a farm three miles from Bisbee and the participants were members of a thrashing crew.

## BAKER WANTED

Solier and Industrious man who will buy half interest and take charge of a good paying wholesale bakery business. Address D 421, Herald Office.

## SWIMMER SHOT BY THE POLICE

**Alleged Copper Thief Killed Crossing the Allegheny River.**

Pittsburg, Pa., Sept. 18.—Bruno Figurski was shot to death in the Allegheny river while attempting to escape from a squad of policemen today. The body has not been recovered.

The police were searching for Figurski and a companion who were suspected of stealing copper from mills along the river, and came upon them as they rowed to a boat house. Figurski jumped from the boat and swam toward the shore. The police opened fire and the man went down. His companion, who gave his name as Adam Schultz, gave himself up.

## FALL OPENING AT GATELY'S

An attractive display of fall garments at Gately's store brought crowds there during the day who were interested in the showing of new and authoritative styles and fashions.

The windows with their showing of new men and women's fall clothing were a sample of what the various departments of the shop had to offer and the guests at the store today thoroughly enjoyed the exhibition. All up-to-date styles were skillfully arranged and the shoppers were able to get a good idea of what is correct for fall wear.

The latest models in coats and suits with the new fall effects, coats for street and evening wear, hats of good style and waists, petticoats and all the little accessories were all shown. The store was effectively decorated with autumn leaves and palms giving the autumnal atmosphere as a setting for the autumn clothing.

**MELLIN'S** made her big and bright

"Our little girl, who will be three years old the last day of July, owes her life to Mellin's Food and your many kind letters of advice. We tried other foods, but they failed to agree with her, as she had stomach trouble very badly. We had a doctor every few days, and when we were advised to try your food, we were almost in despair as to her living at all. She was six weeks old and so thin that we could hardly hold her. Then we put her on Mellin's Food and she began to gain in a few days, and from that time until now we have never had a doctor for her. She has been big and bright for her age and is the pet of all who see her. Her health is perfect and she is as happy as the birds. It has served her so well that we feel there is time enough to take it from her. We wish to thank you for all you have done for her and your many letters of advice to us."

Mrs. Telotte, 755 17th St., Detroit, Mich.

## SPECIALISTS OF "NEW CURE METHODS"

Methods of Treatments Revolutionized — Electricity Taking Place of Old and Honored "Dope Cures."

Patients Rapidly Getting Well. Doctors and Patients Talk Enthusiastically About Success of Cures.

Who did ever dream of a period where all the accessories of the drug-store and the old-time and honored medicines and dopes of all kinds would be dispensed with? That drug stores in order to make a living, have to take up general merchandise is an acknowledged fact. If half of it ever comes true of what people are cured with the aid of electricity, the "golden age" would not be far off. It is not that mankind desires to take "dopes," it is because of the country old customs that are being used to take medicines when sick.

Methods of treatments have indeed revolutionized since Crooks and Roentgen have found that the X-ray cures Cancers, skin troubles, Rheuma, and that the high frequency of electricity restores the nerves and builds up the rundown system better than anything else ever could. The Electro Medical Doctors of 25 West Superior street, in Duluth, are said to have done almost wonders with their Electro-Medical treatments. They claim that the electrons of their powerful electrical machines, are taken up into the system and that they break up the poisons of the diseases, in fact, one of the greatest scientists in this country has predicted that the evolution of healing diseases will be the next great invention.

The world is advancing so rapidly every day in this progress that the methods of our fathers are being cast aside as worthless and the old order of things is yielding to the new. We are very near to a most wonderful change—nature is full of amazing secrets that can be turned to our advantage now, the cause and problem is how to insure the health of man, so he will be able to thoroughly enjoy these blessings. Within the past year the great scientists have turned their attention toward the ways and means of assisting nature to carry on successfully her ceaseless struggle against chronic diseases. Electricity and mechanical devices have been invented for the purification of air and water, currents and rays have been discovered which are death to the different microbes of disease.

Medicine alone has found to be useless in the most of diseases. Scientific Doctors have spent years of their life in trying to find in electricity what medicine could not offer. Massage has been substituted for it, and hot air, hot water, and the use of knife and osteopathy have been able to cure rheumatism or stomach trouble. The most of all the panics of pain and suffering is not effected by any of the Electro Medical science has solved the problem, the Electro Medical Doctors have cured more diseases than old schools ever could. It has been found that certain electrical currents, such as the Electro-Radia which is employed by the Doctors at No. 25 West Superior street, Duluth, materially benefit the human body enabling the most stubborn and chronic diseases to be cured. This current sends a pleasant and soothing measure through the body, which soothes and gently excites the whole granular system, increased the secretion, aids digestion and sends a thrill to every sick organ and disease will leave the system as rapidly as electricity is sent through it.

### ISLE OF PINES, THE ONLY PLACE

I want everyone who has purchased land on the Isle of Pines from me, to see their land. I am going there on Jan. 4 next. I want you to go with me.

A party will leave Minneapolis on the same date. We can arrange to join them and have a jolly good time. Fare, \$10 round trip, via Chicago, Duluth, and Miami, Key West and Havana. All other expenses can be largely reduced by going with our party.

Talk to me now about it, whether you have purchased or not.

## ADMITS HE DID KILLING

Emil Kymalainen Allowed to Plead Guilty to Manslaughter Charge.

Prisoner Under Indictment for Murder Withdraws His Former Plea.

Emil Kymalainen, alias Emil Lindholm, indicted for murder, second degree, and charged with the fatal stabbing of Tom Kallio, will this afternoon before Judge Cant of the district court change his plea of not guilty to that of guilty to manslaughter, second degree.

Kymalainen has decided not to stand trial if he is allowed to change his plea under a lesser offense. County Attorney John Norton has consented to this and the matter will be up in court today.

For manslaughter, second degree, the sentence imposed by law is from five to fifteen years in the state penitentiary. The courts have no discretion in altering the sentence. He will be sent to state's prison on the indeterminate plan.

The prisoner admits that he stabbed Kallio, a resident of St. Croix avenue, at Belmont hotel, 705 West Superior street, on July 5 in a saloon under the Belmont hotel. Kymalainen insists that he struck in self-defense but does not care about going to trial.

This afternoon, a jury will be given the case of Robert Smith charged by the state of the crime of assault in the second degree. Smith is a negro and is accused of cutting one Gus Peterson, white, on the Lake avenue sidewalk a few weeks ago.

On the witness stand today, Smith put up the defense that he was acting in self-defense. He declared that he spoke to Peterson without calling him "nigger." It is claimed, started the fight. Peterson was not seriously injured and has since recovered from the knife wound inflicted by the negro.

## FALL STYLES AT GLASS BLOCK

Beautiful Display of Latest Effects in Gowns and Hats.

Autumn styles in all of the departments of the Glass Block store were effectively displayed today at the regular fall opening at that shop. Richly colored autumn leaves and palms added to the artistic effect of the display and hundreds of shoppers visited the store during the day to see what the fashions offered.

The shopper went first to the dress and suit department where hundreds of pretty gowns, on models and on the racks formed a bewildering display. Evening gowns of brocades, and the new popular charmeuse in white, tulle, brown, navy blue and black were used in evening and afternoon gowns. Pretty street dresses in effective models had their place in the display and among them the new spongy dress was prominent. This fabric is like the popular rayon only of wool and comes in the soft and delicate colors.

Sleeves in most of the frocks except the evening gowns were long, many made with the full falling over the hand and running up the sleeve to the elbow and the high waist line is used in most of the frocks.

Attractive evening coats of the new fashion feature of the draped fastening on the side were shown and street coats in the new "Johnnie cut" tailored coats and suits with the cut away, Robespierre and director's style which appear in all the styles this fall were of interest to the shopper. The set in vest of contrasting color is a new feature in some of the suits and gives an attractive effect.

The millinery department was full of interest and hats of the most stunning styles were shown on every side. The head of this department made the statement that the new shapes and styles vary so this fall that one can just choose what is becoming and still be in style.

Most of the hats are trimmed low and the under brim trimming is featured all through. Hats of soft rich velvet are perhaps fashion's choice for this fall. This season they can be trimmed in so many attractive ways that they are very practical.

The Postillion hat is a shape which is new and given good place this fall with sides rolling back to a medium high crown they give a nobby effect and may be trimmed plainly or elaborately as the taste of the wearer demands.

Fancy feathers, ostrich bands, plumes, fur and paradise aigrettes and the pheasant tail feathers are all good trimming materials this fall. One pretty hat shown was of black silk pressed over with low crown and white rolling brim with black velvet ostrich plumes put on under the brim close to the hair with just the tips curling over the edge of the brim on top of the hat.

The small hood shapes and velvet hats with soft satin crowns are good, many of them trimmed with plumes or soft feathers falling to the shoulder.

**Neckwear.** In the neckwear department chiffon and maribou ruffs for the neck and the Robespierre collars and ruffs were shown and in the glove department one of the newest style touches was the heavy black stitched backs on white or light colored gloves and white stitched backs on the light colored gloves.

The windows were skillfully arranged displaying gowns, hats, waists, coats and accessories for the fall wardrobe from every department of the shop.

## THIRTEEN KILLED IN WRECK IN ENGLAND.

Liverpool, Sept. 18.—Thirteen persons were killed and fifty injured by the derailing last night of the express from Chester to Liverpool at Dilton Junction, eight miles from Liverpool. One car was overturned and caught fire, and was soon consumed. Several bodies in this car were cremated. Some of the injured were rescued from windows.

The engine driver was crushed to death and the fireman had both legs broken.

Stores do not prosper just because they are stores—not even because they are GOOD stores. They must be "pushed" by publicity.

Nearly 500.....**Women's New Tailored Suits** Between **\$19.50 & \$75.00**

Buying a suit is not merely a matter of choosing a suit that pleases the eye. It's an investment in which figure a score of little details. Known or unknown to the purchaser, most women recognize good style at a glance. Their fingers may be trained to judge the grade of cloth, and the slightest departure from correct fit may not pass unobserved, but few women go beyond this. It takes merchandise training to get beneath the surface to know whether lining has as much wear as luster in it, to tell at a glance whether the suit will retain its shape to the last day's wear or whether it will "sag," "dip" or "slip" on the lining.

These are the points on which we pride ourselves—these are the qualities on which we have built the largest suit business in Duluth. Hundreds of beautiful new Autumn models have passed our test and are ready for safe and satisfactory choosing.

**Smart Tailored Suits—Special at \$19.50**  
Of fine men's wear serges, whipcords, diagonals and fancy mixtures. In navy, black, brown, gray, etc. All superbly tailored and lined with guaranteed satin.

Some are in the new browns, others in taupe, navy, prune, all-black and black-and-white, and embrace all sizes from the very small to the very large, with an almost endless diversity in crowns and brims.

**OPPOSE TAX ON INCOMES**  
Wisconsin Democrats Finally Agree on Their Platform.

**Make Paul Hemmy Chairman of State Central Committee.**

Madison, Wis., Sept. 18.—After a five-hour debate last night the Democratic platform convention adopted a platform and elected Paul Hemmy of Milwaukee chairman of the state central committee.

The platform adopted yields ground on two important planks adopted at the state convention in July at Milwaukee. It pledges the repeal of the income tax law and cuts off from the earlier platform the declaration against waterpower franchises in perpetuity.

The state central committee was composed as follows:

First district—Andrew J. Stahl, Rock county; A. J. Jensen, Kenosha county; H. J. Fisher, Jefferson county; William Joachims, Ozark county; A. G. Roethe, Iowa county; A. G. Schmedeman.

Fourth district—H. K. Wood, Milwaukee county; Peter Brzankai, Milwaukee county; J. M. Callahan, Milwaukee county; George Herman, Milwaukee county.

Sixth district—E. Wilark, Fond du Lac county; William Hornestead, Manitowish county; J. G. Rice, Monroe county; J. P. Burns, La Crosse county; Charles McDonald, Shawano county.

Ninth district—Joseph Martin, Brown county; P. A. Badour, Brown county. Tenth district—H. J. Kent, all of counties; Carl Cunningham, Chippewa county.

Eleventh district—F. A. Russell, Douglas county; T. A. Ryan, Lincoln county.

Warm Comforts, soft and light, either cotton or wool filling, in silkoline, satin and silk covering, priced from \$1.25 up.

**When Planning for Fall Don't Forget Challies**  
There is just the right degree of warmth that many require for cooler days, and the softness of the material lends itself to any fashion of graceful draping that may be preferred.

Because of their extremely beautiful patterns, the French Challies are generally preferred. These come with stripes, flowers and conventional designs—special, the yard.....**59c**

**Women's Leather Hand Bags**

Most of the bags are leather lined; values up to \$2.50, special at.....**\$1.00**

**SMALLPOX HALTS PUBLIC WEDDINGS**  
Serious Epidemic Is in Progress at Carbondale, Pa.

Scranton, Pa., Sept. 18.—A serious smallpox epidemic prevails in Carbondale, this county, seventy-nine cases having been reported during the last three weeks. Dr. C. J. Hunt of the state health department has been in charge of the situation and has forbidden public funerals and weddings in this city. Forty-five patients are at present under quarantine and infected houses are guarded by state police.

**GOOD BEET CROP.**  
Best Showing of Any Crop in Northern Wisconsin.

Marquette, Wis., Sept. 18.—(Special to The Herald.)—The sugar beet crop has withstood the season's varied weather and has matured more rapidly and satisfactorily than any other agricultural undertaking in the peninsula of Northern Wisconsin. This is the report of the field men of the Menominee River Sugar company who returned to the factory yesterday.

In all localities, with the exception of a very few where fields are exceptionally low, the crop has been surprisingly thrifty. Continued rains

which have brought great losses to speed crops, have had little ill effect upon the best fields and if the present favorable weather continues, it will be possible to begin operations at the sugar factory by the first of the month—or a few days earlier than usual.

**TWO HURT BY AUTO.**  
After Collision Autoists Run Away, Without Offering Aid.

Calumet, Mich., Sept. 18.—(Special to The Herald.)—While Peter McKinnon and Sam Gourd of the Mayflower location were driving a rig from Laurium to Red Jacket, an automobile, driven at a rapid clip in the opposite direction, collided with them. The buggy was demolished and the men thrown to the roadway. Gourd's leg was badly injured and both men were considerably bruised. The horse also was injured.

After colliding with the rig, the driver of the automobile, whose identity has not been learned, increased the speed of the car without stopping to ascertain how seriously the men were injured.

**BABE FATALLY SHOT.**  
Small Brother Fools With Gun and Sister Gets Full Charge.

Negaunee, Mich., Sept. 18.—(Special to The Herald.)—As the result of an accidental shooting, the 18-month-old daughter of Oscar Renta, a farmer who lives twelve miles south of Palmer, died at Dr. Robbins' hospital. The shooting occurred while the older members of the family were away from home. It seems that the 10-year-old son had taken a loaded shotgun down from its accustomed place and while he was examining it, the weapon was discharged, the little girl receiving the entire charge of buckshot about the upper part of her limbs and in the abdomen.

**SCROFULOUS TROUBLES**  
No truth is more forcibly manifested in physical life than the old saying "like begets like," for just as the offspring of healthy ancestry are blessed with pure, rich blood insuring good health, so the children of blood-tainted parentage inherit a polluted circulation which fosters a chain of scrofulous troubles. The usual signs of a scrofulous inheritance are swollen glands about the neck, weak eyes, pale, waxy complexions, sores and ulcers and general poor health. Treatment should be commenced at the first indication of Scrofula for it may get beyond control if allowed to run unchecked. S. S. S. is the very best treatment for Scrofula. It renovates the circulation and drives out all scrofulous matter and deposits. S. S. S. goes to the bottom of the trouble and removes the cause and cures the disease. S. S. S. is made entirely of roots, herbs and barks, and is an absolutely safe remedy for young or old. Book on the blood and medical advice free to all who write.

**TRAIN ROBBERS' LOOT IS LESS THAN \$100.**  
Chattanooga, Tenn., Sept. 18.—The two bandits who held up Southern Pacific passenger train No. 25, near Stevenson, Ala., early Tuesday morning, got less than \$100 according to best estimates available. They had nothing but registered mail, and did not search the four mail clerks in the car, who had \$400 in their pockets.

Search for the robbers is in charge of two postoffice inspectors, who have

good descriptions of the men, obtained from the mail clerks.

**"WATER WAGON" HAS POOR LUCK**  
Prohibition Automobiles Break Down at the Most Inopportune Times.

Duluth seems to bear a hoodoo so far as the Prohibition automobile campaign is concerned. The Prohibition state committee has two automobiles on the road holding street meetings. When the first of these cars was to be in Duluth a few weeks ago, it met with an accident several miles west of town and was unable to make the trip here.

The second car was due to arrive in West Duluth last night, and was to proceed up to the range today, returning Friday for Duluth meetings. Late last night word came that this machine had met with an accident near Finlayson, and could not take the road again for some days.

Oliver W. Stewart of Chicago, who was to be with the auto, will arrive by rail at 6:55 this afternoon. Mr. Stewart is said to be one of the foremost Prohibition orators on the American platform.

Arrangements have been made for him to speak at an open-air meeting at the courthouse square from 7 to 8 p. m. and at Woodmen hall in the West end, from 8 to 9 p. m. The Lygimint Norwegian Good Templar lodge will join in the latter meeting, holding their regular lodge meeting following the speech.

Charles Kangas of Pike, and L. A. Simonson of Duluth, Prohibition nominees for the legislature in the Forty-ninth district, will be at these meetings.

Tomorrow, Mr. Stewart, accompanied by Messrs. Simonson, Kangas and W. C. Dean, will go on an auto tour of the range towns.

MAN WHO SHOT LODGE MEMBER IS ACQUITTED.

## WEST END

HERALD BRANCH:  
Herman Olson, Manager, 1823 West Superior Street.

### NORWEGIAN ENDOWMENT FUND CAMPAIGN TO START OCT. 1

Dr. H. H. Hovde, president of the Duluth branch of the Norwegian National Centennial society, is appointing chairmen for every township in St. Louis county, preparatory to the launching of the campaign to raise Duluth's share of the \$1,000,000 endowment fund. The appointing of the men and the various committees is practically completed, he said yesterday afternoon, and it is expected that active work in securing the proposed \$1 from every Norwegian in the county will start Oct. 1.

The societies of Duluth last spring joined to assist in raising the national fund of \$1,000,000, which is to be given to the Norwegian people during the celebration of the 100th anniversary of the independence of Norway in May, 1914. The plan is to keep the poorer Norwegians in the county and to encourage their stay there by loaning them money. Dr. Hovde yesterday afternoon, is to secure \$1 from every Norwegian in St. Louis county. In this way the Duluth branch of the national society expects to get the local contribution to the fund. Although the campaign will cover the entire county, the active work will be done by West end Norwegians, who have organized in a general body. The vice presidents assisting Dr. Hovde are J. J. Moe, A. P. Hovde, A. L. Aplan and L. A. Simonson.

died Monday morning after an illness of over a year, was held at 1:30 o'clock this afternoon from the residence and at 2 o'clock from the Grace M. E. church. Twenty-second avenue west and Third street. Rev. George E. Silloway officiated and interment was at Forest Hill cemetery.

#### West End Briefs.

Charles Mork and Fred Larson are spending several days on a hunting trip near the Cloquet river. The Mission Circle of the Central Baptist church was entertained this afternoon at the home of Mrs. F. M. Mitchell of Hermantown. Mrs. Mitchell was assisted by Mrs. J. Herdige. Mr. and Mrs. Louis Nelson and family of 219 North Nineteenth avenue west have returned from a short visit with relatives at Coleraine, Minn. Mr. and Mrs. C. B. Nunan of 324 North Twenty-fifth avenue west will return today from Calgary, Ont., where they have spent the past two weeks with relatives. The Sunday school board and teachers of the First Swedish M. E. church met last evening at the home of Charles Peterson, 2525 West Second street. The Women's Home and Foreign Missionary Society of the First Swedish M. E. church, Twentieth avenue west and Third street met in the church parlors last evening. The Willing Workers of the Central Baptist church, Twentieth avenue west and First street, will entertain at a moving picture show Friday evening. Rev. H. B. Ferry of the Alouez-Itasca mission will conduct services Friday evening at Woodmen hall, Twentieth avenue west and First street, will entertain at a moving picture show Friday evening. The Delta Gamma club was entertained last evening at the home of Miss Edna Shaw, 2225 West Third street.

### BOY'S ESCAPE IS MIRACULOUS

#### Runaway Team Dumps Wagon and Load of Lumber on Him.

Ray, N. D., Sept. 18.—(Special to The Herald).—Charley Corville, the young son of Silas Corville, miraculously escaped death when his team ran away, plunging into a wire fence and tipping the wagon and entire load of lumber onto him. The horses became unmanageable when hit by a slipping plank as they were going down grade. Corville is confined to the hospital with a deep gash in his head and the fleshy part of his leg is cut to the bone, while his entire body is scratched by the wire and splinters.

#### NINETY SMALLPOX CASES IN PITTSBURG.

Pittsburg, Pa., Sept. 18.—Additional smallpox cases were reported to the department of health yesterday and brought the total to date to 90. Of this number, 19 have died, 16 have been dismissed from the municipal hospital as cured and the remainder are under treatment, including Dr. E. R. Walters, director of public health, who contracted the disease while fighting it in the foreign quarries. Two cases from Wilkesburg, Pa., and one from Carnegie, Pa., have been taken care of by the Pittsburg authorities. Dr. J. F. Edwards, in charge of twenty city physicians, expressed the opinion that the situation is well in hand, since the city is sparing no effort to prevent an epidemic.

#### STONE QUARRY MEN IN ILLINOIS STRIKE.

Joliet, Ill., Sept. 18.—Three hundred workmen employed in the Joliet stone quarries went on strike yesterday, when their demand for an increase of from \$2 to \$2.25 per day was denied. One hundred and fifty men employed by the Western Stone company started the walk-out and later induced the quarry men of the National Stone company and several smaller quarries to lay down their tools. A shortage of stone furnished the contractors in Chicago and other cities is threatened if the strike continues as there is no stone at hand.

### COLLIDES WITH CAR

#### Automobile Truck Crashes Into East Fourth Street Car.

#### Quick Work of Driver Saves the Passengers From Injury.

Serious injury to many of the passengers of an East Fourth street car was successfully averted yesterday afternoon by the quick work of William Lindero, driver of the Fitzsimmons-Palmer automobile truck, who swerved his machine from going head-on into the street car.

Dondino was coming down Twentieth avenue west and was about to turn into Superior street, when he saw an approaching westbound East Fourth and Grand avenue car. He had blown his whistle, he said, while on Twentieth avenue, but the motorman had failed to reduce the speed on the car and kept on going. Dondino, realizing the danger of a head-on collision, swerved his machine and struck the car a glancing blow on the side.

None of the passengers were hurt, with the exception of a general shake-while the motorman, H. W. Brown, was thrown to the floor of the vestibule. The car fender was smashed and the side of the automobile was torn off. The headlight was broken off and the step and cranks were torn from their sockets. Dondino was able to run his machine back to the city, after temporarily patching up the broken parts.

Dondino has been working for the Fitzsimmons-Palmer company for some time and is considered an able driver by the company. He resides in Superior at 722 Towner avenue.

#### Lecture on Travels.

Rev. M. S. Rice, pastor of the First E. Church, will give an illustrated lecture Friday evening at the Grace

### WILL ADVERTISE

#### Homecroft Work West End Garden Campaign to Be Featured in Magazine.

George H. Maxwell, who has taken an active interest in the homecroft work in Duluth, will devote a special section of his homecroft magazine, The Tullman, to the work of the West End Commercial club in its campaign for gardens and the West end public market.

Mr. Maxwell visited the market place this morning as the guest of Dr. O. A. Oredson, chairman of the garden committee and father of the movement in this end of the city. Mr. Maxwell is being taken in the market by both the residents and farmers. The stands were well filled this morning and a large number of housewives took advantage of the market day.

The work of the club in the recent prize garden contest will also be featured by Mr. Maxwell in his magazine next month, and in November. A special feature section with photographs of the gardens and the prize-winners, will be included in the November number of the magazine. Mr. Maxwell has been invited to take part in the presentation of the prizes Oct. 24, when a meeting will be held at the Woodmen hall, Twenty-first avenue west and First street. At that time the prizes will be awarded and a program of addresses and musical numbers featured. Mr. Maxwell stated that he will speak at the meeting, if he is in the city at the time.

#### Entertains at Luncheon.

Mrs. George M. Jensen of 2117 West First street entertained at a luncheon yesterday afternoon in honor of Mrs. J. Madison, who will leave in a few days for Seattle, where she will join her husband. The rooms were decorated with American beauty roses. Covers were laid for sixteen.

#### Wilton Funeral.

The funeral of Thomas J. Wilton, 57 years old, 2701 Railroad street, who

## The Glass Block Store

"The Shopping Center of Duluth"

Sale of Potted Plants in Basement

### Formal Fall Opening Days Over the Selection of Fall and Winter Apparel Begins

#### A Notable Exhibit of Rich New Dress Trimmings

—Such a wonderful line that two big display windows will be devoted the remainder of the week to what is perhaps the richest display of dress trimmings ever shown in Duluth.

—These exquisite trimmings are a direct importation and typify the very highest art of dress adornment, which the French know so well. So beautiful are the combinations of crystal, pearl, rhinestone, cut steel and chenille, so wonderful the colorings that it seems fairy hands must have designed and planned them.

—There are bands of various widths and separate ornaments, priced, the yard, at from \$9 to \$20.

—Also there are beautiful spangled and jeweled tunics or overdresses of such splendor as would grace the ball gown of a princess.

—This display has been planned for the double purpose of being informative and of showing the scope of our dress trimming service.

#### The New Millinery Modes Are Charming, Indeed

—There's an enticing charm to most every hat. One involuntarily says to oneself "Could the styles be more beautiful?" A glimpse at the new models is reminiscent of the Louis XIV and XVI periods, of postillions and great carriages. The postillion is one of the most popular shapes shown.

—But to suit the face, figure and fancy of every woman there are models that will have equal popularity. Chic little turbans, Madonnas, sailors, drooping shapes and others with abrupt breaks in the lines are in evidence.

—Velour, plush and velvet shapes have most vogue and paradise, fancy feathers and ostrich are foremost trimmings. Colors are black and white, blue, seal brown, taupe and brass and gold.

### The Fall Apparel Modes Have Wide Diversity

—Fashion arbiters have gone back to the Louis XIV and Louis XVI and Directoire periods for the inspirations in much of the new apparel. The vests, revers, cutaway effects, sashes and the Robespierre collars are adapted from men's wear of that time. The paniers, draperies, pleated flounces and long sleeves are influences from the same periods. But no one period dominates. Modes are a composite of many periods.

—The suits run an interesting gamut of styles from the plain tailored mannish serge to the artistically trimmed velvet or velour models. There's many clever ideas developed in the straight or cut-away coats which may have the Robespierre collar or the plain revers. Never were there such becoming styles of such pretty materials.

—The coats give expression for countless designing ideas whether they be the full length models or the dashing new three-quarter length "Johnny" coats. The most thought of materials are boucle, chinchilla, zibeline and moutonac cloths.

—For afternoon and evening wear the crepe and charmeuse dresses have first showing, some in side draped effects and some on plain lines. The Robespierre collar is shown in most styles.

### 2 Cents a Day Now for Reading the New Fiction

—The reading fee of our Circulating Library has been reduced from 10 cents a week to 2 cents a day.

—We have had many requests for a "per diem" charge instead of the weekly rental and we believe this new system will prove advantageous to all members.

—Many new titles of the recent fiction have been added to the library and enough copies of each have been listed.

—Many new titles of the latest fiction have been added among which are the following—

"Fraternity," John Galsworthy.  
"Tante," Ann Douglas Sedgewick.  
"Street Called Straight," Basil King.  
"Little Gorkey," Hunger Ford.  
"Sally Into the Sioux."  
"The West Wind," Brady.  
"Unknown Woman," Warrick.  
"Pleasures and Palaces," Thompkins.  
"Penitent," Rene Bazin.  
"Mrs. Eli," Olmstead.  
"Mystery of the Boule Cabinet," Stevenson.  
"Mystery Queen," Hance.  
"Wireless House," Arthur Twain.  
"Peter Ruff," Oppenheim.  
"Ealing Miracle," Newte.  
"Fourth Physician," Pickett.  
"Their Yesterdays," Harold Bell Wright.  
"The Luck of Ratchcoole," Jean Gould Lincoln.  
"In the Shadow of Islam," Demetra Vaha.  
"The Heart of a Woman," Baroness Orczy.  
"The Sign at Six," Steward Edward White.  
"Where There is a Will," Mary Roberts Reinhart.  
"Bracken," John Travena.  
"John Percyfield," Henderson.  
"Lighted Lamp," Henderson.  
"White Waterfall," Dwyer.  
"The Hollow of Her Hand," Geo. Barr McCutcheon.  
"Man in the Open," Pocock.  
"Officer 666."  
"The Devil's Wind," Wentworth.  
"Voice of Silence," McLaren.  
"Beyond the Law," Alexander.  
"The Joyous Wayfarer," Jordan.  
"Chronicles of Avonlea," Montgomery.  
"Eves Triumphant," Coleraine.  
"Pleasuring of Susan Smith," Winslow.  
"The Way of an Eagle," E. M. Dell.  
"The White Shield," Myrtle Reed.  
"The Net," Rex Beach.  
"The Gleam," Albee.

### Here Are the Winners of the "BABY WEEK" Weight Contest

—The winners in the first "BABY WEEK" weight contest are given. During the week something over 300 babies were weighed, which is a very good showing considering the fact that owing to the street car strike the car service was inadequate and prevented many mothers from coming.

—During the week babies from outside Duluth were weighed from Two Harbors, Superior, Port Huron, Michigan; Proctor, Virginia and Detroit. The youngest baby weighed was the winner in Class "A" and a number were weighed who were 18 months and over.

—Here are the winners—

CLASS "A"—Heaviest and lightest baby up to 6 months old.

Name	Parent's Name	Address	Age	Weight
Alton Bouchard	Mrs. Z. Bouchard	1132 1st Av S	1 wk.	8 lb. 3 oz.
William Gulbranson	Mrs. A. Gulbranson	2721 W 2nd St.	6 mo.	24 lb. 12 oz.

CLASS "B"—Heaviest and lightest baby 6 months to 1 yr. old.

Name	Parent's Name	Address	Age	Weight
Jane Elizabeth Cole	Mrs. H. D. Cole	10 Barrington	9 mo.	13 lb. 10 oz.
George Sandstrom	Mrs. M. Sandstrom	704 26th Av W	12 mo.	27 lb. 11 oz.

CLASS "C"—Heaviest and lightest baby to 18 months old.

Name	Parent's Name	Address	Age	Weight

### BUILDING RECORD ESTABLISHED DURING PAST THREE MONTHS

From present indications the Ramsey building at the corner of Fifty-seventh avenue west and Grand will be finished by Oct. 1.

The Ramsey building is the largest structure erected in West Duluth for some time, having a frontage of 75 feet and a depth of 100 feet. The structure is being erected by B. A. Ramsey and will be occupied upon its completion by the Mohaupt Bros. Five and Ten Cent store. The building is two stories high, the second floor being arranged for offices and flats. Work on the structure was started last fall, but stopped when the cold weather set in. The cost of the building is estimated at \$40,000.

In addition to the Ramsey building, the activity in construction work the past summer is believed to have set a new record in this end of the city. More new structures and dwellings have been erected the past three months than during the corresponding period in any previous year.

N. F. Nelson has already started work on the superstructure of his building at the corner of Fifty-seventh avenue west and Grand, just opposite the new Ramsey building. The structure will be three stories high and will join the present hardware store, part of which was taken down last spring on account of the opening of Ramsey street. The entire building will now have a frontage of 15 feet on Grand avenue and will run the same distance on Ramsey street. The building will cost \$20,000.

Johnson Bros. recently completed their new bakery at the corner of Fifty-seventh avenue west and Wadena street. The building cost \$15,000 and is occupied by the Johnson bakery. The structure is two stories high and has a frontage of 30 feet on Grand avenue.

Swanson brothers of the West end have just finished erecting a number of houses on Grand avenue between Fifty-seventh and Fifty-eighth avenues and at Forty-seventh avenue west. The houses are two-story frame residences and cost \$2,000 each. They have all been sold to workmen on easy payments.

Twenty houses are being built at New Duluth by the steel company for the benefit of its employees. The houses will average about \$2,000 each and will be rented to the employees of the company as soon as they are finished.

Plans for a one-story lodge hall are now being made by Abraham Holstead, architect, for the Swedish-Finnish Temperance society at West Duluth. The building will be located at the corner of Fifty-fourth avenue west and Ramsey street and will cost about \$15,000.

The Midway Swedish Lutheran church will build a new structure next spring. Subscriptions for the building fund were donated by the members of the church, and the plans for the building are now being made. The building will cost about \$7,000 and is expected to be ready for use by next fall.

Edward Dornedy is planning to add an addition to the Dornedy building, Central avenue and Ramsey street, and to build a three-story brick building next to the present structure on Central avenue. The entire improvement will cost about \$50,000.

With the activity on the paving work in the business section of West Duluth and the recent construction of the Carnegie library at a cost of \$20,000, this end of the city has gone through considerable building during the past summer.

### PLANS COMPLETE FOR SCHOOL FAIR

First Annual School Feature  
Opens Thursday Afternoon.

The first annual industrial fair and garden exhibit will be held by the children of the City of West Duluth beginning tomorrow afternoon. Exhibits have been entered in practically every line of work that has been taken by the school children. Several have made entries in domestic work, garden, produce and poultry. The exhibits will be judged by C. E. Roe, secretary of the Duluth Homecroft society, W. B. Getchell and P. H. Martin, who will inspect the garden and manual training displays. Mesdames T. F.

Olsen, I. J. Hirsche and M. J. Pilla-trault will judge the domestic exhibits. Benjamin Wood will act as poultry judge.

Mr. Roe will give an illustrated lecture tomorrow afternoon in the assembly hall, following the address the ribbons will be awarded to the prize winners by Mesdames Getchell and Martin, who represent the West Duluth Commercial club.

The teachers of the school will act as hostesses at the fair tomorrow evening. Everyone is invited to attend the fair tomorrow evening and to take part in the program. Mesdames Emil Zaut and D. C. Wakeman will serve tea and the eighth grade girls will serve. Friday afternoon will end the fair, when children from the other schools will be the guests of the local children.

### FALL BANQUET NEXT TUESDAY

New Duluth Club Will Entertain for Members and Families.

The New Duluth Commercial club will entertain at a banquet and dance next Tuesday evening for its members and their families. The affair will be held at the Beckinger hall.

Arrangements for the annual fall gathering and entertainment were made at the regular semi-monthly meeting of the club last Tuesday evening. The executive committee is arranging the various features of the evening, which will include a program of addresses and musical numbers following the banquet. One of the local church societies will serve the dinner at 6:30 o'clock.

Following the program of addresses the members will gather in the larger hall, where the evening's entertainment will conclude with a dancing program. A local orchestra will furnish the music during the evening.

### BASEBALL TEAM CLOSES SUCCESSFUL SEASON.

The New Duluth baseball team has just closed a most successful baseball season. The team was victorious in the majority of its games and succeeded this year in keeping the management from getting into any financial difficulties. The officers of the team for the season were: Frank Wach, manager; C. W. Peters, secretary, and U. C. Tower, treasurer. The board of directors were: Walter L. Dash, H. W. Connor, L. A. Root, J. O. Johnson and H. A. Fair.

W. C. T. U. Meeting.

Mrs. E. Robinson of Park Point will entertain the West Duluth branch of the W. C. T. U. here tomorrow afternoon. "The Influence of the Press" will be discussed by Mrs. E. F. Olsen. Mrs. Robinson will be assisted during the afternoon by the Mesdames I. F. Swangle and W. H. Hunt. Plans will be made for a rummage sale in the near future.

Ladies' Aid Meeting.

Mrs. S. J. Nygren of 5521 West Sixth street entertained the Ladies' Aid Society of St. James' Catholic church at her home this afternoon. Plans were made for the annual sale of the society, which will be held on Saturday, Sept. 22, at the home of Mrs. Nygren.

Rummage Sale.

The Ladies' Aid Society of the West Duluth Baptist church, Fifty-ninth avenue and Grand street, is conducting a rummage sale this week at 5514 Grand avenue. The women are: Mesdames M. E. Allen, T. B. Jones and George Little.

Thursday Market Day.

Tomorrow will be the regular market day at the West Duluth public market. A large number of farmers are expected at the stands and with the growing popularity of the market place they will have little difficulty in disposing of their produce. The stands will open at 7 o'clock and the sale will continue as long as the produce lasts.

West Duluth Briefs.

Mr. and Mrs. Harry W. Lanners of 616 North Fifty-seventh avenue west have returned from a two week visit with relatives at Stillwater, Minn.

Mrs. I. Sidel and son, Clarence, of 615 North Fifty-seventh avenue west returned yesterday from a two month visit with relatives at Kingston, Ont.

St. Luke's Guild of St. Peter's Episcopal church has postponed its meeting tomorrow until the following Tuesday.

The Ladies' Aid Society of the Central Baptist church, Twentieth avenue west and First street, will have a rummage sale on "The Appeal of the Past."

Mrs. R. A. Polers of Stillwater is spending the week with relatives at Detroit, Mich.

For Sale.—Abrahamson's 8-room modern home and household goods, very cheap; leaving city next week. Call at once, 606 North Fifty-seventh ave. W.

Mrs. A. Pearson of Lake Nebagamon, Wis., is a guest this week at the home of her sister, Mrs. Edward Swenson, of Smithville.

The Young People's Society of the Swedish Mission church will be entertained tomorrow evening at the home of Mrs. E. Erickson, 627 South Fifty-sixth avenue west.

Miss Michael McDowell, Dora Clark and Myrtle Clark returned yesterday from a camping trip at Horse-shoe lake.

Watch repairing, Hurst, West Duluth.

REPUBLICANS UNITED TO ELECT WILSON

San Francisco, Cal., Sept. 18.—The California branch of the Wilson National Progressive league was organized at a meeting here. The members pledged themselves to aid in electing Woodrow Wilson and thereafter to continue as progressive Republicans to back the high within our party against all political bosses and all privileged interests.

The following officers were elected: President—William E. Smythe, San Diego.

Secretary—Ray W. Rider, San Francisco.

Treasurer—C. H. McCormick, San Francisco.

Electoral struggle in S. D.

Pierre, S. D., Sept. 18.—Arguments were presented in the supreme court yesterday on the right of Roosevelt electors to hold the places at the head of the Republican state ticket.

The main issue raised by affiants was that no legal selection of electors was made by the board.

The opposition counsel will take the position that neither candidates for electors nor any Republican of the state is bound by action of the Chicago convention nominating Taft and Sherman.

Canvassers Named.

Secretary of State Julius Schmall today announced the state canvassing board, which will meet Sept. 24 to canvass the returns of election as reported by the county auditors. The board will be composed of Julius Schmall, ex-officio; Justice Brown of the supreme court, Wilbur Bonth of Minneapolis and Judge James F. Quinn of Fairbault.

## MAY CONTEST NOMINATIONS

Several Counties Report Confusion in Counting of Votes.

State Board of Canvassers Will Meet on September 24.

St. Paul, Minn., Sept. 18.—(Special to The Herald.)—From inquiries received today at the office of Attorney General Smith, it is quite probable that contests will be instituted in a number of counties on the governorship. It is reported that in many places judges have counted the votes irregularly, confusing first and second choice votes.

One specific request for a ruling on the method of getting a revise on the vote was asked today by the county auditor of Benton county, and Attorney General Smith ruled that the only way a recount of the actual ballots can be secured is by the institution of a contest in the district court. If such contest be started, then the judge shall appoint a board of inspectors who will open the ballots and recount them. Without such a contest, it is held, the county commissioners as a board of review must accept the returns reported by the judges of election, without going back of them to ascertain whether they were correctly computed.

Besides governor, it is anticipated there will be contests instituted by other officers.

Public Health Men Meet.  
Washington, Sept. 18.—The fortieth

annual convention of the American Public Health association got away here today. Dr. Harvey W. Wiley is to address the delegates this evening.

**SUING CITY FOR \$2,400 DAMAGES**

Joseph Engels Wants Money Balm for Fall on Slippery Sidewalk.

In district court this afternoon, the case of Joseph P. Engels against the city, a personal injury action to recover \$2,400 was given to the jury. Engels claims that last January he fell on an icy sidewalk at Fourteenth avenue east and Fourth street, sustaining injuries to his arms, shoulders, back and head. He is a local real estate man. The case was tried before Judge Ensign.

In Judge Dibel's court today, the S. L. Boutin Fish company is suing the

Duluth Machinery company for \$2,081.76 for a three months' delay in the delivery of a marine steam engine for a fishing tug. The defendant has put in a counter claim for non-payment for the machinery. The case may go to the jury this afternoon.

**CHICAGO MAY YET HAVE STREET CAR STRIKE**

Chicago, Sept. 18.—New possibilities of a street car strike developed when the joint committee handling the union street car men's affairs decided to hold the Chicago Railways company responsible for any trouble which may occur between the County Traction company and its employees.

This action was based on the ground that the Chicago Railways company is the real owner of the County Traction company, according to the labor leaders. The difficulty between the County Traction company and the union men came when President Emil G. Schmidt refused to recognize the union. President Schmidt said he would recognize an organization of his own employees, but he did not want to deal with a local, most of whose men were employees of another company.

The County Traction company operates a system of lines in the suburbs and employs about 200 men.

## APPROACHING BALDNESS MAY BE CHECKED BY USING NEWBRO'S HERPICIDE

We frequently hear a hair preparation referred to as a "cure" for baldness. Just exactly what is meant by it in each instance is a question. Baldness is not a disease and hence does not permit of a cure. It is a result invariably to be traced to the dandruff germ and the condition has become chronic, that is, if there is complete atrophy of the hair follicles, a "cure" is absolutely impossible.

Soft, glossy, fluffy hair cannot grow in a scalp infested with dandruff any more than a delicate plant can grow on an ash heap. The scalp must be kept clean, free from dandruff and in a healthy condition. The superior merits of Herpicide as a hair preservative and beautifier are well known and it receives the highest endorsements from professional men, stage folk and the best people everywhere.

Newbro's Herpicide is sold at all toilet goods counters in 50 cent and \$1.00 sizes. Your dealer will guarantee it to do all that is claimed or refund your money. Applications obtained at all first-class barber shops and hair dressing parlors.

Send 10 cents in postage or silver to cover cost of packing and mailing to the Herpicide Co., Dept. S, Detroit, Mich., for a sample bottle and valuable booklet on the care of the hair.

# Immense Realm

Suffragists of the city will have a chance to meet Edward J. Ward, who is interested in the cause as well as social center work, at a special reception which has been arranged for him for Saturday afternoon from 4 to 5:30 at the Commercial club by the local women's suffrage association.

"Mr. Ward," said Mr. McCoy, president of the local association, "is almost as noted for his pamphlet, 'Women Should Mind Their Own Business,' as he is for his social center work. The pamphlet tells why some civic affairs are women's business and how necessary it is for them to 'mind their business.'"

The dinner at the Commercial club Friday evening will be attended by a large number of the men and women of the city interested in social center work as a large number have already signified their intention of taking this chance, which the public welfare board has arranged, to hear Mr. Ward, and mothers and fathers, teachers and all interested in the cause will hear Mr. Ward at the big free mass meeting Saturday evening at the assembly hall, the Central high school which is open to everyone.

Mr. Ward will also give a short talk at the Saturday afternoon suffrage reception on woman's suffrage and some of its phases.

## CULB WOMEN IN CRUSADE.

### Will Be Led By Virginia Brooks Against Chicago Vice.

Chicago, Sept. 18.—Chicago women have banded themselves under the leadership of Virginia Brooks, West Hammond's girl reformer, for a giant vice crusade to end only with the emancipation of enslaved girls found in the disreputable districts of this city.

Club women and working girls will be found in the legions following the modern Joan of Arc in her march upon the city's organized vice as soon as the West Hammond crusade is ended.

The names of the women who will make homes for girls, who have heretofore been the prey of police grafters, unscrupulous men and immoral women, have been withheld. The plan includes secrecy as far as possible in the interest of the women to be rescued.

## "U" OPENS.

### Dr. Powell Delivers Benediction.

The following notes in regard to the opening of the University of Minnesota, given in the St. Paul Dispatch, will be of interest to parents and friends of the many Duluth students who have gone down to that institution for study:

"A continuous line of students that jammed the corridors of the library building at the University of Minnesota this morning filed past the windows of the registrar's offices to enroll in the various colleges.

"Registrar E. B. Pierce could give no figure as to the number of students to say that many freshmen students have been turned down because of lack of money in their high school credits. It is expected that the freshman registration will be much lighter than last year.

**Fees Paid by 2,000.**

"The number of students who have paid their fees this morning exceeded 2,000.

"The university will open formally tomorrow, when classes will be held, and a convocation of all students will be addressed in the Army by President.

Miss Aschebelle Ryan of 614 Twenty-fourth avenue west is visiting at the home of Mrs. Paul Sabel at St. Paul.

## AMUSEMENTS

### TONIGHT'S ATTRACTIONS.

ORPHEUM—Vaudeville.

OLD FAVORITE BY SHEEHAN COMPANY

Still retaining its charm of many decades, "The Chimes of Normandy" is presented at the Lyceum theater last evening by the Sheehan English Opera company. The delightful and tuneful opera by Robert Planquette, although first produced in 1877, is made as new by the splendid work of the principals.

Although the audience expected to hear Joseph P. Sheehan in the role of Henri, the Marquis of Cornville, Joseph Royer sang the part last evening and made a lasting impression with his solo numbers. Although the part was much lighter than the one of "The Trovatore." Her admirable change in characters was well received by the audience.

She particularly displayed her versatility in her trio number in the second act with Messrs. John L. Dickinson and William J. Jorgensen.

Miss Booth sang the role of Germaine, sang the pretty waltz of Gaspard into the hearts of the audience. She was backed up with a cold but her rendition of "The Legend of the Chimes" was as pleasing as it was convincing.

The other roles were capably handled by John L. Dickinson as Grenacheux, the young fisherman, and William J. Jorgensen as the Bailiff. The chorus of villagers and coachmen sang splendidly and the "Fair Scene Chorus" at the end of the first chorus deserves special mention. The special orchestra also deserves a paragraph, as the minor members of the cast, all of whom aided in presenting a well rounded performance.

**At the Orpheum.**

Twice a day for seven days a week, George H. Watt, who is at the Duluth Orpheum this week, maintains a shock of 20,000 volts of electricity, the same current that is used in the electric chair at Sing Sing.

How he is able to do this he does not know. Doctors who have examined him have been unable to tell him. Watt is a German and is perfectly normal physically, so far as they can discover, and yet he is able to receive an electric shock of such capacity to absorb electricity when but a small boy. He actually came in contact with a wire carrying a high voltage, and his father who was with him at the time, frantically rushed to his aid, expecting to find the boy dead. He was unharmed. Watt has experimented with high voltage currents, and up to 10,000 volts is not visibly affected by them. He admits all the full 20,000 volts in the electric chair dazes him for a minute, but he says it is all gone as soon as the current is turned off.

Mr. Watt is a German and has been in this country but a few weeks. He does not speak English.

**At the Orpheum.**

Twice a day for seven days a week, George H. Watt, who is at the Duluth Orpheum this week, maintains a shock of 20,000 volts of electricity, the same current that is used in the electric chair at Sing Sing.

How he is able to do this he does not know. Doctors who have examined him have been unable to tell him. Watt is a German and is perfectly normal physically, so far as they can discover, and yet he is able to receive an electric shock of such capacity to absorb electricity when but a small boy. He actually came in contact with a wire carrying a high voltage, and his father who was with him at the time, frantically rushed to his aid, expecting to find the boy dead. He was unharmed. Watt has experimented with high voltage currents, and up to 10,000 volts is not visibly affected by them. He admits all the full 20,000 volts in the electric chair dazes him for a minute, but he says it is all gone as soon as the current is turned off.

## Buying Good Furniture Is a Serious Problem

Good Furniture almost becomes part of your family—that with your other furnishings is really what makes your home atmosphere.

In buying furniture you must consider its fitness for the place it is to occupy, its worthiness of construction and its value to you in money and satisfaction.

Our various departments are in charge of men skilled in their respective lines. They would be glad of an opportunity to advise you on the selection of furniture and decorations for your home.

Our Decorative and Drapery Department is up to date. There you will find a collection of goods equal to any in the larger cities. The very latest of Imported Cretonnes, Chintzes, Filet Nets, Spanish Laces, Silks, Brocades, Tapestries, Velours and Velvets are on display. When buying Rugs and Floor Coverings, be sure to let us figure with you.

## PLANS MEMORIAL TO GEN. BOOTH

Eva Booth Would Found Training College for Salvation Army.

New York, Sept. 18.—The establishment of a general training college for the Salvation Army as a memorial to its founder, Gen. William Booth, is the plan outlined by his daughter, Eva Booth, commander of the Salvation Army forces in America.

Miss Booth said the project of a central college for the training of Salvation Army workers has been one which burdened her mind for the last two years, and the idea had lately been pressed upon her as one for a fitting memorial to her father as it had been one of his ambitions to have such a college.

She made public a message from her father, Gen. Bramwell Booth, in London, approving of the idea, and it is understood that efforts to carry out the plan will be begun at once.

Bramwell Booth recently announced a similar plan for a memorial to Gen. Booth in England.

## REPUBLICANS RENOMINATE TARIFF BILL PAYNE.

Auburn, N. Y., Sept. 18.—Congressman Sereno Payne was renominated by the Republican party after a contest in today's primaries with Former Mayor E. Clarence Aiken of Auburn. Mr. Payne carried Cayuga by a vote better than 2 to 1 and the returns from the other counties in the district indicate his victory as certain.

**Agrees to Optimize Treaty.**

Washington, Sept. 18.—The terms of the opium convention agreed upon at The Hague are acceptable to the Argentine government, which has agreed to sign it, according to a state department dispatch received today.

# THE WILSON CAMPAIGN

## A PEOPLE'S CAMPAIGN FUND FOR A PEOPLE'S PRESIDENT

SUBSCRIPTIONS RECEIVED AT THE HERALD OFFICE, DULUTH

<b>Total</b>	<b>\$642</b>

Woodrow Wilson is in the Twin Cities today.

The primary election in Minnesota is over.

These two occurrences mean that the presidential campaign will take on impetus in Minnesota. It is already under way in other parts of the United States. While Minnesota has been engaged in the primary contest incident to the naming of candidates for state offices, other states have been looking

forward to the general election in November.

A presidential campaign is an immense enterprise. No candidate nor cause can triumph without a campaign. The man who sits at home and leaves his fate to the voters is generally defeated.

The people want to know the man and his principles. Unless they do they will probably vote for some other man and principles.

A great national campaign entails the expenditure of a vast amount of money. A campaign certainly cannot be properly conducted on less than \$1,000,000.

The Republican campaign of 1896, 1900, 1904 and 1908 cost much more than that. It is believed between \$3,000,000 and \$4,000,000 was spent in 1896 to elect McKinley. Such vast sums can come only from men and corporations of great wealth. Woodrow Wilson's campaign fund, which will probably be somewhat less than \$1,000,000, must come from the people.

The plan of asking the people generally to contribute to a president's campaign fund is a novel one in American politics. Under the old system, there was no general appeal for funds. The funds were furnished and the

man who kept in the dark as to their source.

The Democratic party has set a new pace—a pace that will appeal to the people. "A People's Campaign Fund for a People's President" is the slogan on which Woodrow Wilson's campaign fund is being raised.

The people have their opportunity this year—an opportunity to unseat special privilege and place the government again in control of the people.

The people must furnish the money. Unless they do, Governor Wilson and the Democratic national committee will be seriously handicapped in the campaign.

Every dollar will count. The man who can contribute more than a dollar should do so without delay.

Every day is important. Do it now. Checks should be made payable to "Wilson Campaign Fund" and mailed to "Wilson Campaign Fund, Herald Office, Duluth, Minn."

All contributions will be acknowledged by publication in The Herald. The lists will be sent to Rola Wells, national treasurer, and contributor will receive a handsomely engraved receipt, suitable for framing. It will be a valuable souvenir of a memorable campaign.

### WIRELESS RETAINED.

Rumors That Station at Calumet Will Be Abolished Denied.

Calumet, Mich., Sept. 18.—(Special to The Herald.)—Persistent rumors have been heard recently that the Marconi wireless station at Calumet is to be abolished because the Houghton County Electric company would not give cheaper rates, but these rumors have been denied officially. It may be closed temporarily, but not permanently. The station is closed every fall at the close of navigation.

The station is too advantageously situated for communication with boats traversing Lake Superior to make commendable any action of the company in closing it. It has a wide range for working, easily communicating with the stations at Duluth, Port Arthur and the Soo and with other stations even farther away.

## BOSSSES HIT BY MARSHALL

Democratic Nominee Talks of Taft and Roosevelt Forces.

Says Republicans Have Split Over Division of Spoils.

Hannibal, Mo., Sept. 18.—Governor Thomas H. Marshall, Democratic nominee for vice president, in a speech here last night, declared that the Democratic party was the only one which offered relief from political bosses. He said:

"It rarely happens that a man voting a ticket gives his unqualified support to every plank of the platform. It is only a blind and deaf woman who unreservedly declares her husband is right. A woman, neither blind nor deaf, may so declare, but what she really means is that he is better than other husbands. Our duty and mine, therefore, is to support that party whose platform offers the best solution of the problems in which we are interested."

"I hazard the assertion that just now the three things which you most desire to have eliminated are the boss in politics, the high cost of living, and special privileges."

"Supporting you regard the grievance of the boss as the most vital. How does he become vital save as the agent of special privilege? What sound will avail to fight a few little bosses and stand by the boss of bosses?"

"The progressive candidate for president boasts of being a destroyer of bosses. Just as the Progressive party of the Nancy Bell, boasts of destroying his comrades. He ate them all."

"Oh, I am a cook and a captain bold And the mate of the Nancy brig. And to support a man who is a captain And the crew of the captain's gig."

"What solution of the boss and trust systems does either the regular or Progressive offer? None. Each is going to get rid of special privilege by making it legal. Each is in favor of changing the unlimited privilege of government and special privilege into a limited partnership. It is to be vested in interests from now on, coated, vested and painted interests as heretofore. It is to be lawful to take a horse but unlawful to take a team."

"As a matter of fact, as long as one citizen can by operation of law take without my consent 1 cent out of my salary, he has special privilege, and the law that permits him to do so is a bigger boss than any man born of woman."

"The heart of the evil, the root of the wrong, is special privilege. And against it the Democratic party declares it has an age-old and never-ending fight. Will you be in at the death? As it was necessary that Carthage be destroyed, that Rome might live, so special privilege must be destroyed that constitutional government may survive."

"Among the legends of the American people is one to the effect that the officeholder is the servant and not the master of the people. Recalling this, let me direct your attention to the fact that this campaign has its business side as well as its moral and patriotic sides."

"Since 1896 the Republican party has been in exclusive control of governmental affairs. What has been done by it? What has not been done has been left undone by it."

"The economic system inaugurated and enforced by the Republican party has not met the approval of the people. Standpatter and Progressive both were present at the birth, at the baptism, and at the marriage of this system to the general government. It does not make any difference whether the standpatter or the Progressive was the father or mother, the god-father or god-mother of the system. Both were present, each in the line of duty to special interests and each has been accounted for."

"The Republican Split." "They have split now over the spoils, and not over the principle of spoils holds to the principle: each says it has not worked; each has a new scheme to make it work well."

"Now, honor bright, men of sense, if you had hired a man to conduct a business for you and he had failed to conduct it to your satisfaction, you would rehire him when his contract had expired, upon his statement that he would take his old theory of spoils business and work it in a new way? Would you not say in him: 'You have not been a satisfactory servant; you principle has not worked well; I will hire a new man with a new theory and see if he will be more successful.'"

The governor declared that the high protective tariff was rapidly turning

# Duluth's Greatest Garment Event

Ten days of Selling activity such as Duluth has never before known. All new Fall merchandise.

**Luery & Co.**

17 East Superior Street.

Ladies' Ready-to-wear apparel priced within the reach of all. Fall and Winter 1912-1913 styles.

## Unheard of Prices on Women's Outer Garments

Owing to the belated summer weather and that the early shopper has not yet made her appearance, we want you to know that our stocks are now complete with every style that women so desire. Having purchased our merchandise in our great Eastern markets and getting the best values that money can obtain, we are able to offer you better values for less money than any store in our city. This is a broad statement, but you will instantly see we are correct when you personally inspect our bargains.

## Luery's Sales a Demonstrated Success

Past experience has taught the women of Duluth and vicinity that when Luery & Co. announces a sale it is a real buying opportunity. Our previous sales crowded our store for many days with eager, enthusiastic buyers and witnessed the selling of thousands of dollars worth of ready to wear garments. If you are familiar with these past events and the economies they afforded, then you will appreciate the statement that this sale will be bigger, broader and better than any sale ever held before.

## Notice--All Alterations Guaranteed and Done Free of Charge

the country over to the Socialists and added: "I am not a Socialist, but if the time ever should come when I should have to make a choice between the aristocracy of the few and the Socialism of the many, I would choose the latter with the great throbbing heart of the many."

He closed his speech with an attack on the money power which he declared was fighting special privileges and controlled the country.

MEXICO EXTENDS TIME OF CORN ON FREE LIST.

Washington, Sept. 18.—Farmers in the Southwest will be able to ship corn into Mexico free of duty until the end of this year. The state department has received word from Ambassador Wilson saying the decree by virtue of which the duty on corn imported from the United States was suspended had been extended until Dec. 30, 1912.

BATTLESHIP ARKANSAS PLACED IN COMMISSION.

Philadelphia, Sept. 18.—Another great warship was put into the service of the navy of Minneapolis, has developed.

"CASCARETS" THE BEST LAXATIVE

Thoroughly Cleanses Your Liver and Bowels While You Sleep.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—you always get the desired results with Cascarets and quickly, too.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to your headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distressing conditions of the inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress. It will take Cascarets now and then. All druggists sell Cascarets. Don't forget the children—their little intestines need a good, gentle cleansing, too.

navy yard here Tuesday when the battleship Arkansas was placed in commission to discharge the solemn ceremony. The officers and men assigned to the ship were drawn up on deck while the orders of the navy department were read, placing Capt. R. C. Smith in command.

BORDER CUSTOMS COLLECTOR FIRED

Taft Dismisses Dowe at Eagle Pass on Unpublished Charges.

Washington, Sept. 18.—Robert A. Dowe, collector of customs at Eagle Pass, Texas, has been removed from office by President Taft, on charges the nature of which customs officials decline to divulge. James A. Harvin has been appointed to succeed him.

During the Madero rebellion against the Diaz government in Mexico, agents of the Madero junta in Washington made formal complaint to Assistant Secretary Curtis of the treasury department against Dowe's enforcement of the neutrality laws. Dowe was then under investigation by the treasury department, and the customs authorities looked into the Madero complaint.

The Madero agents charged that Dowe had used his office in favor of the Diaz government by hindering the movement of supplies and ammunition to the revolutionists. Other allegations of a sensational nature were made at the same time. In the midst of the investigation the Diaz government was overthrown and the charges were not pressed.

Customs officials decline to discuss the case. Carni A. Thompson at the White House offices declared the entire affair was being handled by President Taft at Beverly.

OPPOSE MRS. AKELEY AS ADMINISTRATRIX.

Los Angeles, Cal., Sept. 18.—Opposition to Mrs. Clara Hood Akeley as administratrix of the estate of her husband, H. C. Akeley, the wealthy lumberman of Minneapolis, has developed. G. Krause of Minneapolis, a creditor of the estate, filed in the probate court here a petition alleging Mrs. Akeley was not qualified from a business standpoint to manage the property. I. W. Collins, one of the administrators appointed by the probate court in Minneapolis, in another petition alleged that at the time of Mr. Akeley's death, \$250,000 worth of securities were in Minneapolis. The securities were brought here by Mrs. Akeley, who evaded the laws of Minnesota. He further contended that the court here had no jurisdiction.

## Sale on Silk and Wool Dresses

All the charming new effects are shown here in Evening Gowns, Dancing Frocks and Semi-tailored Afternoon Dresses in All-wool Serges, Corduroy, Chiffon Broadcloth, Charmeuse, Marquisette, Messaline and Chiffons. Prices range from \$6.45 to \$29.50. All sizes and in every color desirable.

## BARBER ADMITS PART IN MARYLAND SWINDLES.

Council Bluffs, Iowa, Sept. 18.—H. K. Robine, formerly a barber of this city, pleaded guilty yesterday in the federal court to having been a party to swindling operations aggregating \$10,000 in which J. C. Mayberry and his associates were the principals. Judge Smith McPherson withheld sentence.

Robine admitted having solicited Ralph Mattingly of Nashville, Tenn.; E. Nelson Pratt, Toledo, Ohio and E. Z. Aisbaugh, Terre Haute, whose losses

respectively were \$5,000, \$4,000 and \$1,000, on fake wrestling matches. The swindles were accomplished in the fall of 1908.

Losses All in Fire. Cumberland, Wis., Sept. 18.—(Special to The Herald.)—The farmhouse owned and occupied by Alfonso Ricci, three miles south of this city, together with furniture and clothing, was totally destroyed by fire yesterday. Cause of fire unknown; loss \$1,200, insurance \$925.

If you are not afraid to do business, do not be afraid to advertise.

## W. A. HOLGATE PASSES AWAY

County Treasurer Dies at Rochester Following an Operation.

Served the City Two Years and the County Eight.

County Treasurer William A. Holgate is dead at Rochester, Minn., following an illness of several weeks and an operation for internal abscess. Death occurred yesterday afternoon at the Mayo hospital, where Mr. Holgate was a patient.

Mr. Holgate resided in Duluth for twenty-five years and served as treasurer of St. Louis county for eight years, being first elected in 1904. Since that time he took an active interest in politics and was re-elected three times. He was born at Scranton, Pa., in 1854 and educated in the public schools there. Later he was graduated from the Commercial college at Kingston, Pa. In 1878 he entered into the business of manufacturing brush handles, which trade he had learned in the army. Mr. Holgate came to Duluth in 1887.

Copyright Hart Schaffner & Marx

entering into the real estate business. In 1902 he was appointed a member of the board of public works. He served two years and was then a candidate for county treasurer, winning by a substantial majority.

He leaves a widow, two sons and an adopted daughter. The children are Philip C. Holgate and Russell Holgate and Ivy Holgate. The two other children who made their home with the family are Roy and Stanley McCrea, step-sons. The family residence is at 1429 Jefferson street.

Mr. Holgate was affiliated with a number of fraternal societies, including Palestine lodge, No. 79, A. F. & A. M. The Masonic lodge will have charge of the funeral. The body is expected to be brought to Duluth tomorrow.

**TITLE TO \$50,000,000 OIL LANDS IS SOUGHT.**

Los Angeles, Cal., Sept. 18.—A bill in equity has been filed with the clerk of the United States district court by T. S. Minot of San Francisco, an attorney for thirty-two complainants against the Southern Pacific railroad company and allied corporations. The bill seeks to have the title to \$50,000,000 of oil lands in Fresno and Kern counties, land valued at \$50,000,000.

The lands are those which were withdrawn from entry by Secretary of the Interior Ballinger Sept. 27, 1909, and ratified by President Taft on July 31, 1910. They had been selected as railroad lands by the Southern Pacific Railroad company under an act of congress of July 27, 1898.

**TRUSTY OUT AT MARQUETTE.** Breaks for Freedom When Sent to Do Repair Work.

Marquette, Mich., Sept. 18.—(Special to The Herald.)—Arthur Osgood, a trusty, has escaped from the branch prison. Osgood started out to repair an electric light at the prison grounds. Later his spurs and the light were found at the base of the pole. A posse was formed at once to start searching for the man.

Osgood had been at the prison for four years and would have been eligible for parole next summer. He was committed for robbery at Detroit, but his home is in Indiana.

## MEN'S OFFER TO STREET RAILWAY COMPANY IS PROPTLY TURNED DOWN

Secret Conference of Men Held Previous to Court Hearing.

Company Asked to Arbitrate Cases of Nine Employees.

Hearing on City's Mandamus Proceeding Is Not Completed.

Judge Homer B. Dibble of the district court conferred with strike leaders and representatives of the Duluth Street Railway company for two hours last evening in an attempt to arbitrate their differences.

Between 7:30 and 9:30 o'clock a secret conference of the striking car men was held in Judge Dancer's room. The men, it is understood, made the case of the company, when asked to arbitrate, a proposition.

The proposition was made known to Judge Dibble, who is presiding over the hearing on the city's mandamus proceeding. The city attorney, who is also present, is not in favor of the proposition.

The strikers who attended the conference maintained absolute secrecy. Judge Dibble is silent and the city attorney is pledged not to say anything about what transpired.

General Manager Warren of the street railway company, when asked as to what proposition the men had made, said this morning: "I know something about it, I do not feel at liberty to give anything out."

One rumor is that the proposition submitted to the company from the car men was that they would be reinstated with the exception of the nine men who were originally discharged. Their cases the strikers were willing to leave to an arbitration board.

The attempted arbitration failing, Judge Dibble went ahead with the trial of the mandamus action brought by the city requiring the street car company to show cause why full and adequate service should not be immediately restored. The city asks the court to issue a mandate compelling the company to operate its cars on the schedule.

At 8:40 o'clock, Judge Dibble came out of his chambers into the court room. "You may proceed, gentlemen," he said, addressing the attorneys who had been waiting.

L. C. Harris, one of the four legal advisors who were in court for the traction company, moved the court to dismiss the proceedings and deny the writ.

He said that the company was willing to comply with mandate called for in the petition, but that in such a case, the issuing of the mandamus was unnecessary.

Judge Dibble denied the motion. The court also overruled objection on the part of the street railway officials to the introduction of evidence in the case, because the statutory notice of trial had not been served on the company's officials.

Dr. J. A. Minness, mayor, was the city's only witness. Later during the evening, he was called by the street railway company to testify that he had demanded immediate assistance from Sheriff John R. Meininger before Friday. The sheriff claims that the matter was turned over to him for the first time on Friday afternoon.

The mayor, as a witness for the street car company, admitted that it was not his duty to call the strikers on the cars which he saw tested Tuesday evening of last week at the city garage.

Attorney Thomas Wood for the street car company asked the witness if he did not know that the city was anxious to see the strikers reinstated. City Attorney Carmichael interposed an objection to this question and the court sustained him.

Chief of Police C. H. Troyer was called as a witness by the street railway company. He testified that the strikers entered the city on Tuesday evening at the West end.

The first exhibit entered in the case was the Saturday evening edition of The Herald, which contained a statement given out by Chief of Police

Troyer. The chief on the witness stand said that he had been correctly quoted, and that he was about as he had represented them to be.

A ripple of laughter swept over the crowded courtroom when Chief Troyer, in answer to Attorney Wood's question as to the date of the meeting, declared that most of them "appeared to be happy."

"Others, of course," testified the police officer, "were in a vicious state of mind—some extremely vicious, judging from their acts of violence and the language which they used."

City Attorney Carmichael objected to the introduction of the testimony of Chief Troyer and Mayor McCuen, claiming that neither was qualified to testify about the meeting, and that they were not in a position to give a correct statement of the facts.

The city attorney's objection was overruled, and the testimony of Chief Troyer and Mayor McCuen was admitted. The city attorney's objection was overruled, and the testimony of Chief Troyer and Mayor McCuen was admitted.

Assistant City Attorney Forbes was in court with City Attorney Carmichael.

At 11:30 o'clock, after the testimony of Chief Troyer had been concluded, Attorney Wood moved to adjourn. The court adjourned the session to 7:30 o'clock this evening. The city has rested its case, and tonight the company will make an additional defense to its stand.

Attorney for the street railway who are in this case are Thomas S. Wood, L. C. Harris, M. M. Thygerson of St. Paul and J. P. Pearson.

questions under cross-examination of the mayor and chief.

He asked them if it were not a fact that there was little or no rioting on the lines of the company east of Eighth avenue west. Both answered that there had been but little.

The testimony, it is believed, was introduced to show that although it might have been hazardous for the company to operate cars in the West end, it was inexcusable not to furnish service in it in the hands of the strikers, who were peace and order were assured.

At 11:30 o'clock, after the testimony of Chief Troyer had been concluded, Attorney Wood moved to adjourn. The court adjourned the session to 7:30 o'clock this evening. The city has rested its case, and tonight the company will make an additional defense to its stand.

It is what is put into the

## Chickering Piano

that makes it different from the many pianos before the public today.

In the building of the Chickering Piano is put the best that money can buy, the best materials, the best workmanship; and that which money cannot buy, the experience gained by eighty-five years of piano building.

This is why the Chickering Piano possesses a personality that immediately charms those who hear it. Its tone is the living, throbbing, enduring tone of genius.

And you pay no more for the Chickering Piano than for many of the makes which claim to possess the same rare qualities, but which, when weighed in the balance of comparison are found wanting.

**Howard, Farwell & Co.**

## Develop Your Bust in 15 Days

A Full Firm Bust is Worth More to a Woman Than Beauty

I don't care how thin you are, how old you are, how fallen and flaccid are the lines of your figure or how flat your chest is, I can give you a full, firm, youthful bust quickly, that will be the envy of your fellow-women and will give you the allurements of a perfect womanhood that will be irresistible. They say there is nothing new under the sun but

I have perfected a treatment that I want to share with my sisters.

What it did for me it can and will do for you, and I now offer it to you. Others offer to build up your figure with drugs, greasy skin foods, creams, delectable massage and expensive instruments and devices. I have done away with all these things, and have given a legion of women a luxurious natural development by a treatment, never before offered the public. No massage, nothing to take, nothing to wear.

Why be skinny, scrawny, flat and unattractive? I claim to be the highest priced artist in the world. I claim to be the highest priced artist in the world. I claim to be the highest priced artist in the world.

I don't care what your age may be, I ask only that you be at least sixteen and not have any disease. I will undertake to develop your bust in two weeks. All I ask is five or ten minutes of your time every day.

the local hospitals at the age of 28 years. The body was shipped to Red Wing where the funeral will take place.

St. Cloud—Gerhard Bunning was injured yesterday seven miles from Sauk Center, when the automobile in which he was riding turned turtle, leaving the man beneath it. The fact that the accident occurred in swampy ground was the only thing that saved Mr. Bunning from more serious injury. Chris Miller, his companion, was also hurt.

Farmington—Herman Meyer of Belgrade was quite seriously injured in the Soo yards at this place late Saturday night. He was hit and run over by a freight car. The man was

Mankato—August Swedberg, a laborer, while returning home from a party, lost his hat and in searching for it fell into a stone quarry and struck on a ledge forty feet below. His dead body was found there with his head crushed. He was 35 and single.

Pipestone—A divorce case has been commenced in the courts of Rock county, Mrs. Minnie Osborn suing A. H. Osborn, her husband, for a decree and alimony of \$75,000. The complaint has been followed by an injunction compelling the defendant from disposing of any of his property until after the case is tried. The divorce is asked for on the grounds of cruel and inhuman treatment.

**I Give All My  
Shirt Waists a  
Parowax Bath  
—That's Why You Think  
They Are New**

Fine lace-trimmed shirt waists and delicate striped shirts come from a Parowax bath clean, fresh and looking like new.

Parowax gently draws out the dirt from the fabric—no hard rubbing necessary. It makes white clothes snowy white—no yellow tinge on a Parowax washing.

*Does not fade or harm the faintest colors.*

Parowax is pure, tasteless, odorless, harmless. Melted Parowax seals fruit jars, catsup bottles, jelly or preserve glasses, absolutely air-tight, so that the contents keep fresh and delicious for several years. Saves hours of hard, hot work in canning time.

For sale everywhere by all reputable dealers.

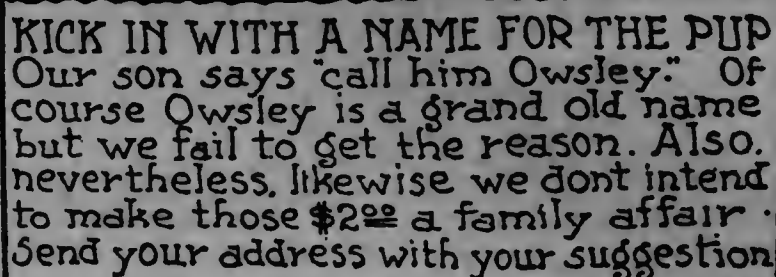

Write for free book of Mrs. Rorer's recipes on "Canning and Preserving."

## SENATOR NELSON AND EBERHART HAVE LEAD

(Continued from page 1.)

543; Young, 578; Eberhart, 271; Gordon, 243; Spooner, 201; Falk, 152.

United States senator, 134 precincts—Nelson, 4,447; Peterson, 3,022.

Congressman-at-large, 134 precincts—Eddy, 2,877; Manahan, 2,189; Thorpe, 1,918; Eustis, 1,405; Dehnel, 825.

Lyndon A. Smith of Montevideo for attorney general in available returns is being closely pressed by J. H. Fraser of Rochester.

The following congressional nominations have been made, according to the figures available this morning:

## REPUBLICAN.

First district—Sydney Anderson, Lanesboro.

Second district—F. F. Ellsworth, Mankato.

Third district—C. R. Davis, St. Peter.

Fourth district—F. C. Stevens, St. Paul.

Fifth district—Judge G. R. Smith, Minneapolis.

Sixth district—C. A. Lindbergh, Little Falls.

Seventh district—A. J. Volstead, Granite Falls.

Eighth district—C. B. Miller, Duluth.

Ninth district—Halvor Steenerson, Crookston.

## DEMOCRAT.

First district—Clinton Robinson, St. Charles.

Second district—W. S. Hammond, St. James.

Third district—Frank L. Grotzbach, Faribault.

Fourth district—J. J. Regan, St. Paul.

Fifth district—Einar Hoidal, Minneapolis.

Sixth district—A. J. Gilkinson, Osakis.

Seventh district—No nomination.

Eighth district—John Jensen, Jr., Duluth.

Ninth district—No nomination.

The second choice feature of the new law, under which the primary election was held, caused considerable confusion, both to the election judges and the voters. Not more than one-fourth of the latter availed themselves of the opportunity to name a second choice candidate, and the officials had much difficulty in figuring out how to total them up.

It is anticipated that it will be late tonight before the complete returns will be in.

## OFFICE HOLDERS RENOMINATED OVER STRONG OPPOSITION

SHERIFF JOHN R. MEINING.

CLERK J. P. JOHNSON.

CORONER C. F. McCOMB.

## NO OPPOSITION IN ST. LOUIS COUNTY ON THE NON-PARTISAN TICKET

JUDGE H. A. DANCER,  
District Court.

JUDGE S. W. GILPIN,  
Probate Court.

N. A. YOUNG,  
County Superintendent of Schools.

## NOMINATED WITHOUT CONTEST IN THEIR OWN PARTY

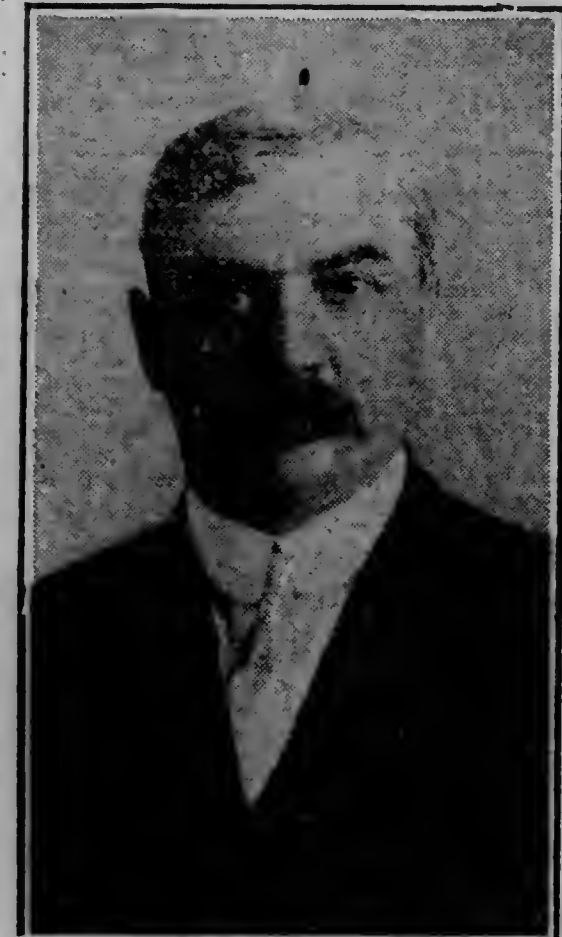

COUNTY AUDITOR O. HALDEN,  
Renominated by Republican Party.

WARREN E. GREENE,  
Republican Nominee for County Attorney.

## VIVIAN IS GIVEN LARGE MAJORITY

GEORGE H. VIVIAN,  
Republican Nominee for County Treasurer.

## EARLY RETURNS GIVE SWANSTROM AN ADVANTAGE

COMMISSIONER J. W. CUMMING

W. A. SWANSTROM.

### BELTRAMI COUNTY.

Bemidji, Minn., Sept. 18.—(Special to The Herald.)—Scattering returns indicate that Beltrami county has voted for the renomination of Governor Eberhart by a substantial plurality. William E. Lee was Eberhart's

closest competitor. At Red Lake out of 76 votes, Lee got 52. In the city of Bemidji every ward gave a plurality to Eberhart. Nelson's vote over Peterson was decisively in favor of the senator. Manahan leads for congressman-at-large, and D. M. Neill has the best of it for lieutenant governor. Lyndon Smith for attorney

## PROGRESSIVE FOR GOVERNOR

Candidate Will Be Put in Field Against Eberhart.

St. Paul, Minn., Sept. 18.—The Minnesota Progressive party will have a third state ticket in the field, at least so far as the governorship is concerned. Hugh C. Hulbert, chairman of the state central committee of that party, said late last night:

"It is evident that Governor Eberhart has been nominated. Our committee will hold a meeting Friday night, when a Progressive candidate for governor will be decided upon. Our action on the balance of the ticket will be based upon the outcome of the count in the primary election."

### CASS COUNTY.

Walker, Minn., Sept. 18.—(Special to The Herald.)—Precincts so far heard from in Cass county give a majority for Nelson for senator, Lee for governor, Stanton for chief justice and Warner and McGarry for the legislature.

### ITASCA COUNTY.

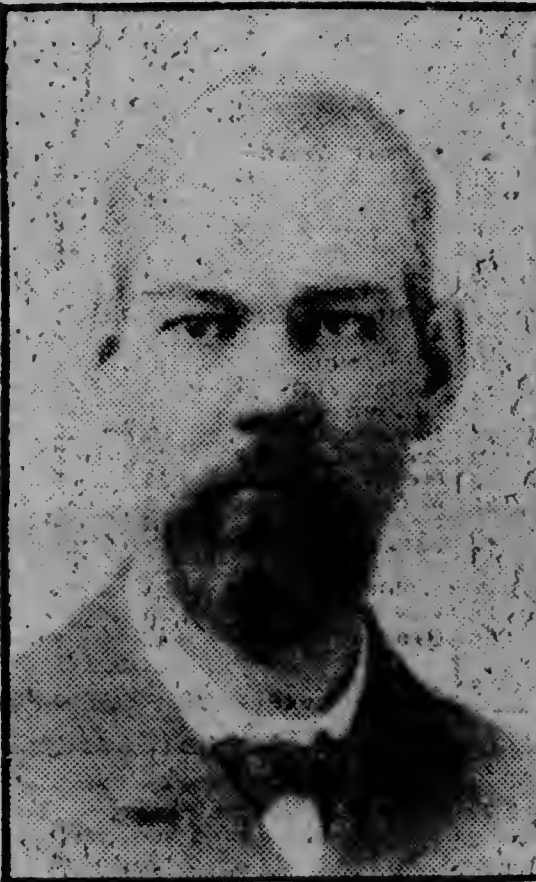

Grand Rapids, Minn., Sept. 18.—(Special to The Herald.)—Returns from the primary election in Itasca county coming in very slowly, only four out of fifty-four precincts being at present. In the four heard from the following results are shown: United States senator, Nelson, 53; Peterson, 40. Con-

## PALMER LEADS IN CITY; CALLIGAN ON THE RANGE

## FRASER WINS AGAIN IN FIRST DISTRICT

ALEX FRASER,  
Republican Nominee for Commissioner of First District.

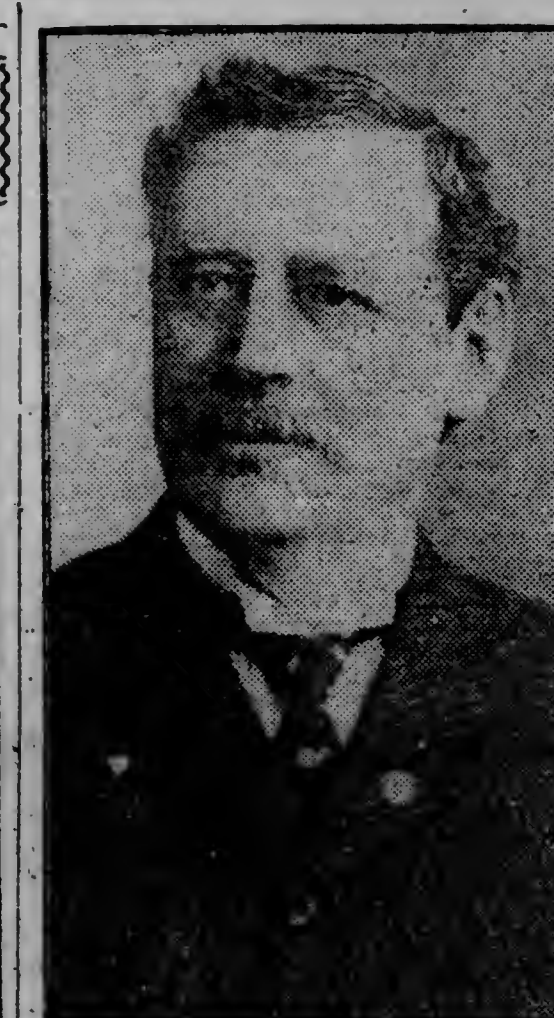

gressman-at-large, Manahan, 32; Eddy, 32; Dehnert, 1; Bustis, 1; Thorpe, 15. Governor, Eberhart, 41; Young, 1; Lee, 18; Gordon, 14; Spooner, 15; Falk, 2. Representative, Class 1, Brusgaard, 53; Warner, 47. Representative, Class 2, McGarry, 48; Mahneke, 25; Persinger, 15.

### CROW WING COUNTY.

Brainerd, Minn., Sept. 18.—(Special to The Herald.)—Three out of five wards in Brainerd gave for governor: Eberhart, 245; Lee, 125; Young, 38; Spooner, 86; Falk, 20; Gordon, 27. For congressman-at-large: Eddy, 164; Manahan, 123. For attorney general: Lyndon Smith, C. W. Bouck and L. D. Brown are conceded to be the Republican nominees for representatives. Reid has defeated Ole P. Erickson for sheriff. S. F. Alderman, it is believed, will win the Republican nomination.

### CARLTON COUNTY.

Carlton, Minn., Sept. 18.—(Special to The Herald.)—While only five out of twenty-six precincts in Carlton county have reported returns on the election of yesterday, indications are that Governor Eberhart will have a plurality of about 20 per cent of the vote, with W. E. Lee running second and L. C. Spooner third. Senator Nelson will

M. C. PALMER.

likely carry the county by about 25 per cent. Lyndon A. Smith, for attorney general, will carry the county heavily, and Julius Schnahl, for secretary of state will have a plurality of about 20 per cent. Indications are that Colovin and Thompson will be the opponents in November for the office of superintendent of schools.

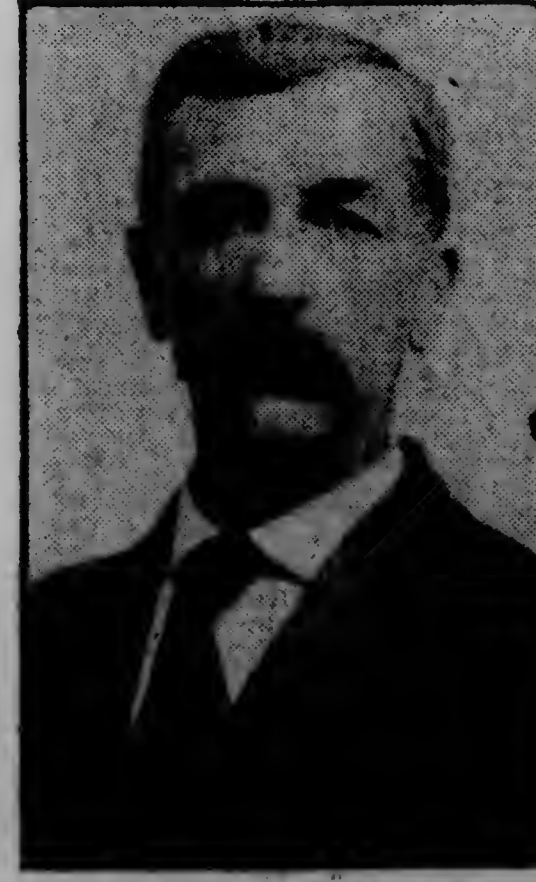

### LAKE COUNTY.

Two Harbors, Minn., Sept. 18.—(Special to The Herald.)—Primary election returns are slow coming in from Lake county, no report yet being received from Beaver Bay, Crystal Bay or Fall Lake. The Republican vote counted shows results as follows: For senator, Nelson, 227; Peterson, 160. For governor, Eberhart, 181; Falk, 60; Gordon, 35; Lee, 43; Spooner, 48; Young, 38. For congressman-at-large, Eddy, 103; Bustis, 45; Manahan, 74; Thorpe, 79. B. F. Fowler received 303 votes for representative from the Fifty-first district.

### RED RIVER VALLEY.

Crookston, Minn., Sept. 18.—(Special to The Herald.)—Eberhart swept everything in the Red River valley for first choice, getting a majority over all others in Polk county. Nelson wins 2 to 1 for senator. Eddy wins 2 to 1 for congressman-at-large. Steenerson gets the biggest majority he ever received for congressman from the Ninth district, and Stanton has a big lead for chief justice in the

## OVERTON AND KAUPPI RUN CLOSE IN FIFTH DISTRICT

Republican, Fiftieth District.

E. R. RIBENACK,  
Democrat, Fiftieth District.

JOHN R. RANDALL,  
Republican, Fiftieth District.

## IN PRAISE OF LA FOLLETTE

Wisconsin Republican Platform Lauds Him as Leader.

Favors Amendment of Income Tax Law, But Not Its Repeal.

Madison, Wis., Sept. 18.—The Republican state platform adopted today refers at the outset to United States Senator La Follette as the "leader in the onward movement in which Wisconsin has been the pioneer." "The principles for which he contended and established here," the document reads, "have now become the fundamental guarantee of representative government in all progressive states of the Union."

Referring to Governor McGovern, a paragraph says in part: "No greater progress has ever been made in any state in the same time than during the administration of Governor McGovern. His administration has improved in the governmental machinery for the enactment of popular will into law, and for social and economic advancement."

The plank referring to the income tax says in part: "The income tax law enacted by the last legislature is a progressive measure based upon the sound economic principles that taxes shall be levied according to ability to pay and that net income is a better measure of such ability than the mere possession of property. Its enactment at this time was prompted by the utter failure and injustice of personal property taxation."

The subject of taxes is reviewed at great length, the plank ending as follows: "The law and its administration should be simplified to the end that the citizen may not be put to unnecessary trouble and expense. Other amendments may be necessary to perfect it and fully carry out its purpose of placing the tax burden equitably where it should be borne, but the law is right in principle and should be given a fair trial."

As to Water Power. A paragraph relating to water power reads: "The development of our state as well as the protection of our citizens makes imperative the immediate passage of a water power bill which shall conserve our natural resources and compel their use and development for the welfare of all citizens under careful, scientific, administrative control." Immediate enactment of effective legislation to establish minimum wage standards for women in the industries in which female labor predominates is advocated, and a pledge is given for the abolition of the system of contract labor.

New Central Committee. The new Republican state central committee will be made up as follows: First district—T. C. Hendley, Beloit; Maurice Morrissey, Delavan. Second district—Dr. C. W. Pfeiffer, Sheboygan; A. H. Andrews, Portage. Third district—Michael B. Olblich, Madison; Dr. W. J. Pearce, Drayville. Fourth district—Zeno M. Host, Milwaukee.

## STRIKE CLOSES COPPER MINES

Four Thousand Men Affected By Walkout at Bingham, Utah.

Bingham, Utah, Sept. 18.—All the copper mines here were idle by 10 o'clock following the vote at a miners' meeting last night for a strike to affect immediately 4,000 men. Strike pickets said to be armed, turned back special trains brought Odd Fellows from Manitoba and Saskatchewan. The Los Angeles delegation is working hard to get the convention of 1913.

## LOS ANGELES IS AFTER ODD FELLOWS' MEETING.

Winnipeg, Man., Sept. 18.—Thirty thousand Odd Fellows from all parts of America, representing every branch of the order, marched through Winnipeg's streets today while throngs looked on. The mayor had proclaimed a half holiday in honor of the event. Fourteen special trains brought Odd Fellows from Manitoba and Saskatchewan. The Los Angeles delegation is working hard to get the convention of 1913.

Dix Will Not Withdraw. Albany, N. Y., Sept. 18.—That he had no present intention of withdrawing as a candidate for renomination, has been made plain by Governor Dix. "I have no intention of withdrawing my candidacy," said the governor. "I have not even received a suggestion that I withdraw."

A NEW MARRIAGE RITUAL USED. Boston Globe: A Socialists' ritual, characterized by brevity and simplicity, was used in the marriage of Edmund Frowbridge Dana, grandson of the poet Longfellow, and Miss Jessie Holliday of Harrow-on-the-Hill, England, an artist and suffragist, recently. The wedding took place on the lawn of the Dana estate, Cambridge.

The marriage ritual was as follows: Magistrate—We are here to witness the marriage of—and If any body present knows any reason why these persons cannot lawfully be united in marriage, let him now declare it. I require of you both that if either of you know any impediment to your being lawfully married you now declare it. Do you wish to marry this woman? Man—Yes. Magistrate—Do you wish to marry this man? Woman—Yes.

Magistrate—And do you intend to help and comfort each other, and do you intend to bring up any children you may have to the best of your ability and for the welfare of the human race.

Man and Woman—We do. Magistrate—Will you then express your minds to each other? Man—I wish to live with you as my lawful wife, and hope to live that you may never regret your choice, as a symbol of which I give you this ring. Woman—I wish to live with you as my lawful husband, and hope to be a true comrade and your helpmate, as a symbol of which I give you this ring.

Magistrate—Since you wish to unite in marriage, and have no other of the same before me and these witnesses, I now, therefore, by virtue of the authority vested in me by the commonwealth of Massachusetts, pronounce you husband and wife.

## Special Exhibit and Demonstration. Universal Home Needs

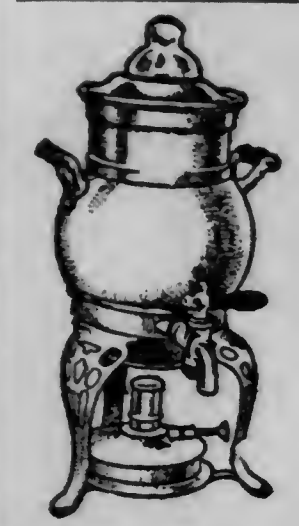

Miss Lathrop, an authority on Universal goods, has been engaged for two weeks to demonstrate the Universal Home Needs. We have displayed our goods most conveniently and most cordially invite everyone in this vicinity to visit our store this week. It makes no difference whether you expect to purchase or not; we want you to see our new and up-to-date Housefurnishing Basement.

### The Universal Percolator

Excels all other ways of making coffee, because the percolation is completed before the water boils.

6-Cup Size, nickel plated. Price—**\$4.00**

9-cup size, nickel plated—price—**\$4.50**

## TOWER ADOPTS NEW CHARTER

Proposition Carries at Election By More Than 3 to 1.

Tower, Minn., Sept. 18.—(Special to The Herald.)—The election held yesterday on the proposed new city charter, resulted in its adoption by a vote of more than 3 to 1. The vote cast was: For, 29; against, 30; blanks, 5. The adoption of the charter will also clear up the matter of bonds for the new hydro-electric plant.

## IGNORES TAFT AND ROOSEVELT

Wisconsin Republican Platform Makes No Mention of Them.

Madison, Wis., Sept. 18.—Indorsement of the platform presented by the La Follette Republicans to the national Republican convention is given in the platform adopted by the Repub-

lican convention here, as also is the resolution introduced in the United States senate by Senator La Follette to provide for an easier way of amending the Constitution of the United States.

Home rule for cities, improvement of conditions in rural schools, passage of initiative, referendum and recall Constitutional amendments passed by the last session of the legislature are also pledged.

In conclusion, indorsement is given the bill now before congress providing for appeals from state courts to the supreme court of the United States where state courts have declared state laws unconstitutional upon the ground that they violate the Federal Constitution.

The platform is conspicuous in that not a word of reference is made to either President Taft or Col. Roosevelt.

State Senator George E. Scott of Prairie Farm, Barron county, was unanimously elected state chairman. Senator La Follette was scheduled to address the convention, but owing to the fact that many of the candidates wanted to take a train at 1 o'clock he did not speak. He promised to give all of his time between now and November in support of the ticket and platform of the convention.

## OBITUARY

Christopher Diehl, aged 82, died in Salt Lake City, Utah, Sept. 17. Mr. Diehl organized the first Masonic lodge in Utah, forty-five years ago. His links on Masonic history and laws are read throughout the world. In recognition of his service and learning, the thirty-third degree of the Scottish Rite was conferred upon him a few years ago.

Dr. F. H. Welke of Berlin, a prominent German scientist and representa-

tative of Emperor William to the International Congress of Applied Chemistry which concluded its sessions in New York last Friday, died suddenly in New York, Sept. 17, from heart trouble at a hotel.

W. A. Jones, 50 years old, died suddenly at his home in Mineral Point, Wis., Sept. 17. He was general manager of the Mineral Point zinc works. He was United States commissioner of Indian affairs under President McKinley and at one time a member of the Wisconsin legislature.

## SUCCESSOR TO HOLGATE

County Board Will Hold Special Meeting to Appoint Treasurer.

A special meeting of the county board will be held tomorrow morning at 9 o'clock for the purpose of appointing a successor to County Treasurer Holgate, whose death occurred yesterday at Rochester, Minn.

The appointment will hold over to the first of the year when the treasurer-elect will assume control. It is probable that George H. Vivian, present chief deputy, will be appointed. Mr. Vivian is also said to be the treasurer-elect judging from the latest election returns.

The people your property would appeal to are, almost surely, readers of Herald real estate advertising.

## HENRICKSEN'S Leading Jewelers.

It's Always the Right Time  
To Buy a Diamond

That is—a good Diamond—a Henricksen's Diamond—a perfect, well cut, well bought Diamond is an investment—not a luxury. Good diamonds are worth more today than they have ever been worth in the past—there never has been a time in the past 20 years when perfect Diamonds were not increasing in value.

We cannot sell you better Diamonds—we dare not offer you poorer ones. And a Henricksen's Diamond costs no more than the other kind.

We specialize in buying Diamonds. None but perfect gems meet Henricksen's standard of quality—the standard we have established for your protection and that has made and held your friendship and patronage for the past twenty years.

The Old Reliable Jewelers.

Henricksen's  
Jewelry and  
Art Store.

332 West  
Superior Street.

## GLEAM ALONG THE POLICE ROAD

LEAVES FROM  
A REPORTING  
NOTE BOOK  
BY X

Nelson Linley, the iron worker, who was arrested at West Duluth last Friday morning on a charge of hurling missiles at a street car, was bound over to the grand jury after a preliminary examination in police court this morning.

But before he left the courtroom he had sworn to a complaint charging H. E. Boyd, the special who arrested him, with assault in the second degree. Boyd was arrested in the courtroom when he appeared to testify against Nelson. He asked for an examination and his hearing was set for tomorrow morning. He furnished a bond to insure his appearance.

After Linley had been arrested he claims to have been badly beaten on the street car into which he was hauled. At the preliminary hearing this morning he showed the officers marks on his body which he claimed resulted from blows which he claimed resulted after he had been taken into custody. The same car on which Linley was taken bumped the ice wagon against the curb when it blocked the tracks at the same time that three shots were fired by a strike-breaker to intimidate the mob which gathered.

But Linley said that while he was riding on the car Linley hurled a stone which crashed through the windows of the car front and struck the windshield, leaving an ugly bump. He and several other specials left the car and arrested Linley, who was one of the assembled crowd. Street cars had considerable trouble operating in West Duluth that morning.

George Anderson, accused of having thrown a stone through the window of a street car near the docks, was also bound over to the grand jury after a preliminary hearing this morning. The examinations of John Kittle, Emil Stenroos and Daniel Munroe, said to have thrown missiles at a street car near the docks, will be concluded this afternoon. They are marine firemen.

Maud Campbell said this morning that she intends to leave the life of idleness which she has been leading the last few months and go to work. She was confident that she would be able to get a position.

Chief Trower on a charge of vagrancy. The chief reported that he had frequently been arrested for the streets and that she did not appear to have any other means of support.

When arraigned in court Maud pleaded guilty to the charge. Upon her promise to leave the city and go to work she was given her liberty. It was made plain to her that she must not return here and that she must find a way to support herself in the future as she has been for some time past.

Oscar Anderson, Theodore Nykahl, Charles Edvard and Charles Stenberg, charged with hurling missiles at a street car near the docks, were bound over to the grand jury after hearings in police court yesterday afternoon. Bail in each case was fixed at \$250.

Gust Hiner, the contractor who was arrested in the West end last week on a charge of being drunk, was found not guilty and discharged after a trial in police court yesterday afternoon. He promises many of the business men here that he was not under the influence of liquor and that he is a man of temperate habits. He waived the jury which he originally demanded and was tried before the court.

Joe Miller pleaded guilty to soliciting alms on the street when he was brought into police court this morning. He got \$15 at fifteen days in the county jail. The police reported that he was under the influence of booze and had almost knocked down several women when a crowd was leaving a local theater.

Failing to appear for trial after having been arrested by a game warden, even though he cannot compel attendance from another person or always the best policy. Game wardens may like some men and others make it a point not to forget.

About a year ago Game Warden Tom Storey arrested William Chandler and two companions from Superior for hunting near Canon without license. It was on a Sunday and having no desire to be severe the warden allowed them to return to their homes on their promise to appear at Carlton for trial when summoned.

But they did not keep their agreement. Living in another state it was impossible for the warden to arrest them for an offense alleged to have been committed in Minnesota. Wherefore he was helpless—unless he could grab them on Minnesota soil.

Which is just what he did in the case of Chandler. He figured that he would be back to the same place to hunt this season and his figuring was not amiss. Wherefore he spent some of his time in that vicinity and when Chandler stepped from the train he placed him under arrest. He did not allow him to return to his home that night and the next day arraigned him in court. Chandler pleaded guilty and was fined \$75 and costs.

James Brannen is the mischievous old vag. He was picked up at Third avenue west and Superior street this forenoon by Patrolman James Woods and sent to the station on a charge of vagrancy. He was lodging in a box under his arm with the bottom half covered with apples. The officer alleges that he picked them up at various places in his journeyings. He will be in police court this afternoon. James says that he is 62 years old.

Harry Roach and Charles Christensen were arrested yesterday afternoon on charges of trespassing on railroad property. The police reported that they were found snoozing in a room at the hotel. They were allowed their thirty days but they stated that it was their first offense and that it would be their last.

The body of the unknown man found floating near Northern Pacific Dock No. 2 yesterday morning is still unidentified at the undertaking rooms of C. J. Stewart. A number of men employed on the docks have viewed it but no one has been able to furnish a clue by means of which the identity might be established. He was wearing a pair of slippers, which leads to the belief that he was employed on a boat. Men work-

ing in that vicinity do not use footwear of that character.

The police received a burglar alarm from Fifteenth avenue east and Third street early this morning. A squad of officers hurried out in the automobile but did not find any prowler.

## CIVIC INITIATIVE IN FOND DU LAC

How an Obscure Wisconsin City Lifted Itself to Higher Planes of Usefulness and Growth and the Example It Furnishes.

From the World's Work Magazine: Fond du Lac, Wis., has a booster organization that does things in a new way. For years the business men's association has drifted along as most other such bodies do—all the work done by the secretary and a few devoted members. But early last year the association parceled out its duties to seven divisions: (1) of manufacturers and financiers; (2) of good roads; (3) of trade extension; (4) of city government; (5) of civic art; (6) of commercial travelers and publicity; and (7) of membership. Every division was made up of a chairman and five or seven members.

The division of manufacturers and financiers at once attacked the problem of bringing new industries to Fond du Lac. The city had one conspicuous empty building, shoe factory that had gone bankrupt. The division interested local capital in a new enterprise and now a company that manufactures visible typewriters occupies that building and has a first order for 5,000 machines as an earnest of its hope for permanent success.

New ideas on an old subject. Meanwhile, the division of good roads organized and invited D. Ward King to come to Fond du Lac and lecture on good roads and the "King road drag" and May 1911. It called together a "King Road Drag Congress," to which it invited the chairmen of the city and road supervisors of every town in Fond du Lac county. A local manufacturing concern began to manufacture these drags, and gave ten of them to the good roads division which in turn gave them (and more) to the township road supervisors.

The division of trade extension prepared to till the field of trade that was thus opened up. It employed an advertising manager to publish the Fond du Lac Trade Extension for it. This publication is made up mostly of advertisements of the merchants and attractions of Fond du Lac, with articles on good roads, pure bred seeds, better livestock, and "hints to farmers," mostly supplied by the state agricultural college and gladly read by the farmers. The publication has been a success. The first year it earned a net profit of \$1,000, and the second year it was cut down to allow all the merchants who want it a chance to get in.

Another device of the civic division was to rent a large room for the business men's association. Country people are invited to meet and rest here; they may check their parcels here; they may read the business magazines and newspaper that are provided; they may write letters; they may order their purchases delivered here and pick them up on their way home. It would be hard to measure the more useful and more appreciated convenience than this.

The civic art division made a valuable contribution to the trade campaign to attract the merchants that "trade follows the light." It solicited funds and, after thorough discussion, bought sixty ornamental light standards of local design and manufacture and put them up one hundred feet apart in the business streets.

Another power for publicity was tapped by the division of commercial travelers. Several hundred commercial travelers live in Fond du Lac, and the division arranged with these men so that they would report the names of companies in other cities that are considering a change of location. The committee follows up these "leads" and tries to interest such concerns in the merits of Fond du Lac.

Altogether, the new form of organization of the Business Men's association has brought about a wonderful revival of public interest and local pride.

WAITING AS A VACATION. Philadelphia Press: Hours of work of waiters are long, particularly in the fashionable hotels and restaurants, that remain open late at night. The work, however, is not income and is hard and rapid only for two hours at lunchtime and again two hours at dinner time. Between while it is very light. Advancement in years is, with reason, no disadvantage, for a first rate man at 60 makes up for loss of youth in grasp of his business and quickness in discerning the wishes and tastes of his patrons. In fact some of the best paid waiters are so old that they would be down and out in nearly any other pursuit. Weather never stops the income; there is no season so slack that the waiters are thrown out of work altogether, as may be the case with mechanics, bricklayers, weavers, clerks and salespeople in the department stores and so on.

Demand for waiters exceeds the supply always in one part of the year in the cities, in the other at the watering places. A fairly good waiter of steady habits is never long out of a job, and a first rate man has more offers than he can take.

The work leads naturally and frequently to the proprietorship of hotels and restaurants and consequently, when successful, to handsome incomes. Development of hotels and restaurants on a large scale, and the custom of dining in hundreds and thousands at hotels, have also given rise to a demand for head waiters who can cope with work of so great a magnitude and who are really great organizers—great captains. Such men nowadays command extraordinary salaries.

One New York, who is commonly referred to as the head waiter, though he bears the title of a manager on the roster at the hotel where he is employed, receives the splendid salary of \$25,000 a year.

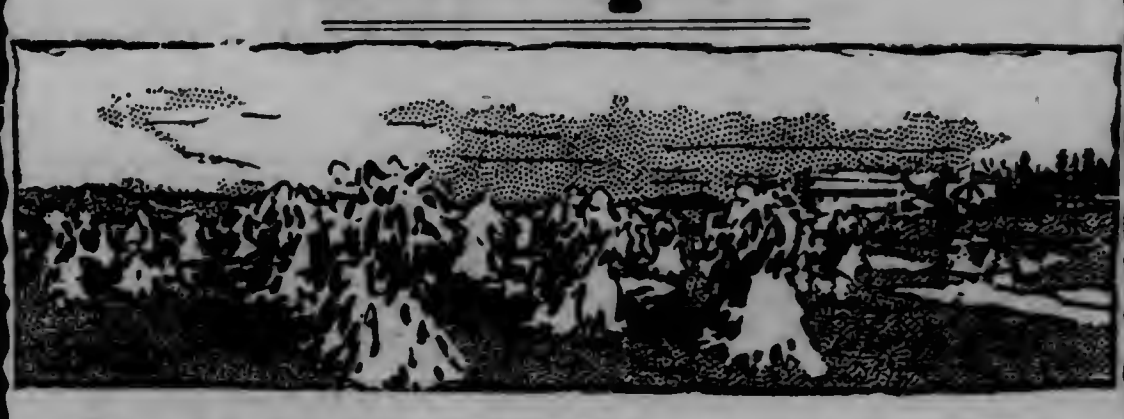

Men of small means who are casting about to determine what to do with their lives might do worse than consider the question of training them up to be first rate hotel and restaurant waiters.

## George A. Gray Co.

Successor to Gray-Tallant Co.  
113-115-117-119 WEST SUPERIOR STREET, DULUTH, MINN.

## Everybody Will Prosper

The most bounteous harvest ever—graneries and elevators overflowing—the railroads and boats will have more than they can do to move the crops.

Activity in all lines—remunerative work for everyone—good times ahead for everybody!

We've prepared for this era of prosperity with the richest stocks we've ever gathered—we anticipated the good times sufficiently to take advantage of conditions prevailing earlier—and you may have the benefit of them.

## This Wooltex Suit \$25 Tailored Suits For Fall

In Many Delightful and Distinctive Styles.

Women who appreciate the importance of being posted on "what's what" in fall fashions can receive the latest word of Paris fashions at this store.

Many of these delightfully new suits are of the Wooltex make and are therefore authentic. You can depend upon that, for the Wooltex makers spend \$50,000 a year to maintain their style certainty.

You may have your choice of styles originated or suggested by any one of the foremost Paris fashion kings. Or you may choose from models that we think not a bit less beautiful—produced by the American designers in the Wooltex workshop.

The woman who buys early can buy a Wooltex suit with a feeling of absolute security regarding the "lasting quality" of its style as well as of its service.

Wooltex suits have 27 points of superiority

You may find some of these in the most expensive custom-tailored suits—but in Wooltex you can get them all and at a reasonable price.

Come tomorrow or next day—or as soon as you're ready. We can show you enough of the new fall suits any day to make your coming worth while.

## MME. JEANNE SAVARIE OF PARIS

Will Lecture at Our Store Tuesday Afternoon, Sept. 24 at 2 o'clock—on "Leading Styles for Fall and Winter"

Mme. Savarie is a recognized fashion authority, and the head of the great Wooltex Fashion Bureau in Paris.

Her lecture will be illustrated by sixty beautiful gowns and tailored costumes shown on living models.

Reserved tickets for this lecture may be secured without charge at our suit department on and after today.

## TRAITORS IN TAFT CAMP

Four Places on the National Committee Are Declared Vacant.

Resignations of Minnesota, Oklahoma and Iowa Men Accepted.

New York, Sept. 18.—The Republican national committee today accepted the resignation of its members from Minnesota, Oklahoma and Ohio and declared vacant the seats held by members from New Jersey, West Virginia, California and North Carolina, who are Roosevelt supporters. Successors were named to retiring members from Oklahoma, Ohio, New Jersey and North Carolina.

The committee refused to recognize a telegram from Russ Avery of California, announcing his resignation, and voted to expel him for disloyalty to the Republican party.

Chairman Hill was empowered to appoint a sub-committee of three to recommend a successor to Mr. Avery. Today's meeting had been heralded as a time when a "housecleaning" would be had and when the members of the committee, who had "used" their position to attack President Taft and give support to his opponents, would be dealt with by the loyal members.

## OVER 800 KILLED BY THE ITALIANS

Bloodiest Battle of War in Tripoli Fought Near Derne.

Rome, Sept. 18.—The most sanguinary engagement of the war in Tripoli was fought yesterday near Derne, 16 miles from the Mediterranean coast, 140 miles northeast of Benghazi. The Italians lost 61 men and 13 wounded. The Turks and Arabs lost more than 800 men in the field. Forty-one, including an Arab chief, fell into the hands of the Italians.

## ASK TEDDY ABOUT A THIRD TICKET

Minnesota Progressives Want to Know Whether They May Make Move.

St. Paul, Minn., Sept. 18.—(Special to The Herald.)—Hugh T. Halbert, one of the Roosevelt leaders of the state, today sent a telegram to Senator Dixon and Col. Roosevelt asking advice as to placing a Progressive state convention ticket in the field, headed probably by J. F. Jacobson of Madison for governor.

## CITY BRIEFS

Steering quality printing. Tawing-stewards. Each phone, 114.

Annual Meeting Oct. 9. A number of prominent Duluth men will be engaged to address the annual meeting of the Chamber of Commerce, which will take place on Oct. 9. Several interesting papers on charitable work will also be presented. The nominating committee of the board will meet tomorrow or Friday evening to nominate the officers to be elected at the annual meeting.

Wanted. Private tutor in elocution. Address S. 429, Herald.

Woman Is Acquitted. Nora Whitehead, colored, accused of stealing \$150 from Ed Gustafson, laborer, a few weeks ago in the segregated district, was acquitted yesterday after a trial.

## CLARK BEATS BOURNE AS SENATE NOMINEE

Salem, Or., Sept. 18.—A. E. Clark, an attorney of Portland, was nominated for United States senator over Jonathan A. Bourne, the incumbent, by the Progressive state convention here. The convention then proceeded to name a state ticket. Oregon does not elect a governor this year.

## SPECIALIST

In the cure of Sore Eyes, Discharges, Cramps, Pile, La Grippe, all Stomach, Kidney and Liver Troubles, Rheumatism, Gout, Gravel, Neuritis, Sciatica, or drops by the Famous Kuhn Baths and Flashes. Manager, 204 East Fourth street. DR. G. LEE.

## BOYHOOD DAYS OF JOHN BURROUGHS

The Naturalist Tells of Wearing Cowhide Boots That Brought the Skin Off With Them, and Home-Made Clothes That Were as Uncomfortable.

Julian Burroughs in the Craftsman: It was always a pleasure to hear stories of father's (John Burroughs) boyhood. He often liked to tell them. His memory being as clear and the pictures he drew as though it were all yesterday. The old homestead lies in a beautiful, rolling, restful country, open to the sun, a land of great fields and slopes, no sharpness or jarring line in all the land of clear springs and trout brooks, of pastures where the herds graze or rest, of cool woods where the hermit pours forth his ethereal song, of meadows brimful of hay, over which the fragrant summer wind sends gentle waves. It is a country of the cow, dairying being the one and only industry everywhere. An emigrant, has "boss" for its center. One of father's best friends says: "Our Rural Divinity" shows how well he knew and loved the cow.

"Ah, my boy, you never wore cowhide boots or a homespun shirt, you don't know what discomforts the boots were made by the village shoemaker and were stiff, heavy things that rose on our feet. Often mornings in cold weather when we got to school we would sit on the steps and shiver while our boots thawed out, and at night when we pulled them off, the skin would come too. It always took two of us to get them on in the morning and sometimes took three when off. Hiram would get over us smaller boys and take hold of the boot straps over our shoulders and we would pull, tug and kick with might and main, until at last the boot would come off. Father used to grease them with tallow and soap, and then he would rub them with a little oil. And in spring when our heels thawed out, that was an intolerable itch there was. Sometimes we would rub them with cornmeal until the boot would come off.

"The homespun shirts, when new, almost took the skin off your back," father would say, as he drew in a breath, in respect to the memory of them. "They were harsh and of a yellow color, but with wear and many washings they grew softer and of a grayish white. We raised the fax ourselves, planting a small piece every year; we would, swindled and hatched it out, and the women folk would spin and weave it and make it up into our shirts. Then we had sheep and washed sheared carded and spun the wool. That also the women folk made into cloth and blankets. I remember hearing the tramp, tramp, of the women's skirts on the wooden floor, and the buzz of the loom as they wove the woolen cloth. Mother made dyes and dyed the yarn herself a soft, unflashing blue. Geese we always had, with goose feather beds and pillows. Our mittens and socks mother knitted, thick and warm. Mother made tallows dips, they were the only thing we had, we always had a box full of them on the attic stairs.

WISHING FOR WEALTH.

Detroit Free Press: "I don't care if I never become rich enough to own a motor car."

"So?"

"No, and what's more, I'm not dead anxious to be able to afford a trip to Europe now and then."

"Contented, eh?"

"Not exactly. Only, I'm not losing any sleep over it. I have a good enough to build eight or nine two-family flats."

"What is the matter with you, then?"

"As I was saying, I haven't any ambition to corner the money market. All I want is enough to live on, and—"

"Enough for a rainy day?"

"No. I'd just like to be rich enough to afford an ice box with attachments that I could empty at will."

"I don't know if it's true, but I've heard that I could empty at will."

## CLUB WOMEN IN SESSION

Suffrage Question Is to Be Voted On at Dodge Center.

Mrs. P. J. Scharg Is Likely to Be Elected as Secretary.

Dodge Center, Minn., Sept. 18.—Suffragists from all parts of the state are arriving today previous to the discussion and vote on the question of suffrage which is to come up before the Federation of Women's Clubs here before the close. Among those present are Mary Mcadden, Mrs. E. L. Burrows, Mrs. H. A. Tomlinson of St. Peter, who retires from vice presidency at large, is standing for election as auditor, to succeed Mrs. A. D. Stephens of Crookston.

The following officers probably will be elected: Mrs. P. J. Scharg, recording secretary; Mrs. P. N. Kusick, historian; Mrs. E. J. Lewis, custodian; Mrs. E. L. Burrows, treasurer. General reports of the various districts of the state were the chief events of the opening session of the convention, held yesterday afternoon. Among the interests for which club women in different parts of the state have been working during the year were: Establishment of penny lunches in the schools, health and hygiene problems, early closing in the stores, cleaner markets, protection of birds, cleaner streets and cities and other uplift movements.

The question of the adoption of the woman suffrage in the federation platform will be decided at this meeting of the state federation, and while the club women as a general thing seem to be in favor of equal suffrage, the more conservative feel that the state federation should not as a body stand either for or against an issue which part of its members favor and part oppose.

## New Business in Duluth.

Chris Shuren, an old resident of Duluth and Mayor Hoppenyan, a new arrival in this city, has just opened a new monument store and funeral parlors at 327 West First street. Mr. Shuren is well known in Duluth and has years of experience in the monument business. He is recognized as a carver and designer of rare ability, and Mayor Hoppenyan has a national reputation as an embalmer. He is known to practically every funeral director in the United States, on account of his writings and the new ideas advanced by him in his professional work.

Several bright and energetic young men for telephone solicitors in all parts of city. Must have good references.

—APPLY TO—

DULUTH TELEPHONE COMPANY, CONTRACT DEPARTMENT, 220 WEST FIRST STREET

## UNION BACK OF MINERS' STRIKE.

Oskaloosa, Iowa, Sept. 18.—The United Mine Workers of America will back the strikers of the Kanawha coal district in West Virginia, according to action taken at a conference of officials of that organization here. A resolution was adopted pledging the financial support of the national union to the strikers.

President John P. White and the other officials of the organization will attend the conference arranged for Saturday at Charleston, W. Va., in which Governor Glascock will participate and have agreed to holding in abeyance any other plan for settling the strike until after that conference.

## SOCIAL DANCE

Given by Duluth Central Lodge, No. 450, M. E. A., at K. P. Hall, 118 West Superior St., Sept. 19. Good music. Tickets, 25c.

## TAFT DENIES PART IN NEW YORK CAMPAIGN.

Beverly, Mass., Sept. 18.—President Taft today denied published reports that he is taking any part in the contest in New York state for the Republican gubernatorial nomination. The president made it known that he favors no candidate and that the convention will be an open one.

## Poker Dead Negro.

Egeland, N. D., Sept. 18.—Eugene McGinnis, 22-year-old Kentuckian, is under arrest here charged with the murder of Barker Seaman, a negro of Fargo, N. D. The killing is said to have occurred late yesterday afternoon in a room in which both held hands. McGinnis was captured after a chase of two miles.

## THE DARK AGES OF TODAY

In Nigeria the Trial By Ordeal Is Still Practiced—Superstition and Witchcraft Lurk in Every Forest and Lake.

From the London Telegraph: Amara Talbot, a district commissioner for Southern Nigeria, accompanied by his wife, has just returned from nearly two years' traveling in parts of Nigeria, large portions of which have been held by a government official, and certainly never by a white woman. For the first time, a survey, anthropological, botanical and in parts geographical and zoological, has been completed almost uninterrupted from the Gulf of Guinea right through to Central Africa.

Describing some of his experiences in the Southern Nigerian bush—the home of the most ancient and most primitive superstitions, but among these "Ojje," or witchcraft, reigns supreme. It is a belief, filed in at your open door in the sunlight, the bat which circles round you at night, the crocodile which crosses your path while hunting, all may be familiars of witch or wizard or even the latter themselves, disguised to do you hurt. Sometimes the terror of witchcraft will scatter a whole town.

"Should the suspicion of witchcraft fall upon anyone, only trial by ordeal can free him. The most usual one is that of eating, or a poisonous bean, which almost invariably kills the suspected person. The ordeals of boiling, and of walking upon the palm of the hand, and of peppercorns inserted in the eyes, are far less dreaded, not only because their results are practically never fatal, but because the physical anguish entailed is acknowledged to be less intense than that caused by 'esere'."

One of the most interesting discoveries was that of the Lake of the Dead, in the Ouan country. "The name of this lake," said Mr. Talbot, "occurs in many of the tribal songs, but for a long time I could not discover the meaning of the word, and all inquiries failed to elicit information. I believed I was in the neighborhood of this haunted spot, but it was not until I was told that I was to be allowed to proceed, through dense bush, to a place where a sheet of water, along the banks of which were the holes of crocodiles, whose tracks covered the shore."

The scene was a weird one; the surface was absolutely still, and round about were bushes and trees with creamy flowers. These, however, proved to be a very deceptive place. The place is a sanctuary for all wild things, for no hunter would dare to penetrate the bush, and the water is broken by the quiet ripple and little fish were seen to spring agitatedly above the surface. A great python was crossing, and this, we learned, shared with the crocodiles the guardianship of the sacred lake.

"Nothing," we are informed, must even touch its outer edge, or a famine and pestilence would ensue. Reform after reform, however, come by night the ghosts of long dead Ekiok to drift in and complain of sorcery and of sailing, over the surface of the water. Even in the bright sunlight the place seems a very dark look, and one can easily imagine that at midnight, when the moon is out, and the water is in the light of the moon, people with the terror and mystery of the 'bush' in their blood would rather sit chatting round the fire or drape by torchlight in the open spaces of the bush, than face the uncanny spot, on the chance of holding communion with the spirits of their long dead kin."

surface. A great python was crossing, and this, we learned, shared with the crocodiles the guardianship of the sacred lake.

"Nothing," we are informed, must even touch its outer edge, or a famine and pestilence would ensue. Reform after reform, however, come by night the ghosts of long dead Ekiok to drift in and complain of sorcery and of sailing, over the surface of the water. Even in the bright sunlight the place seems a very dark look, and one can easily imagine that at midnight, when the moon is out, and the water is in the light of the moon, people with the terror and mystery of the 'bush' in their blood would rather sit chatting round the fire or drape by torchlight in the open spaces of the bush, than face the uncanny spot, on the chance of holding communion with the spirits of their long dead kin."

## IS THE SERVICE CLEAN?

Little Points Which Are Overlooked in Charge of Food.

The sanitary condition of kitchens and the food service in hotels and other places where food is served to the public is a matter to which many persons who patronize them have given at least occasional thought, says the Kansas City Star.

Perhaps the most common attitude toward this subject of the "temporary home" is toward markets and other places where food is handled or prepared before it reaches the home kitchen, is that it is least disturbing to put it out of mind and forget unpleasant things which it is assumed cannot be remedied.

This is a direct attitude, for the subject has a right attitude to comfort and to health and is one in which public sentiment is perhaps the chief factor in securing regulation. Legislation relative to the inspection and regulation of hotels, restaurants and other places where meals are served is in force in some cities and contemplated in others. The results of an inspection which needs to be under control, and concerning which the public has a right to know, is that the places where meals are served are not clean places may be patronized and the proper ventilation in hotel and restaurant kitchens, suitable sanitary conveniences for employees, and whatever else makes for clean food are matters of public hygiene which are of the same importance as is the case with bakeries, markets, candy factories and other places where food is handled. There are other matters which are also worth considering in this connection.

It is no uncommon thing to notice a hotel, restaurant or dining car, and often in these places pride themselves on the excellence of their service, practices which would not be permitted if due attention was paid to all matters of hygiene.

For instance, it may be sometimes noted that finger bowls which have not been washed since a previous service are placed before guests. Soiled napkins may also be seen occasionally in use for wiping off table dishes before service.

It is certain that such practices where they exist would not continue if supervision by the management was as thorough as it should be. If patrons were not indifferent to them or lacking in observation.

The public owes a duty to the management in such matters and all such violations of the law of hygiene and cleanliness should be reported to the proper person. Here, as in most other instances, the remedy lies in the hands of the public.

On the other hand, there is no ground for the general suspicion of the methods in use in hotels and restaurants. Probably in the majority of cases a great deal of attention is given to kitchen and serving room equipment, which is designed as regards both material and method of construction in such a way that it may be readily kept clean and good. In fact, in restaurants are constantly endeavoring to make sure that food is handled, cooked and served in a cleanly manner.

## MONEY AND CREDIT TOTALS INCREASE

Seventeen Minnesota Counties Show Aggregate of Over \$1,000,000.

St. Paul, Minn., Sept. 18.—(Special to The Herald.)—The total amount of money and credits in Minnesota (from Cook county, not yet reported) as summed up in the office of the state tax commission today, show an increase this year of \$19,389,009. The total amount of money and credits in 1912 amounts to \$135,065,135 as against \$115,676,126 in 1911. Seventeen counties show an increase in money and credits amounting to over \$1,000,000. These are:

Twin Cities.

Speaks to Crowd That Packs  
St. Paul Auditorium  
to the Doors.

Third Party and the Trusts  
Are Theme of New  
Jersey Man.

Chicago, Sept. 19.—"Plainly the times are changing," declared Governor Woodrow Wilson on his arrival here today, in reference to his reception on his tour, which he said were "the greatest gatherings he had ever talked to since he entered public life." The governor spoke particularly about his visits to Minneapolis and St. Paul, where he spoke 20,000 words without having prepared a single word.

Fred B. Lynch, national committee man of Minnesota, conferred with the governor on the way here. Although Governor Wilson's itinerary allowed him only an hour and a half in Chicago today, the program arranged for the Democratic presidential candidate during that brief time gave assurance that he would be able to greet many hundreds of persons.

Mr. Wilson reached the city from St. Paul at 8:52 o'clock. A reception committee headed by Elmore V. Hulse escorted the governor to Democratic headquarters, where he held a short conference with leaders before 9 o'clock, the hour set for a public reception. As many as could go were given the opportunity of shaking hands with Governor Wilson in fifteen minutes. He was scheduled to leave for Detroit at 10:20 a. m.

Besides the political side of his visit to Detroit, the governor looked forward to another incident—his introduction to Tyus Cobb, the Detroit baseball player. The governor practiced law in the same section in Georgia.

Vienna, Sept. 19.—Konstantin Theodor Dumba, at present minister to Sweden, was today nominated to succeed Baron Hengelmüller von Hennersdorf as ambassador of Austria-Hungary at Washington.

Herr Dumba is a healthy and popular diplomat. He inherited the property of his uncle, a Vienna banker and philanthropist, who was a great art patron.

Baron Hengelmüller has represented Austria-Hungary at Washington for eighteen years and was dean of the diplomatic corps there.

Washington, Sept. 19.—Jamaica Bay, Long Island, and the Potomac river seventy-five miles down from Washington, both are polluted by typhoid germs, according to the department of agriculture.

Acting Secretary Hays today issued a statement saying the department's investigators had traced typhoid to oyster beds and had begun a survey of the great oyster fields to determine how far the pollution extends. He suggested state policing of oyster beds and action by government authorities to insure purification of city sewage.

One Death in Pittsburgh.

Pittsburgh, Pa., Sept. 19.—An announcement was made today at the municipal hospital, where Dr. E. R. Walters, director of public health is confined, suffering from smallpox contracted while fighting the disease in the foreign quarter, that his recovery is expected. No new cases of smallpox were reported. One death occurred during the night.

Japanese Paper Resents Attitude on Sealing Question.

Vancouver, B. C., Sept. 19.—An agitation against the attitude of the United States on the sealing question in the Pacific is being carried on by several newspapers in Japan, according to advices received here.

The Osaka Asahi expresses wonder that the Japanese government remains silent regarding the "audacious attitude" of the United States government in dealing with the fur seal treaty as regards the proposal to reduce the prohibitive period against sealing from ten years to five.

## SAYS TRUSTS HELP WILSON

Roosevelt Names Harvester  
Company Specifically in  
His Speech.

Accuses Democratic Nomin-  
ee of Making False  
Statements.

Trinidad, Col., Sept. 19.—A flat denial of statements attributed to Woodrow Wilson in regard to the Progressive party's attitude toward the trusts was made by Col. Roosevelt in a speech here today. He said Governor Wilson was quoted as saying in a speech at Sioux Falls, S. D., that the Progressive plan would work for the interests of the large corporations and give them control of the market for labor.

"In his speech yesterday he stated that the method now proposed by the Progressives to regulate the trusts was suggested by Messrs. Gary and Perkins before the committee of the house of representatives named to look into the Steel trust. And he stated it was done to do so, and an entire right to assail the Progressive platform, but he should confine himself to telling the facts as they are."

Says It Was Untrue.

Neither of the statements is in accordance with facts and five minutes inquiry on Mr. Wilson's part would have taught him that there was not one particle of foundation for what he was saying. Not once only, but again and again, in messages to congress and in speech after speech while I was president, I advised the United States to control its business better than its competitors.

## STRIKERS HOPEFUL OF WINNING BATTLE; WILL WIN, SAYS HALL

## USE ARMS IN UTAH STRIKE

Miners Are Entrenched and  
Open Fire on the  
Deputies.

Governor Spry Says Civil  
Authorities Must Fix  
Up Trouble.

Bingham, Utah, Sept. 19.—An army of miners, fortified and determined, held undisputed possession of the copper, lead and silver mines of Bingham when the second day of the miners' strike for a further 25-cent increase in pay and recognition of their union dawned.

While the workers, thousands strong and speaking many tongues, dug breastworks, strengthened picket lines and worked out a rough form of military discipline, there was activity in the offices of the mining companies and the headquarters of the county and state officials.

Developments seemed to depend almost entirely on the success of Governor Spry, who has been asked to urge the strikers to surrender the mines, give up their arms and wait in patience the success or failure of the mine managers' efforts to figure out means by which their demands can be granted.

Charles H. Moore, president of the Western Federation of Miners, was said to have an appointment with Governor Spry to go over the situation. His influence with the miners has been great.

## THREATEN LIFE OF VIRGINIA BROOKS

Anonymous Writers Demand  
Cessation of West Ham-  
mond Crusade.

Chicago, Sept. 19.—Letters threatening violence to Miss Virginia Brooks, the "Joan of Arc" of West Hammond, Ill., unless she stopped her vice crusade in that village, were turned over to United States postal authorities today.

"Letters don't frighten me," said Miss Brooks. "I'm going into this fight with more vigor now than I've been threatened."

Writers of the letters were expected to be arrested today. One of them reads:

"We have had enough of this. If you do not let up there are liable to be some trouble. You may get a bomb, dynamite or nitro glycerin."

## Labor Leader Returns From Minneapolis in Op- timistic Mood.

Union Men Parade Business  
Streets With 120  
Men in Line.

RECEIVED BIG VOTE  
IN COUNTRY DISTRICTS

"Conditions were never easier than they are this morning," stated E. G. Hall, president of the Minnesota State Federation of Labor, upon his return from Minneapolis, his home, this morning.

"The men will win. It's only a question of time. The strikebreakers are the best friends the union men have. They continue to knock down fares and the cost of the strike is piling up on the street car company. They cannot stand it a great while longer."

In a parade given by the striking car men last night, to prove to the public that their ranks are not being deserted, there were 120 men in line. The men claim that two or three men were detained at home on account of illness in their families.

If the shouts of encouragement given the men by the people on the streets last night is any indication of the pulse of the general public, the men have the sympathy of the community in their controversy with the company.

The men formed in line at Nineteenth avenue west and marched through the business section of the city. They received a hearty reception by pedestrians all along the line of march.

This morning it was claimed that one more employee was induced to quit his work as motorman on a street car yesterday. He did not join the union, however.

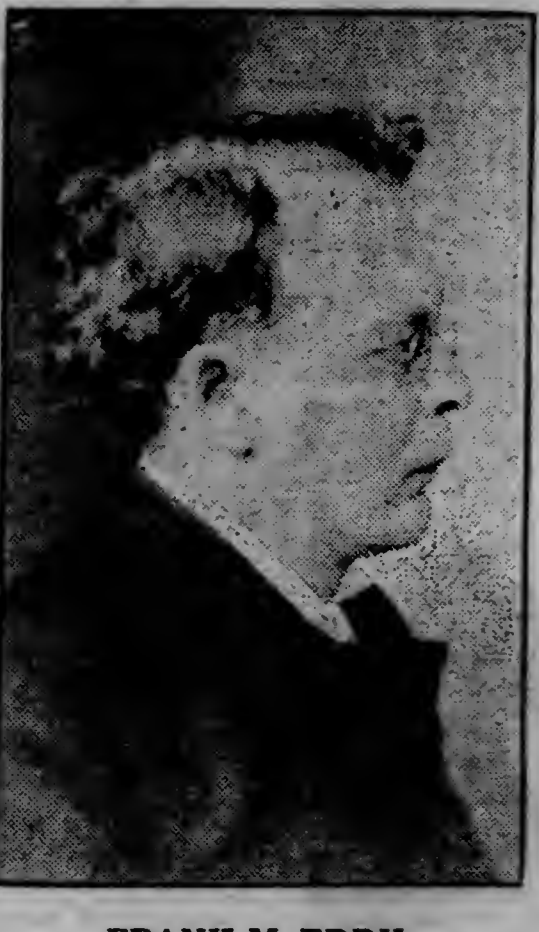

Car Is Stopped.

The only trouble last night was the stopping of a street car on Grand avenue, West Duluth, and the piling of some ties on the track near Lester Park. The stopping was done by boys and the gang was quickly dispersed by several deputy sheriffs who were stationed in West Duluth. At Lester (Continued on page 13, sixth column)

## ALL PRIMARY CONTESTS BUT ONE SETTLED BY RETURNS ALREADY RECEIVED FROM 135 DAY VOTING

## EBERHART'S LEAD IN RETURNS FROM STATE ASSURES NOMINATION

RECEIVED BIG VOTE  
IN COUNTRY DISTRICTS

FRANK M. EDDY,  
Former Congressman, Who Gave  
James A. Manahan a Hard Race for  
Congressman-at-large.

## HELEN GRAY IN FRESH TROUBLE

"Woman Lobbyist" Accused  
of Concealing Public  
Records.

Washington, Sept. 19.—Helen Gray of St. Paul, Minn., an investigator whose work at the last session of congress for the Graham committee of the house created a scene upon the floor, in which she was charged with being "a woman lobbyist," was arrested today on a warrant sworn out by the Indian bureau charging concealment of public records.

Frank Eddy Runs Strong in  
Country, But Manahan  
Still Ahead.

Judges Stanton and Start Are  
Leading for Chief  
Justice.

Canvassing Board Called to  
Meet at State Capitol  
Sept. 24.

St. Paul, Minn., Sept. 19.—(Special to The Herald.)—Returns from Minnesota's first state wide primary of Tuesday still are incomplete, and the counting in precincts all over the state is in progress yet today. Figures so far received, however, have not changed the situation to affect the probably nominated Republican ticket as announced yesterday.

The counting so far has been confined almost exclusively to the Republican ballots, and no announcement has been made on the completed Democratic ticket. The following nominations on the latter are assured:

United States senator, D. W. Lawler, St. Paul.

Governor, P. M. Ringdal, Secretary of state, Harvey W. Grimmer.

Attorney-general, W. F. Donohue, Railroad and warehouse commissioners, J. G. Reiter and J. M. Gaynor.

Governor A. O. Eberhart has a good lead over his five competitors for the nomination on the Republican ticket in 930 precincts out of 2,700 outside of Hennepin and Ramsey counties. Eberhart's vote this morning showed 20,344; W. E. Lee, 12,943; E. T. Young, 10,602; while the other three had less than 5,000 each. Under the new law, should future returns continue in the same ratio, all of the candidates will be eliminated except Eberhart and Lee.

In the non-partisan contest for judges of the state supreme court, C. M. Stanton of Bemidji and C. M. Stanton of St. Paul are leading. The law provides that the names of the two candidates receiving the largest number of votes will be placed on the ballot.

(Continued on page 13, seventh column)

## HARVESTER TRUST CASE POSTPONED

Attorney Bancroft for the  
Defense Pleads  
Illness.

Chicago, Sept. 19.—Owing to the illness of Edgar A. Bancroft, counsel for the defendants, the taking of testimony in the government's anti-trust suit against the International Harvester company was postponed today.

Today's proceedings were to have been devoted to the presentation as evidence of the minutes of the Harvester company's director meetings and of the minutes of the voting trustees, George W. Perkins, Cyrus H. McCormick and Charles Perkins.

"Did you receive all the minutes that had been subpoenaed?" Edwin Grosvener, special assistant attorney general, was asked.

"We did not," replied Mr. Grosvener.

Taft Will Try  
Budget System  
Has Found Way to Get  
Around Objection By  
Congress.

Beverly, Mass., Sept. 19.—President Taft intends to give the people of the United States an opportunity to become familiar with a "budget system" of estimating revenues and expenditures, whether congress approves or not.

In a bill passed by congress and signed by the president in the closing hours of the last session, it was decided that estimates should be submitted to congress as heretofore, but that the president should have the right to show the country the advantages of a budget system and the present methods of estimating the income and expenditures of the government.

The president, after consulting with Secretary of the Treasury MacVegh, has reached the conclusion that there is nothing to prevent Mr. MacVegh sending along in the estimate in budget form just as a comparison and not for use in framing bills.

Commissioner of Seventh  
District Is Still in  
Doubt.

Only Twelve Precincts in  
County Have Made No  
Returns.

Returns From Many Others  
Incomplete on Some  
Offices.

With the possible exception of that for the Republican nomination of county commissioner in the Seventh district, all primary contests are settled.

Only twelve precincts in the county, had made no returns up to 2 o'clock this afternoon, and the returns from them are not expected to affect the result materially.

The contests for register of deeds, coroner, representative for the Forty-ninth district and commissioners in the Fifth and Seventh districts will require elimination under the second choice provision of the primary law. The pluralities of the first choice leaders are as large and the second choice was used by so few voters that the first-choice leaders cannot affect second choice elimination, except in the case of the Seventh district commissioner contest.

Yesterday afternoon it was supposed that Eberhart had a good lead in the Seventh district. The returns from Chisholm giving O'Neill a large plurality upset Eberhart's plurality. In Stanton, so that with nine precincts missing today the vote stands: O'Neill, 712; Eberhart, 686; Ryan, 666; Walker, 190; Wall, 149.

All contests which were doubtful yesterday were settled by the late evening. Although Callahan carried the range by about 400, Palmer's plurality was so great in Duluth that he fell little short of a majority, and he is the nominee for register of deeds.

Dr. McComb is far short of a majority for coroner, but he led all opponents in the city and on the range. With thirteen precincts still to be counted, the grand total stands: McComb, 4,242; (Continued on page 13, sixth column)

## VANISHES AFTER DEAL WITH BANK Agent of American Company Disappears From Amsterdam.

Amsterdam, Holland, Sept. 19.—The financial agent named Hiddink, who has disappeared from Amsterdam and whose dealings with the bank of Betankor bank are to be the subject of a judicial inquiry, was the representative here of a United States and Mexican company.

Hiddink had carried on satisfactory dealings with the bank for ten years. These transactions for a time were broken off on account of the bank's dissatisfaction with one of them. Some months ago the relations were renewed when Hiddink presented drafts amounting to \$87,500 accompanied by certificates of shares sold in New York, for which he received cash.

The drafts were returned to New York unpaid, the certificates not having been accepted, being rather, it is alleged, worthless, or not valid as such as had been represented. Hiddink fled.

## STRIKING MINERS BURN BUILDING Commit Depredation in Heart of Martial Law District.

Charleston, W. Va., Sept. 19.—Making their way through a line of sentries, incendiaries early today poured oil on the tipple of the Carbon Coal company at the head of Carbon creek at Kanawha, and fired the building, which was destroyed with a loss of \$10,000. Attempts have been made to operate the mine in defiance of the striking miners, who are in the heart of the martial law district.

Maj. James I. Pratt, commanding the militia, and Maj. Thomas Davis, provost marshal, arrived later in the day with bloodhounds. The soldiers in that section were divided into squad parties, and with the bloodhounds searched the mountains for the incendiaries.

Governor Glascock's commission investigating conditions in the strike country will hear the statement of D. C. Kennedy, secretary of the Kanawha Coal Operators' association, this afternoon. Kennedy is looked upon as one of the commission's most important witnesses, as he was for a number of years president of district No. 12, United Mine Workers of America.

## MRS. PAT CAMPBELL IS CRITICALLY ILL.

London, Sept. 19.—Mrs. Patrick Campbell, the actress, is said to be critically ill, after a long and severe attack, which was said to be whether peritonitis is the cause of her illness. For two days she was unconscious, but today her condition was reported somewhat improved.

WEATHER—Showers tonight or Friday; slightly warmer tonight; light to moderate variable winds.

## GRAMMAR SCHOOL, HIGH SCHOOL AND COLLEGE YOUNG MEN

Oak Hall clothes are the kind for you to wear—no matter where you go you'll be content with your appearance, satisfied that no one is better dressed than you are. Our Fall lines are complete now and if it's a question of Variety—Style—Value and a reasonable price (it must be some of these) you'll get the satisfaction you are looking for at the Oak Hall.

There are the newest in suits and overcoats for young men. They have the character that young men like. Both single and double breasted in sack coats and Norfolk styles made as they should be made.

**Oak Hall Clothing Co.**  
Superior St. at Second Avenue West.

## THE EUROPEAN MINERAL & VAPOR BATHS

### ARE A CREDIT TO OUR CITY

A Herald reporter made a visit to the European Mineral and Vapor Bath Parlors at 17 and 19 East Superior street and was shown through the "House of Health" and was surprised to see what equipment and facilities the institution has for treating all kinds of diseases at a very small cost to the patient.

The baths and parlors, which are directed separately for ladies and gentlemen, are furnished elegantly and the patient, after taking the treatment, can enjoy the comforts of a real home-like place. Private rooms are reserved for those who live in or outside of the city, so that in case patients desiring to remain at the Sanitarium can do so at very moderate rates.

The reporter was also shown hundreds of testimonials, which are not "faked up" ones but the genuine signatures of those who have been cured of Rheumatism, Colds, Lumbago, Skin and Blood Diseases, Liver and Kidney Troubles, etc., and was informed by the Professional Masseuse in charge, that there is no necessity of any one suffering with the above ailments to leave the city and pay an enormous price, when they can be cured right here in Duluth. They have professional masseurs in attendance night and day, for both ladies and gentlemen, and the office is open all day to give free consultation.

Don't forget the place and number. The European Mineral and Vapor Bath Parlors, 17 and 19 East Superior Street, Second Floor. Call, write or phone for appointments. Melrose 3153.

## ONE CONTEST YET IN DOUBT

Elmquist and Rosenwald Running Close for Railroad Commissioner.

Rosenwald Has Slight Lead in Precincts Heard From.

St. Paul, Minn., Sept. 19.—(Special to The Herald.)—The only doubtful contest on the state Republican ticket is that between C. E. Elmquist and J. F. Rosenwald for the six-year term for railroad and warehouse commissioner. Rosenwald has a slight lead over Elmquist, but it is so small that it may be overturned by later reports.

The reports from 558 precincts outside of the three large cities give Rosenwald 14,456 to 13,224 for Elmquist. The contest between E. H. Canfield and J. E. Mills for the four-year term is also close outside of the cities, but there is no doubt of Judge Mills' re-election. The same 558 precincts give Mills 14,053 and Canfield 12,458.

Eberhart has a good lead all over the state, with Leo in second place and Young in third. The vote from 1,136 precincts is: Eberhart, 24,326; Leo, 18,821; Young, 15,817; Gordon, 6,859; Spooner, 4,893; Falk, 2,886. The precincts do not include the three large cities.

Senator Nelson's re-election by a large majority is assured. In 863 precincts outside of the three large cities, Nelson has 27,133 to Peterson's 19,481.

For congressman-at-large, James A. Marshall leads Frank M. Eddy outside of the cities, and the Twin Cities gave him a heavy vote. The vote in 1,071 precincts outside of the three cities is: Eddy, 14,036; Marshall, 14,125; Thorpe, 11,342; Eustis, 7,852; Dahms, 4,255.

Burnquist leads Neil outside of the cities and his nomination is assured. In 249 precincts outside of the three cities, Burnquist has 18,302 to Neil's 15,192.

Judge C. M. Stanton is running ahead of Chief Justice Start outside of the cities, notably in Northern Minnesota. The two names will go on the ballot. F. Alex Stewart being eliminated by the primary.

The two names will go on the ballot. F. Alex Stewart being eliminated by the primary. The vote on chief justice is: Stanton, 6,390; Start, 5,386; Stanton, 1,131.

P. M. Ringdal's nomination for governor on the Democratic ticket is assured, but some of the other contests are doubtful. In 365 precincts the Democratic ticket is: Ringdal, 1,054; Ringdal, 1,054; Ringdal, 1,054.

Lieutenant governor—Kings, 1,201; Power, 1,131.

Secretary of state—Grimmer, 2,031; Olund, 1,058.

State treasurer—Bibb, 1,115; Wessel, 1,042.

Railroad commissioner, four years—French, 1,601; Reiter, 1,365.

Railroad commissioner, six years—Gagner, 1,244; Strickler, 813; Currier, 742.

Mills and Elmquist carried Duluth in the race for railroad commissioner. The total vote was: Mills, 2,233; Canfield, 1,963; Elmquist, 2,234; Rosenwald, 2,409.

## OIL EXPORTS LOOKED INTO

### Division of Foreign Market Shown in Waters-Pierce Hearing.

New York, Sept. 19.—The Standard Oil Company of New York exports to Japan oil which it purchases from the Standard Oil Company of California, and the California company makes oil shipments to Honolulu, but not to Japan, according to Richard C. Velt, secretary of the New York company. Mr. Velt so declared in continuing his testimony before a referee in the Standard Oil-Waters-Pierce litigation.

"Why doesn't the California company export to Japan?" asked Samuel Waters-Pierce, counsel for the Waters-Pierce company.

"I don't know," Mr. Velt replied. "But they do have the facilities for carrying for the Honolulu business, haven't they?"

"And there is no competition between the New York and California companies for the Japanese business?" Both companies, he said, were formerly subsidiaries of the Standard Oil Company of New York.

## BUYING IMMUNITY FROM STREET URCHINS

Street urchins at the West end have been over to the side of the strikebreakers.

It all happened yesterday when a conductor threw over a handful of nickels, just to see the kids scramble for them.

Now there is a small standing army of youngsters at Garfield avenue waiting for a chance to chase nickels over the pavement.

Incidentally, the strikebreakers are buying immunity from calls of "scab" from the newsboys and the younger element of the street.

## OBITUARY

Hernando De Soto Money, former United States senator from Mississippi.

—Copyrighted by George Grantham Bain.  
H. D. MONEY.

Capt. J. C. Byers, commander of Gilchrist Transportation company's fleet of Cleveland, died at his home in Detroit, Mich., Sept. 18, after an illness of several weeks. He was born in Scotland sixty-eight years ago. Capt. Byers had been connected with the Gilchrist company more than twenty-five years.

Another resolution proposed is expected to place the federation on record as sustaining the charities and corrections committee in its action in the McPherson-McNabb case, "not because of any malice toward the man McNabb, but because he represents a type of criminality which we desire to see punished for the protection of our young girls."

## FOURTEEN HORSES BURN.

Incendiary in Ransom County, N. D., Causes Heavy Loss.

Pargo, N. D., Sept. 19.—(Special to The Herald.)—A large barn on the farm of Maj. C. W. Butts, near Buttsville, Ransom county, was destroyed by fire this morning. Fourteen head of horses and many sets of harness belonging to the tenant of the farm were burned. Incendiary is charged. The barn was one of the largest in the county and cost \$4,000. There was only \$1,000 insurance.

## CLUB WOMEN WANT BALLOT

State Federation Adopts Suffrage Resolution By Big Majority.

Pledges Itself to Work for Reformatory for Women.

Dodge Center, Minn., Sept. 19.—The Minnesota Federation of Women's Clubs this afternoon endorsed woman's suffrage. Only three dissenting votes were cast.

The federation today pledged itself to work for a woman's reformatory in Minnesota; for appointment of women on all county boards; to endorse a publicity campaign with regard to white slave traffic; to encourage a study of the Bible as literature, and to work to secure women as police officers and jail matrons.

Mrs. J. M. Donohue of the Meridian Park Women's club of St. Paul told of the work of the club women in preventing the staging of a certain play in a St. Paul theater. The convention determined to continue its efforts if an attempt is made to stage the play elsewhere in the state.

It was decided that the state fair committee should remain active for another year, provided the fair board would grant an appropriation.

A number of resolutions will be presented for adoption tonight, among which is one urging that the Minnesota national forest at Cass Lake be not further reduced, and that the state of Minnesota adopt a policy of selling only agricultural lands retaining for productive purposes all timber lands now in its possession.

Another resolution proposed is expected to place the federation on record as sustaining the charities and corrections committee in its action in the McPherson-McNabb case, "not because of any malice toward the man McNabb, but because he represents a type of criminality which we desire to see punished for the protection of our young girls."

Incendiary in Ransom County, N. D., Causes Heavy Loss.

Pargo, N. D., Sept. 19.—(Special to The Herald.)—A large barn on the farm of Maj. C. W. Butts, near Buttsville, Ransom county, was destroyed by fire this morning. Fourteen head of horses and many sets of harness belonging to the tenant of the farm were burned. Incendiary is charged. The barn was one of the largest in the county and cost \$4,000. There was only \$1,000 insurance.

bits of Portuguese territory, Nova Goa, southeast of Bombay, being the capital of all Portugal's colonies east of the Cape of Good Hope; while as far east as China the island of Macao, in the Canton river, first colonized nearly 400 years ago, still owns the sovereignty of the government at Lisbon.

The star-spangled banner at the Confederate soldiers' graves had gone to see her aunt that morning, and did not know that it was said "the troops" would pass through the town that day. Later the same small maid ran in, in much excitement, and called out: "Aunt Fritchie, the troops are coming."

To the loyal old woman "the troops" meant only one army, the Northern, and when she heard the sound of marching feet she rose, and taking a small silk flag which she had removed from its safe and hidden in her little safe for safe keeping, she stepped out upon the porch and waved it at the passing men. Instantly a murmur arose, and an officer, sitting up to the porch, said kindly: "Granny, you had better take your flag in the house."

"I won't do it! I won't do it!" said the old woman, chivalrously, and then she took the flag the first time that it was the men in gray that were passing, she defiantly shook the flag at them. The excitement in the ranks now increased and threatening murmurs arose so that another officer left the line and said to her: "Old woman, put that flag away or you may get in trouble."

"I won't!" she replied, and repeated her action. Again she came from the men and a third officer, approaching the porch, sternly said: "If you don't stop that you'll have that flag shot out of your hand."

The first officer, who had remained throughout this scene, thereupon turned to the last speaker and exclaimed, angrily: "If you take a hair of her head I'll shoot you like a dog."

From another source I have an additional incident relating to the dam. When the Confederate troops were retreating, they were followed through Frederick by Federal regiments under command of Gen. Reno, who was killed in the battle of South Mountain the next day. Upon arriving in Frederick, Gen. Reno, hearing of the incident of the flag, called on the old woman, who took from her Bible the silken trophy

and gave it to him. It was found in his pocket after his death, and is now in the possession of his son, Conrad Reno, a Boston lawyer.

In regard to spelling of "Fritchie," the poem as written by Whittier has it "Fritchie." But her tombstone has it without the first "e," and I suppose this is as she spelled it.

PHONOGRAPH TO TEACH MUSIC. Nation: London harbors 1,700 professional vocalists and no fewer than 638 of these are sopranos. Of professors of the voice, piano, violin, etc., there are more than 6,730. Of solo violinists there are a round 1,000, but strange of all is the fact that there are no fewer than 400 musical directors. The choral

## EARLY FALL SUIT SPECIALS

WE have inaugurated an unusual **Suit** campaign by means of the large offering of the latest New York and Paris authoritative fashions at the popular price of \$25.00.

We have the greatest suits ever produced to sell at \$25.00 and we want you to realize this fact.

The materials are the new rough tweeds—two-toned diagonals, U. S. tested serges, corduroys, scotch mixtures, eponges, fancy boucles or zibeline.

Exceptionally tailored with an air of refinement only found in high grade suits—Skinner or yarn dyed satin lining.

## DR. RYAN IS RE-ELECTED

Humane Society Reinstates Old Officers at Second Annual Meeting.

Agent McKercher May Be Given Another Assistant—Year's Report.

Dr. A. W. Ryan was re-elected president of the Duluth Humane society at the organization's second annual meeting at Memorial hall, courthouse, yesterday afternoon.

The other officers were also re-elected as follows: Bishop McGillick, first vice president; Walter Turle, second vice president; Henry Taylor, secretary; and J. P. Johnson, treasurer.

The executive committee for the coming year will be composed of the following: Mrs. Oscar Mather, Mrs. Marvin McLaren, F. George Stevens, John G. Ross, E. Prudden, N. E. Morrison, and I. K. Lewis.

The annual report of Agent McKercher was read and discussed. It was the sense of the meeting that more financial assistance should be given Agent McKercher so as to provide for an assistant agent to work outside the office the entire year around.

Following is a summarized report of the work of the society during the past year.

The general summary of the agent's report for the year, from Sept. 1, 1911, to Sept. 1, 1912, follows:

Total number of cases investigated 1,530

Number of cases involving human beings 414

Number of cases involving animals 1,116

Number of children involved 753

Number of girls involved 408

Number of boys involved 345

Number of adults involved 296

Total number of human beings involved 1,049

Cases of non-support 67

Number of arrests for abuse and non-support of family 13

Cases of neglect of children 175

Cases of abuse of wife and children 61

Cases of children in immoral surroundings 87

Number of arrests for desertion and non-support of family 111

Complaints due to drink 4

Men induced to take the pledge 19

Cases taken up with the grand jury 13

Jury cases involving children 61

Cases of children in immoral surroundings or societies 41

Destitute cases reported 100

Children committed to care for aged parents 2

Number of children taken from parents and placed with relatives, where their homes were found not fit places for said children 81

Young Girls and Boys

Number of young girls involved 87

Number of young girls incorrigible 61

Juvenile court cases involving young girls 29

Girls on parole from the court 3

Girls taken home by officer from places injurious to morals 16

Girls arrested by officers 12

Girls brought before the grand jury 1

Girls feeble minded 1

Girls abused 14

Men arrested for abuse of girls 12

Positions secured for young girls 1

Transportation furnished for girls to their own state 3

Girls delivered to the state 2

Land where conditions were not fit for them 11

Of the cases investigated during the year, 1,530 were reported by the Humane society to the juvenile court to:

State training school 12

State industrial school 11

Children's home at Duluth 43

Feeble minded school 46

Deaf and dumb school 1

St. James orphanage 1

St. Luke's hospital 4

State hospital at St. Paul 6

Work for Animals

Number of cases reported 163

Number of cases investigated 1,116

Number of animals involved 2,642

Number of horses examined 1,456

Number of cases humanely destroyed 22

Number of horses put off the street 71

Number of horses ordered shot 230

Warnings given for horses over-loaded 163

Warnings given for horses over-driven 93

Number of horses ordered to be blanketed 209

Number of horses blanketed by officers 102

Drivers discharged for cruelty to horses 4

Number of arrests for overdriving 10

Drivers ordered to pad collars 10

Check rein ordered lengthened 2

Horses teeth ordered treated 5

Horses not properly fed 2

Cases where it was necessary to call veterinary 17

Number of barns inspected 212

Barns found without water 34

Barns ordered to be cleaned and repaired 15

Barns ordered to have windows repaired 33

Number of dogs involved 38

Number of dogs humanely destroyed 26

Number of cattle destroyed 1,000

Number of cattle destroyed by dogs 2

Arrests for cruelty to cattle 7

Number of cats involved 2

Number of cats humanely destroyed 5

Cases of abuse and neglect to animals 192

Number of crates of poultry inspected 803

Crates of poultry found in bad condition 6

Number of crates of turkeys inspected 40

Number of crates of young pigs inspected 16

Boys warned for shooting birds 21

Juvenile court cases involving animals 3

Number of families furnished with shoes, stockings, underwear and clothing 151

Number of families furnished with groceries and other incidentals 82

Number of families furnished with a total of 281 children 233

Number of families relieved, with a total of 654 children 233

POSTMASTERS TALK

OF NEW POSTAL WORK.

Richmond, Va., Sept. 19.—Penny postage, parcels post, postal savings banks, rural delivery, the classification of fourth-class postmasters and a variety of other topics were discussed today before the National League of Postmasters of the United States in convention here.

More than 300 postmasters of the third and fourth class are in attendance.

## RAILROADS NEW CARS IN SERVICE

Northern Pacific Adds 3,000  
Cars to Its Rolling  
Stock.

Will Be Used in Handling  
Heavy Shipments This  
Fall.

At the present time the Northern Pacific railroad is placing 3,000 new cars in the service.

Of this number 1,500 are a new type of box car and the remaining half are refrigerator cars.

The cars are arriving daily at the Head of the Lakes for distribution over the Northern Pacific territory. Some of the cars are being used here, some getting in today, while others are being sent to the Pacific coast.

G. A. Mitchell, assistant general freight agent of the Northern Pacific, who has been in Duluth for the past two days, stated today that the cars were being sent out to aid in the heavy movement of freight, though he stated that the Northern Pacific had ample cars at the present time to take care of the traffic demands.

"We expect that the traffic will be

heavier than it is at the present time," said Mr. Mitchell. "With the harvesting of the immense wheat crop there will be more money in circulation and this will undoubtedly mean more shipments of freight."

"The Northern Pacific is handling a large amount of freight at the present time, but the business will probably increase and it is likely that we will have use for the new cars that we are putting in service at the present time."

## Railroad Notes.

W. F. Stephenson, traveling freight agent of the Lehigh Valley railroad, is in the city today.

Dave Small, traveling freight agent of the Erie, is making the rounds of the different local railroad offices.

The local office of the Duluth, Winnipeg & Pacific and the Canadian Northern, in the Spaulding hotel block, is now doing a regular business. While the road is not operating to Duluth yet, the new office is selling tickets via the route the Canadian Northern has traversed into Duluth for the past few years.

C. L. Kennedy, commercial agent for the Chicago, Milwaukee & St. Paul, says that the Milwaukee is doing a very heavy business to the Pacific coast, and that Duluth shippers are routing much business through the new country opened up by the Puget Sound branch of the Milwaukee.

Travel on the new \$50 line between the Twin Cities and Duluth is increasing rapidly, according to the statement of District Passenger Agent Gehry.

## BIDS FOR FARIBAUT JOBS ALL TOO HIGH.

St. Paul, Minn., Sept. 19.—(Special to The Herald.)—Bids for the construction of the new boys' dormitory at the school for the feeble minded at Faribault were opened today by the state board of control, but were all beyond the appropriation of the board for the school, so bids will be asked in another advertisement.

Three bidders on the general contract work, seven on the electrical work and eight on the plumbing.

## WARSHIP HEADS OFF CHINESE PIRATES.

Hongkong, Sept. 19.—Pirates who had planned to seize the steamer Kwai-ping, while she was bound for Heungshan, on the mouth of the West

river, were thwarted today by the arrival of a warship. On board the Kwai-ping several armed confederates of the pirates were found. They were arrested.

THIS LAW ALL RIGHT, BUT—Pittsburgh Chronicle Telegraph: "John Jones, solicitor," was the legend on the big brass plate outside the office door. John Jones had passed through college and had returned to his native village to practice.

Enter upon the scene the oldest inhabitant, who always interfered everywhere, and made himself a general nuisance.

The noise of the door opening caused Jones to look up. There stood old "Hump," exclaimed the latter. "So you're a lawyer, are you?"

"Yes," replied the young man proudly. "And what do you know about law?" was the old gentleman's next question.

"Now, look here, Uncle John, you just be still, or I'll put you out of here!" The young lawyer's voice spoke of his rising anger.

Quickly the young fellow swung around in his velvet chair, and behind him. Quickly turning over the pages, he found what he sought.

"If, after due notice has been served upon a trespasser from the land, he does not leave, sufficient force can be used to expel him from the land."

"That's the law," he cried in triumph. "But the old man squared his shoulders and thrust out his chin.

"But where's the force?"

CONSUMERS' CO-OPERATIVE STORE. National Food Magazine: The plan for a co-operative store in Woodlawn, Chicago, was launched at a recent mass meeting of consumers who are tired of paying the cost of middlemen's handling. There are many co-operative stores run by the dealers, it is declared, but this is to be run by the consumers and in the interest of the consumers for the purpose of dealing with the producer direct. It is to be an ally line advocated by this magazine.

Solved students of sociology spoke at the meeting. Among them Prof. J. Paul Goode and Prof. Gerald D. Smith of the University of Chicago.

Prof. Edward Manly of the Hyde Park high school, L. A. Stebbins, general counsel for the Consumers' League, insurance company; Dr. J. S. Kirtley, R. S. Huddleston and H. G. R. Schwarzkopf. All of them are to be stockholders.

The company which is to operate the store is organized after the plan of the Hosiery system in Great Britain, which has more than 5,000,000 members.

The management must be purely democratic," Mr. Dudley explained. "Each shareholder, regardless of the amount of stock owned, has one vote. It takes 51 per cent of the shareholders instead of the per cent of the stock to control. The rights of the small stockholders are as absolutely secure as those of the largest."

"A wise limit is placed upon the amount of stock one person may own. He cannot hold more than 100 shares or \$1,000 worth of stock. The capital stock can only draw interest not to exceed 6 per cent. The dividends are declared upon the purchases. To illustrate: Brown owns 100 shares of stock, Jones a single share. Brown purchases \$50 worth of goods in a quarter and Jones buys \$100 worth. Each will get not to exceed 6 per cent interest on his stock, but Jones will draw twice the dividends received by Brown."

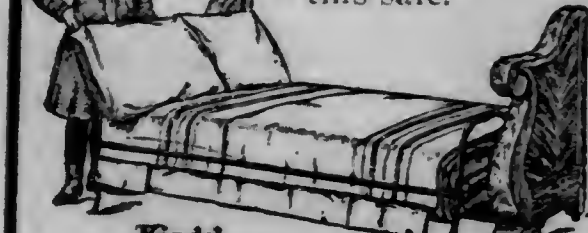

Two Beauty Hints Every Woman Should Know

Complexion blemishes rapidly vanish after a few applications of a simple spumax lotion, made by dissolving 4 ounces spumax in ½ pint witch hazel or hot water and adding 2 teaspoonfuls glycerine. This lotion is visible when on, clears the skin of all eruptions or blemishes and gives it a soft, velvety finish. It is fine for dispelling the oily, shiny condition and offers complete protection to the complexion during the trying weather of fall.

Cleansing the hair and scalp with canthrox is invigorating and adds greatly to the hair's beauty. A teaspoonful canthrox dissolved in a cup of water is ample water to cleanse the heaviest head of hair, and when used on dull, stringy, faded hair makes it bright and fluffy and gives it a rich, even color. No danger of catching cold follows the use of canthrox.

## MINNEAPOLIS.

## Sea Food Shop

**AN INNOVATION** for Minneapolis and the Northwest. Sea Food with the genuine "salt tang," prepared by expert chefs in all the various dishes approved by the most critical club man and gourmet.

In conjunction with our famous Lunch Shop we have installed this unique department which we call our

### "SEA FOOD SHOP"

that we might be better able to supply our patrons with the choicest sea foods obtainable. Our manager went direct to the owners and growers of the best oysters, clams, scallops and lobsters grown in the waters and beds particularly adapted to produce the finest flavored shell fish in the world, and made special arrangements with them to ship us daily by express the pick of the day's catch.

Our Oysters grow in the purest of salt water under the most favorable conditions and are large and fat. Each shell oyster is selected and packed in a special manner immediately after being taken from the water, with "the deep sea down," as the old oyster man terms it.

This insures the retaining of that "direct from the water flavor." Served in all styles, including milk or cream stews, delicious patties, fried, etc.

OUR CHATHAM CAPE COD Little Neck Clam is cultivated in clean ocean water on white sandy bottom and is much superior in appearance and flavor to that grown on mud flats.

NOTE—Through our Food Market the Sea Food above mentioned can be ordered by Telephone (N. W. M. 3860, T-S. 390) and will be shipped, packed by experts.

There is only a limited supply of such clams which have been properly cared for during the last three years at a particularly favorable location. These are also packed in a special manner for us and arrive here in as fresh a condition as when taken from the water.

The Duxbury Clam we will receive all the year around. They are the finest clam for steaming that grows. Served in true Boston style over our counter, takes one back to the "shore dinners" you have enjoyed.

CATAUMET BUZZARD'S BAY SCOLLOPS are shipped to us in their original state (not water soaked)—the flavor is all there. We serve them fried in butter, with dainty rolls from our bakery

From Rockland, Maine, come our Lobsters, especially selected and packed in such a manner that they arrive here alive. Served baked, broiled or boiled.

All our Sea Food is prepared and cooked to order and as you like it, in plain sight.

Steam individual stews are used for oyster stews. Time consumed to prepare a stew is about one minute.

Service from 7 a. m. to 7 p. m.

### POPULAR PRICES.

## FOURTEEN TOWNS ON DAY'S SCHEDULE

### Governor Johnson Starts Big Undertaking in Indiana

Terre Haute, Ind., Sept. 19.—Another one day itinerary of fourteen towns confronted Governor Johnson today when he started from here on his Indiana tour. At the outset he told the Progressive committee in charge of the tour that he would be expected to fill all the engagements with speeches ranging from five to sixty minutes, as had been arranged, but that he would do his best.

He rather be a live governor than a dead vice president, he declared. Cities to be visited today were Sheboygan, Milwaukee, Madison, Princeton, Evansville, Oakland City, Petersburg, Washington, Mitchell, Bedford, Bloomington, Gosport, Martinsville and Indianapolis. The two big meetings planned for the day were at Evansville, where an address of an hour was scheduled for noon, and a night gathering in Indianapolis.

Frederick Landis, formerly a member of congress from the Eleventh Indiana district and now the Progressive candidate for lieutenant governor, accompanied the governor's party and promised to take some of the burden of speaking.

## ST. PAUL ELECTION OFFICERS LIABLE

No Count Made in One Precinct—To Be Investigated By the Authorities.

St. Paul, Minn., Sept. 19.—(Special to The Herald.)—The election officers in the Sixth precinct of the Fourth ward who returned the ballots cast at Tuesday's election uncounted are guilty of a felony and may be imprisoned for five years, according to the attorney O'Brien and Corporation Attorney O'Neill.

Mr. O'Brien says the irregularities in the Fourth ward will be one of the first things to which he will call the attention of the grand jury. All the ballot boxes, and ballots in the Sixth precinct, were returned to the office of County Auditor Ries ten minutes after the polls closed. No count had been made. The votes probably will be counted under the direction of the county commissioners.

Raymond F. Kelly, 65 West Seventh street, one of the clerks, brought the boxes in and he was accompanied by William Harris, 201 West Sixth street, and a voter who said his name was Ross.

N. D. ELECTORS NAMED. Republicans Name Men Who Stand Without Hitching.

Jamestown, N. D., Sept. 19.—At a meeting of the North Dakota Republican state committee, here yesterday four presidential electors were chosen to replace those elected at the primaries held in March.

William Anderson of Devils Lake, O. J. Sells of Jamestown, J. H. Johnson of Valley City and George H. Stone of Mott. George M. Gray of Kenmare was elected chairman of the state central committee to succeed Frank Sprague, who has resigned.

D. P. Barnes, Gilbert Johnson, Theodore Thompson and H. H. Aker, were the electors named at the meeting. They were elected by a vote of 10 to 2. They refused to support President Taft.

FRAZEE FESTIVAL ON. Entries Far Exceed Expectations of Fair's Promoters.

Frazee, Minn., Sept. 19.—(Special to The Herald.)—The Frazee harvest festival is in full swing. The entries far exceed the expectations of the Frazee Commercial club under whose auspices these exhibits have taken place. Beck county has exhibits from the state fair and also new ones on exhibition. Speakers from Crookston agricultural college and the department of agriculture of the state university are on the program to address on subjects kindred to the exhibits.

INDIAN INDUSTRY SUFFERS FROM FROST. Couderay, Wis., Sept. 19.—(Special to The Herald.)—The Chippewa Indians on the Couderay Indian reservation here report that the cranberry crop for this year in the marshes of the reservation is the poorest for many years. They claim that the cranberry crop failed due to a heavy frost during the first part of June, as the weather conditions were unfavorable.

POLICEMAN WHO TOOK 50-CENT BRIBE FIRED. Chicago, Sept. 19.—Accused of taking a 50-cent bribe, Fred E. Brandt, member of the police department, has been stripped of his star and termed a disgrace to the police force by Assistant Chief Herman F. Schuttler. Brandt admitted that he took 50 cents from a peddler after arresting him for crying his wares.

LAD TUMBLES OVER DEAD INTO HIS MOTHER'S ARMS. La Crosse, Wis., Sept. 19.—(Special to The Herald.)—John Abraham, 7-year-old son of Mr. and Mrs. Nell Abraham, was suddenly stricken with heart trouble while his mother was undressing him preparatory to putting him to bed, and fell over into his mother's arms dead.

CONCRETE MIXER DASHED INTO CROWDED CAR. Fond du Lac, Wis., Sept. 19.—(Special to The Herald.)—Frightened during a storm by a falling electric light pole which threatened to envelop the driver and outfit in a net work of live wires, a team of horses hitched to a five-ton concrete mixer made a wild dash down one of the principal residence streets and ended the mad race by colliding with a crowded street car. Passengers were thrown into a panic but none were seriously injured.

Pen His Home. Fond du Lac, Wis., Sept. 19.—(Special to The Herald.)—Declaring that he is too old to work and that he is forced to depend upon charity, he will starve, Ignatz Marachowski, 78 years old, pleaded to be returned to the penitentiary, adding that he would not be happy until he was safely behind its walls. Marachowski, on being released after serving a five-year term at Waukegan, walked back to that city and is being held here on the charge of being a habitual criminal.

## CRAIG AS UNOFFICIAL IMMIGRATION AGENT

The Breckers' Gazette, one of the best known of farming journals, and published at Chicago, in commenting on the agricultural exhibits at the Minnesota state fair, gives C. P. Craig of Duluth high praise.

Mr. Craig was superintendent of the agricultural department and was a member of the board of directors of the state fair association.

More instructive and attractive than ever before was a display of the agricultural exhibits at the Minnesota state fair, gives C. P. Craig of Duluth high praise.

Mr. Craig was superintendent of the agricultural department and was a member of the board of directors of the state fair association.

## SOCIAL DANCE

Given by Duluth Central Lodge, No. 450, M. B. A., at K. P. Hall, 118 West Superior St., Sept. 19. Good music. Tickets, 25c.

## QUARANTINE ON FRUIT COMING FROM HAWAII.

Washington, Sept. 19.—A quarantine against practically all fruits and many vegetables from Hawaii, on account of the Mediterranean fruit fly, which has caused great damage there, is proclaimed by the department of agriculture. It is effective immediately. Cult-

## Cole's Odorless Broiler for Steaks, Chops and Game

Think of being able to have a fine broiled steak, containing all the flavor and juices, broiled in your own home on Cole's Hot Blast Range. The only range made on which you can have this Broiler Attachment.

All the smoke and odor from broiling goes into the range and up the chimney. None escapes into the room. Its cleanliness adds greatly to the value of the range. Broiled steaks, chops, fish or any kind of game can be broiled to perfection, using this range.

## Date of Demonstration—Sept. 30 to Oct. 2

Remember, the 14 Special and Patented Features embodied in Cole's Hot Blast Range are features of convenience. Come and bring your friends—see this range in operation.

For Soft Coal, Hard Coal, Steak, Wood or Lighter Fuel.

Everyone is invited. All are welcome.

## COL. EDWARDS REFUSES TO BE FIRED FROM COMMITTEE

Chester, W. Va., Sept. 19.—"I refuse to recognize the authority of the members of the Republican national committee in a star chamber session in New York to undo the will of the people expressed through magisterial district conventions in West Virginia," declared Col. William Seymour Edwards, Republican national committeeman from West Virginia, when informed that his seat on the national committee had been declared vacant. Mr. Edwards was unanimously elected by a state convention, composed of 732 Roosevelt delegates and 161 Taft delegates.

## IS COLLECTING DUTY ON SHIPBUILDING MATERIAL.

Washington, Sept. 19.—The Federal government will collect duty over protest for the time being on all importations of shipbuilding materials and equipment placed on the free list at

## SUE SALOON MAN. Children Orphaned By Drunken Father's Act Claim Damages.

Chicago, Sept. 19.—Suit for \$10,000 damages has been filed in the circuit court under the dram shop act in behalf of Theodore and Siegfert Shanklin, 5 and 7 years old, respectively, whose mother recently was shot and killed by her husband, Benjamin Shanklin, while he was intoxicated. He then committed suicide. The defendants are John H. Fitzpatrick, a saloon keeper, and Victoria Koeppe, owner of the saloon building.

## CONCRETE MIXER DASHED INTO CROWDED CAR.

Fond du Lac, Wis., Sept. 19.—(Special to The Herald.)—Frightened during a storm by a falling electric light pole which threatened to envelop the driver and outfit in a net work of live wires, a team of horses hitched to a five-ton concrete mixer made a wild dash down one of the principal residence streets and ended the mad race by colliding with a crowded street car. Passengers were thrown into a panic but none were seriously injured.

## Pen His Home.

Fond du Lac, Wis., Sept. 19.—(Special to The Herald.)—Declaring that he is too old to work and that he is forced to depend upon charity, he will starve, Ignatz Marachowski, 78 years old, pleaded to be returned to the penitentiary, adding that he would not be happy until he was safely behind its walls. Marachowski, on being released after serving a five-year term at Waukegan, walked back to that city and is being held here on the charge of being a habitual criminal.

## HOLD POLLOCK AS WITNESS

Pugilist's Manager to Testify in the Rosenthal Case.

Waldo's Secretary Linked With Alleged New York Grafters.

New York, Sept. 19.—Harry Pollock, in whose apartment "Bald Jack" Rose remained while the police were searching for him, was arrested today on an attachment as a witness in the John Doe proceedings in connection with the Rosenthal murder.

Information reached the district attorney's office that Pollock was about to sail for Europe, and Acting District Attorney Moseley had him arrested. Pollock's presence at the trial of Police Lieut. Becker, charged with the slaying of Herman Rosenthal, the gambler, "it is true," said Pollock, "but I booked accommodation at the America and was to have sailed this morning. I notified the district attorney's office that I was going and would be back in three weeks."

"I am the manager of Freddie Welch, the pugilist. My trip was arranged for the purpose of making a match for him abroad."

Acting District Attorney Moseley continued the examination of witnesses at the secret John Doe inquiry to determine whether the police suppressed any letters believed to have been found in Gyp the Blood and Lefty Louie's flat. He refused to say what progress has been made.

Mayor Gaehner has sent a letter to Commissioner Waldo, congratulating him upon the arrest of persons charged with complicity in the Rosenthal murder and attacking "the district attorney's office."

"The cruel accusation, emanating like all the principal falsehoods in this case, from the district attorney's office, that the police designedly entered the false numbers on the blotter to prevent the capture of the motor car, is baseless in the light of every sensible man," wrote the mayor. The period of clamor and falsehood seems now to be passing, and the whole community is beginning to see how basely they have been imposed upon by the invented falsehoods which have been published.

**Sheehan's Name Mentioned.** Investigation today by the alienists committee of the affidavit made by Police Capt. John T. Roth that \$10,000 had been demanded of him as the price of promotion to a captaincy during Commissioner Bingham's administration, developed testimony associating Winfield Sheehan, secretary of Commissioner Waldo, with a man "supposed" to have been the donor.

The testimony was given by D. J. Kelleher, a private detective, who said he had been assigned in December last by Alfred G. Johnson, under-sheriff, whom Roth named, to him, to follow a lawyer named Norton. This man, by common rumor, was supposed to be collecting police graft from his office at 115 West 12th street.

Norton, he testified to Sheehan's house. A few days later, Kelleher testified he met Sheehan at an appointment and the commissioner's secretary said to him, "What have you got on me?"

**Had Something on Norton.** "I told him," said the witness, "that I had nothing on him, but that I did have something on George C. Norton and that I had been sent to find out if Norton ever met Sheehan, and that I had found him and that my job was done. I told Sheehan that Norton was supposed to be getting graft. He told me that he should be arrested. I said that was a police job and not mine."

"Did Sheehan ask you who were working for him?" asked Emory K. Buckner, counsel for the committee. "Yes," replied Kelleher. "I thought I was working for A. L. Johnson."

"What did he say?" "Sheehan said that that will be all right, we'll get him," replied the detective.

Police Capt. Bernard J. Kelleher, a brother of the witness testified that last June, "I am very sorry that member of your family should have had one of my men under surveillance."

Kelleher was preceded on the stand by Johnson, who denied that he had ever demanded money from Roth. Johnson admitted that he had had Norton investigated out of curiosity, but he had stopped without learning "anything important."

**Roth's Story.** Capt. Roth testified he "had received word" that Johnson wanted to see him, and that upon visiting him, Johnson said that his name was about to be certified for promotion to Commissioner Bingham. Johnson then took him, he said, to Thomas J. McCallahan, former secretary to Mayor McCallahan, as the man who could "do the business" for him. He said he was told he would have to put up \$10,000. Upon failing to put up the money, Roth said, he was passed over on the eligibility list.

Gen. Bingham testified that he had not promoted Roth "simply because he would not make a good police captain."

## WOMEN TOO BUSY TO TALK SUFFRAGE

Auxiliary of Hibernians Has Business Session at St. Paul.

St. Paul, Minn., Sept. 19.—(Special to The Herald.)—Delegates to the Ladies Auxiliary of the Ancient Order of Hibernians, in session at the old capitol today, were too busy with convention business to give time or attention to suffrage, politics, or women's rights.

"We must rise this convention business through and get back to our families and see that things are right," was the reason given by several delegates for the omission of suffrage discussion from the auxiliary's program.

Mrs. Mary B. Daly of Minneapolis, who has been president since the auxiliary was organized sixteen years ago, presided today. She probably will be re-elected Friday.

The women delegates were guests Wednesday afternoon at a reception given at St. Agatha's conservatory, Exchange street.

## WORLD'S HISTORY IN BIG TREES' LIFE

California's Sequoias Were Sturdy Saplings at the Time of the Exodus From Egypt Three Thousand Years Ago.

Ellsworth Huntington, Ph. D., F. R. S., in Harper's Magazine: The connecting link between the past and the present, between the ancient East and the modern West, is found in the big trees of California, the huge species known as sequoia gigantea.

Every one has heard of this tree's vast size and great age. The trunk of a well-grown specimen has a diameter of twenty-five or thirty feet, which is equal to the width of an ordinary house. Such a tree often towers 300 feet, or six times as high as a large elm, and within twenty-five feet of the top of the trunk is still ten or twelve feet in thickness.

**Made Posts and Shingles.** Three thousand years ago, sufficient to support a wire fence around 8,000 or 9,000 acres, have been made from one of these giants, and that was only the first step toward using its huge carcass. Six hundred and fifty thousand shingles, enough to cover the roofs of seventy or eighty houses, formed the second lot of its product. Finally there still remained hundreds of cords of firewood which no one could use because of the prohibitive expense of hauling the wood out of the mountainside and up to the upper trunk and all the branches lie on the ground and rot away.

Huge as the sequoias are, their size is scarcely so wonderful as their age. A tree that has lived 500 years is still in its early youth; one that has reached the age of 1,000 years is in full maturity, and old age, the threescore years and ten of the sequoias, does not come for seventeen or eighteen centuries. How old the oldest tree may be is not very certain, but I have counted the rings of forty that were more than 1,000 years old, and of these there were more than 3,000, and of one that was 3,150.

**A Sapling the Exodus.** In the days of the Trojan war and the time of the Hebrews, from Egypt, this oldest tree was a sturdy sapling, with stiff, straight trunk, that of a cedar, but far more compressed. It was doubtless a graceful, sharply pointed tree, twenty or thirty feet high, with dense, horizontal branches, the lower ones of which swept the ground.

Like the young trees of today, the ancient sequoia and the clump of trees of similar age which grow close to it must have been a charming adornment of the landscape.

By the time of Marathon the trees had lost the hard, sharp lines of youth, and a few simple rules to be observed. If there is to be unalloyed enjoyment and freedom from vain regrets, the first rule is to camp at a spot where there is pure, cool water, plenty of shade and dry ground or green sod. Water is the first requisite, for thirst, unquenched, will make the outdoor life miserable, no matter what other pleasures may be his. Carrying a supply of cold water in patent bottles is possible, but the receptacles are too small to be entirely satisfactory.

**Rules for a Day in the Woods.** For those who would spend a day in the woods with the expectation of eating at least one meal while there, there are a few simple rules to be observed. If there is to be unalloyed enjoyment and freedom from vain regrets, the first rule is to camp at a spot where there is pure, cool water, plenty of shade and dry ground or green sod. Water is the first requisite, for thirst, unquenched, will make the outdoor life miserable, no matter what other pleasures may be his. Carrying a supply of cold water in patent bottles is possible, but the receptacles are too small to be entirely satisfactory.

**THE SAD PART OF IT.** Chicago Record-Herald: "Oh, you will learn to forget me in time," she said. "I know I shall," he replied, "but I shall never forget the money I have spent trying to make you think me a prince."

## GETTING THEIR SHARE THROUGH CO-OPERATION

Twenty Thousand Families Who Are Their Own Middlemen—Movement in Northwest—Successful American Attempts at Emulating European Methods.

Co-operation in the Northwest, particularly in Wisconsin, Minnesota, and the Dakotas, is putting into the pockets of producers a larger share of the income from their products than they have ever received before in this country, and is dividing among consumers the profits that used to go to the retailer.

"We must rise this convention business through and get back to our families and see that things are right," was the reason given by several delegates for the omission of suffrage discussion from the auxiliary's program.

Mrs. Mary B. Daly of Minneapolis, who has been president since the auxiliary was organized sixteen years ago, presided today. She probably will be re-elected Friday.

The women delegates were guests Wednesday afternoon at a reception given at St. Agatha's conservatory, Exchange street.

**BECKMAN'S FUR FACTORY**  
16 EAST SUPERIOR STREET.

kits containing a great variety of dishes and utensils, and costing anywhere from \$5 to \$150. But there's really not much fun in dining in state in the woods, from a set of costly dishes and silverware, and a pocket knife gets split stick fork and a pocket knife gets "roughing it"—for one meal, at least.

**JOY FOR CHORUS GIRL.** Denver News: Logansport, Ind.—Here is a list of prices that Mrs. Boone has put on the above half-dozen restaurants conducted by her husband, Charles Boone, of this city: Coffee and rolls, a nod. Coffee and rolls and one fried egg, a bow. Ham and eggs and coffee, with buckwheats on the side, a smile. Large portershouse steak with all accessories, including salad, one kiss. Entire course dinner, from three to one dozen kisses. Mrs. Boone got a decree of divorce from Charles Boone, who conducts restaurants in this and adjoining cities. She based her plea on the above list of prices, which, she said, is available in all of the Boone restaurants, so far as chorus girls and actresses are concerned. The case was heard in ten minutes. Charles is just crazy over chorus girls and other stage women, she said. "A show never comes to Logansport but what he feels that he must see the show, and sometimes a few of the women principals. He never charges them a cent for their food, but takes his joy in smiles and kisses. And the stock companies that play here just eat off him all the time." Boone says he is mighty sorry to lose his wife, but he cannot see the poor chorus girls that come to Logansport starve to death.

Best on Superior street at any price you choose to pay, from the \$1.50 kind to the \$6 Knapp-Felt De Luxe Hat.

## NEWS OF THE NORTHWEST

### SAYS HILL IS IN WRONG

Dean Woods of State Agricultural School Answers Magnate.

Objects to Derogatory Statements Made at Monday's Birthday Party.

Minneapolis, Minn., Sept. 19.—(Special to The Herald.)—The Minnesota College of Agriculture has returned to the state of Minnesota \$100 for every dollar invested," declares Albert E. Woods, dean of the college, in reply to a statement by James J. Hill at the banquet given in his honor at St. Paul Monday night, that in the last twenty-five years the college had not been worth 25 cents to the state. Dean Woods declared that Mr. Hill was not acquainted with the work of the college and had not visited it since Dean Woods took charge, although the improved grain seed developed at the college were being used by Mr. Hill on his demonstration farms.

Mr. Hill has had the opportunity to look into the situation here, but has not done so, said Dean Woods. "He really does not know what the college has been doing. I think he did intend to investigate the work, he would have changed his opinion."

What the Minnesota agricultural station has distributed 150,000 bushels of improved seed grains. This work has given an average increase in the yield of wheat of from 2 to 4 bushels to the acre. Furthermore the same varieties of wheat, corn and soybeans, which are being distributed at the Minnesota experimental station, the varieties of corn he is using are those produced at the Minnesota station.

"If Mr. Hill would do as the bankers of the state and make a study of our institution he would find that the station is doing quite a great deal for Minnesota. The station is doing a great deal for the farmers. He is right and for the last three years we have been extending the agricultural education so that all of the farmers of the state may be benefited by the station."

### MOTHER WINS DAMAGE SUIT

Given Verdict Against Mining Company for Death of Her Young Son.

Houghton, Mich., Sept. 19.—(Special to The Herald.)—The jury in the case of Margaret Rennie in her suit to recover damages for her young son's death from the Isia Royale Copper company has returned a verdict in favor of the plaintiff. The amount of damages being fixed at \$750. The case was tried before the verdict then being in favor of the plaintiff, but it was sent back by the court for a new trial. The mother of the drowned boy had sued the company for damages for the death of her son, who fell into an abandoned pit of the old Huron mine and was drowned. The company made a diligent search for the missing boy, the entire surface force at the mine turning out and searching the neighboring woods and country, and finally he was found. The company went to the expense of \$750, an operation that cost about \$2,000. The plaintiff charged the company had been negligent in not making the proper efforts to safeguard the lives of boys who were allowed to play and gather wood in the neighborhood of the shaft, and that the company was liable for damages.

### CELEBRATES ITS ANNIVERSARY

Croatian Society of Calumet Planning Extensive Program for Event.

Calumet, Mich., Sept. 19.—(Special to The Herald.)—The members of the Croatian Society of Calumet, Michigan, will celebrate the twentieth anniversary of its organization on Saturday. The event is looked upon as most important, and the exercises, parade, etc., will be a grand affair. Every Croatian and Slovenian fraternal organization in Houghton county has been asked to participate. The several societies will be in the city on Saturday morning at 8 o'clock, and parade the principal streets of the city. The Calumet & Hecla location, headed by the Calumet & Hecla band. On re-

turning from the parade, high mass will be conducted in St. John's church. Following high mass another parade will be formed, and streets and locations again traversed. The parade will wind up at the Italian hall, where addresses will be given. Joseph Malke, president of St. John's church, will give the address in Croatian language, and Attorney Anthony Lucas, who will give an address in English.

In the evening there will be a supper and dancing will follow, winding up the day's festivities. The society issues an invitation to the public to participate in the proceedings and will welcome everybody who may care to attend.

St. John's Baptist society is the oldest fraternal Croatian society in Michigan, and the second oldest in the country. Of these facts the members are proud.

### WILL SURPRISE EVEN NATIVES

North Dakota Exposition Managers Plan Unprecedented Exhibits.

Bismarck, N. D., Sept. 19.—(Special to The Herald.)—Only will the thousands of Eastern visitors at the North Dakota industrial exposition, which opens Oct. 1, be surprised at the exhibits of North Dakota industries, but residents of the "Land of Opportunities" themselves will stand amazed at the magnitude of the state's mineral resources. A circle of 100 miles in radius around the city of Bismarck, N. D., contains within its boundary what is found the richest coal and clay deposits of any similar area in the entire world. Both coal and clay exhibits will have prominent place at the industrial exposition. It is believed that there is a boundless future awaiting makers of fine pottery in North Dakota. Clay from which to make fine china, earthenware and made into fine chinaware, captured first award in the pottery exhibits at the St. Louis world's fair. A question of a few years before in the county this season and splendid display of the splendid exhibits at the industrial exposition. This year North Dakota has set a new record for itself in all lines of agriculture, and the various displays of the First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, Sixteenth, Seventeenth, Eighteenth, Nineteenth, Twentieth, Twenty-first, Twenty-second, Twenty-third, Twenty-fourth, Twenty-fifth, Twenty-sixth, paign must be carried on an extensive line.  
 The opponents of Governor Wilson are not idle. They have plenty of money and they are using it.  
 Governor Wilson is dependent upon the common people of the nation for his campaign fund. The \$1 and \$5 and \$10 contributions of the plain people of the country will make up the bulk of his fund.  
 No corporations or wealthy backers after special privileges are contributing to the Wilson campaign fund. They are unutterably opposed to him and will throw their influence to his opponents.  
 The day of the common people is at hand. Woodrow Wilson has served notice that if he is elected on this executive chair he will be a president of all the people.  
 "A People's President" elected by a People's Campaign Fund.  
 The slogan is a new one in American

## MURDERS TWO; KILLS HIMSELF

**San Franciscan Shoots His Brother and His Sister-in-Law.**

San Francisco, Cal., Sept. 10.—Arthur Hall, known here until yesterday as Arthur Knable, shot his brother, James J. Hall, in the latter's down-town office late yesterday, then went to his victim's apartments, fifteen blocks away, killed Mrs. James J. Hall, and committed suicide.  
 The tragedy brought the first disclosure to friends of the family here of the relationship of the two men. Family quarrels are said to have caused the shooting.  
 Arthur Hall, who was 20 years old, was an employee of the St. Francis importation company, a subsidiary concern of the St. Francis hotel of this city. James J. Hall, 38 years old, was manager of the company.  
 It is believed the Hall brothers concealed their relationship to avoid difficulties with the hotel management, which might have arisen on account of the elder Hall giving employment to

politics. The Old Guard has been upset by the Democratic national committee's plan to obtain the sinews of war from the whole people of the nation.  
 The Wilson campaign fund being received by The Herald has been flowing steadily, but not rapidly enough. Progressives should awaken. The money is needed now. The campaign is on. Every day counts.  
 Every man who wants to see Woodrow Wilson elected should contribute what he can afford.  
 Checks should be made payable to "Wilson Campaign Fund" and should be mailed to "Wilson Campaign Fund, Herald Office, Duluth, Minn." Contributions will be acknowledged by publication in The Herald and each contributor will receive from Rolla Wells, national treasurer, a handsomely engraved receipt, suitable for framing.

a member of his own family. Arthur Hall had been employed by the importation company about a year and a half.  
 While the quarrels between the brothers, said to have been for the most part about trivial matters, frequently caused comment among the other hotel employees, the nature of the disagreement which precipitated the tragedy is not known. Arthur Hall was of melancholy and erratic temperament, his idiosyncrasies having been caused, it is said, by a blow on the head about nine years ago.  
 Friends believe his affliction suddenly drove him to commit the crimes in a fit of insane anger.

## NEED MORE ROOM.

**White Earth Agency Boarding School to Be Enlarged.**

White Earth, Minn., Sept. 10.—(Special to The Herald.)—R. H. Bradley, superintendent of construction of the Indian department, and Charles Pierce, supervisor of the Indian school at Washington, D. C., arrived here for the purpose of formulating a plan for the enlargement of the agency boarding school to double its capacity. There has been a pressing need many years for more extensive school service here.  
 Many members of the reservation strongly object to sending their children to non-reservation schools, but have been compelled to do so because of the limited capacity of the reservation school.

## DAY OF ATONEMENT WILL BE OBSERVED BY JEWISH PEOPLE

The Day of Atonement, or Yom Kippur, is the most sacred day of all Jewish holy days.  
 It occurs this year on Saturday, Sept. 21, beginning as day of Jewish holiness, on the evening of the day previous, and closing at sundown on that day. In the Jewish calendar it falls on the tenth day of the seventh month, and is solemnly known as a "Sabbath of solemn rest," in which complete cessation from all ordinary vocations and occupations, this includes even the satisfying of the wants of hunger. The observant Jew abstains completely from all food and drink during the continuance of the day. This fast is the interpretation of the passage "Ye shall afflict your souls on this day," and is in keeping with the spirit of the solemn fast of the Jewish people, physical to the spiritual side of nature. It is a day devoted to prayer and penitence, a day wherein, through confession and contrition, the soul aims to be at one with God, to seek His mercy and earn His pardon. The elaborate ritual and imposing priestly sacrifice and confessional, has disappeared before the truer spiritual significance that makes its appeal to each individual heart and to each single soul. The service lays stress upon the divine grace and mercy that are freely laid out to the sin-laden breast through penitence and contrition. The great lesson of the day is that a contrite heart and a humble spirit are God's most acceptable sacrifice and that the fountain of His freely flowing forgiveness is inexhaustible.  
 Services at the Temple Emanuel, celebration of the Day of Atonement, will be held as follows: Atonement eve service, Friday evening at 7:30; morning service, Saturday morning at 10; afternoon service, 2:30; concluding service at 4:15; Rabbi Lefkowitz will preach at the evening, morning and memorial services.

## FOR HOOPER AND WILSON

**Tennessee Independent Democrats Attack Ex-Governor Patterson.**

Nashville, Tenn., Sept. 10.—Tennessee's Republican governor, Ben W. Hooper, was endorsed by independent Democrats in state convention here. Speakers attacked former Governor Patterson, now Democratic candidate for the United States senate, and in this connection much was said of the killing of former United States Senator Carmack by Duncan B. Cooper, for which Cooper was sentenced to twenty years imprisonment and immediately pardoned by Patterson, then governor. The convention adopted a platform endorsing Governor Woodrow Wilson for the presidency.

## Will Exhibit Vegetables

The Annual Exhibit of Vegetables, grown at Woodland, will be held on Friday evening at the Glen Ave. church. A supper of chicken pie, green corn, etc., will be served at 4:30. Tickets by the ladies' guild, 50 cents.

## LONGWORTH SAYS HE IS REPUBLICAN

Also Insists That He Is Progressive at the Same Time.

Cincinnati, Ohio, Sept. 10.—In a statement before the Republican county central commission here, Nicholas Longworth, congressman from the First Ohio district and son-in-law of Ex-President Theodore Roosevelt, made the following expression regarding his attitude in the coming election:  
 "If the question is asked as to my present position, I reply that I am, and have always been, a Republican, and I shall support as I have always supported, the Republican ticket."  
 "At the same time, I want it understood that as a Republican I am a Progressive."  
 "I believe that modern conditions demand Progressive legislation and that the policies inaugurated during the administration of President Roosevelt must be carried out."  
 "I am for primaries and for extension of the prime time of the national office, even up to the presidency."

## "BEER KEYS IN T. R.'S PLATFORM"

**Chafin Says Roosevelt Represents Many Bad Things.**

Wilmington, Del., Sept. 10.—In his speech here Eugene W. Chafin, prohibition candidate for president, said he had heard reports that he "had gone over to Roosevelt."  
 "That's not true," he declared. "I am a real Progressive, not a humbug trying to padlock the door on a Rascals' raft constructed of good planks, bad planks and beer kegs. Mr. Roosevelt, standing for some good things, is standing for some bad things. He is likewise standing for a whole lot of things the ordinary man does not suspect at all. Anyone who knows his record of trust protection, campaign scandals, high tariff and reactionary leadership will not be fooled by his sudden out-of-office conversion to sundry popular measures."  
 "His position on the whisky question is plain. At Chicago, when he was professing faith and inviting questions, someone asked him how he stood on the liquor issue. He fired up at once and said, 'Go to it.' Then came a pause. Anyone who has bailed mules knows what the finishing word would have been. But he thought better of it and lamely concluded, 'Go to a primary school.'"

## POLICE OFFICERS BLAMED FOR ROBBERS' ESCAPE.

Chicago, Sept. 10.—Failure to capture two members of a gang of safecrackers who stole \$100,000 from the bank of Nova Scotia, Vancouver, B. C., has been made the basis of charges by Chief of Police McWeney against two of his subordinates, Capt. John J. Mahoney and Det. Benjamin Burns. It is alleged that Mahoney and Burns, instead of seeing that the robbers were taken the thieves slipped through. Burns was beaten unconscious by the robbers and is now in a hospital.

## Rede In Arizona.

Tucson, Ariz., Sept. 10.—Former Congressman J. A. Bledsoe, following Theodore Roosevelt through Arizona in the interest of President Taft, spoke in Tucson Wednesday. The campaigner was welcomed by a large crowd. Both speakers paid their respects to Col. Roosevelt, terming him "a man who tried to steal 14 delegates at the Chicago convention, and now is stumped."

## LOVED, 'LOPED

**Romance of Buffalo, Minn., Young People Rudely Interrupted By Police.**

Minneapolis, Minn., Sept. 10.—(Special to The Herald.)—The honeymoon of Mr. and Mrs. George Pavlik, who were married in a country romance made up of clandestine meetings, an elopement from Buffalo, Minn., and a secret marriage in Hayward, was temporarily broken up after Detective Thomas Garvin called at a little cottage at 427 Buchanan street.

Garvin found the bride doing her housework at the home and later he found Pavlik working for a transfer company. He took Pavlik to central station and telegraphed the Buffalo police to know if they could find the eloping couple. Both declared they were of age.

"We have been sweethearts since childhood," Pavlik said, "but my wife's parents, Mr. and Mrs. John Opal, picked another suitor and I was ordered to stay away from the house. After that we met at the home of a friend, and she said she was going away with the folks and was going away. She had no money, so I borrowed some money and she went to St. Paul. I joined her Sept. 10 and we were married, and last week started housekeeping. I want to tell you that I got her away from me now."

The police have searched for George Pavlik and Lillian Opal for two months. They say the original telegram gave Pavlik's age as 21 years and the girl's as 17.  
 In the meantime the bride does not know her husband is held.

## GOOD CHANCE FOR CONTESTS

**Exciting Times Expected When Fort Berthold Reservation Is Opened.**

Fargo, N. D., Sept. 10.—(Special to The Herald.)—Exciting scenes may be enacted on the Fort Berthold reservation in Northwestern North Dakota when 60 claims are thrown open for settlement Oct. 1. The law which provides for the opening is confusing and two conflicting methods are available for settlers. The law says settlers may either file on their land at the land office or take possession of the land and begin improving it. The claims will be thrown open for settlement at 9 a. m., Oct. 1, and as much of the land is fertile a rush is expected. Where one claimant adopts the method of filing in the land office and the other a settler on the land, it is likely to prove difficult to determine which has the prior right.

Officials will be on hand to determine as far as possible the hour at which each claimant files and the hour at which the various claims are taken possession of. In case there are rival claimants for the same land, the hour and minute of the action of the claimants will decide the prior right.

Many land seekers are already arriving at the Berthold reservations and another large number are expected to hand promptly at the time for securing legal possession.

## IF YOUR CHILD NEEDS A PHYSIC

**If Its Little Stomach Is Sour, Liver Sluggish and Bowels Clogged.**

Mother! look at the tongue! see if it is coated. If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable out of sorts with everybody, stomach sour, feverish, breath bad; has stomach-ache, diarrhoea, sore throat, or is full of cold, it means the little one's stomach, liver and 30 feet of bowels are filled with poisons and clogged up waste and need a gentle, thorough cleansing at once.  
 Give a teaspoonful of Syrup of Figs, and in a few hours the foul, decaying, constipated matter, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well and smiling child shortly.  
 With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatic it cannot be harmful, besides they dearly love its delicious taste.  
 Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given to-day will save a sick child to-morrow.  
 Full directions for children of all ages and for grown-ups plainly printed on the label.  
 Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

## ARROW Steel Lined SHOT SHELLS

Make sure your game—Shoot the speed shells  
 In Remington-UMC Arrow shells the steel lining puts all the force of the explosion behind the shot. That mile-a-minute "on comer" can't beat out the pattern driven by a steel gripped charge.

And with Expert Factory Loading, uniformity of speed and pattern is assured in each and every shell.

Shoot Remington-UMC Arrow and Nitro Club Steel Lined Expert Factory Loaded Shells for speed plus pattern in any make of shotgun.

Remington Arms-Union Metallic Cartridge Co.  
 299 Broadway New York City

 Special Designs Submitted for Catalogs, Cards, Labels, etc.

## HUGHES TO OPPOSE SMITH FOR SENATE.

New York, Sept. 10.—Former Representative William Hughes of Paterson will be the single representative of the Wilson Democrats to oppose Former Senator James Smith, Jr., for the United States senatorial nomination at the New Jersey primaries Sept. 24.

This decision was reached after two days of conferences at Democratic national headquarters. Friends of Representative Hughes and Former Judge John W. Westcott submitted the claims of each of the candidates to a committee of nine men, composed of William McAdoo, Senator James O'Gorman and Josephus Daniels.  
 In announcing the decision of the committee, Mr. McAdoo said that Governor Wilson had no knowledge of the conferences; that they resulted wholly from the initiative of the national campaign committee.

## SEED CORN WEEK.

**Farmers Selecting Seed for Next Year's Planting.**  
 Minneapolis, Minn., Sept. 10.—(Special to The Herald.)—"Seed corn week is progressing satisfactorily," said Prof. A. D. Wilson, in charge of extension work at the agricultural college, today. "and we expect excellent results from the plan." Monday the farmers of Minnesota began the work of selecting their seed for the 1913 crop in accordance with the governor's proclamation and the advice of the agricultural experts of the state. H. A. Bush of Northrup, King & Co. recalled the seed famine of last spring when good corn seed was almost impossible to obtain and high prices had to be paid.  
 "It was a very serious condition," Mr. Bush said. "Southern corn introduced in Minnesota in consequence of the shortage of Northern-grown seed proved very unsatisfactory."

## DIXON SAYS HE IS BEING SPIED UPON.

Chicago, Sept. 10.—Senator Dixon, director of the Progressive campaign, charges that two agents of the United States department of justice whom he calls "Wickersham's spies" have been spying on him and Medill McCormick, tapping telephone wires, and stealing a watch which the alleged "spies" apparently believed contained compromising papers.  
 Senator Dixon gave the names of the men as "Arndt and Beardsley." Gov-

ernment officials said the department of justice employed no such men.  
 Medill McCormick said the two men followed Senator Dixon when he left Chicago for New York last night.

## RECORD PRICE PAID FOR PRIZE CATTLE.

Chicago, Sept. 10.—Because scarcity of fat cattle compelled St. Joseph to abandon its annual stock show this year, an \$11 record price for a prize was established here today. The carcass of a cattle for which this price was paid was sold with the intention of capturing the sweepstakes prize at the St. Joseph stock show, and when the event was declared off it was brought to Chicago for sale.

## SAGE TEA WILL DARKEN THE HAIR

**Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.**

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect.  
 Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength with the addition of Sulphur, another old-time scalp remedy.  
 This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.  
 Max Wirth, 18 West Superior street.

## Cuts The Price In Two

**The New Food-Drink**

## Instant Postum

Costs less and actually tastes better than much of the coffee used nowadays.

**Flavour is always uniform**  
 —rich and mild, quite like the flavour of high-grade Java.

**Postum Contains No "Caffeine"**

When tasting Instant Postum many believe that it contains some coffee, but it is guaranteed pure, wholesome and absolutely free from coffee, the drug, "caffeine" or any other harmful element.

**No Boiling Required**

Instant Postum saves time and trouble, it is made *instantly* by stirring a teaspoonful in a cup of hot water and adding cream and sugar to taste.

**Grocers Sell Instant Postum**

—100-cup tins at 50c. 50-cup tins at 30c.

If your grocer doesn't have Instant Postum send a 2c stamp for postage and we will send you a 5-cup sample free.

**"There's a Reason" for Postum**

Made by Postum Cereal Co., Ltd., Pure Food Factories, Battle Creek, Mich.

THE HOUSE THAT IS WORTH ADVERTISING

Can Be Had or Rented

THROUGH HERALD ADVERTISING

DID YOU EVER MEASURE THE GROWTH OF YOUR CITY BY THE NUMBER OF WANT ADS

New families are coming every day, and they are looking for places to buy, houses to rent, and property investment.

They Look To The Herald Want Ads For Just What You Have to Offer

If you have a house or flat for rent, or a house for sale, your ad in The Herald Want Column today will rent your property or find a buyer for your house.

HERALD WANT AD. DEPT.

A Want Ad in The Herald is a Want Ad in practically every Duluth Home.

One Cent a Word Each Insertion. No Advertisements Less Than 15 Cents.

FOR RENT—FOUR-ROOM FLAT; inquire 306 First avenue east.

FRIDAY EVENING, SEPTEMBER 20, 1912.

## DULUTH STRIKERS HAVE NO SYMPATHY WITH THE RIOTERS

Frown on the Scenes of Violence Witnessed in Superior.

Lack of Service on Lakeside Lines Causes Much Complaint.

Men Plan Mass Meeting at the Armory Sunday Afternoon.

If striking street car men in Duluth have anything to say, there will be no destruction of property, no stoning of cars and no mobs in Duluth during the remainder of the strike.

In spite of the fact that the company claims that the service is nearly normal, people are kicking on long waits for street cars, especially on the Lakeside line.

Yesterday afternoon it was about 40 minutes between cars. At the dinner hour, 5 p. m., a great many Lakesiders were standing on the street corners.

Each Lakeside car would be filled to overflowing between Eighth avenue west and Fifth avenue west and no further stops would be made until well out in the East end.

Many emphatic complaints were heard on the street corners as irate citizens condemned the strike, the service and the company.

The service seems to be far from normal on the East Fourth and Woodland lines, although the East end line seems to have as many cars as is usual.

This morning on the East Fourth street line it was about 20 minutes between cars and many people were late at their offices.

Men Meet. A meeting of car men was held this morning. While the strikers have from the first done everything in their power to quell the mob spirit, sympathizers, they are more anxious.

## ROOSEVELT IS NOW IN NEBRASKA

Will Spend Day and Half in Bryan's Home State.

Holdrege, Neb., Sept. 20.—Col. Theodore Roosevelt came today to William Jennings Bryan's home state today for a campaign of half a day.

He reached Holdrege, his first stop after an all-night ride from Denver, and remained here until 10 o'clock, when he was taken to the hotel. He was met by a delegation of citizens, including Mayor J. H. Lincoln, who was to remain all night.

He is at Lincoln. Lincoln, Neb., Sept. 20.—A drizzle of rain this morning held out no pleasant promises in the way of weather for the visit of Theodore Roosevelt, who was due to arrive here shortly after noon for a stay of three hours. It was planned to escort him to the city auditorium with a parade of his local followers, where he was to address an afternoon meeting.

## BLOODHOUNDS ON OUTLAWS' TRAIL

Search for Men Who Tried to Set Fire to Tipple.

Charleston, W. Va., Sept. 20.—Scores of soldiers with bloodhounds are searching the mountains at the head of Carbon creek today for the men who last midnight tried to fire the tipple of the South Carbon Coal company and the residence of Charles Cable, superintendent of the mine. Bloodhounds were brought in from military headquarters at Pratt, and early today they struck two trails which are being followed over the densely wooded mountains.

These attempts at incendiarism are the most daring since the strike was inaugurated, following as they do on the destruction by fire of the tipple of the Carbon Coal company nearly a year ago.

The military forces were reinforced this morning by a company of infantry, bringing the total number of soldiers in that immediate section to 250.

Private Charles Campbell, company B of Parkersburg, who was mistaken last night for an intruder by a sentry at Cherokee, W. Va., and shot, was somewhat improved today and his recovery is expected.

## SPAIN TO STRENGTHEN FRIENDSHIP WITH FRANCE

Madrid, Spain, Sept. 20.—The approaching visit of King Alfonso, accompanied by Premier Cambiès, and Foreign Minister Prieto, to Paris, declares La Correspondence, a Spanish newspaper, will be of international importance as it will be devoted to strengthening the Franco-Spanish friendship along economic, political and military lines.

Spain's new navy, which is now being augmented, will serve as a basis, the paper says, for the Spanish contention that she is able to offer material support to the triple entente, either in the Mediterranean or the Atlantic in the event of an European conflict.

## LULL AFTER FIERCE RIOT

Superior Experiences First Violent Disorder During Street Car Strike.

Cars Stoned and Strike-Breakers Barely Escape With Lives.

Quiet prevailed in Superior this morning following the rioting which broke out last night, the first violence which that city has experienced since the beginning of the street car strike at the Head of the Lakes.

Cars are being run at fairly regular intervals to all parts of the city without serious interference. The authorities are on the alert and are making every preparation to prevent a repetition of last night's disorder. Howling, raging mobs attacked cars in different parts of the city last evening, smashing windows, wrecking the superstructure, stoning the strike-breakers into flight for their lives, fighting the police and injuring scores of people.

Sheriff Edward McKinnon began to swear in deputy sheriffs and the police exerted every effort to restore order. Again and again the blue coats stormed the mob without avail. At 10 o'clock the fire department was notified to be in readiness to aid the authorities in dispersing the mob with hoses.

The rioting started after the strikers and their sympathizers had finished parading the downtown streets, ending at the Head of the Lakes.

(Continued on page 11, third column.)

## WORLD'S SERIES TO BEGIN OCT. 7

Date Tentatively Agreed Upon By National Baseball Commission.

New York, Sept. 20.—The world's series baseball games are to begin on Monday, Oct. 7. This date is said to have been tentatively agreed upon by the national commission, which meets here next Wednesday to draft the plans for the games. The date for the opening of the series was based upon the assumption that the New York Nationals and the Boston Americans would win the pennants in their respective leagues.

The Boston club has already won the pennant, and the Giants expect to win within the next ten days. The playing season of the Boston Red Sox and the New York Giants closes on Oct. 6, and one day's rest before the big games is deemed sufficient. An early start of the series is desired, as the commission wishes to take advantage of good weather.

It is learned that the commission has practically decided to play two consecutive days in one city. The club owners will toss a coin to determine which city shall have the opening games.

## JOHNSON IS RESTING AT INDIANAPOLIS.

Indianapolis, Sept. 20.—Governor Johnson, having cancelled his day engagements in Indiana today, rested here at his hotel. He planned to take a train late this afternoon for Cincinnati where he was scheduled to speak tonight. From Cincinnati the governor will go to Akron and Cleveland on Saturday and leave that night for the East.

## CONFUSION OVER THE SECOND CHOICE VOTE RESULTS IN CONTEST

Action in Jackson County Authorized By the Attorney General.

Returns May Not Reach State Canvassing Board in Legal Time.

Precinct Judges All at Sea Over Totalling Second Choice Votes.

St. Paul, Minn., Sept. 20.—(Special to The Herald.)—Confusion over the second choice primary system which had its initiation in Minnesota Tuesday promises to throw the entire results into a turmoil, which can only be straightened out by the institution of contests in numerous counties.

The county auditor reported by telephone that the county board of equalization was wholly incapable of reporting to the state board of canvassers the second choice votes for the different state office candidates, because the judges of election had not included them in their tally sheets.

The county board wished to know if it could not go back to the ballots. The county officials were informed that they could examine the ballots only by instituting a contest and having the judge of the district court appoint a board to investigate as provided by

(Continued on page 5, second column.)

## WILL CLEAR UP ELECTORAL MIXUP

Roosevelt Men to Quit Republican Ticket in Pennsylvania.

Harrisburg, Pa., Sept. 20.—The electoral mixup in Pennsylvania involving Taft and Roosevelt electors is expected to be cleared up this afternoon when the Republican state committee meets here.

If an agreement entered into last week by the Roosevelt and Taft supporters is carried out all the Roosevelt men on the Republican electoral ticket will withdraw and go on the Washington party ticket by which name the Progressive party in Pennsylvania is known. The vacancies on the Republican ticket will then be filled with Taft men.

\*\*\*\*\* WHY DOESN'T SHE TURN GARDEN HOSE ON HIM? \*\*\*\*\*

South Bend, Ind., Sept. 20.—Because her husband refused to take a bath Mrs. Oliver Sears, a bride of one month, has started action for divorce in the circuit court.

Mrs. Sears claims that her husband not only refused to bathe, but that since the day of his marriage he had not made a change of clothing.

## RECOUNT IS NECESSARY

Ballot Boxes in the Seventh District Must Be Opened.

Ryan, O'Neil and Butchart Running Neck and Neck.

The county canvassing board will be required to recount the ballots in at least twenty-three precincts in the Seventh commissioner's district to determine the result of the contest for the Republican nomination.

With Sturgeon and 56-19 the only precincts missing, the vote is so close that the second choice will be called into play. Only twenty of the forty-three precincts have reported the second choice in proper form, and it will be necessary for the canvassing board to go over the ballots to determine how the second choice votes are distributed.

P. J. Ryan, R. S. O'Neil and James Butchart are all in the running. The forty-three precincts reported give Ryan 729 first-choice votes, O'Neil 721 and Butchart 712. Walker has only 253 and Wall 133. These are official figures, and the official count may change the first-choice lineup between the three leaders.

The second-choice votes are badly distributed.

(Continued on page 11, fourth column.)

## DUCAL PARTY HAS VERY BUSY DAY AT VANCOUVER.

Vancouver, B. C., Sept. 20.—Yesterday was a busy day for the duke and duchess of Connaught and their daughter, the Princess Patricia. The princess christened the new Connaught bridge, her father delivering the address. Three thousand persons sat at the Canadian club's luncheon in honor of the royal guests.

The duke and duchess reviewed the Sixth Regiment. Last night a civic reception, one of the most elaborate functions in Vancouver's history, was given the duke and party.

## STRIKE MAY BE WIDENED

Men at Other Utah Copper Mines May Be Called Out.

Sixty-Two Hundred Now Idle at the Bingham Properties.

Salt Lake City, Utah, Sept. 20.—Charles H. Moyer, president of the Western Federation of Miners, announced today that the federation might call out the union men employed at the Nevada Consolidated properties at Ely, Nev., the Ray Consolidated at Kelson, Ariz., and the Chino at Santa Rita, N. M., which are controlled by the Utah Copper interests.

"We are contemplating such a move," President Moyer said, "and have a man on the way to Ely to take up the matter there. D. C. Jackling, manager of the Utah Copper company's properties, refuses to recognize the union is Utah and we see no reason why union men in other states should work for him. The men have some pride and are unwilling to work where they are not wanted. In fact, the miners at the Nevada Consolidated at Ely, Nev., are ready to go out at a moment's notice."

The Nevada Consolidated mine employs about 3,500 men. At the Chino, Santa Rita, N. M., 500 are employed and the Ray Consolidated has several hundred. The Nevada Consolidated and Chino, like the Utah copper mine of Bingham, are worked with steam.

## WILSON HAS BUSY TIME

Invades President Taft's Home State, Starting in Columbus.

Governor Harmon Will Be Presiding Officer at Night Meeting.

Columbus, Ohio, Sept. 20.—Invading President Taft's home state, Governor Woodrow Wilson today will open the Ohio Democratic campaign with speeches, assisted by Congressman James M. Cox, candidate for governor, and Senator Gore of Oklahoma.

Governor Wilson's stay in Columbus, from the time he arrived from Detroit until his departure tomorrow, will be occupied in making speeches, conferring with lieutenants, organizing workers and giving a reception to the public.

The candidate arrived at 8:15, three hours ahead of his schedule, and there was no one at the station to meet him.

Busy Day Planned. Governor Wilson slept in his car until 10 o'clock. After he had addressed a big gathering in Detroit, last night it had been intended to have him speak from his train at 7:20 a. m. at Toledo, but the governor's arrival was so late that the schedule of the train accordingly was altered and the governor arrived at the hotel.

(Continued on page 5, second column.)

## HOT FIGHT WAGED OVER THIRD TICKET IN STATE

Progressive Leaders Are Divided Over Advisability of the Plan.

State Chairman Halbert Insisting That the Ticket Be Named.

St. Paul, Minn., Sept. 20.—(Special to The Herald.)—With members of the Progressive state central committee of fifty headed toward St. Paul for a conference and with the telephone and telegraph wires throughout the state fairly aizzling with messages, the stage is set for one of the hottest fights of the campaign at the Merchants hotel tonight when the question of putting a third ticket in the field will be decided.

H. T. Halbert, state chairman, is insisting that the ticket be named. W. W. Rich, the Hennepin county committeeman, and two of the state's congressmen, are bitterly opposed to it, on the ground that it would be equivalent to handing the state over to the Democrats in the November election.

W. A. Eaton of Duluth and George S. Eddy of Bethel, two of the committeemen, are declaring there can be no compromise and that the ticket must be named. Medill McCormick of Cincinnati is also in the game this morning.

(Continued on page 11, third column.)

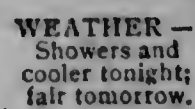

## ATTACK IS MADE ON THE COMMERCE COURT

Washington, Sept. 20.—As a preliminary to the final fight next month for lower class rates on freight from New Orleans to Alabama cities, Solicitor General Clegg today filed with the supreme court a brief in behalf of upholding the order of the commission for reduced rates.

The commerce court was attacked by the attorney for setting aside the commission's order.

#### GRAIN RATES ARE SUSPENDED

Increases From Iowa to Chicago and East Are Held Up.

Washington, Sept. 20.—The interstate commerce commission today suspended freight rates on grain proposed by the Chicago & North Western and the Chicago, Milwaukee & St. Paul railways from points in Iowa to Chicago and the East.

Some time ago the roads were directed to readjust their Iowa grain rates to conform with rates from other parts of the Middle West. In read-

justing the rates, the roads proposed increases varying from 3-10 to 5-10 of a cent a hundred pounds.

The new tariffs were to have become effective today, but at the last moment the commission suspended them until Jan. 15, 1913, and ordered an investigation.

#### SAYS ROOSEVELT IS ELEVENTH HOUR CONVERT.

Helena, Mont., Sept. 20.—William J. Bryan last night challenged the progressiveness of Col. Roosevelt in a speech here and declared at best Mr. Roosevelt was but an eleventh hour convert to the cause of progress, joining only when it was apparent that the progressive cause was sweeping the country.

Col. Bryan was greeted by a large audience, and was vigorous in his attacks upon Mr. Roosevelt. He called the roll of reform for which he declared the progressive Democrats had been fighting for years, and wanted to know where Roosevelt, when he was president, stood on these questions.

Stores do not prosper just because they are stores—nor even because they are GOOD stores. They must be "pushed by publicity."

## FUNDS ARE ALL INTACT

V. D. Nikolitch, Suspected of Absconding, Returns From European Trip.

Hopes to Restore Confidence of the Probate Court.

V. D. Nikolitch, whose sudden departure for Montenegro about three months ago gave rise to a suspicion that he had absconded with the funds of five estates and guardianships of which he was in charge, showed up in Duluth this morning.

Mr. Nikolitch this morning set the bonding companies at ease by proving to them that his intentions were of the best and that he had done nothing to excite suspicion. The probate court he was administrator of three estates and guardian for a minor and an insane man.

At the time of his departure for Montenegro it was reported that there were shortages in the funds amounting to nearly \$40,000. In one estate the court removed him as administrator and appointed another.

Mr. Nikolitch still has the funds intact and hopes to soon restore full confidence with the probate court and the bonding companies, who were conducting a search for him at one time.

Mr. Nikolitch has been appointed as royal Montenegrin general representative for United States and Canada. The appointment was given him while abroad.

## ROSEWATER IS HIT BY TEDDY

Former National Chairman Gets Rap in Col. Roosevelt's Speech.

Hastings, Neb., Sept. 20.—Assailing the Republican leaders in general and Victor Rosewater of Omaha, former Republican national committeeman, in particular, Col. Roosevelt opened his campaign in Nebraska today.

"We have grown to look for leadership the only way in which the Republican party can show itself true to Abraham Lincoln," said the president.

"In this district or in any other district of the United States," he said, "the Progressive party, Penrose, Barnes and your Victor Rosewater were engaged at the Chicago convention in scuttling the Republican ship. They cared nothing for the principles of the party. All they wanted was to keep the power for their own purposes and if they could not keep it without ruining the party they were glad to ruin it."

"The bosses know that Mr. Taft is a dead cock in the pit and they are turning to Mr. Wilson. I will admit that the bosses don't like me. What's more, I will make them like me some more before I am through."

"Progressives intend to see that in our party every promise made by a public man is kept."

"The day began early for me when I was awakened by a band at Oxford at 7 o'clock. He had been dressed and appeared on the platform in time to shake hands with some of those in the crowd before the train started."

"Minden he was greeted by another crowd. He made a short speech in which he gave a talk on the 'fresh water brand' of politics."

## EBERHART IS INDIFFERENT

As to Result of Bull Moose Conference, Says Wheelock.

St. Paul, Minn., Sept. 20.—(Special to The Herald.)—Up to date Governor Eberhart has received no telegrams of congratulation or concession from the other Republican gubernatorial aspirants, though he has received many from other individuals.

While the other candidates may be waiting for an official announcement, assurances have come to the governor's office in a roundabout way that the defeated candidates will stand by the party choice at the primary.

Ralph Wheelock, private secretary to the governor, stated this noon that so far as the governor is concerned, he maintains political indifference as to what is done tonight at the Bull Moose gathering regarding the nomination of a third ticket. It is figured by the governor's political supporters that a third ticket would serve, by way of dividing opposition, as much or more than injure his election chances.

## CLUB WILL MEET IN OCTOBER

Greater Duluth Members Will Be Called Together Again Soon.

President R. E. Dowling of the Greater Duluth club has called a meeting of the executive committee for next week. The committee will make arrangements for a meeting of the whole club early in October.

"The Greater Duluth club member who, in a communication in The Herald last evening, inquired as to the cause of there being no meetings during the last evening, July, August and September, is certainly justified in making the inquiry," said Mr. Dowling this morning.

The election of several members of the executive committee seemed to be that, on account of an unusual condition in politics this year such as the primaries, state and national conventions and on account of the Rotary club convention, the state and county fairs and other events it would be best to have the next meeting early in October.

To that and a meeting of the executive committee is called for next week.

## AUTO RACES ARE POSTPONED

Wauwatosa Race Track, Sept. 20.—After waiting until nearly 2 o'clock for fair weather, the Pabst and Wisconsin trophy races were postponed until Tuesday because of the wet condition of the course. It was announced, however, that the Vanderbilt race would be run tomorrow, and the Grand Prix on Monday.

## TOUGHS STAB WHEN ASKED TO GO TO WORK

Crookston, Minn., Sept. 20.—(Special to The Herald.)—Three toughs who were given breakfast at a farm

declared to be a dangerous course, prepared this morning to start in the first two races of the three-day Vanderbilt cup race meeting given by the Milwaukee Automobile Dealers' association. A thunder storm about 5 o'clock this morning succeeded by cloudy weather indicated a possibility of further postponement of the races, although the officials hope to race despite the rain.

Five of the entrants were scheduled to drive twenty laps or 174 miles with lightweight cars for the Wisconsin challenge cup and \$1,875 in cash.

Eight of the thirteen were entered for the blue ribbon trophy at 213 1-5 miles, or twenty-five laps around the eight mile course with cash prizes totaling \$1,875 offered to the first four starters to finish. The cars in the Blue Ribbon race were only slightly larger than those in the Wisconsin event.

"Well, sir," came the reply, "you see, sir, old Bill went into the mixing room and by mistake struck a match."

The boss looked surprised. "Fancy Bill of all people, doing that?" he cried. "I should have thought that would have been the last thing he'd do."

"It was, sir!" replied the lanky one remorsefully.

Amelia Olson, 21 years of age, employed as a maid on Second street, was knocked down and seriously injured by an automobile driven by James Soukup and owned by A. D. Thomson at First avenue west and S.

## Is Peruna a Laxative?

I am in receipt of a letter from a mechanic who is at the head of a prosperous household. Peruna has been used in his family for a good many years. I writes as follows:

"As you know, we have used Peruna in our home for a number of years. We find it a reliable household medicine in catarrhal conditions, coughs, colds and grip, and many other ailments to which the family is subject. But since the change in the formula of Peruna I do not find it quite as useful to myself. My bowels are naturally very active. I cannot take a cathartic of any sort. It does me injury to do so. The old Peruna contained no cathartic ingredient and was therefore a very useful medicine to me. But I notice that the new Peruna has a slight laxative action, which almost makes it prohibitory for me to use. I was wondering if there was not some way in which I could obtain the old Peruna as you used to make it."

To this letter I made the following reply: "Yes, the new Peruna does contain a laxative element. You should therefore take the old Peruna (Ka-tar-no) which has no laxative quality. While prescribing the old Peruna I found it quite necessary frequently to prescribe the laxative Manalin in connection with it. Therefore Manalin was combined with Peruna, in order to meet those cases that require a laxative. But in case no laxative is required the objection to the new Peruna you speak of arises. Many of the people who used to take the old Peruna found difficulty in taking the new Peruna. To meet those cases I am having manufactured the old Peruna under the name Katarno, and if you are anxious to get the old Peruna exactly as it used to be made you can do so."

Peruna is for sale at all drug stores.

**SPECIAL NOTICE**—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now out of the hands of the KATARNO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

## THE EUROPEAN MINERAL & VAPOR BATHS

ARE A CREDIT TO OUR CITY

A Herald reporter made a visit to the European Mineral and Vapor Bath Parlors at 17 and 19 East Superior street and was shown through the "House of Health" and was surprised to see what equipment and facilities the institution has for treating all kinds of diseases at a very small cost to the patient.

The baths and parlors, which are divided separately for ladies and gentlemen, are furnished elegantly and the patient, after taking the treatment, can enjoy the comforts of a real home-like place. Private rooms are reserved for those who live in or outside of the city, so that in case patients desiring to remain at the Sanitarium can do so at very moderate rates.

The reporter was also shown hundreds of testimonials, which are not "faked up" ones but with the genuine signatures of those who have been cured of Rheumatism, Colds, Lumbago, Skin and Blood Diseases, Liver and Kidney Troubles, etc., and was informed by the Professional Masseuse in charge, that there is no necessity of any one suffering with the above ailments to leave the city and pay an enormous price, when they can be cured right here in Duluth. They have professional masseuses in attendance night and day, for both ladies and gentlemen, and the office is open all day to give free consultation.

Don't forget the place and number. The European Mineral and Vapor Bath Parlors, 17 and 19 East Superior Street, Second Floor. Call, write or phone for appointments. Melrose 3153.

You Can Save Money by buying your SHOES at—

**F. E. BLODGETT & CO.**  
20 WEST SUPERIOR ST.

terior street about 8 o'clock yesterday afternoon.

She sustained a fracture of the upper part of the skull. It was stated at St. Luke's hospital today, where she was hurried in an ambulance, that there is no doubt but that she will recover in a short time.

It appears that the unfortunate young woman was crossing the street when she was hit by the machine. An auto truck was approaching and in hurrying to cross ahead of it she stepped in front of the automobile. The wheels of the car passed over her body after she had been knocked prostrate on the pavement.

The chauffeur was alone in the car at the time of the accident.

She had recovered consciousness at the hospital this morning and was able to give her name. She said that she is employed on Second street, but could not recollect the number or the name of her employer. As far as can be learned she has no immediate relatives in the city.

Soukup was placed under arrest by Detective Toewe and Bradley on a charge of operating a motor vehicle in a manner endangering lives. He is held in front of the automobile. The police court this morning and his trial was set for Oct. 8 at 10 o'clock.

## CONFUSION OVER THE SECOND CHOICE VOTE RESULTS IN CONTEST

(Continued from page 1.)

law. They were advised to institute such proceedings at once.

**Totaled all Second Choice.**

Before 10 o'clock this morning the attorney general's office had received reports from four different county auditors that the reports of precinct judges in giving a man's second choice votes gave the total of all second choice votes without designating from which other candidates they came. This made the correct elimination and tabulation of votes, as provided by law, impossible. They were told by the attorney general that they might resort to the judges' tally sheets for the purpose of verifying or correcting the reports, but that under no circumstances could they break the seal of the ballot envelopes unless a contest be started in district court. In these counties it is probable contests may be started.

If, as indicated by early reports today from county boards of equalization, contests are started in many of the counties in order to get the correct vote on state officials it is probable that returns will not be in the hands of the secretary of state in time for the state board of canvassers to pass upon the results before Sept. 27, when according to the law the candidates will meet to select a state central committee. Officially the winning candidates may not be known by Sept. 27.

**Vote on Governor.**

St. Paul, Minn., Sept. 20.—Special to The Herald.—Complete returns from fifty of the counties out of the eighty-four in the state show the vote cast for the candidates for the Republican nomination for governor. Tuesday's state primaries as follows: Eberhart, 44,700; Thompson, 24,800; Young, 23,800; Spooner, 9,500; Gordon, 7,500; Polk, 4,400.

In the contest for congressman-at-large, James Manahan is still leading. Eberhart, 20,700, his nearest rival, in the race for congressman-at-large. In 1,071 precincts outside of Minneapolis St. Paul Manahan has 14,125; Eddy, 14,036; Thorpe, 11,342; and Eastman, 10,700. With the Hennepin and Ramsey vote added, the grand total: Manahan, 37,100; Eddy, 17,646; Eustis, 14,700; Thorpe, 14,814; Deibel, 6,410, 4,497.

## STRIKE MAY BE WIDENED

(Continued from page 1.)

shovels at the surface and most of the labor is unskilled.

**No Agreement Soon.**

Bingham, Utah, Sept. 20.—Sixty-two hundred men now compose the army of mine workers made idle by the strike. The miners here Wednesday, and present indications are that this number will be increased unless a settlement of difficulties is brought about within the next few days.

The situation today was practically the same when the strike was called, and there appears to be little prospect of a settlement between miners and operators soon. Forty-five hundred of the idle men are strikers. The remaining seven hundred were forced to leave their work when the concentration camp at Garfield closed down last night for lack of ore.

**Shots Exchanged.**

The Greeks and Croats, who until yesterday were fortified in trenches overlooking the mines, have remained quiet since the promise to Governor Spry to give up their stronghold but have not relinquished their vigilance on the mines. Pickets patrolled the roads last night, and early today several shots were exchanged with deputy sheriffs who attempted to cross the highways leading into the hills.

Many of the American miners and mechanics who were in most part opposed to the strike have left the camp and are taking no part in the disturbances.

**Greeks Are Angry.**

The 5,000 miners on strike for higher wages, impressed seemingly by the addresses delivered to them yesterday by Governor Spry and others, remained quiet last night, but early today they began to assemble at the railroad station, and in a little while 300 of them, chiefly Greeks, were discussing the report that the Utah Copper company purposed to put them to work in the steam shovel pits.

The Greeks said they had advice from Governor Lake that L. Skirlis, an employment agent, had been engaged by the Utah Copper company to forward strikebreakers. The report was the more irritating as Skirlis has been one of the leaders of the strike.

The Greek element, which asserts that he dictated the issues of the strike by the mining companies, levies a toll on their wages and provides discharge of those who do not patronize his place of business. Governor Spry has been told by many Greeks that they would be willing to waive the wage demands if Skirlis was removed from camp. The alleged influence of the labor agent is denied by Assistant Manager Gommell of the Utah Copper company.

## WILSON HAS BUSY TIME

(Continued from page 1.)

ernor passed through Toledo during the night. It is likely he will visit that city on another occasion.

Governor Wilson will return to Sea Girt tomorrow, winding up his first big campaign tour.

At 1 o'clock Mr. Wilson and Mr. Cox will address an organization meeting in Memorial hall and at 2 o'clock will address an educational meeting in a local theater. At 3:15 o'clock business men and commercial salesmen will hear the speakers at the city hall and at 4 o'clock a public reception will be held.

Governor Wilson, Senator Gore and Congressman Cox will be entertained at dinner at 5:30 and at 6:30 will head a parade of voters who will march through the principal streets of the city to Memorial hall, where a big meeting will be held at 7:30.

Governor Harrison, who returned yesterday from his vacation, will preside at the night meeting and introduce the presidential nominee. Senator Allee Fomereuse will act as chairman of an overflow meeting at which Senator Harrison will give the state ticket and Cleveland and candidates on the state ticket will speak.

Governor Wilson tomorrow will attend a breakfast which State Chairman Wiley will give to the Democratic editors of the state.

**Republican Campaign.**

Senator Henry Cabot Lodge of Massachusetts, H. B. Brown, the candidate for governor, and practically all of the candidates on the state ticket will start the Republican campaign machinery going here tomorrow. The Progressive will be following a like course at Akron and Cleveland.

Mayor Frank Rockwell will preside

## The Selection of Fall Apparel Has Begun In Earnest

### Do You Know Anything About Athena Underwear?

—If not, then you have much to learn about good underwear—what we believe is some of the best underwear made today.

—Athena Underwear has all the good points of other good underwear and many features that are exclusive to it. For instance the rounding shoulders, the hollowed-out-from-beneath sleeves, which prevent the "bunching" found in otherwise fashioned garments.

—Then there are other features, but —A graphic story is given in a full page ad in this week's Saturday Evening Post—look for it—and profit.

—In Duluth we are exclusive agents for Athena Underwear, and we show

Separate garments. 50c to \$1.50  
Union Suits ..... \$1 to \$5 (Main Floor)

### Get These Dress Goods at \$1 Yard

—and you get \$1.25 worth of fashionable all-wool fabrics that are now in great vogue. These goods are woven from strong worsted yarns and are made for good, long service.

—Such good shades as dark rose, reseda, Copenhagen, brown, wine, navy, dark green and black are included—the goods are 52 inches wide—genuine \$1.25 values, but special Saturday for \$1.

### No Woman Who Sees These \$1 Satins

—can resist their appeal. They are beautiful in color, being shown in 12 different new and changeable shades that are conceded to have great vogue this season. The quality is unusually good, guaranteeing satisfactory wear. Saturday choosing will be best because lines will be complete—\$1 yard. (Second Floor)

### Another Offer of the Famous Mme. Isbell's 50c Face Powder at 15c the Box

—Many readers will recall this wonderful offer made in July, for hundreds took advantage of it. Through an arrangement with the manufacturer we are able to again make it covering a period of a week or more until a certain number of boxes is sold.

—Needless to repeat what we have said about its quality—the one word, "BEST" tells it briefly.

—By using the FREE COUPON, which may be obtained in our Drug Section, you may get the regular 50c package for 15c.

—A kindred offer gives \$1 skin cream at 35c, \$1 Bath Oil at 35c. (Main Floor)

### The Slender Figure Without Discomfort From C-B Corsets

—Fashion dictates the slender figure for Fall and Winter. C-B a la Spirite corsets give it in the most graceful way and without discomfort.

—C-B a la Spirite corsets are the result of much investigation and study in anatomy. They do not force the figure, but mould it into a youthfulness that is the desire of every woman who follows the fashions.

—Let our corsetiere show you the new models in C-B corsets—let her demonstrate their fitting qualities.

—Prices are \$1 to \$3. (Corset Shop, Third Floor)

at the opening meeting of the Progressives at 2 o'clock tomorrow at Grace Park, Akron. Governor Hiram Johnson of California and Arthur L. Garfield, candidate for governor, will be the principal speakers.

**Crowds Stand in Rain.**

Detroit, Mich., Sept. 20.—Governor Wilson campaigned in the rain yesterday as he traveled across the state from a speech here last night. Everywhere en route where his train stopped the governor was greeted by crowds who stood huddled under umbrellas while the candidate talked politics under trying conditions.

The governor's speech here last night was his principal one of the day. At many places on the trip across the state the nominee stepped down from the train and stood in the rain to shake hands with those who pressed forward to meet him. Several Wellesley college girls were on the same train with Governor Wilson and they came back to the special car to meet him.

At Kalamazoo a crowd of collectors gave the governor a cheer. It was there that he made his longest speech of the afternoon.

"I have found that the subjects to be discussed in the campaign are so tremendous that they can hardly be handled in speeches from the rear of the train," said the governor. "Moreover the rear platform is not the Democratic platform this time. We are at the front and not at the back. But must say that since I have got into Michigan, I have felt a singular stimulation because we have stopped at several other cities and everywhere there is the same spirit of hope and confidence."

**Only One Team Ready.**

"I can explain it only this way, that all are genuinely interested in the subject that lies nearest my own heart, namely settling the government free. Because, whether it be done intentionally or not, there is no doubt about it that our government in recent years has been seriously entangled with special interests of various kinds, and the men who got it entangled cannot get it disentangled. That is the whole point in the matter."

There is no time to discuss here how we got into it, or how we are to get out of it. But the point is that the people of the United States have made up their minds to get out of it. There is only one team ready to do

### Women's 1.50 White Silk Gloves \$1

—A timely and advantageous purchase of 25 dozen has just come to hand in time for Saturday's selling.

—The gloves are of good weight, all pure silk, in full elbow length and with double tipped fingers. They have the popular Paris point stitching on back and are the quality usually retailed at \$1.50, special Saturday at \$1. (Main Floor)

### Cashmere Hose Ready

—Not a bit too soon, though, for many, judging from the demand we have already had for them.

—There's a good line to choose from in plain boot with ribbed top, also all ribbed; regular and out sizes, at the pair, 25c to \$1.

### "900" and Silk Hosiery

—Get these two thoughts firmly fixed in your mind "900" and silk hosiery—and you will always get good silk hosiery. Our number "900" has long been a "winner" for this store. The quality has been tested, the demand has constantly increased.

—It has little feet and tops (where the wear and strain is greatest) and the finest silk where the silk is desired, the pair \$1.

—McCallum's silk hosiery with little feet and tops; suits the particular, the pair, \$1. (Main Floor)

### 8c Outing Flannels 6½c Yd

—A Saturday flier in good grade outing flannels, well timed to the coming needs. These are shown in assorted, striped and checked patterns, in colors blue, gray and pink, and regular 8c values, special Saturday, the yard, 6½c.

### 12½c and 15c Cambrics 9c Yd.

—A big purchase of short lengths in fine cambrics and muslins, 2 to 10-yard pieces and the usual 12½c and 15c qualities, special Saturday, the yard, 9c. (Main Floor)

### Chic New Suit Hats \$5 and 7.50

—A special showing is arranged for Saturday.

—In these lots are all the new shapes of velvet or felt and smartly trimmed with fancy feathers, ostrich and marabou.

—They are ideal "first" hats and carry with them an individuality that will quickly captivate those who come to view them. The prices, too, are very attractive, \$5 and \$7.50. (Second Floor)

### A Boy's Suit FREE

—Where's the boy that would like to earn a nice suit?

—Here's a simple, easy way. Here's a chance for any boy from 6 to 16 to earn a good suit by his own efforts.

—We want some essays on "Best-Ever" suits and we're going to give one to the boy who writes the best one—and boys at 6 years have equal chance of winning with boys of 16.

—Talking points may be gained from a series of regular display ads on "Best-Ever" suits which are running in this paper, one of which appears in today's issue on page 7.

—All entries must be made in our Boys' Store, essays must be written on paper we furnish, and be turned in by November 1st. Get your name in Saturday. (Third Floor)

the business and that is the Democratic team. I am speaking in the terms of a man who has been bred in a football college. I know the third team is not organized, does not even know the signals, and the regular Republican team is weakened. It has lost some of its principal players. But there have been no losses on the Democratic side. On the contrary, there have been a great many gains, and the game is familiar to the Democrats that we have to play now."

### AMUSEMENTS

#### TONIGHT'S ATTRACTIONS.

ORPHEUM—Vaudeville.

#### Amusement Notes.

Ilon Berger, the Hungarian singer brought by F. C. Whitney away from the Oscar Hammerstein forces to play the role of the mischievous Maecha in

"The Chocolate Soldier," which will be presented at the Lyceum theater for two nights beginning Sept. 23, was born in Budapest and is the youngest of four sisters, all of whom have made themselves famous in their native country. The present Maecha is the only one to come to America. She sang at the Vienna Grand Opera house, when 11, in the chorus, and was to have assumed the soubrette roles there when 14, which would have been a year younger than any singer had previously sung such roles, as the house is under the rigid control of a governmental committee, but went to London to study under the famous Barstow and afterwards for two years with Jean De Reske.

In spite of the street railway strike and the uncertainty of the car service, the Duluth Orpheum has come close to its attendance record for the week.

This week's bill seems to have been the most popular of the season to date, and the attendance has been steadily growing all week.

Three more performances will be

### Splendidly Tailored Suits 19.50

—We believe we can say in all truth, the best tailored suits ever offered at \$19.50.

—And here are a few reasons why—

—They have Skinner guaranteed satin linings.

—They have hand made collars and lapels. (A very important feature that makes the suit always look and fit right about the neck).

—The materials are all thoroughly shrunk before making.

—They are expertly tailored throughout.

—The sleeves are finished with dress shields.

—The line offers all the best styles.

—And then there are many other minor points of superiority in them that the discriminating woman will easily see when she tries on one of these suits. There are 2, 3 and 4-button coats, straight or modified

Norfolks, from serges, diagonals, chevrons and Bedford cords, \$19.50.

—Other lines of tailored suits at \$25 and \$29.50 that present all the latest style ideas and show the wanted materials.

### Chic New Charmeuse Dresses 14.50

—Here are pretty new charmeuse dresses to delight 25 women.

—We bought them from a prominent dressmaker and we believe them to be the most stylish and best made we ever offered at the price. Every dress is carefully made from good quality charmeuse and finished in a superior manner. There are two styles, one with the satin Robespierre collar and the other with Directoire collar of frilled net. All have the long sleeves with net frill at cuff, the high waistline, and are stunning afternoon or street dresses. The shades are navy, taupe, brown and black and they were bought to sell at \$16.50 but are offered Saturday as a demonstration of Glass Block values at \$14.50. (Second Floor)

### Junior Coats in Wide Range

—Complete lines of juniors' coats in a diversity of styles that is indeed satisfying.

—For the girl who goes away to boarding school and requires something specially smart there is good selection. For those who require garments that are best suited to the rigorous winter there is splendid choosing.

—Plain and plaid back materials, chinchillas, zibelines and boucle cloths are represented.

Some styles are made with the muffled collars with bound edges, others with fancy wide revers and patch pockets, some with belted backs. Sizes are 13, 15 and 17 years, prices, \$6.25 to \$19.50. (Second Floor)

### 4.50 to 7.50 Chiffon Waists 2.95

—A clearance of several broken lots is planned for Saturday.

—There's a bargain treat in store for the women who respond to this offering. The waists are well made, with ¾ sleeves (the new Fall ones have them, too) and are hand embroidered in pretty designs. Lot also includes plain tailored messaline models with long or short sleeves. The regular values are \$4.50 to \$7.50, but they close Saturday at, choice, \$2.95. (Second Floor)

### The Basement Bargain Square

—Keep your eyes on it. It's the underpriced, underground store that undersells. You will always find something different on it and you will always find something good.

—Saturday's attractions are in hosiery, notions, prints, underwear, wash dresses and several other lines.

given, tonight, tomorrow afternoon and tomorrow night.

Next week a musical comedy will be featured. Jesse L. Lasky's "California" will be the feature act. It is a miniature musical comedy presented by a company of sixteen people, and with a carload of special scenery. The act runs about forty minutes, and it is one of the most expensive acts on the circuit. A second headline feature will be James J. Morton, the monologist. The new week's bill opens with the Sunday matinee.

### CASTORIA

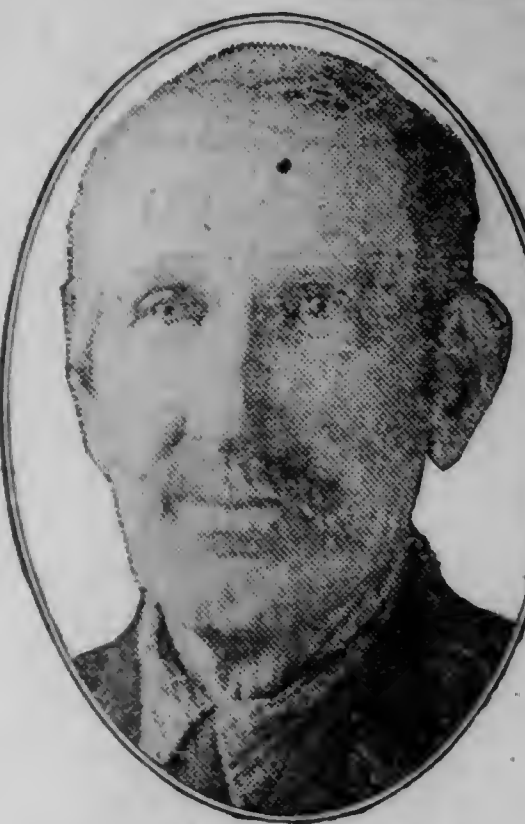

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of J. C. Watson

## A Reliable All Around Household Remedy

MR. JOHN AGOR.

### Duffy's Pure Malt Whiskey

is an absolutely pure distillation of clean, selected grain, carefully malted and so processed as to remove, as far as possible, all injurious elements. It is manufactured for the purpose of supplying the profession and public in general with a reliable tonic and stimulant, and without question is the purest and best. It is a recognized specific to enrich the blood and build body and muscle, and in the prevention and relief of coughs, colds, and stomach troubles it has no equal. It makes the old feel young and keeps the young strong and vigorous.

Sold in SEALED BOTTLES ONLY by druggists, grocers and dealers, \$1.00 a large bottle. Our doctors will send you advice and illustrated medical booklet on request. The Duffy Malt Whiskey Co., Rochester, N. Y.

### Weekly Tourist Car

## To California

via Des Moines and the Colorado Rockies

Through electric lighted Tourist Sleeper via Rock Island Short Line leaves Minneapolis every Thursday at 7:30 p. m. for California. Takes you through without change, via Des Moines, Omaha, Colorado and Salt Lake—The Scenic Route.

Embodies all the comforts and conveniences of a standard Pullman — and saves you about half the cost.

Big, roomy berths, with a la carte dining car service.

Let me show you at what a surprisingly low cost the trip can be made.

### WOMAN DOCTOR SAYS NO LOVE AT FIRST SIGHT.

Boston, Mass., Sept. 20.—Don't love at first sight, says Dr. Evangeline W. Young, who is teaching eugenics in this city. "It nearly always leads to early disillusionment," she declares. In this she takes issue with Sir James Crockett Brown, who, in a recent address in England, said that he believed in love at first sight, both from the romantic and eugenic points of view.

She says: "Love at first sight is frequently a superficial attraction caused by some trifle of dress or manner. Scientists do not desire love romance in marriage—heaven forbid. What they desire is more common sense and reason. Despite popular belief, marriages of convenience, marriages made for money and social position, result in very happy unions because of the mutual discovery of common tastes and ideals."

The same is the case with the

many other marriages that are the result of proximity. The pair have the same friends, the same spheres, and this fact leads to happiness, the thing being equal. But both in marriages for money and for love there can be no affinity of spirit without physiological affinity. The science of eugenics or race improvement teaches us that the human family may be improved by a recognition and use of the same laws which by experiment have proved of value in the betterment of quality of fruits, cereals and domestic animals."

A Tennessee doctor has patented a pneumatic bed bath, which permits a sick person to be bathed without removal.

For traveling salesmen there has been invented a valise with folding sides and legs with which it may be converted into a table.

## TO MAKE WAR ON MOSLEMS

Radical Innovation Planned to Combat the Spread of Mohammedanism.

Cairo to Be Center of Crusade By Christian Churches.

New York, Sept. 20.—The recent sailing from New York of Rev. Samuel M. Zwemer, D. D., bound for Cairo, Egypt, was an event of such importance in the religious annals of the day that had the fact and its significance been known there would have been a still greater demonstration at the dock, for Dr. Zwemer goes to Egypt to inaugurate a new policy on behalf of the Protestant churches of the world in the conflict with Islam. His location at Cairo as major general in this new war to combat the immense activities of the Moslems is the outcome of two years of discussion and conference by leaders of Protestantism. Dr. Zwemer will be in charge of a new Christian printing institution, to be known as the Nile Mission Press, which will engage in a really world-wide propaganda against Islam. He will also teach in a new school that is to be opened for the training of missionaries to work among Moslems. An effort will also be made by Dr. Zwemer to strike right at the heart of the Moslem stronghold by endeavoring to reach the students at El Ashar, the oldest and greatest Moslem university in the world, which is situated at Cairo. Furthermore, he will give four months of every year to field work, traveling over Asia, Africa and Eastern Europe studying the Moslem problem at first hand and conferring with missionaries in the Moslem world. In addition, he will increase his output of literature upon the general subject of Islam.

A Holland-American Fighter. Although a young man—he is but 44 years old—Dr. Zwemer has won to the unique position of the Prophet Mohammed in the English-speaking world. He has been twenty years a resident of Arabia and an extensive traveler. A record of his journeys in the Arabian peninsula, across Oman, through the Yemen, into Hassa, through Mesopotamia and Persia, is the average reader, but read with a map, may reveal the fact that he has penetrated into the most inaccessible and dangerous strongholds of the fanaticism of Islam. He has written a great book on Arabia, the Cradle of Islam, and half a dozen books dealing with phases of the Mohammedan question. He has been the foremost figure in several conferences of world-wide religious organizations dealing with Islam, including one in Cairo, one in Edinburgh and another in Lucknow. He has been the foremost figure in the Royal Geographical society. He is also a member of the Victoria Institute of London.

He was born among the Hollanders in Vriesland, Mich., and attended the Dutch Reformed college at Holland, Mich., and the New Brunswick, N. J. He has done his work up to the present time under the Dutch Reformed board of missions, but is now in Baghdad and Bessa on the Tigris, he made his home on an island in the Persian Gulf, Bahrain.

All of the leading American colleges and universities know the name and figure of Samuel M. Zwemer, for as a flaming torch of mission, he has been a student of the country while serving temporarily in the United States. He has been a student of the University of Michigan and has been a member of the University of Michigan since its founding. Dr. Zwemer also has been heard upon the most important missionary conventions in America of recent years.

A significant shift. A paragraph has been in the church press announcing that Dr. Zwemer has been loaned by the United Presbyterian mission, which has its headquarters in London, to the Nile mission. It is understood that he retains a nominal connection with the United Presbyterian mission, but that he is now working in the interests of the work of the Nile mission. Dr. Zwemer's move means that the fight against Islam has been put upon a new basis. The entire propaganda will be readjusted. Wherever the Moslem literary output goes—and the world at large knows nothing of the immensity of the Islamic literary propaganda with headquarters in Cairo—there the Christian literature will be sent.

The grim fact has been faced by Christian churches, largely under the stimulus of Dr. Zwemer's agitation, that Islam has been invading the Christian countries and many that are supposed to be Christian have been invaded by the Moslem. The fact that they were doing, although entire tribes and large geographical sections have, within the present generation, been converted to the Christian faith in Abyssinia is in danger of giving way before Islam. Now, wherever these missionaries go, an effort will be made by the new board of strategy to send Christian missionaries. The British churches are co-operating with the Americans in this new enterprise of which Dr. Zwemer is the head.

Under the British flag. Hitherto missions among Moslems have been rather tentative and surreptitious. Now there is no longer to be any attempt at concealment. As Dr. Zwemer says, the concealment has been entirely vain. He cites the fact that the Moslem conference at Edinburgh was reported more fully in the papers printed in Arabic in Cairo than it was in any of the British papers. He says that he was rather surprised to buy on the streets of Cairo a daily paper containing full quotations from his own and other men's speeches upon the subject of Islam made in the British empire.

The fight waged from Cairo will be vigorous and polemic. With reasonable caution, it should be possible to do this, Dr. Zwemer believes, and that the British authorities will permit liberty of speech. He thinks that books and papers may be printed as freely in Cairo as in Delhi. Hitherto, it has been impossible to issue anti-Moslem literature in the Turkish empire. This is why the great mission press at Beirut has had to content itself to issue the Bible and Islamic literature. The Turkish authorities have not permitted controversial publications.

At the Gates of Mecca. The vigor with which this campaign is to be pushed is shown by the announcement that already arrangements have been made for the opening of a mission at Jeddah. Jeddah is the port of Mecca on the Red sea. Thither the greater part of the 2,000 Moslems who annually make the pilgrimage to the land. Until of late years it was death for a Christian even to live in Jeddah because it was so near to the great

## Delivery the Day You Buy

READY—that is the word for the Studebaker car.

Ready for delivery, ready for service—ready every day to prove to you its thorough efficiency, and its up-to-the-minute perfection of workmanship.

It is ready TODAY because the big Studebaker organization, with the greatest equipment for car building in the world, has kept itself in readiness to supply an extraordinary demand.

It is ready because the Studebaker system of car-building guarantees that each car is finished in an up-to-date manner, with the best that immense resources and the highest skill can put into it.

city. Of course, no Christian may go to Mecca and live if he is discovered. To this day the foreign consuls, who are now stationed at Jeddah, forbid any Christian to go outside the Moslem walls.

But with a mission and a hospital at Jeddah ready to treat the multitudes of pilgrims who suffer from various illnesses and accidents, it is only a question of time, Dr. Zwemer believes, until an accident to, or the sore sickness of, some Moslem dignitary at Mecca will call for the service of the Christian physician at Jeddah. This is pushing the battle to the gates of the stronghold of fanaticism. That is Dr. Zwemer's aim. He expects to live to visit Mecca himself, for he is a born fighter.

Before sailing, Dr. Zwemer talked quite freely of the political complications that are involved in the Moslem situation. Of course, his mission is political as well as religious. The political aspect of the Moslem situation of Turkey and Morocco are inextricably bound up with the faith of the prophet. The increase of liberty among Turkish Mohammedans, as a result of the downfall of the government, Dr. Zwemer thinks that the partition of Turkey will keep clear of all political aspects, yet the governments of Turkey and Morocco are inextricably bound up with the faith of the prophet. The increase of liberty among Turkish Mohammedans, as a result of the downfall of the government, Dr. Zwemer thinks that the partition of Turkey will keep clear of all political aspects, yet the governments of Turkey and Morocco are inextricably bound up with the faith of the prophet.

Asked concerning his own safety, Dr. Zwemer, who will be in increasing danger, the most feared and hated man in all the Moslem world, merely shrugs his shoulders. He has something of the Moslem, or at least Calvinistic, fatalism, and previous attempts to assassinate him have not disturbed him from his purpose or disturbed his equanimity. He is a type of the new American crusader in religious and social work—the modern well-equipped man animated by a majestic crusading passion.

## RAIN PROVES GOLD TO MANY

Past Summer Wettest Ever Known in the World's Metropolis.

London, Sept. 20.—If these were medieval times, instead of the prosaic twentieth century, it's likely that by now a particularly nifty shrine to Jupiter Pluvius, the rain god, would be going up in Trafalgar square or Piccadilly circus as a votive-offering from the grateful theatrical, musical, picture-show and restaurant managers, hotel proprietors, tailors and tradesmen generally of this metropolis. Since the alleged summer gave up the ghost definitely about the beginning of June, it has rained on exactly forty-seven days, which is several more than went to make up the flood, and this record downpour, which has been the despair of holiday-makers and spelt disaster to the seaside and the Thames side towns, has proved the biggest bonanza for London's amusement-caterers and shop keepers generally that has come along for many, many moons.

Ever since this second deluge began, the theatrical, restaurant and hotel-keeping businesses in London have boomed, but in the last month or so a regular spending wave seems to have swept over the metropolis. The ordinary pinyhouses have the S. R. O. halls report record business, eat-up-parties are booked to the last and most out-of-the-way table, and tradesmen, from big stores down to the toy-sellers in the Strand, are doing as much business in a week as they usually do in a month at this season of the year. The explanation seems to be that Londoners who have been hoarding up their money to spend on their holidays have given up any idea of a visit to the sea waves, which aren't so good as the city, and are staying at home. As it is raining, too, and are having the best possible time in town in half-amusement, they are counting the sixpences in the process.

Of course, the rain has kept some of London's annual visitors away this year—though it is not to the weather that the comparative dearth of American invaders is attributed—but, on the other hand, the margin has been on the side of the metropolis, strangers having flocked in from all directions, because indoor amusements are so plentiful. That the American influx is away be-

low the normal figure is agreed by every one, and it would have been a serious business for the shopkeepers here if it hadn't been for the literally golden rain. Most of the London bonanzas since the alleged summer gave up the ghost, and to swell the wave of prosperity that has broken over London, the number of German, French and Italian visitors to the metropolis this year is the biggest on record.

The picture palaces, where American films are the most popular, as well as the numerous are crowded all day long. The White Star and Mrs. George Cornwallis West's Shakespeare's England at Earl's Court, are thronged whenever the downpour lets up for a few hours. Even the tailors are chortling. The wet weather has hurried people forward in placing orders for their autumn and winter clothes, and at one of them yesterday, "and, besides, people now have the money to spend which otherwise would have gone to the seaside, and they think they may as well invest part of it in a new outfit."

Publishers and booksellers are jubilant, too, the bad weather having made the road about three times as many books and magazines as they normally would have done.

## WILL PAPE'S DIAPEPSIN REALLY CURE MY STOMACH TROUBLE? YES!

If Your Stomach Is Sick, Sour, Gassy, and Upset Now You Can Surely Get Relief in Five Minutes.

Sour, sick, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes stomach distress go in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite

food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually. Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic. It is a scientific, harmless and delightful preparation which truly belongs in every home.

This car is loaded with "Sorensen Shoes," in all the latest styles for ladies. It has been rushed from the factory to take care of the large and constantly increasing demand for these shoes in the Northwest. Our buyers placed very large orders for fall business, but the splendid crops in the Northwest coupled with the exceptional quality of the shoes, has compelled us to place large additional orders and we are prepared to take care of our trade.

There is a reason for this tremendous demand for "Sorensen Shoes" for men, women and children. They have style, quality and workmanship. Up-to-date styles for those who wish to follow the changing fashions and more conservative models for conservative people. Every style finds a place in our stock, from the dainty dancing slipper to the hob-nailed hunter's boot. You have satisfaction in knowing that you can get the style you want at "Sorensen's."

No effort has been spared to maintain the quality of "Sorensen Shoes" and while a lot has been said about advances in prices of shoes, we have not raised our prices and have kept up the quality.

Sorensen's \$2.50 and \$3.00 shoes are sold for \$3.50 and \$4.00 all over the country by dealers who demand large profits. We prefer to profit a little on each pair of shoes and sell large quantities than to demand big profits and sell a few pairs, and our idea is right because today Sorensen's is the largest retail shoe house in the Northwest, operating stores in St. Paul, Minneapolis and Duluth. Why pay \$4.00 and \$5.00 for shoes when you can get style, quality and satisfaction for less money?

Our organization is composed of bright, experienced men who keep constantly in touch with the demands of the trade and aim to give the best service possible, not alone in the quality of the shoes, but in store service as well. Experienced, courteous salesmen are always ready to give your their attention promptly and fit you to shoes that have style, quality, workmanship and attractive appearance. In fact, "Foot Satisfaction" is the keynote of the entire business.

You will always be able to save at least \$1.00 per pair on Sorensen Shoes.

## VEGETABLES ARE HIGHER

Fruits Thought to Be at the Lowest Point of the Season.

Butter Has Advanced—Jewish Holidays Have Made Poultry Scarce.

Vegetables, the prices of which on the Duluth market have for many weeks been steadily going down, have passed their lowest point and are now on the up-grade.

New white potatoes, which a week ago were selling at wholesale for 35 to 40 cents a bushel, are now ruling at 40 to 45 cents. Virginia sweet potatoes, which a week ago sold at Duluth for \$1.50 a bushel at wholesale, have given place to Jersey, from New Jersey, at \$1.75. The Jerseys are a much finer product than the Virginias. After the Jersey arrive there is scarcely any market for the Virginias, and dealers order no more of them.

Minnesota cucumbers, which a week ago brought \$1 a bushel at wholesale, are now selling for \$1.25 to \$1.50 a bushel. Minnesota head lettuce has gone up from \$1.25 to \$1.75 a bushel. The lettuce crop has been largely displaced by an increase in the state, and is not far off with the hot-house lettuce at hot-house prices.

The wholesale price of red-hot-house-grown tomatoes, which a week ago was \$1 a bushel, now ranges from \$1 to \$1.25. It is expected that no more fresh home-grown tomatoes will be available after a week. Rainy weather where large quantities of tomatoes are grown, has greatly damaged the crop. It is likely that the price will continue to advance as long as the tomatoes are still on the market.

Produce wholesalers say that fruits are now about as cheap as they will be at any time this season, and that any housewives who intend to put them up had better do so immediately, for the prices are likely to go higher.

California plums, the price of which a week ago ranged from \$1.50 to \$1.65 a bushel, now sell no higher than \$1.50. Washington Italian plums, which ruled a week ago at \$1.25, now range from \$1 to \$1.25 a bushel. California freestone peaches, whose price a week ago was \$5 to 50 cents a box, now sell at 75 cents a box. California fruits in general are lower by reason of the coming of fruits from other Western states, notably Washington. California "hardy" peaches, however, are a little higher, the price now ranging from \$2.25 to \$2.50 a bushel box, whereas a week ago it was \$2.25.

Minnesota Oatmeal are now on sale. The price is \$1.50 a bushel, which is quite low for the first of the season, and the quality is fine. Most of the oatmeal, which have come from other states, have been poor in quality. This is not true, however, of the Colorado, for they, like the Minnesota, are very fine.

Butter, which has been high all summer, has taken an upward turn. The best creamery, which a week ago sold at wholesale for 25 cents a pound, has risen to 31 cents a pound. The best dairy, whose wholesale price a week ago was 24 to 25 cents, is now commanding 26 to 27 cents. The price of butter has strengthened because the factories have diminished their output. Cream is higher, because milk is scarcer and harder to get. Milk is expected in the near future to go higher. This is only one of the many indications of the approach of winter.

Poultry of all kinds is scarce. Farmers are not bringing much of it to town, as they are busy with their harvest, but the principal reason for the present scarcity is the Jewish holiday season. Many Jewish people at Duluth City make a business of purchasing poultry from the farmers and shipping it to many parts of the country. Duluth dealers have bought a great deal of this "large" poultry, but they have not been able to get their Duluth City orders filled, as the Jewish people have been occupied with their religious observances. Spring chickens at wholesale are a cent higher than they were a week ago.

The wholesale prices of meats are very steady. The receipts of livestock in all parts of the United States are still very small. It is expected, however, that they will begin to show quite an increase about Oct. 1.

Notable Heurten.  
Duluth, Minn., Sept. 20.—(Special to

The Herald.) A noteworthy gathering was held this week at the home of Mr. and Mrs. G. H. Brown at Dakota in honor of B. Murray, Mrs. Brown's father, and A. P. Murray of Parker, S. D., and sisters, Mrs. Sarah Kerr and Mrs. Lydia Taylor, both of Middleport, Ohio. E. B. Murray is nearly 70 years of age and the other three are all over 70. This is the first time E. B. Murray and sister Mrs. Taylor have met since he left Ohio forty-five years ago and came to Minnesota to make his home.

## SEEK HIGHER EDUCATION

Many Students From Ironwood, Mich., to Larger Colleges.

Ironwood, Mich., Sept. 20.—(Special to The Herald.)—The list of those who will attend higher institutions of learning during the coming year is the largest in the history of Ironwood, the number being about eighty. The following is a list of the students, together with the names of the colleges they are attending.

University of Michigan, Ann Arbor—Arthur Schneider, Harold Healin, Treffer Bartlett, John Drazkowski, Dennis Donovan, Whitney Crosby, Arvid Erickson, Charles Anderson, Stannard Bergquist, Hjalmer Plink, Lucy Boni, William Holt, Harold Waples, Maurice

**Aunt Sally's Advice to Beauty-Seekers**

C. M. P.: The neck should receive similar attention to that given the complexion, so color and texture of skin will be the same. A yellow neck and a white face give a discordant effect. I advise using for both neck and complexion, the treatment recommended to "Monica."

F. M.: First, stop scowling. If you would get rid of the lines between the eyes, the best application for such lines and all wrinkles, is a solution of powdered saffron in water. Bathe the face in this daily until entirely relieved.

Monica: You hardly need such a list of cosmetics as you mention. Ordinary merricolized wax will help you more than any or all of them. It will gradually absorb the withered, discolored complexion and you will soon have a new, youthful and healthy-looking skin. You needn't get more than an ounce of the wax, which will cost you little at any drugstore. Apply nightly, like cold cream, washing it off mornings.—Woman's Realm.

Lieberthal, Amanda Strom, Harry Lundgren, Harry Bay, George Peterson, Algot Johnson, Neils Nicholson, State Normal, Ypsilanti—Pearl Rowell, Maude Slade, Mary McLean, Telle Anderson, Lucile Norris, Selma Naslund, Sallie Larson.

Stout Training School, Menomonie—Skud, St. Thomas, St. Paul—Clarence McEster Olson.

St. Norbert, Depere—John Boyle, John Harrington, Gertrude House Kindergarten college, Chicago—Esther Junell, Jeanette Skud, Louise Sorarut, Cora Arthur, Esther Grant.

State Normal, Oshkosh—Matilda Lundgren, Louise Sorarut, Cora Arthur, Esther Grant.

Northern Norman, Marquette—Jesalca Bond, Lily Champion, Margaret Shea, Josie Leahy, Eda Johnson.

M. A. C. Lansing—Elizabeth Lofberg, Fred Trezise, William Gribble, Lawrence Appleton—Bertha Lofberg, Northwestern, Evanston—Mrs. Frouit, Abilene—Lucy Slade.

Downer, Milwaukee — Marguerite Crosby, Lake Forest university — Eunice Kravna, Lewis Institute, Chicago — Esther Forslund.

## BREWERS ARE HOLDING CONVENTION AT BOSTON.

Boston, Mass., Sept. 20.—The fifty-second annual convention of the United Brewers' association began here yesterday. About 100 men from all parts of the country were present when President Jacob Rupprecht, Jr., of New

## UNION SUIT OF WOMAN

Fort Smith, Ark., Sept. 20.—An innovation in the art of bottling liquor into cans into Oklahoma from this city has been discovered by two special government enforcement officers in the person of Mrs. Lizzie Phersheroff, a Russian, residing at Wilburton, Okla.

The officers found eighteen quarts of alcohol and five quarts of whisky concealed in her clothes while she was riding on a train en route for Wilburton.

The woman wore a union suit made of canvas which contained a pocket for each bottle of liquor.

The joy water was confiscated and the woman was released.

## ELDERLY FOLKS! CALOMEL, SALTS AND CATHARTICS AREN'T FOR YOU

Harmless, Gentle "Syrup of Figs" Is the Best to Cleanse Your Stomach, Liver and 30 Feet of Bowels of Sour Bile, Decaying Food, Gases and Clogged-Up Waste.

You old people, Syrup of Figs is particularly for you. You who don't exercise as much as you need to; who like the easy chair. You, whose steps are slow and whose muscles are less elastic. You must realize that your liver and ten yards of bowels have also become less active.

Don't regard Syrup of Figs as a physic. It stimulates the liver and bowels just as exercise would do if you took enough of it. It is not harsh like salts or cathartics. The help which Syrup of Figs gives to a torpid liver and weak, sluggish bowels is harmless, natural and gentle. When eyes grow dim, you help them. Do the same with your liver and bowels when age makes them less active. There is nothing more important. Costive, clogged-up bowels mean that decaying, fermenting food is clogged there and the pores or ducts

York called the meeting to order. In his address President Rupprecht declared that the brewers are the mainstay of rational and practical temperance. He sketched briefly the commercial changes of the thirty-eight years since the first Boston convention, stating that between 1870 and 1910, while the production had increased 300 per cent, the consumption of beer had increased 700 per cent.

Conceals Eighteen Quarts of Alcohol and Five of Whisky.

Fort Smith, Ark., Sept. 20.—An innovation in the art of bottling liquor into cans into Oklahoma from this city has been discovered by two special government enforcement officers in the person of Mrs. Lizzie Phersheroff, a Russian, residing at Wilburton, Okla.

The officers found eighteen quarts of alcohol and five quarts of whisky concealed in her clothes while she was riding on a train en route for Wilburton.

The woman wore a union suit made of canvas which contained a pocket for each bottle of liquor.

## SUMMER SKIN DISEASES

During the summer most persons are annoyed with pimples, boils, rashes, or eruptions, while others suffer more severely with Eczema, Acne, Tetter, Salt Rheum, or some kindred skin disease. The eruptions may be glossed over and inflammation reduced by the application of washes, cosmetics, salves, etc., but no skin affection can ever be permanently cured in this way. Only pure blood insures a healthy skin and the circulation is therefore the point at which treatment should be directed. S.S.S. cures Skin Diseases of every kind by neutralizing the acids and removing the humors from the blood. S.S.S. builds the circulation up to its normal strength, increases its nutritive powers and adds to its purity in every way. Then the skin instead of being irritated, burned and blistered with acid humors and impurities, is nourished and healed by a plentiful supply of pure, rich blood. Book on Skin Diseases and any medical advice free to all who write.

aters of this city, who was arrested on a warrant charging him with the theft of more than \$200, to the Stillwater prison, but has suspended sentence. Raymond will return to work

for the American Amusement company, owner of the theater, and expects to take his former position as local manager. He has made good his shortage and returned \$200 that he borrowed from a widow.

Several Men Deny Stories Told By Mrs. Parker.

Chicago, Sept. 20.—Contradiction of the story of how John Mussmaker came to his death in the resort of Henry Foss at West Hammond, as related by Mrs. Ethel Parker, alias Frankie Ford, on a charge of murder, was made to Coroner Hoffman yesterday by Edward M. Fastling, who says he met Mrs. Parker in Chicago the day Mussmaker died.

Fastling asserted that Mrs. Parker did not tell him anything about a "dope bottle" at the Foss resort, but said that Mussmaker took an injection of morphine. Two men who Mrs. Parker said he had been drugged and robbed in Foss' place called on Mr. Hoffman yesterday to deny the report.

DENIAL OF CONSPIRACY BY STEAMSHIP LINES.

New York, Sept. 20.—Denial of conspiracy to restrain trade is contained in the answer filed of several of the defendants in the government's lawsuit brought on June 5 last against the steamship lines operating vessels between the ports of the United States on the Atlantic coast and Mexican gulf and ports in the republic of Brazil. The defendants filing answers are the Prince Line, Ltd., Frederick P. Busk, Lorenzo Daniels, William Geln, Paul F. Goriard & Co. and Harry Connors.

## COUNTY FAIR AT BARNUM

Duluth's Neighbors Will Hold Annual Exhibition Sept. 25, 26 and 27.

Special Train Will Enable Duluthians to Take Trip Conveniently.

With a fine program of entertainment and some of the best products grown out of the state to exhibit, the Carlton county fair will be held at Barnum, Minn., on Sept. 25, 26 and 27. As is usual, a large number of people from Duluth will visit the fair at Barnum. This year a special train has been arranged for over the Northern Pacific to carry the crowds to and from Barnum.

The train will leave Duluth at 9 a. m. and return at 6 p. m. on Sept. 26. Congressman Clarence B. Miller will deliver an address at the fair on that day.

The premium list this year is bigger and more attractive than ever. The fair will be held under the auspices of the Carlton County Agricultural and Industrial Association, of which H. W. Barstow is president and Thomas Spencer, secretary.

Something of the growth of the fair is shown by a statement in the back of the premium list, which stated in 1907 the gate receipts were but \$284. Last year the receipts were nearly \$600.

The premium book, which is rich in advertising, contains several articles on Duluth. All of them feature the fact that Duluth is the natural market for the farmers and gardeners of Carlton county.

There are prizes for the best vegetable, fruit, garden produce, livestock, hatching and other departments of life on the farm. Every one of them is worth winning and there is said to be keen competition for them.

A fine program of sporting events has been arranged. It ranges all the way from foot races for boys and girls to horse racing and baseball games. The committee in charge of the sporting program consists of C. C. Mahneke, F. D. Vibert, W. M. Cain, Ray Barstow, Charles Johnson and H. W. McKinnon.

The executive committee consists of: Atkinson—J. Atkinson, C. B. O'Neil, G. Anderson, Skelton—W. W. Beck, J. L. Johnson, G. McKinnon, A. C. Wilcits, R. Jones, A. C. McKusky, Mahtowa—O. M. Scott, A. ## FRED CARPENTER GOES TO SIAM

Former Secretary to President Taft Transferred to Siam.

Washington, Sept. 20.—Fred W. Carpenter of Minnesota, formerly secretary to President Taft and at present American minister to Morocco, has been transferred to be minister to Siam, in place of Hamilton King who died at Bangkok Sept. 17. Irving B. Laughlin of Pennsylvania, secretary of the embassy at Berlin, has been transferred to be secretary of embassy at Berlin. Joseph C. Grow of Massachusetts, secretary of the embassy at Vienna, has been transferred to be secretary of embassy at Berlin. Hugh Grant-White of Pennsylvania, now secretary of legation at Brussels, has been transferred to be secretary of the American legation at Havana, who was personally assaulted by a journalist named Maza, because of his efforts to collect the Kelly claim, has been transferred to be secretary of the legation at Brussels.

## WITNESS ASKED TO LEAVE CITY

Attempts to Hamper Prosecution in the Rosenthal Case.

New York, Sept. 20.—Acting District Attorney Moss took steps last night to frustrate an alleged attempt to get another Rosenthal case witness out of the jurisdiction of the city. The district attorney was informed that Max Margolis, who had made an affidavit concerning Lieut. Becker's raid on Rosenthal's gambling place, had been approached with the suggestion that there would be something in it if he got out of town.

The acting prosecutor immediately sent detectives out, presumably to watch the prospective witness. Still another man involved in the case has been approached, not with bribes, but with threats. It was declared. Aaron J. Levy, counsel for Louis Shapiro, driver of the car used by the slayers of Rosenthal, is quoted as saying that Shapiro is in fear of his life.

"Shapiro has been approached," Levy's quoted statement says, "and told he would be a fool to assist district attorney Moss, for even if he did win his liberty in this way, he wouldn't live to enjoy it."

Losses Valuable Neckline. Chicago, Sept. 20.—Mrs. Albert A. Sprague, Jr., wife of the vice president of the Standard Oil Co., yesterday reported the disappearance of a matched pearl necklace, valued at \$2,000, while traveling from Boston to Chicago on a New York Central train.

## WILL ADOPT BUDGET PLAN

President Taft Says Congress Cannot Forbid Use of System.

Proposes to Exercise Power to Submit Budget to Congress.

Beverly, Mass., Sept. 20.—President Taft last night made public a letter to Secretary of the Treasury Franklin C. MacVeagh, taking open issue with congress on the question of a federal budget, and directing all heads of government departments or independent officers of the government to make their estimates of revenue and expenditures for the fiscal year in conformity with the budget plan.

The president's letter to Mr. MacVeagh declared that the prohibition in one of the big supply bills passed by congress in the closing hours of the last session, practically forbidding the use of the budget system, is unconstitutional. He said that no other grant in the world is without a budget system, pointed out that only through this method can accurate estimates be made for the country's benefit of how the people's money is being expended, and scored the efforts of congress to prevent its adoption. His letter to Mr. MacVeagh read in part as follows:

Cannot Be Limited. "If the president is to assume responsibility for the manner in which business of the government is transacted, the results obtained. It is evident that he cannot be limited by congress to such information as that branch may think sufficient for his purposes. In my opinion, it is entirely competent for the president to submit to congress and to the country a statement of resources, obligations, revenues, expenditures and estimates in the form he deems advisable. And this power I propose to exercise.

"The United States is the only great country that does not have a budget. Each year the congress has been making increasingly large appropriations, based on estimates which are submitted by officers acting in the capacity of ministerial agents to congress, under a law which makes no provisions whatever for executive review and revision. This I have sought in a measure to correct by asking the heads of departments to send estimates to me before they were printed, but the conditions prevailing by congress are such that this review is impossible."

## FAVORS RECALL OF PRESIDENT

Roosevelt Says He Would Quit If He Lost People's Support.

Denver, Colo., Sept. 20.—A declaration in favor of the recall of the president was made here yesterday by Col. Roosevelt. He proposed that, if president, he would take the stump in defense of his policy, and if he could not win the support of the electorate. Col. Roosevelt's declaration was made in reply to a question addressed to him by William J. Bryan in a recent speech at the Colorado state fair. "Mr. Bryan asked, in a list of questions, he said, 'Col. Roosevelt, should answer, 'may the president of the United States serve?' Col. Roosevelt gave his answer in his speech before a crowd which filled the Auditorium."

"As far as I am concerned," he said, "I should be glad to have the recall of the president. It is not in the Progressive platform and this is merely an expression of my personal feeling. My own experience was that I could do nothing as president except when the people were heartily with me. The minute I ceased to have them with me, whether it was my fault or theirs, I ceased to have power. Under such conditions I would prefer to leave the presidency, unless in fair, open fight, people around to my way of thinking; such a contest, I think, would be to my advantage and to theirs."

As to the number of non-consecutive terms a president might have, every argument in favor of any limitation of the term of the president can refer only to consecutive terms. Any third-term talk which refers to non-consecutive terms, is an utter absurdity.

## A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles

Who does not know the value of Sage and Sulphur for keeping the hair dark, soft and glossy and in good condition? As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur, if properly prepared.

The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition. If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty-cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

Max Wirth, 13 West Superior street.

## Nervousness

Mrs. H. Gaudreau, of No. 837 West Thirty-sixth Place, Los Angeles, Cal., owes her complete recovery from nervousness to the use of Dr. Williams' Pink Pills. Her cure should convince every sufferer of the value of this remedy.

"When I was fourteen years old," says Mrs. Gaudreau, "I had a severe attack of diphtheria. As I was recovering from the disease and got so I could walk just a little, I suddenly became weak and numb all over. I was perfectly helpless in bed for three months. I couldn't speak above a whisper and could eat nothing but liquid foods. I couldn't use my arms or legs, was numb all over and had no feeling at all.

## Doctor Called It Paralysis

"The doctors told my mother that I was suffering from paralysis and that they thought I would never get well. They did not help me and as my mother had often read about Dr. Williams' Pink Pills she decided to have me buy them.

## Pink Pills Helped at Once

"I hadn't taken many boxes before I could see that the pills were helping me a lot. In six or eight weeks' time I could sit up in bed and could use my arms a little. I used them all I could and as I grew stronger all of the time, I got full use of them. I was longer in learning to walk but finally was able to do this too. I used the pills until completely cured and have had no signs of the trouble returning."

## Home Treatment for Nervous People

Every person who is interested in the home treatment of nervous disorders should send for the new edition of our booklet entitled, "Diseases of the Nervous System, Their Nature, Symptoms and Treatment."

## Free From Habit-Forming Drugs

Dr. Williams' Pink Pills contain no harmful or habit-forming drugs, and the sufferer who gives them a trial will avoid the danger so common in taking drugs which only deaden pain.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

## TWO DIRECTORS MUCH WANTED

By Samuel Untermyer, Counsel for the Waters-Pierce Oil Company.

New York, Sept. 20.—Two witnesses, directors of the Standard Oil company of New York, wanted by counsel for the Waters-Pierce Oil company in defending the action by Standard Oil interests to obtain control of the company cannot be found. It developed in testimony taken yesterday.

The men are C. M. Higgins and W. H. King, whom Samuel Untermyer, counsel for the Waters-Pierce company, is anxious to examine, to determine to what extent the Standard Oil company of New York competes with other

subsidiaries of the dissolved Standard Oil company of New Jersey. Mr. Untermyer contends that the dissolution of the Standard Oil company of New Jersey was a farce, and that no real competition exists.

Higgins and King were described on the stand by R. C. Veit, secretary of the Standard Oil company of New York, as men who solicited business for that company in competition with the Standard Oil companies of Ohio and Indiana.

Mr. Untermyer brought out through Mr. Veit that the Standard Oil company of New York transported oil on the Great Lakes for the Standard Oil company of Indiana and the Imperial Oil company, limited, of Canada, both formerly controlled by the now dissolved company.

To Relieve Commission. Chicago, Sept. 20.—Creation of commissions to be located in large industrial centers to act as branches of the interstate commerce commission in relieving that body of minor details in hearings of a primary nature, was suggested by Charles A. Prouty, chairman of the interstate commerce commission, at a luncheon given by the Chicago Transportation association.

## Those Bad Spells

Lebanon, Ky.—Mrs. Minnie Lamb, of this place, says: "I believe I would have been dead by now, had it not been for Cardui. I haven't had one of those bad spells since I commenced to use this medicine." Cardui is a specific medicine for the ills from which women suffer. Made from harmless, vegetable ingredients, Cardui is a safe, reliable remedy, and has been successfully used by weak and ailing women for more than fifty years. Thousands of women have been helped back to health and happiness by its use. Why not profit by their experience? A trial will convince you that Cardui is just what you need.

## DEVELOPING A ROMANCE

Mysterious Young Friend of the Working Girl  
Receives Note and Poem, and Cupid's  
Messenger Gets a Smoke.

The Mysterious Stranger received a very, very charming letter this morning from one of his admirers. She sent him a "pome" too. He isn't a bit or anything like that, this Mysterious Stranger, but the other fellows think he deserves it for he is devoting every evening with his big red auto to the task of getting the "little ones," as he calls them, home from work and relieving weary feet of the tramp to their homes, most of the girls putting their heads to the strikers' cause ahead of their personal comfort. Those who have met the Mysterious Stranger believe that they feel repaid and hope that the strike will keep up for a long time.

Oh, yes, The Herald knows who the Mysterious Stranger is all right. It was discovered by accident, but how it is a test as to whether or not a reporter can keep a secret. Some say a reporter is less likely to than a woman. The reporter will say this: "You can call him 'Hop' if you want to." He is named that for short.

Yes, he is a very nice fellow and is in business for himself in Duluth. No, he has not been here very long, but time will remedy that.

Married? Oh, well, that's another secret. The girls of the Twenty-fifth Avenue Walking club, whom he has charmed by his generosity and chivalry, think Hop is just the sweetest thing. He's good looking anyway, and that counts for a lot. He certainly has the Indian sign on those girls' faces. When The Herald asked him about his labor of love, this morning, he actually blushed. He said that he hears the thing has gone too far, he is dignified, but he hates to see the "little ones" walk after working all day and by the way, that blush was very becoming.

Get a Note and "Pome." The note was meant for to tell about that note and "pome" he received this morning. It was sent to The Herald in an elaborately decorated envelope, and accompanied by a note inclosing the note, the coin being "the price of a smoke to the man who can deliver this note without opening it." It was presented without being opened, and the note, the contents of which are nobody's business but Hop's, was a white silk ribbon, on which was typed written with great care, the "pome."

## DULUTH STRIKERS

HAVE NO SYMPATHY

WITH THE RIOTERS

(Continued from page 1.)

than ever, after the affair in Superior last night, that nothing of a like nature takes place in Duluth.

Frank J. Weber, organizer for the Wisconsin State Federation of Labor, arrived in Superior this morning. He will meet with the strikers this afternoon and advise them in their fight with the street car company.

E. G. Hall, president of the Minnesota State Federation of Labor, will be sent to Duluth to aid the strikers during Mr. Hall's absence. Later, if the strike is prolonged, both men will be on duty here.

The situation was unchanged from yesterday. Cars are running freely in the downtown district and there is no attempt in any part of the city to interfere with the service outside the stopping of cars now and then by boys.

The union claims two new members this morning with no losses.

The following proclamation was issued this morning:

"You are now suffering the inconvenience of a demoralized street car service. We regret very much that this condition prevails. It was only after years of patient servitude under the cynical management of the city, that we could not restrain ourselves any longer, and have struck for better conditions. To give both sides in this controversy a hearing, we have arranged for a citizens' mass meeting to be held at the Armory Sunday at 3 p. m. We have engaged the following speakers:

"Rev. McCaughey, pastor Second Presbyterian church; Dr. David H. Day, William McQueen, editor of the Labor World; H. S. Carmichael, city attorney; Rexin Herr, secretary Amalgamated Street Railway Employees. Mayor McCuen has been requested to speak.

"An invitation is extended to G. D. Hartley to speak. He may name his own subject and have twenty minutes. We would like him to tell more of the good qualities of Mr. Warren. An invitation is also extended to Mr. Warren to have a representative to present his side of the controversy, if there is in.

"The street car men will form in line at Nineteenth avenue west and march to the Armory. Admission free. Band music. Everybody welcome. Signed,

"MAXWELL HALL, President.

"S. F. MACHIN, Secretary.

"Local 593, Amalgamated Street Railway Employees of Duluth."

## ECZEMA

Also called Tetter, Salt Rheum, Pruritus, Milk-Crust, Weeping Skin, etc.

ECZEMA CAN BE CURED TO STAY, and when I say cured, I mean just what I say—CURED TO STAY, and not merely patched up for awhile, to return worse than before. Remember I make this broad statement after putting ten years of my life on this one disease and handling in the space of a quarter of a million cases of this dreadful disease. Now, I do not care what all you have used, nor how many doctors have told you that you could not be cured—all I ask is just a chance to show you that I know what I am talking about. If you will write me TODAY, I will send you a FREE TRIAL of my mild, soothing, guaranteed cure that will convince you more in a day than 10 or 20 years of the old cure. If you are disgusted and discouraged, I dare you to give me a chance to prove my claims. By writing me today you will enjoy more real comfort than you had ever thought this world held for you. Just try it and you will see I am telling you the truth.

Dr. J. E. Cannaday, 1220 Park Square, Seattle, Mo.

Could you do a better act than to send this notice to some poor sufferer of Eczema?

## You Can Save Money

by buying your SHOES

at—

F. E. BLODGETT

&amp; CO.

20 WEST SUPERIOR ST.

which was "respectfully dedicated to Santa," Hop having told the girls that that was his name, when they became curious, which is perpetual. Following are the verses:

Twere better far  
Had we not met;  
I liked your car  
And you, you bet.

When that red car toots its way down  
The street,  
There's a flutter of hearts and a flitting  
Of feet;  
Each maiden is hoping he'll ask her to  
ride,  
Each maiden is longing to sit by his  
side.

Oh, generous gentleman, chivalrous,  
too,  
Why aren't some more of the "man-  
kind" like you?

Last night I was weary, my feet felt  
like lead,  
And as I walked on, through my tired  
Will visions of how I might get a ride  
come—

Collide with a car and get knocked  
on the dome,  
The ambulance then would care for my  
frame,  
But at last I decided that this was too  
tame.

And was almost persuaded to kick up  
a fuss,  
And have the police call their cute  
little bus;

But just as I opened my face for a  
about  
A sight met my eyes that put such  
thoughts to rout.

A red touring car with a wind shield,  
On  
Bedecked with the legend: "Jump in  
girls, it's free!"

In state of the glass of the rest of  
the girls  
Who saw his picture and longed  
for his curls,

And the Leap-Yerish lady who asked  
for his hand,  
I got to the front seat, and oh, it was  
grand.

It was grand at the time, for it saved  
me a walk,  
And the blocks and he knew  
how to talk.

But now, like a lot of the rest of the  
girls,  
I am thinking, (Oh, pardon, pray  
this passage),

He was better—far better, that we all  
should be  
Foot-sore and not heart-sore!  
Oh, (sob) hully-gee!

## LULL AFTER FIERCE RIOT

(Continued from page 1.)

at the Superior hotel. As the last of  
the parade reached the corner car No.  
174 came from the East end. Some  
threw a stone through the window of  
the car. As the police were in the  
pandemonium reigned. Like a flash  
the crowd became a shrieking mob.

The air was thick with the sound of  
every description, every loose object  
being hurled at the police. The crowd  
to bombard the street car.

Rescued by Police.

The motorcar and motor tried to  
pull the curtains, but the rain of  
them. Cut and bleeding they sought  
refuge on the floor of the car. A little  
later the police were able to get the  
way through the crowd alongside the  
car. Under protection of the officers  
the strike-breakers were spirited away  
to safety.

The crowd boarded the car and finished  
the wrecking. Several striking  
car men took charge of it and ran the  
motorcar to the car barn. A couple of  
hundred men picked themselves inside  
or outside of the car and the motorcar  
was being taken to the barn. When  
the car was abandoned the crowd at-  
tacked the car and the motorcar.

Car No. 167 was stopped at Thirteenth  
street and the crowd of about 100  
men rushed to the car. Within five  
minutes after the attack on the first  
car, the strike-breakers were spirited  
away to safety.

A South Superior car was stoned at  
the Superior hotel. As the last of  
the parade reached the corner car No.  
174 came from the East end. Some  
threw a stone through the window of  
the car. As the police were in the  
pandemonium reigned. Like a flash  
the crowd became a shrieking mob.

The air was thick with the sound of  
every description, every loose object  
being hurled at the police. The crowd  
to bombard the street car.

Rescued by Police.

The motorcar and motor tried to  
pull the curtains, but the rain of  
them. Cut and bleeding they sought  
refuge on the floor of the car. A little  
later the police were able to get the  
way through the crowd alongside the  
car. Under protection of the officers  
the strike-breakers were spirited away  
to safety.

The crowd boarded the car and finished  
the wrecking. Several striking  
car men took charge of it and ran the  
motorcar to the car barn. A couple of  
hundred men picked themselves inside  
or outside of the car and the motorcar  
was being taken to the barn. When  
the car was abandoned the crowd at-  
tacked the car and the motorcar.

Car No. 167 was stopped at Thirteenth  
street and the crowd of about 100  
men rushed to the car. Within five  
minutes after the attack on the first  
car, the strike-breakers were spirited  
away to safety.

A South Superior car was stoned at  
the Superior hotel. As the last of  
the parade reached the corner car No.  
174 came from the East end. Some  
threw a stone through the window of  
the car. As the police were in the  
pandemonium reigned. Like a flash  
the crowd became a shrieking mob.

The air was thick with the sound of  
every description, every loose object  
being hurled at the police. The crowd  
to bombard the street car.

Rescued by Police.

The motorcar and motor tried to  
pull the curtains, but the rain of  
them. Cut and bleeding they sought  
refuge on the floor of the car. A little  
later the police were able to get the  
way through the crowd alongside the  
car. Under protection of the officers  
the strike-breakers were spirited away  
to safety.

The crowd boarded the car and finished  
the wrecking. Several striking  
car men took charge of it and ran the  
motorcar to the car barn. A couple of  
hundred men picked themselves inside  
or outside of the car and the motorcar  
was being taken to the barn. When

 James F. Crowe, Duluth, 1  
 Total, \$642  
 \*\*\*\*\*

The Wilson campaign fund is not growing as it should. Admirers of Woodrow Wilson in the Northwest are numerous. Only a very few are included in the list of contributors to his campaign fund. There should be no hesitancy about contributing to the fund. No man is asked to contribute more than he can afford. Every contribution will be received with appreciation. Every contributor will have the satisfaction of having contributed to an honest campaign fund which will be used in an honest effort to elect a progressive President of the United States. "A People's Campaign Fund for a People's President" is a novel feature of American politics. In former years the people had nothing to do with the campaign fund. They were not asked to contribute, and if they had contributed they would have received no more consideration than they did—which was little. The people were not allowed to know the sources of the campaign funds nor the methods of expenditure. The people are being educated by the rule followed by the dominant element in politics. Woodrow Wilson believes in the people. He believes they are capable of ruling themselves. He believes they are entitled to know just what goes on

within the political parties and within the government. In short, Woodrow Wilson is abreast of the times. Progressive citizens should work for Woodrow Wilson's election. They should assist in building up a campaign fund that will adequately finance his campaign. The money is needed now. The campaign is on. No man who expects to contribute should delay. Contributions will be acknowledged by publication in The Herald. The contributors will each receive from National Treasurer Rolla Wells a handsome engraved receipt suitable for framing. The receipt will be a valuable souvenir, and will be valuable evidence of the holder's devotion to true representative government. Checks should be made payable to "Wilson Campaign Fund," and mailed to "Wilson Campaign Fund, Herald Office, Duluth, Minn." Do it now.

## MINNESOTA POLITICS

**Governor Eberhart's Way Is Not Clear With Ringdal as Democratic Nominee—Progressives Will Probably Name Candidates for Governor and for Railroad and Warehouse Commissioners—Few Surprises in St. Louis County Results.**

End Is Not Yet. Governor Eberhart, with 35 per cent of the first choice votes, has been nominated for governor of Minnesota. The Progressives have passed up their opportunity for a housecleaning in the Republican party. Anti-Eberhart candidates received 65 per cent of the total vote, but the voters failed to stand together and use the second choice, so the governor has received a plurality nomination. This result indicates that those who were demanding the withdrawal of all but two of the Progressive candidates did not take the time or make the effort to understand the second choice provision of the primary law, so they did not vote it. It is certain that few men who voted for Gordon or Young or Lee wanted Eberhart nominated. They should have followed their inclinations into the second choice column to accomplish his defeat. However, the end is not yet. P. M. Ringdal has been nominated by the Democratic party. Despite party differences, Ringdal is far and away more desirable than Eberhart from a progressive standpoint. He stands for all that Eberhart avoids in the Progressive platform. His long career in public life has made his capacity known to the people. He is a candidate who will appeal to men of all parties, and Eberhart's re-election is still far off. The Progressive committee of fifty will meet tonight to name a candidate. It is said "Jack" Jacobson will not accept the nomination. No other candidate has been mentioned. Jacobson would be a formidable candidate. Any other man the Progressives might name would hardly figure in the race, except to make Ringdal's election more likely.

**Progressive Candidates.** The Progressive committee of fifty will probably name only candidates for governor and for railroad and warehouse commissioners. A candidate will certainly be put up against Judge Ira B. Mills, chairman of the railroad and warehouse commission. The contest between Elmqvist and Rosenwald is still in doubt, and unless Rosenwald should win, a candidate to oppose Elmqvist will also be named. Talk of a candidate against Secretary of State Julius Schmalz will probably come to naught. Schmalz is too strong to be defeated by an eleven hundred vote margin. His showing at the primary election was enough to discourage those who are talking of opposing him on a Roosevelt ticket.

**Judge Stanton Popular.** The surprise of the primary election was the poor showing made by Chief Justice C. M. Stanton. Judge C. W. Stanton of Bemidji has evidently run far ahead of the chief justice in the state, and F. Alex Stewart of Minneapolis, an unknown, polled a surprising number of votes. The names of Chief Justice Stanton and Judge Stanton will go on the general election ballot and the contest will be between them. Judge Stanton's showing at the primary makes his election a probability, unless Stanton's friends are able to re-elect him by a hard campaign. Stanton is extremely popular in all parts of the state and his election would not be surprising in view of the strength developed at the primary.

**Few Surprises in Results.** The defeat of Commissioners Cummings, Overton and Ryan was about the only surprise in the St. Louis County primary. The victory of George H. Vivian over Otto Gafert for treasurer may also be counted. Mr. Gafert started in his campaign several weeks ago. He and his friends were busy while Vivian was making care of the treasurer's office during the illness of Mr. Holgate. At least a close contest was expected. Mr. Vivian's overwhelming victory was a surprise to many. The close contests expected between C. M. Palmer and Charles Calligan for registrar of deeds, and between John R. Meinung and Steve L. Pierce for sheriff did not develop. Calligan made a good showing in carrying off the prize, but Pierce fell far short of his predicted strength, and the final returns gave Meinung a majority over his two opponents. There was little complaint of the conduct of the primary office during the last two years, and the second-term custom served to make the race easy for Meinung.

**Legislative Candidates.** The renomination of Healy was not expected by all who had watched the forty-ninth district race. The multiplicity of candidates contributed to his victory, for the vote was badly split. In the fifty-first district, the race between Kenny and Warner was close, but his friends rallied to his support and gave him a majority. Mr. Kenny made a good run and will probably be heard from again.

**Warner and Mahke.** Indications are that C. H. Warner was renominated in Class 1 and C. F. Mahke was chosen in Class 2 in the fifty-second district. The returns are not all in, but evidently the Bruegaard-McGarry combination failed. Mr. Warner has a good legislative record, and Mr. Mahke should be a strong man in the house. Mahke has been prominent in public affairs in the district for many years and is thoroughly familiar with the needs of Northern Minnesota.

**Another Contest Ahead.** The contest for the two places on the state railroad and warehouse commission will not be without interest in the November election. Mills and Elmqvist are extremely unpopular in the country districts. If Elmqvist is renominated, the Progressive committee

## Diabetes

**A Simple Herb Quickly Cures This Dread Disease to Stay Cured.**

A plant recently discovered in Mexico called Diabetes Herb has been found to be a specific in the treatment of diabetes. It cures the disease by the gravity and sugar, restoring vigor and building up the system. A 50c package of this harmless vegetable remedy will relieve the worst symptoms in the most aggravated cases of your money will be returned without question. Send 25c to us for a week's supply with free booklet of special value to the diabetic, containing latest diet list and exclusive table of food elements, giving percentage of starch and sugar (carbohydrates) in 100 different foods. Your money will be returned for the asking if Diabetes fails to benefit you. Call the attention of your physician to this new cure. AMES CHEMICAL CO., Box 2041 Whitely Point, N. Y. If interested in the newly discovered cure for this dread disease, call at our store today for proofs of cure and free booklet of special value to the diabetic. —Beware drug stores.

## A Song of Pabst "Blue Ribbon" Beer

"T is a drink for the gods," and my sweet ladye fayre,  
 Raised a glass to her ripe, rosy lips,  
 And honeybee-like, on a hollyhock spike,  
 She daintily sips and sips:  
 "I drink to your health, to joy and to wealth,  
 To years of delight and of cheer;  
 And to this I drink,—bid your glasses to clink,—  
 To PABST FAMOUS 'BLUE RIBBON' BEER."

"As water that springs from the hillside and sings,  
 And laughs its way down to the glade,—  
 Just as pure this beer, so drink without fear,  
 For 't is best the world ever made.  
 'T is science, and art, 't is conscience, the heart,  
 With nothing to shun nor to fear,—  
 Drink once more to my toast, the Nation's great boast,  
 PABST FAMOUS 'BLUE RIBBON' BEER."

Bottled only at the brewery in crystal clear bottles, showing at a glance that it is clean and pure.

Don't forget to order a case today. Phone or write.

**Pabst Brewing Co.**  
 Phone 3416, Duluth 346  
 203 Lake Ave., South, Duluth, Minn.

of fifty will undoubtedly put up two candidates. Andrew French of Wabasha and J. N. Geyser of Litchfield, the Democratic nominees, are Progressives. The division of the Progressive vote may help Mills and Elmqvist, but after a campaign against them they may not do as well as they did at the primary.

**To Choose Committees.** The new law provides that candidates for county offices shall meet at the courthouse next Tuesday, Sept. 24, to choose their respective county committees. Candidates for state offices and for representative, and state officers and senators who hold over, are required to meet at the state capitol next Thursday, Sept. 26, to choose their state and congressional committees.

**GEORGE D. MCCARTHY.**

## WARNED OF PLOT TO EFFECT RUIN

**Sensational Story Told By Defendant in Detroit Graft Case.**

Detroit, Mich., Sept. 20.—Testifying for the prosecution at the hearing of seventeen aldermen and himself charged with conspiracy to defraud the city, Councilman Clerk Edward B. Schreier asserted that on July 9 he received a mysterious letter from Chicago in which a bribe of \$10,000 was offered him to be paid to a \$10,000 fund had been raised in an effort to ruin Schreier and members of the council, politically and financially. Schreier's declaration was the sensation of the hearing. He testified the letter was signed "A Friend," and that it specifically mentioned himself and Thomas Glinnan, president of the council, and hinted that other aldermen were in danger of being the victims of a so-called political plot.

## LOST PAPERS ARE RECOVERED

**Missing Indian Bureau Records Found in Department of Justice.**

Washington, Sept. 20.—Mrs. Helena Pierce Gray of St. Paul, Minn., who, as an investigator of Crow Indian affairs for the Graham committee of the house, was the center of stormy scenes at the last session of congress, and was arrested yesterday upon complaint of the Indian office, charged with concealing public records, was released upon her own recognizance for \$500 upon assurance by Senator Clapp of Minnesota, that she would appear and answer before a United States commissioner was set for Tuesday. Specifically, Mrs. Gray was charged with concealing the allotment roll of the Crow tribe, covering Indian lands in Montana. Upon her arraignment today, she declared she had taken the roll from the Indian office with the consent of former Indian Commissioner Robert G. Valentine and Judge M. C. Burch, attorney of the new general office, and turned it over to the department of justice, and might be saved from destruction and used as evidence in a proposed investigation before the senate committee on Indian affairs.

Later in the day representatives of the Indian bureau went through the files at the department of justice and discovered the missing papers. They were returned to the bureau.

## SEWAGE DOES MUCH DAMAGE

**Lake Waters Polluted Distance of Seven Miles From Shore.**

Washington, Sept. 20.—So much damage does sewage do to waters in the vicinity of large cities, that Lake Michigan is more or less polluted to a distance of seven miles from shore, at times heavily so, was the assertion made before the American Public Health association by Dr. M. P. Ravell, in charge of the Wisconsin state hygienic laboratory. The intake pipes supplying drinking water for the towns along the lake shore, he declared, should be carried out fifteen miles from shore, and sewage disposal plants should be provided in the cities discharging sewage into the lake or rivers emptying into it.

The intake pipes supplying drinking water for the towns along the lake shore, he declared, should be carried out fifteen miles from shore, and sewage disposal plants should be provided in the cities discharging sewage into the lake or rivers emptying into it.

## PROTESTS BY SHIPPERS AGAINST HIGHER RATES.

Chicago, Sept. 20.—Chairman Prouty of the interstate commerce commission, yesterday listened to the protests of shippers against the notice given by 100 railroads that they intend to increase the rate on furniture in carloads from 75 to 85 cents per 100 pounds.

Among the states involved in the proposed increased rates are: Arkansas, Colorado, Florida, Kansas, Louisiana, Minnesota, Mississippi, Missouri, Nebraska, North Dakota, Oklahoma and South Dakota.

## MICHIGAN FRIEND GIVEN CHARGE OF MRS. CLIFTON.

Chicago, Sept. 20.—Mrs. Carolyn Clifton, formerly of Syracuse, N. Y., who was recently ejected from a railroad station and a hotel here, was examined in the court for the insane at the detention hospital yesterday, and delivered into the custody and care of a friend, Mrs. Cora A. Wilson of Lakeside, Mich.

Attorney C. Richard Betts, who represented her in court, told County Judge Owens that she was worth \$100,000, but that it had become so tied up through the acts of designing persons, that she was unable to get any of it.

## NOLAN DECLINES HIS PANAMA APPOINTMENT.

Washington, Sept. 20.—Harry E. Nolan, recently appointed secretary to the legation at Panama, who was recently declined his appointment in the diplomatic service. His action relieves the state department of one official, of some embarrassment.

**INSTRUCT DAIRYMEN.**

**Department Will Try to Prevent Loss in Milk Shipments.**

St. Paul, Minn., Sept. 20.—(Special to The Herald.)—Minnesota farmers have lost a considerable amount of milk shipped to different points this summer, because of its condemnation by state dairy inspectors. To save the

farmers in the future the state dairy commission is preparing instructions to farmers as to the proper method of caring for cream or milk. Milk preservation can best be secured, the commission will suggest, by proper cleanliness and cooling.

## WEST END

### SALVATION ARMY CORPS PREPARING FOR WINTER

With winter but a few months away the two Salvation Army corps in this end of the city are now making arrangements for the relief and care of the poor. The two organizations are conducting an active campaign for old clothes and furniture, requests for which are usually received at this time of the year.

The two organizations, the Industrial home at 1202 West Michigan street and the Scandinavian headquarters at 1631 West Superior street, are daily taking a great part in the help of the poor in this end of the city. Most effective work has been done the past summer by the two organizations, who have assisted the poorer families with food and clothing and found work many times for the heads of the families.

Each corps is collecting old clothes and furniture for the distribution to the poor as soon as the cold weather sets in. Wagons are making the rounds of the city and those in charge of the work send a special request to the residents of the city for their assistance. A Salvation Army wagon will come in answer to a telephone call.

The Industrial home under the direction of Capt. Fred Krause, is now daily. Considerable work is being done by this large staff of men, who handle the waste paper department. More

men will be taken in as soon as the weather gets cold, and it is expected to have at least fifty men employed at the home by Nov. 1. A free employment bureau will be conducted at the headquarters during the cold months. The soup kitchen, which is in charge of Lieut. Sorenson, supplies a meal of soup, bread and coffee for 5 cents, and those unable to pay are given the food free of charge.

The large hotel above the home will prove popular this winter, as the rooms are given to the poor. The work of the Scandinavian headquarters are also busy these days in preparation for the cold months. The work of the corps is mostly done among the Scandinavians of the city and under the direction of Capt. and Mrs. Marinus Frisrup, who have been here for the past eight months. They have accomplished much since their arrival and have succeeded in reorganizing the entire department with an additional membership of 140.

The regular fall campaign will start Sept. 29, when the weekly meetings will be resumed. The annual fall festival is now being held at the headquarters and will come to a close tomorrow. A series of musical concerts will be held every Sunday afternoon at 3 o'clock during the months of October and November.

### HAND WORK ON DISPLAY

#### Children of Monroe School Will Be Hosts to Parents.

The pupils of Monroe school, Twenty-sixth avenue west and First street, will conduct a handiwork exhibit this evening. In connection with the display a parents' meeting will be held at 8 o'clock and every West end resident is invited to attend.

Mrs. F. L. De la Cruz will speak on "The Cooperation of Parents and Teachers," and Miss Minnie Milne, principal of the school, will give a short talk on "Report Cards." A short musical and literary program will be rendered during the evening. Hundreds of articles, including needle work, wood work, and other handiwork, will be on display at home and at school, will be on display this evening. The children of the school are in charge of the affair and will act as hosts to their parents this evening.

### CALL FOR NEW PAVING BIDS

#### Board of Public Works Follows Request of Property Owners.

In accordance with the wishes of the property owners on Twenty-sixth avenue west, the board of public works has readjusted the bids for the paving of the avenue from Michigan street to Fifth street.

It is expected to award the contract early next week and to begin work on the improvement at once. The property owners are anxious to have the work finished before the cold weather sets in. The delay in paying the thoroughfare was caused by a change in the plans and an order issued by the city council for new bids.

The property owners originally decided on a sidewalk with a concrete gutter and curb. The plans, as submitted by the board of public works, did not include these specifications and provided only for a crushed rock for pavement. The residents objected and after an indignation meeting decided to have the matter brought to the council. The council after hearing a committee of the property owners voted for a readjusting of the bids and the order was given to the board. The pavement will extend six blocks north of Michigan street and will be twenty-four feet wide. The part between the curb and sidewalk will be pushed. The committee representing the property owners consists of J. J. John, Alderman Bernard, Peter Grignon and David Carroll.

### HEAVY MARKET DAY EXPECTED SATURDAY.

Market day tomorrow. If the weather permits every stand will be taken at the West end public market, Twenty-first avenue west and Superior street. The popularity of this new feature is growing daily and interest has manifested itself both

### "CASCARETS" BEST FOR THE BOWELS

No Headache, Bad Taste, Sour Stomach or Coated Tongue By Morning.

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, move the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

### PROPERTY OWNERS OBJECT TO DELAY.

Property owners on Tenth street, between Twenty-third and Twenty-fourth avenues west, have appointed the following committee to investigate the cause for the delay in improving the street: Ole Olson, C. W. Christianson and E. G. Ellingsen. The committee was recently sent to the council requesting for an early improvement of the thoroughfare. The matter was referred to the engineering department at the time. The property owners, and nothing has been heard of it since.

### Mrs. Jackson Dies.

Mrs. Hannah Jackson, wife of Jacob Jackson, 618 North Twenty-sixth avenue west, died yesterday noon at St. Luke's hospital after a year's illness from cancer. The funeral will be held at 2 o'clock Sunday afternoon from the Bethany Lutheran church, Twenty-third avenue west and Third street. Rev. C. G. Olson will officiate and interment will be at the Lutheran cemetery.

### West End Briefs.

Rev. H. F. Perry of the Alliance Mission of Superior will conduct services this evening at Woodmen hall, Twenty-first avenue west and First street.

The Willing Workers of the Central Baptist church will conduct a moving picture entertainment in the church parlors this evening.

Mrs. I. Lawrence of Brainerd, Minn., left for her home yesterday after spending the past week at the home of Mrs. T. Feathers, 2112 West Fourth street.

Wallace Lofgren of 2710 West Fourth street, who spent the past week on business in St. Paul, returned yesterday.

Rev. M. S. Rice of the First M. E. church will give an illustrated lecture this evening on his recent travels, at the Grace M. E. church, Twenty-second avenue west and Third street.

Rev. C. W. R. Wermine of the First Swedish M. E. church, Twentieth avenue west and Third street, conducted the prayer meeting last evening.

### MASONIC NOTICE

All members of Patience and Iola Lodges, F. & A. M., and all members of the Order of the Eastern Star, are requested to meet at Masonic hall, 212 West 2nd St., at 7:30 p. m., sharp, for the purpose of attending the funeral of our late Sir Knight William A. Nesbitt, Sec.

### ATTENTION, SIR KNIGHTS!

All members of Duluth Commandery, No. 18, and all members of Sir Knights are requested to meet at Masonic Temple, Saturday, Sept. 21, 1912, at 1:30 p. m., sharp, for the purpose of attending the funeral of our late Sir Knight William A. Nesbitt, Sec.

### WOULD INCREASE CITY'S REVENUE

Many Forms of Taxation Proposed By Mayor of Philadelphia.

Philadelphia, Sept. 20.—Mayor Rudolph Blankenburg has sent to the city council a message remarkable for unusual recommendations for increasing of taxation the revenue of the city. His recommendations include: A graded tax of from 50 cents to \$1 on all occupations. Tax on total value of all household furniture and furnishings above \$200. Tax of \$1 on each \$1,000 worth of goods manufactured in the city. Tax of from 35 to 50 cents a horsepower on all motor vehicles, in addition to the present state and automobile license fee.

Tax on overhauling signs and vaults under sidewalks. Rental for use of conduits in streets. Banks to pay an increase of one-half of 1 per cent on deposits on city money. The rate is now 2 per cent. Tax on physical property or public service corporations.

The mayor said that if his recommendations were adopted the city's borrowing capacity could be increased \$55,000,000.

### CHILD KILLED.

Slow Moving Auto Cause of Sad Accident at Red Jacket.

Calumet, Mich., Sept. 20.—(Special to The Herald.)—The 4-year-old daughter of John Chopp of Mohawk was struck by a slowly driven automobile on the street, receiving injuries which resulted in death within ten minutes. The automobile was driven by the owner, Edward Ribbi, and was not moving faster than four or five miles an hour, according to its owner and other eye witnesses of the accident.

### COPPER COUNTRY'S MANY WEDDINGS

#### Busy Week for Dan Cupid's Disciples on Upper Peninsula.

Calumet, Mich., Sept. 20.—(Special to The Herald.)—This is a busy week for Dan Cupid in Calumet, and as a result three wedding knots were tied.

Miss Margaret MacDuff, daughter of Mrs. Donald MacDuff of Calumet, and Norman MacLennan were united in marriage Tuesday at the home of the bride's mother-in-law, Hugh MacLennan. The ceremony was performed by J. D. Stalker and was witnessed by a number of friends and relatives. Miss Mary MacLennan, sister of the bride, was best man.

Both Mrs. MacLennan and her well known in Calumet, where they have lived all their lives.

George H. Jacobs took as his bride Miss Bessie Phillips. The ceremony was performed at the home of the bride's parents, Mr. and Mrs. Joseph Phillips, Laurium, by Rev. Daniel Stalker, pastor of the First Presbyterian church. The attendants were Miss Lillian Phillips, sister of the bride, and James Phillips. The ceremony was witnessed by a large number of friends and relatives. Mr. and Mrs. Jacobs will make their home in Laurium.

Mr. and Mrs. John Pawlak, who were united at the home of the bride, formerly Miss Margaret Kelley, at the Franklin, left Tuesday evening for Detroit and Buffalo, where they will spend their honeymoon. On their return to the Copper country they will reside in Laurium.

Lake Linden, Mich., Sept. 20.—(Special to The Herald.)—At the home of the bride's parents, Mr. and Mrs. F. H. Hazel, became the bride of Birney J. Adams of Lansing. The service was read by Rev. Frederic Bagnall, pastor of the Congregational church. The bride was attended by her sister, Miss Marion Palmer. John A. McNeil of Ann Arbor, an old friend of the groom, acted as best man.

The immediate relatives of the families were in attendance. Mr. and Mrs. Adams departed on the Copper Range for Chicago, and from there they will go to Lansing to make their future residence. Mrs. Adams is a local young woman who claims a large circle of friends not only in the Torch lake district but throughout the entire country. The groom is now employed in the commercial department of the local high school for a couple of years. Mrs. Adams is now employed by the W. K. Prudden company of Lansing.

Mr. and Mrs. Adams will be at home at 427 Maple street, Lansing, after Oct. 15.

Negaunee, Mich., Sept. 20.—(Special to The Herald.)—E. J. Townsend, who a few weeks ago came from the Copper country to Negaunee to take the management of J. H. H. H. & Co.'s business here and at Ishpeming, was last Wednesday united in marriage to Miss Blanche Doe of Stevens Point, Wis. Mr. Townsend and his bride have arrived in Negaunee and they expect soon to begin housekeeping.

The wedding took place at the home of the bride's mother, Mrs. A. E. Datoe, and the ceremony was performed by Rev. Edgar Thompson, rector of the Episcopal church at Stevens Point. Mrs. Townsend was a former school teacher at Stevens Point. Her father is a real estate dealer in that city.

### ROBBED OF SAVINGS.

Bulgarian Too Trusting With Fellow Countryman and Losses.

Lemmon, S. D., Sept. 20.—(Special to The Herald.)—Matt Faragini, a Bulgarian homesteader of Perkins county, is under arrest at Lemmon on a charge of having robbed a fellow countryman of \$450, the savings of years. According to the statement of the complaining witness, he had been toiling for years to save enough money to enable him to send to Bulgaria to have his family join him. The sum of \$450 was required, and he had been toiling for years in getting together the few dollars.

Overjoyed, he hastened to Lemmon to procure a money order to send to his family. Meeting Faragini in a saloon he told him of his good fortune, and Faragini asked to see the money, on the ground that he could help him get a money order. The Bulgarian said he trusted the money to Faragini, and the latter failed to return it. Faragini was arrested, but denies the charge.

### DOG DELAYS WEDDING.

Humane Doctor-Bridegroom Sets Animal's Leg Before Marrying.

Fargo, N. D., Sept. 20.—(Special to The Herald.)—Miss Laura Simpson of Leonard, N. D., "waited at the church" while her husband-to-be, Dr. H. B. Lehigh, tarried to see the broken leg of a valuable bird dog.

Just as Lehigh was leaving for the minister's house to get married, he was told that the injured dog and its owner, James Stack, were in a saloon. Lehigh returned to the saloon and found the dog lying on the floor. The doctor yielded to the appeal and went to work.

In the meantime the bride appeared at the parsonage, but there was no bridegroom there. It took the young doctor at least fifteen minutes to explain when he finally appeared, perspiring and breathless, a half-hour behind time. The bride forgave him, and the ceremony proceeded.

### HOLDUP MAN HOLDS GUN IN MOUTH OF VICTIM.

Chicago, Sept. 20.—John C. Nixon, a clerk, opened his mouth in astonishment last night at the suddenness with which three holdup men sprang in front of him and a companion and commanded them to throw up their hands.

### Dumb Chills and Fever

Douglasville, Tex.—"Five years ago, I was caught in the rain at the wrong time," writes Miss Edna Rutherford, of Douglasville, "and from that time, I was taken with dumb chills and fevers, and suffered more than I can tell. I tried everything that I thought would help, and had four different doctors, but got no relief, so I began to take Cardui. Now I feel better than in many months." Cardui does one thing, and it does it well. That's the secret of its 50 years of success. As a tonic, there is nothing in the drugstore like it. As a remedy for women's ills, it has no equal. Try it. Price \$1.

### Helling lies in a local hospital with little chance for recovery.

Al Waugh, shoved the barrel of his revolver in Nixon's mouth and held it there while his companions went through his pockets.

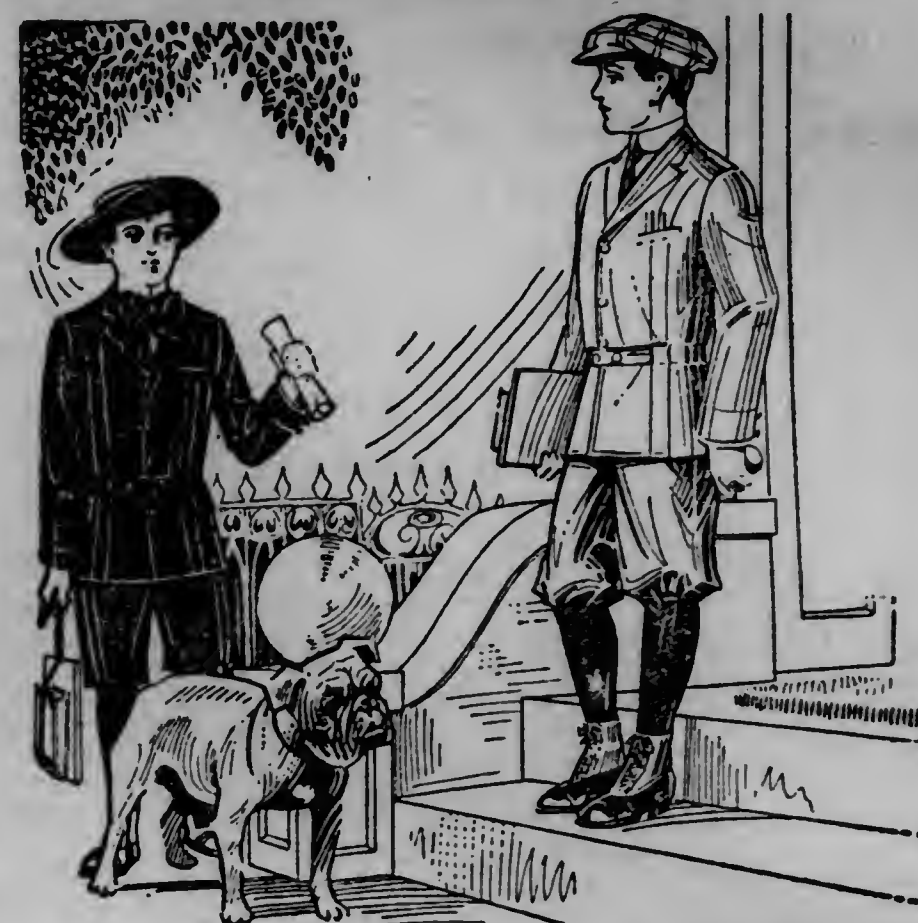

### Crushed in Dying.

Grand Forks, N. D., Sept. 20.—(Special to The Herald.)—With three broken ribs and internal injuries, Ole

Helling lies in a local hospital with little chance for recovery. He was the victim of an accident at the Diamond mill in Grand Forks, being caught between a freight car and the side of an elevator. He was crushed in such a manner as to be pushed for some distance between the two objects before he was dropped to the ground.

ASKIN & MARINE CO.

### Let the Perfection Vacuum Clothes Washer at \$2.50

Do Your Washing For You.

Takes Only 20 Minutes

It will save you the tiresome labor of rubbing and scrubbing and carrying wash tubs back and forth. And it will save your clothes from wear and tear of the wash board. Place this simple but entirely new device in your wash tub along with water and soap (or powder). Place on stove to boil. The water will be automatically drawn from bottom of boiler and discharged at fountain head. This will form a continuous, swift stream of hot, soapy water, pouring through your clothes at the rate of 5 gals. per minute, that will make them cleaner and whiter than you could by rubbing.

A Money-Back Guarantee

The Perfection Vacuum clothes washer is guaranteed to do all that is claimed for it if used according to instructions.

## DULUTH WELL EQUIPPED FOR SOCIAL CENTER WORK

Prof. E. J. Ward Says Excellent Beginning Has Been Made.

Inspects Duluth Schools and Will Make Three Addresses.

"So far as a material basis for the development of social center work is concerned, Duluth is better equipped than 75 per cent of the cities of the country," said Prof. E. J. Ward after he had inspected several Duluth school buildings this morning.

Mr. Ward, who is head of the social center work in the extension department of the University of Wisconsin, is in Duluth on invitation of the board of public welfare and others interested in social center work. This evening, he will give an address at the Commercial club.

He spent the morning in visiting school buildings in the city and talking with members of the board of public welfare and others interested in social center work. This evening, he will give an address at the Commercial club.

Tomorrow evening at a mass meeting at the Central high school, Mr. Ward will speak on social centers and their relation to the community. Everybody is invited to the talk.

Tomorrow afternoon, he will be guest at a reception given by Duluth suffragists at the Commercial club from 4 to 5:30.

Mr. Ward was delighted with the possibilities for social center work in Duluth, after he had visited several schools this morning.

"The arrangement of the buildings and the facilities for social center are such that the work can be developed here without any changes in buildings and with a slight addition of equipment," he said. "I have seen only a few of the buildings but Mr. Denfeld

tells me the others are substantially as suitable in arrangement and equipment. That being the case, social center work can be developed in Duluth at a relatively smaller cost and with greater success than in 75 per cent of the cities of the country. With a suitable material basis, Duluth is already a long way toward successful work."

Edward J. Ward is a social engineer. He has made a long study of social center work and is generally recognized as the foremost expert in that work in the United States. In 1907 he became supervisor of the wider use of the public school property of Rochester, N. Y., and the demonstration he made of the success with which school buildings may be used in social work has been the impetus which has extended social center work to scores of cities.

The people interested in social center work in Duluth felt that the inauguration should be intelligent and well-advised. The board of public welfare has induced Mr. Ward to come to Duluth to suggest the best methods and to give his estimate of the field. It is believed a large number of people interested will hear him at the dinner tonight, and the assembly room of the Central high school should be crowded for his talk tomorrow night.

## WILL TRY TO SHOW THE COMPANY HAD WARNING

City Has Evidence Strike-Breakers Were Ordered Sunday.

Manager Warren and Superintendent Moore Testify for Company.

City Attorney Carmichael this afternoon in the mandamus suit brought by the city to force better street car service expects to introduce evidence to show that the strike did not come without warning, as has been claimed. The city attorney expects to put witnesses on the stand to show that the street railway had intimation of the strike either Saturday, Sept. 7 or Sunday, Sept. 8, and had sent to the Third Detective agency of Chicago for men. The strike was not called until Monday, Sept. 9.

In its defense to the mandamus suit the company sets up the claim that the strike came without warning and that the service was crippled temporarily until men could be secured to take the places of the employees who had been induced to quit.

Witnesses who will be called this afternoon and evening are expected to testify that they were strike breakers and had been sent from Chicago by the Third Detective agency on Sunday, Sept. 8, before the strike. Attorney Carmichael claims that thirty-eight men were sent by his particular detective agency. He has subpoenaed several strike-breakers to testify in the case.

Testify for City.

Three of the strike-breakers took the stand for the city this morning. The first was James Stuart, St. Paul, who said that he had been working since Sept. 2 as a conductor on the East end and Lakeside lines. He intimated that there seemed to be some sentiment against strike-breakers, but said that he was willing to work.

James McGinn, strike-breaker, said

that he came from Chicago Sunday night and had entered the employ of the company the next day, Monday.

W. J. Sherman of Chicago, strike-breaker, testified that he had been sent from Chicago Sunday.

This afternoon other witnesses will be put on to bear out the city attorney's point.

City Attorney Carmichael put Joseph Roy, a resident of Hunter's Park on the witness stand, to testify as to the character of the service on the Woodland line since the inauguration of the strike.

Witness testified that on Friday afternoon last he had waited at Third avenue west from 2 to 3 o'clock for a Woodland car and then walked home. There was no evening service on that line that day, he declared.

The street railway rested its case this morning about 11:15. City Attorney Carmichael expects to use the remainder of the day in rebuttal. Another evening session of court will be held tonight. It is hoped to finish the case at that time.

General Manager Herbert Warren and Superintendent D. C. Moore were the last witnesses called by the company. Mr. Warren related his version of the situation which has prevailed since the strike was called, telling of the violence which occurred on Monday and Tuesday evenings of last week in the vicinity of the car barns.

He also told of conversations which he had had with Chief Fryer and Sheriff Meinung in regard to police protection of need of police protection and property of the company.

The first intimation, Mr. Warren testified, of need of police protection was on Monday morning, when the service was called. The manager declared that several men who had quit congregated in the vicinity of the barn means induced others to quit.

On cross-examination, Mr. Warren was asked, "Do you know what gave rise to these conditions?"

The question precipitated a lively debate on the part of the attorneys, counsel for the street railway claiming that the evidence was inadmissible to the conditions.

Judge Dibel sustained the objection and Mr. Warren was relieved from telling how the strike came about.

Questioned by the city attorney as to the service of the company and asked particularly as to how many passengers could be put in a car, Mr. Warren said:

"More than 100—considerably more than 100—could be carried in one of

Juvenile Picture Books for the children between 5 and 12 years when accompanied by parents or guardian.

the large double-track cars without any great discomfort."

Supt. Moore testified as to the violence during the strike as observed personally by him. He told of the throwing of stones on the first two nights.

On cross-examination, witness admitted that on the following four or five days, there had been no m. violence. "That is," said Mr. Moore, "except for the performing of the cars yesterday if you want to call that violence."

Walter B. Butcher, salesman; Frank Myers, sailor; Ed Bruseau, bricklayer; Sam Kelley, sailor; Arthur Adams, sailor; and Morton A. Clark, salesman, were witnesses for the company this morning.

They testified that they had been hired to watch cars at Garfield, Third and Lake avenues on Superior street and keep count of the number of cars and passengers passing in both directions. Their figures were introduced in evidence.

Last evening the street railway put twenty-five witnesses on the stand. "Stink Balls."

S. L. Fletcher, secretary of the street railway company, last evening on the witness stand declared that "stink balls" had been planted on the cars and that the odor was so strong that four cars had to be pulled in and fumigated.

William Demott, motorman, also testified to the "stink balls" being placed in the cars.

Mrs. A. W. Knudsen, Mrs. K. H. Campbell and Mrs. Martin Nelson were called as witnesses by the street railway and testified that when the strike started, they had made their husbands quit the company for fear of violence.

Mrs. R. H. Brunshaw testified that her son, R. H. Brunshaw, Jr., was struck by a rock while a passenger on a street car Friday afternoon. He fainted from the pain, she said, and had to be carried out of the car.

About twenty other witnesses were called last evening by the company. The general trend of the evidence was movement of the various rebel leaders operating in the north of Mexico. These movements are so irrevocable and indeterminate of purpose as to satisfy

the officials that no longer are the various generals acting under any common leadership.

Officials here say the reports show that nowhere do the rebels feel disposed to meet the government forces in action, except where they can attack some small town or mining camp garrisoned by a force much smaller than their own. It is expected that this sort of warfare may be kept up for several weeks, or even months, in view of the superior mobility of the well-mounted rebels who are living on the country and free from heavy equipment or artillery.

Col. Pasqual Orozco, Sr., and other rebel officers captured by Capt. Mitchell at Presidio, Tex., have been turned over to the United States civil authorities at Marfa.

The mining plant at El Tigre, which was captured recently by the rebels and retaken by the federals a few hours later, has begun to operate again, according to a dispatch received yesterday. No Americans were held as hostages by Salazar, when he evacuated El Tigre, and Gilbert McNeil, who was shot in the foot, is the only American who suffered injury at the hands of the rebels.

Robbing and looting are still going on in the neighborhood of Magdalena.

**HORSE DASHES INTO CROWD AT CROOKSTON**

Crookston, Minn., Sept. 20. — (Special to The Herald.) — What came nearly being a repetition of the state fair accident, occurred this morning when a runaway horse dashed through a crowd at the county fair, injuring twenty-six people, but all of whom miraculously escaped with only slight injuries. Men, women and children were knocked down, and a baby cart overturned by the fright-maddened horse.

The runaway was caused by the crowd climbing the fence on the race track during a running race. One of the horses became unmanageable with the result mentioned.

Over an inch of rain fell this morning and has thoroughly soaked the fair grounds and the race track. All thrashing in the surrounding county has been stopped because of it.

## GLEANE ALONG THE POLICE RUN

have been obliged to stop attending because they did not have enough clothing. He says that the plight of the other children is equally distressing. He has been on his farm six years.

Deputy Game Warden Boyd doesn't believe that farmers should encourage illegal hunting. He returned yesterday from the vicinity of Carlton, where he told one such farmer several things. It is claimed that the farmer has invited people from the city to visit his place on the hunting grounds. Boyd says that he will fix it so that the game warden will not bother them. His plan is to fix the game warden, but to watch for his coming. He knows all of them and he knows where they are. He drops off the train at the depot he makes haste to warn the hunters of his presence.

The deputy told the farmer that if he continued his activities he would be in imminent danger of arrest himself. H. E. Boyd, the special strike-breaker policeman, who was arrested on a charge of having assaulted Nelson Linley, an iron worker, after he had arrested him at West Duluth a week ago, was today being held over to the grand jury after his preliminary examination in police court yesterday. Boyd is alleged to have struck Linley with a billy, which was introduced in evidence in the case. James E. Regan, also accused of having assaulted Linley, asked for a hearing when he was brought into court. Both men were released on \$500 bail each, furnished by the street company.

Catherine Bassett of New Duluth was arrested this morning on a charge of larceny. She is accused of having defrauded William Nicol of \$20. He claims that he paid her \$10 for some hay and that she never delivered the hay. She denied the allegation and will be tried Oct. 3.

Robert Marshall made a nuisance of himself begging on the street yesterday, according to the police. He pleaded guilty to that charge when brought into court this morning and got \$10 and costs or ten days in the county jail.

Frank Stone, suspected by the police of having stolen some rifles from a railroad warehouse yesterday, was arrested this morning. His movements were being watched by the police since he was charged with the theft. The police think that he may be the prowler who entered two residences in the eastern part of the city several days ago. He has a record, and his photo was located in the Burlington department this morning by Detective Lahti, who has charge of that branch of the work.

Albert Hodges and Ben Hendrickson were arraigned in police court yesterday on warrants sworn out by Deputy Game Warden Tabor of Two Harbors, charging them with violating the game laws by having venison in their possession. Hodges pleaded guilty and each got \$50 and costs or thirty days in the county jail. Venison is an expensive luxury at this season of the year. If the game warden gets wise to it in time.

William Wright, a waiter, who prefers Harry Wainwright for a cognomen, was arrested last night on a charge of being disorderly. The police said that he was quarreling with some friends on the street. He paid a fine of \$7 and costs.

The colored woman who was arrested night before last as she was frisking an easy mark she had roped in, is not a stranger to the police. She was arrested about two years ago for pulling off the same kind of a stunt at First Street during the season of the year. She paid a fine of \$50 and costs yesterday after pleading guilty to a disorderly charge.

Nellie—her mother didn't realize how her daughter had been spending her nights away from home until she was informed this morning by the police. She was summoned to headquarters and was taken to the girl's room at 319 West First street. They were arrested with Emil Peterson, 21 years old and a freeman, and Lawrence Esse, alias Kenney, 21 years old, city patrolman Neil Perry, and John C. Sullivan. When their names were called in police court this morning the young men each forfeited \$15 bail. The girls were placed on probation for one month.

The mother was sadly shocked when she learned of the girl's escapades. She said she knew the girl had been staying away from home nights, but had supposed she was all right when Nellie told her that she had stayed with a girl friend. She stated that she did not as much as suspect that anything was wrong even when the girl told her that she had been in one of two of the most notorious rooming houses or hotels in the downtown section.

The girls said that they attended a dance at the Lincoln park pavilion last night, where they met their masculine companions. Dolly said that she had been introduced to them by Nellie, who had known them for some time. After the dance they started out for a joy ride in an automobile. But they had not gone far before the machine went bump and they were compelled to foot it down town. After the car had been taken care of the girls said that they went directly to the hotel where they were found by the blue-coats.

Nellie went home with her mother and promised to conduct herself in the most becoming manner. Dolly's father will be notified of her arrest. He is out of the city but the firm employing him volunteered to send a messenger to get her. Dolly said that her step-mother makes it so miserable for her that she cannot remain at her father's home.

Herman Prand, a farmer near Fairbanks, a station on the Duluth and Iron Range, came into the police station this morning to ask for a permit to beg.

The man told a story of misfortune which aroused the sympathy of the police. They told him that he could not be allowed to beg in the city, but over to other charitable authorities who will do their best to help him out. Prand declares that everything has gone against him the last year. His crops were badly ruined. He has no money and he was able to raise only enough hay to feed his cows. His horse died during the winter. He said he was not able to get work near his place. He has seven young children, three of whom have had some schooling but

## MARINE NEWS PACKAGE FREIGHT LINES SWAMPED WITH BUSINESS

Embargo on Further Shipments May Be Necessary This Fall.

Passenger Sailings Cancelled in Effort to Move the Freight.

According to Vice President and General Manager J. C. Evans of the Erie & Western Transportation company, the embargo on further shipments of the Anchor line, records in the movement of package freight may exceed all tonnage marks. They attribute the business will increase from now until the close of the season of the year.

If there are thousands of tons of package freight waiting to be moved from this port, there is also an equal amount of tonnage waiting to come to the Head of the Lakes according to the statement of the officials. The movement promises to be a record-breaker both ways.

Vice President Evans and the other officials are here to make an inspection of local conditions. Vice President Evans is making a general investigation of the docks on the lakes.

**SUPERIOR**  
ARE REUNITED FOR  
MOTHER'S FUNERAL

Children of Mrs. Michael Schouwell, 88 years old, who died Wednesday morning at the home of her daughter, Mrs. Katherine Howe, 1531 Banks avenue, Superior, are gathering here from all parts of the country, and some of them are meeting others for the first time in thirty years. All but two of the children and grandchildren of the deceased will arrive in the city to attend the funeral tomorrow morning.

Mrs. Schouwell came to this country in 1889, marrying later and settling in Wabasha county, Minnesota. She came to Superior in 1897, her husband dying here thirteen years ago. Nine children survive her, all but two of whom will be present at the funeral. They are: Mrs. C. A. Howe, 1831 Banks avenue; Mrs. E. M. McDonough, Strathcona, Canada; J. A. Schouwell, Red Wing, Minn.; B. W. Schouwell, Fairmount, N. D.; Mrs. J. E. Kennedy, Bankcroft, Iowa; M. E. Schouwell, Portland, N. A. Schouwell, White, S. D.; F. J. Schouwell, Davenport, Iowa; and J. A. Soley, Tacoma, Wash. John, Mike, Charles and Lucille Howe of Superior, George Howe of Duluth and Mrs. P. E. Bolan of Superior are all grandchildren.

The funeral will be held at 10 o'clock tomorrow morning from the St. Joseph's church. Rev. Father Weber officiating. Interment will be at Nemadji cemetery.

Charged With Rioting. John Monahan, Ole Anderson, Ole Halvorson and John O'Grady, were charged in municipal court this morning with rioting last evening. Their hearing was released on payment of \$300 bail.

Organize Gun Club. Employees of the Great Northern general office and flour dock last evening organized the Great Northern Gun

club. The first shoot will be held Sunday, Sept. 23, at Dewey, Wis. The grounds at that place are now being cleared and a small club house built for the members.

To Inspect Roads. The county board yesterday afternoon appointed three county officials as a committee to inspect the road work at Fort William, Ont., and the country roads about the city. Highway Commissioner Morrisett, H. R. Miller, chairman of the board and another man to be named, constitute the committee.

Suffrage Headquarters. Suffrage headquarters will be conducted by the Douglas County Suffrage society in the small building at the northeast corner of Tower avenue and Seventeenth street during the fair next week. The rooms will be arranged for the reception and entertainment of visitors.

## RAILROADS CHANGES MADE IN OFFICERS

Garrett Now President of Operating Department of Chicago Great Western.

General Agent R. A. Bishop of the Chicago Great Western Railroad company, today received word from O. F. Spindler, assistant general freight agent at St. Paul, announcing the appointment by S. M. Felton, president of W. A. Garrett as vice president in charge of operation of the Chicago Great Western, effective Sept. 18.

Mr. Garrett will assume the duties of the general manager in place of H. J. Sitter who has resigned. The appointment does not indicate any changes in the management of the Great Western, being made simply to strengthen the operating department on account of the increased duties assumed by President Felton as one of the receivers of the Pere Marquette railroad.

First Train Over Cutoff. Fargo, N. D., Sept. 20.—(Special to The Herald.)—The first passenger train over the new Fargo-Minot cutoff line of the Great Northern was run Wednesday. Until more business is developed there will be but one train leaving Fargo in the morning and running through to Minot and returning in the evening. Passengers will be transferred at Casselton. The new line reduces the running distance between Fargo and Minot fifty miles.

ENFORCEMENT OFFICER  
SHOT IN OKLAHOMA.

Bartlesville, Okla., Sept. 20.—Lee Bowman, state enforcement officer, was shot and killed at Caney, Kan., early today while destroying liquor he had seized when at attempt was made to bring it into Oklahoma. Two spectators were wounded.

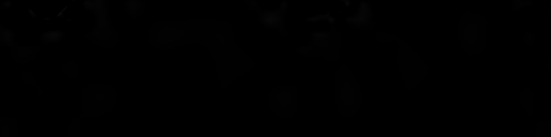

The shots were fired from ambush. A posse is searching for two men said to have owned the liquor. They are believed to have fled into the Osage mountains.

The announcement that Karachi, the capital of scinde, is about to double its wharf accommodations, calls attention to the fact that this city has become the chief wheat port of the British empire. Last year it exported more than 1,000,000 tons of wheat.

**We Don't Care What You Write**

It will make a better impression if it is written on and with good stationery. The kind we sell for instance. Make us your stationers and your correspondence will be above criticism. Have you seen the new style writing paper yet? As usual it is here first. Better get a box and show people you are familiar with fashions even in stationery.

**Edward M. Stone,**  
THE BOOKMAN,  
221 W. Superior St., Duluth.

## BRINGING MEN FROM THE COUNTRY TOWNS

Men are being brought to Duluth from small country towns, surrounding Duluth and Superior, for work on the street car lines.

These men are being trained to handle cars and as soon as they become proficient, the strikebreakers now employed, will be allowed to seek work elsewhere.

The street car company is said to be advertising in all country towns and many men are said to be coming to Duluth, ignorant of strike conditions, to get work with the company. Several men were stopped by pickets for the strikers this morning. Some of them were given money with which to buy a ticket home.

The strikebreakers declare that they will quit in a body as soon as they can find out definitely that this is being done.

The object is to get men who will turn in the money paid by passengers. Thus the strikebreakers will not do, but it is figured that green men from the country will be satisfied with the salaries the company pays them.

## FUGITIVES FROM OTHER CITIES SOUGHT IN DULUTH

Police of outside cities are looking in Duluth for criminals wanted on different charges.

It is thought that a good many men wanted in different cities on various charges are acting as strikebreakers in Duluth.

This morning R. Orr, treasurer of the International Association of Street Car Men, received the description and a photograph of a famous criminal wanted by the Chicago police force.

## WOMEN WILLING TO TAKE IN WASHING

"We'll take in washing, yes crawl on our knees before we'll allow our husbands to go back to work for the strike," said a strikers' wife at a meeting held in the West end yesterday afternoon.

The meeting was a gathering of strikers at which the women had been invited to attend and upon being called on, this woman gave her sentiments in a manner not to be mistaken and at the same time the applause was long continued.

Never had a chance to get acquainted with my husband until this strike was declared. I'm willing to do anything to keep him from going to work at just as good pay and

have more time to spend at home if the men don't win."

The women present seemed to heartily agree with her.

"HELLO NICKEL, WHERE DID YOU COME FROM?"

An amusing incident in connection with the street railway strike happened yesterday afternoon at the aerial bridge.

The car on this side of the point did not wait for the bridge which was coming from the other side.

One of the passengers of a young man and something of a sprinter, left the bridge as soon as the gates were opened and running after the car, caught it, climbed over the gate and took a seat inside.

The conductor had been discussing

politics with the motorman and neither of them knew that the lone passenger was aboard.

When nearly to Superior street the conductor walked back through the car and spied the passenger.

"Why hello, little nickel," he said, "where did you come from?"

"Take this home to the babies," he said.

## NEW YORKERS ENTHUSIASTIC OVER NEW SULPHUR MEDICINE

PROMINENT MEN, NOTABLE ACTORS

LAUD SULPHUR

Pacific Coast Remedy Reaches New York Through Agency of Its Friends.

REGARDED AS GREAT MEDICINAL DISCOVERY

Member of Leading Theatrical Troupe Leaves Trail of Sulphur Enthusiasts All the Way From Seattle to Gotham.

New York, Sept. 16.—(Special Correspondence).—Business and professional men, actors, actresses, and actresses and people in all walks of life here in New York are using Sulphur. The fame of the new sulphur medicine, which was originated by Mr. C. C. Adams, in Seattle, has spread across the continent.

Friends of Sulphur here and in all parts of the East, where it has come into use, are fully as enthusiastic as are those upon the Pacific Coast.

Orders for Sulphur from individuals are going West daily from New York and the other big cities of the Atlantic seaboard, and those who have heard of the Liquid Compound of Sulphur made by the C. C. Adams Sulphur company in Seattle, are eager for the time to come when Sulphur will be on sale in all the drug stores on this side of the continent, which time will arrive as soon as the company can distribute its most remarkable product.

The new Sulphur is regarded as one of the most marvelous remedies ever discovered for the cure of rheumatism and all disorders of the blood, skin, stomach, kidneys, etc., and ready-made sulphur cures have become known.

Sulphur's advent into New York came through its beneficiaries in Seattle, who sent to friends in this city, and since then business men, travelers, and others have brought stories of its cures and constantly the circle of Sulphur devotees has widened.

High Postal Official Enthusiastic. Capitalists of wide renown are included in the list of Sulphur "boosters." The case of Mr. C. C. Adams

one of the vice presidents of the great Postal Telegraph company, is a noteworthy example. Both Mr. and Mrs. Adams were cured of rheumatic afflictions of a most serious nature. Since then Mr. Adams has distributed many bottles of Sulphur among his friends, and is lauding it to the skies.

He learned of the new medicine through Mr. Frederick B. Chandler, an old friend, now in Seattle. Recently Mr. Adams wrote to Mr. Chandler a letter of appreciation for making Sulphur known to him.

An actress with the company of the famous English actor, Forbes Robertson, who has been in the city for some time, recently sent to Seattle for two bottles of the medicine to be forwarded to her brother in England, feeling confident it would cure his rheumatism without delay.

Trail of Sulphur Across Continent. One of the leading members of the "Atlas Jimmie Valentine" company obtained some Sulphur when his company was in Seattle, and it quickly cured a long-standing case of rheumatism for his wife. Since then he has talked Sulphur right and left, leaving a trail of Sulphur friends across the continent. Another member of this same company recently wrote to Seattle for some medicine and declared his friend could not express sufficient gratitude for the marvelous cure of his wife.

Actors and actresses have been especially enthusiastic over Sulphur, as it seems to be just the medicine they need in their long tours.

A leading Seattle jeweler, recently in New York, spread the word about Sulphur among his friends here, and

## POSTAL TELEGRAPH CABLE COMPANY

Executive Offices, 253 Broadway, New York.

Charles C. Adams, Second Vice President.

Mr. Frederick B. Chandler, 105 Cobb Bldg., Seattle, Wash.

My Dear Mr. Chandler: I received your kind note of the 12th inst., and I realize that in addition to informing Mr. Stewart of the wonderful curative effects of Sulphur, that I should also have written to you, as, had it not been for you, I would not have had the good fortune which I regard came to me through your recommendation of Sulphur.

My rheumatic afflictions were slowly, but surely, creeping over me again, but after two weeks' consistent use of Sulphur, they were completely scattered and eliminated. Mrs. Adams had similar good results from about three weeks use of Sulphur. We shall both always most pleasantly and gratefully remember you as the means of our deliverance from our afflictions.

Trusting that you are well, and with all good wishes and warm regards, believe me as ever

Sincerely yours,

(Signed) C. C. ADAMS.

when he went back to Seattle had several bottles forwarded to them as a friendly offering.

Many Women Interested in Sulphur. A prominent society woman of Crawford, New Jersey, wrote recently: "Sulphur has helped me wonderfully." Another woman writing from the Hotel Wellington in this city, said: "Having heard of your successful cure for rheumatism from a friend who had greatly profited by its use, I would much like to obtain some of it." This woman learned of Sulphur from a friend who had been cured of the Episcopal Church of the Good Samaritan of Colfax, Wash.

A resident of High River, Alberta, ordered it for his wife for special treatment, and hearing of Sulphur forwarded some of it to this city for her use, with most satisfactory results. Since then this man has sent to Seattle several different times for Sulphur to be distributed among his ailing friends. A South Orange, New Jersey, woman learned of Sulphur from her daughter, who was visiting in Seattle, and thanks it for great improvement in her health.

So the story goes. By the time Sulphur is formally placed on sale here it will be well known through the effective agency of its friends, and that is always the best advertisement an article can have.

It is generally known here that Sulphur costs for 50 cents and \$1 in all drug stores, and that a most interesting booklet on the "Why and How" of its cures can be obtained free by writing to the C. C. Adams Sulphur Co., 71 Columbia street, Seattle.

Note: Every druggist in Minneapolis, St. Paul, Duluth, Superior and the more prominent cities and towns in the Northwest is now selling Sulphur. Other points will be supplied just as soon as the jobbers can rush the orders through.

Druggists can obtain their supply direct from the following wholesale houses: Leith & Drug Co., Duluth; Minneapolis Drug Co., Minneapolis; Noyes Bros. & Cutler, St. Paul.

bound with silk of a contrasting color. These ancient dainties had more variety and more gorgeousness to their foot covering, but not one of them was as daintily shod as my lady of today; and there is the rub, for the many things are sacrificed to this same daintiness, among them being comfort and the smaller toes.

SHOVELS WAY THROUGH SCHOOL. Cleveland News: Roy Walworth, one of the graduates at Western Reserve this year, literally shovelled his way through five years of education at the university. He spent three years in high school and two years at the university. He has a degree from each school as a civil engineer.

Walworth worked his entire course through college, taking five years' time, and came out of school ahead of the game, financially after paying all his expenses himself. This is how he did it.

Walworth lived at Ashabula. He secured a job as fireman in the main line of the Lake Shore railroad, which runs accommodation trains between there and Cleveland.

In the morning the young man donned his overalls, placed his books in the engine cab and stoked the boiler all the way to Cleveland. When he got there he took off his overalls and went to school. After school at night he came home the same way.

The determined lad continued this practice for a big portion of his college career. During vacations he was a regular fireman.

The young man made college history his first year at Reserve by refusing to wear the famous "green and gold" which the sophomores demanded of all the plebes. He was tortured, ducked in Wade Park pond and otherwise mistreated by the upper classmen until the third day.

He had a hand and a hand and stopped things. But Walworth emerged, minus the green cap, and the sophomores had the satisfaction of seeing him wear it.

AN OLD MAGAZINE IS REVIVED. Manchester Guardian: After being dead for seventy-three years, a paper which exercised extraordinary influence in the Paris of the past has come to life again. It is called Le Journal des Dames et des Modes and, after its long sleep, appears once more in the same form, the same type and on the same paper as in the fifth year of the republic.

The paper was founded by a certain Pierre de la Mesangere, who had been destined for the priesthood, but was turned out of the seminary, where he taught dogma, at the revolution. He came to Paris to try to earn his living, and abandoned theology to rule the mode by prescribing the cut of men's coats and the trimmings of women's hats.

The Journal des Dames continued to appear until 1835 and it calmly pursued its mission, regardless of political confusion and social upheaval. The empire in its ruins, the old monarchy takes its place, disappears, and is restored; Charles X. is dethroned and Louis Philippe takes the vacant throne. None of these bignettles troubled the Journal des Dames. It had more serious affairs to deal with.

Now the Journal des Dames is revived. It is called Le Journal des Dames et des Modes and, after its long sleep, appears once more in the same form, the same type and on the same paper as in the fifth year of the republic.

## Clothes For Boys

The Columbia is the favorite store of Duluth Boys and their mothers, because it has the clothes they like in most ample selections and at the right prices. Almost an entire floor with a force of salesmen who are experts in fitting boys is devoted to this particular department.

SCHOOL SUITS for all ages at \$1.95 to \$5. All colors, all styles. Some suits with two pair of pants.

NORFOLK SUITS in that new brown mixed shade — some made with belts and plaits, others with sewed down belts, patch pockets and inverted plaits. This garment is cut in English style and Sampeck, the famous New York maker of the Columbia's finest suits, certainly knows how to make these classy suits. The larger sizes for boys 5 to 12 years of age run in price from \$5.00 to \$15.00.

THIS WEEK witnesses our first showing of CHILDREN'S and BOYS' OVERCOATS for ages 2½ to 18 years. New colorings and styles. It appears that the long double-breasted Ulster with loose back, belt and wide collar is to be the favorite this season. Chinchillas and rough goods of all kinds in all styles have the call.

Prices of Columbia Overcoats for Boys range from \$1.95 to \$15.

Foot Note: Good School Shoes for Live Boys.

## FARMERS WOULD SAVE MILLIONS

Great Returns for More Scientific Management of Farms.

Boston, Mass., Sept. 20.—A million dollars a year awaits the farmers of every grain growing country in the United States in return for more scientific and businesslike management of the farms, is the opinion of the crop improvement committee of the United States Department of Agriculture. The committee submitted a report today at the closing session of the association's fifty-second annual convention.

The committee said that farmers are facing famine prices for raw material, because of the increasing demand for maling barley and the decreased production due to soil exhaustion and the withdrawal of land from cultivation.

The committee reported that it had the benefit of the farmers in nearly 300 counties.

PERILS OF DIAMOND PITTS. Miners in the diamond pits of Kimberley need not fear fire or falling rock, suffocation by smoke damp or sudden death, by the action of the Montreal Family itself, but they have perils to face, nevertheless.

One morning a batch of natives hard at work in a corner of the mine were startled by a diamond pit, and a few of some soft substance had been hurled against the high door that separated the work from the tunnel.

The Englishmen at the opening of the tunnel roared and climbed to the top of the wall, which the natives called "the roof" for the time at least they were safe.

"Stay where you are," the Englishmen called. "If you jump down you will be sucked in and suffocated in two minutes."

Soon the tunnel was a tunnel no longer, but a mass of quivering slime. The mud flowed for hours. Then it gradually sloved and ceased.

The Englishmen outside sat round on a neighboring rock and looked down helplessly into the pit. All manner of suggestions were made, most of them worthless, but in the end it was decided to try to reach the men, not by removing the mud but by passing over it.

One man laid a plank upon the mud and stretched himself on it. A little spade was handed to him, with which he began to cut into the mud and pull himself along as a man face downward in a canoe might pull himself forward with a paddle. He worked bravely on, half inch by half inch. Then another man put down a plank and followed him.

In half an hour six men were laid flat on six planks in the midst of the mud. There were sixty-five feet of mud, and between them and it were these thin planks that might heel over at any moment and send them to an awful death. And behind was the hidden spring of destruction that might let loose its slime again, flood the tunnel and capsize the planks like cockle shells on a turbulent sea.

When the man on the first plank reached the wall on the natives were huddled he called to them: "You've seen the way I've come. Well, I'm going back, but I'm leaving the planks for you to follow in. Crawl along the planks as much like a snake as you can."

Slowly the men on the planks slid back, leaving the natives behind them. Slowly the natives followed. No body spoke. The black mass underneath was a road as hard, but was as soft as porridge and trembled horribly.

As each man reached the end plank he was handed in to save and carried half fainting out of the tunnel. The rest dragged themselves wearily on. When the last native arrived his master thought he was a stranger. His hair was perfectly white.

## MODERN SHOES NOT SO GOOD AS MOST PRIMITIVE FOOTWEAR

Backward Evolution of An Art That Puts Us Behind Ancients in Walking Ability.

Everybody wears shoes at least one size too small, it is asserted, and with toes too narrow, says the New York Times. This gives room for only the great toe to grow and perform its function, and compresses the other toes until the smallest toe is a mere scrap.

The foot of man should spread like an animal's paw with every step it takes. This is impossible in a shoe which "fits" the foot.

Walter C. Taylor, editor-in-chief of the shoe trade journal, says: "The greatest waste in shoe buying is one for which the consumer himself is largely responsible. It comes through the buying of shoes which are poorly fitted."

We not only wear our shoes too small and our heels too high, but we allow fashion to influence us and there is a constant demand for change in the style of shoes.

The manufacturers supply abundantly. Mr. Taylor says that it would be worth while to consider the shoe as a consumer if this could be righted by a common-sense view of the matter.

Of course, the women are blamed for the greater part of this extravagance, for a dainty foot has long been considered by poets and artists as something much developed into things of beauty merely, and we buy them and wear them and do not expect to walk great distances.

Feet undeveloped. It seems that the development of the shoe makers' art is in inverse ratio to the development of the foot, for here in America our feet are notoriously undeveloped, and yet America leads the world in the making of shoes. Almost everything else in the way of wearing apparel depends more or less on foreign imports,

## DULUTH TAKES HER PLACE AS LEADER IN RECEIPTS OF WHEAT

Zenith City Forges Ahead of Minneapolis and Chicago.

Receipts for Week Exceed Those of Two Cities Combined.

Place Duluth in Front Rank of American Grain Markets.

The receipts of grain on the Duluth market during the week closing today in comparison with other markets of North America are astounding.

There is no way of getting round the fact that Duluth this fall is the greatest grain market on the continent of North America. This is especially true of wheat. This fall Duluth receipts have shot far past those of Minneapolis in the leading American staple. The receipts of wheat in cars are shown in the four great grain markets of the continent in the tables below for the week closing today, and the corresponding figures are given for the same week of last year.

Car receipts at the four leading

(Continued on page 4, fifth column.)

## THREE MEN OWN ALL THE STOCK

One Proxy Casts All Votes at Harvester Company Meetings.

Chicago, Ill., Sept. 21.—George W. Perkins, Cyrus H. McCormick and Charles Deering, who own all the shares of the capital stock of the International Harvester company, except the few shares held by the other fifteen directors to qualify them under New Jersey laws as directors, according to a stipulation read by government counsel in the dissolution suit against the corporation yesterday. The reading followed the production under subpoena by the company of the minutes of its directors' meetings from 1902, when the government charges, the trust was formed until 1912.

"It was also admitted that at each of the meetings of the stockholders the block of stock owned jointly by the three persons named above was represented by the block of stock owned jointly by the three persons named above, which proxy cast in one vote the votes of all the certificates of stock which made up the block of stocks so jointly held," read the stipulation.

The taking of testimony has been postponed until the 23rd. Counsel for the defense stated that one of the company's attorneys was ill and another was in California and it was impossible to secure new counsel familiar with the case.

## MOTOR CAR TURNS OVER AND GIRL IS KILLED.

York, Neb., Sept. 21.—Miss Clara Green, 17-year-old daughter of a local farmer, died from an injury received in a motorcar accident last night.

While running at a high rate of speed north of here, the car struck a embankment and rolled over, throwing the driver, who was driving the car, escaped unhurt.

## ROOSEVELT IN KANSAS

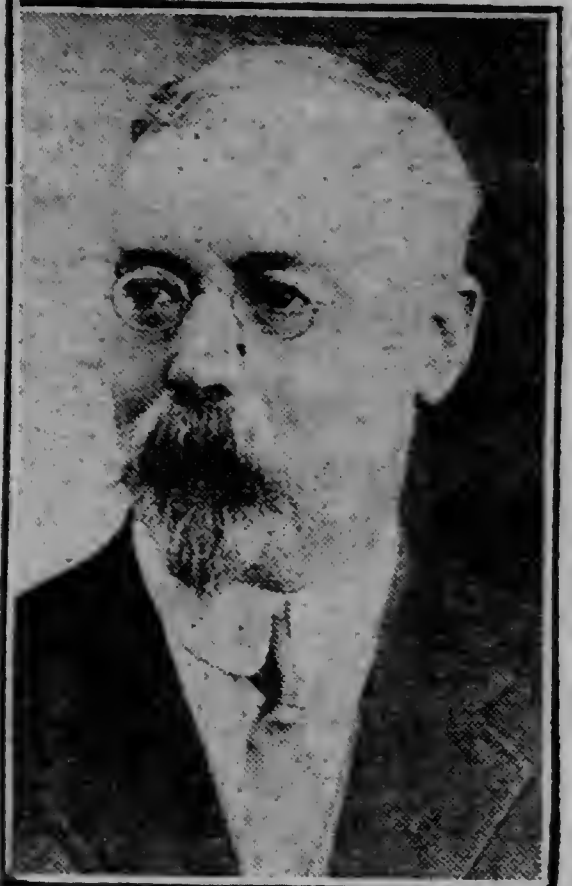

Itinerary in Tangle Owing to Changes Made at New York.

Says He Has Received Encouraging Reports From the East.

Kansas City, Kan., Sept. 21.—"The tail said it was irregular for the dog to wag it," said Col. Roosevelt today of the statement that the Progressives had bolted from the Republican party.

(Continued on page 4, fourth column.)

## WILL RECEIVE THE IRRIGATION CONGRESS

WILLIAM SPRY, Governor of Utah, Who is the Chairman of the Reception Committee for the Twentieth National Irrigation Congress, Which Meets at Salt Lake City Sept. 30.

## LITTLE IS EXPECTED

Holding Conference Over Trouble in West Virginia Coal Fields.

Squad of Militia Fired Upon By Five Men Who Escaped.

Charleston, W. Va., Sept. 21.—International officers of the United Mine Workers of America, assembled here to confer with Governor Glasscock, representatives of commercial bodies and coal operators concerning the troubles that called 1,200 West Virginia militiamen into the field and placed a large area under martial law because of the miners' strike, declared their disappointment with plans for the meeting.

(Continued on page 4, fifth column.)

## BATTLE AT UTAH MINES IS FEARED

Greeks and Cretans Again Take Positions in Fortifications.

Bingham, Utah, Sept. 21.—Rumors that a large army of strike-breakers was being recruited in the nearby towns to take the place of the foreigners who laid down their tools Wednesday night, and today they were again taking up positions in their fortifications overlooking the mines. There was no serious disorder, however.

The report that the Utah Copper company would begin operations last night proved untrue. In case an attempt is made to open the mines today a battle with the Greeks and Cretans is expected.

Since Governor Spry's visit to the camp two days ago, there has been but little disorder. Last night he again cautioned the miners that he would not allow the lives of citizens to be endangered and said he would use the power of the state if necessary to enforce the law.

Washington, Sept. 21.—Officials at the navy department said today that opportunity for ten-day enlistments would be confined to the naval militia and that the department had taken such an opportunity to give the civilian sailors a short experience on warships.

## HOW PRICES ARE KEPT UP

Patent Laws Enable the Middleman to Overcharge the Consumers.

Retailers Compelled to Sell at Prices Fixed By the Manufacturers.

(From The Herald Washington Bureau.) Washington, Sept. 21.—Legislation which in effect gives to the middleman the right to put a dozen eggs in a patented container and then name the price at which the retailer shall dispose of the package to the consumer is not good legislation, according to Congressman William A. Oldfield of Arkansas. Mr. Oldfield is now chairman of the house committee on patents, and at the next session of congress he expects to see legislation enacted which will correct the inconsistencies of the present law as interpreted recently by the United States supreme court.

Mr. Oldfield argues that if the vendor of a dozen eggs is allowed to name the price which shall be paid by the consumer to the retailer, simply by enclosing the food product in a patented box, then the farmer who unloads his truck wagon at the corner grocery should be given full authority to dictate to the grocer what he shall charge his patrons for the vegetables.

(Continued on page 10, third column.)

## TWO OFFICERS MEET DEATH

Monoplane Suddenly Plunges From High Elevation to Ground.

Freiburg, Saxony, Sept. 21.—Two German military officers were killed while flying near here today. This makes the third double fatality in Europe within the present month in which members of army flying corps were the victims.

The machine, which was of the monoplane type, was being piloted by Lieut. Berger, who was carrying Lieut. Jungmann as a passenger, in flight from Chemnitz to Berlin. When passing over this city the machine suddenly plunged from a high elevation to the ground. The aviators were instantly killed and the monoplane was smashed to bits. The cause of the accident is not explained.

## REBELS REFUSED.

Washington, Sept. 21.—A telegram from American Minister to Mexico, dated today, says that the state department today refused to receive the rebels.

(Continued on page 4, fourth column.)

## WORKING AN OLD GAG.

The Republican National Committee is Advertising How Taft Brought Prosperity—News Item.

Chicago, Sept. 21.—William L. Borden, son of the late William Borden and a partner in the Borden & Co. firm, is to become a foreign missionary and will begin his life work in Kansas.

Chicago, Sept. 21.—The strike against the Pullman company, which has been completely paralyzed by the federal writ, considerable losses to both sides.

Chicago, Sept. 21.—The strike against the Pullman company, which has been completely paralyzed by the federal writ, considerable losses to both sides.

Chicago, Sept. 21.—The strike against the Pullman company, which has been completely paralyzed by the federal writ, considerable losses to both sides.

## UNCLE SAM'S MARINES SAID TO HAVE FOUGHT BATTLE IN NICARAGUA

Rebels Sought to Delay Their March to Relief of Granada.

Definite Advice From Admiral Southerland Are Now Anxiously Awaited.

Helpless Non-Combatants Attacked By Rebels With Barbaric Ferocity.

Harrisburg, Pa., Sept. 21.—Governor Wilson traveled homeward today from his first real campaign trip since he was nominated for the presidency. In the last five days he visited Iowa, South Dakota, Minnesota, Michigan and Ohio.

"It is hard for me to view the trip objectively," said the governor when asked about it today. "What interested me most was the friendliness of the people toward me. I observed especially that the plainest fellows were the most cordial. They seemed to feel there was no selfishness and that I was accessible to them all."

With reference to his reception in Columbus, Ohio, in connection with the opening of the campaign in Ohio, the governor said:

"It was most extraordinary. It reminded me of a Jersey outpouring and I felt thoroughly at home."

The governor was scheduled to reach Set Girt, N. J., at 2:30 o'clock today.

## MRS. HARRIMAN WILL NOT BE SUMMONED.

Washington, Sept. 21.—Mrs. Harriman, widow of Edward H. Harriman, the railroad magnate, and Miss Bliss, daughter of the late Cornelius N. Bliss, former treasurer of the Republican national committee, will be excused from testifying before the senate committee on campaign expenditures.

Senator Clapp and Senator Pomeroy have decided not to ask these women to present to the committee any papers in their possession bearing on campaign contributions.

Chicago, Sept. 21.—Taxicab drivers employed by three of the largest companies in the city last night voted to strike and may walk out any time.

The strike has been sanctioned by the International Brotherhood of Teamsters, with whom the chauffeurs' union is affiliated.

The men demand improvement of working conditions.

(Continued on page 4, fourth column.)

## WILSON IS IMPRESSED

By Friendliness of People Towards Him on His Trip.

Reception at Columbus Reminded Him of a Jersey Outpouring.

Chicago, Sept. 21.—Taxicab drivers employed by three of the largest companies in the city last night voted to strike and may walk out any time.

The strike has been sanctioned by the International Brotherhood of Teamsters, with whom the chauffeurs' union is affiliated.

The men demand improvement of working conditions.

The men demand improvement of working conditions.

Chicago, Sept. 21.—Taxicab drivers employed by three of the largest companies in the city last night voted to strike and may walk out any time.

## COLLINS NOMINATED FOR GOVERNOR AFTER JACKSON DECLINED

DECLINED TO RUN FOR BULL MOOSE TICKET

J. F. JACOBSON, Who Had Been Picked as Progressive Candidate for Governor of Minnesota.

St. Paul, Minn., Sept. 21.—(Special to The Herald.)—P. V. Collins of Minneapolis, publisher of an agricultural journal, was nominated for governor on the Progressive state ticket by the Progressive state central committee early this morning after four hours of bitter fighting in which the advocates of the third state ticket outgeneraled and outmaneuvered the minority members who were opposed.

Collins' nomination, as a surprise to him as to the committee's choice of the nominee when it met last night, was withdrawn from consideration under the impression that he would not under any circumstances accept the nomination.

Several endorsed J. A. A. Burnquist, Republican nominee for governor, and Attorney General Lyndon A. Smith, State Treasurer.

(Continued on page 4, third column.)

## TWO UNDER INDICTMENT

Steamship Official and Customs Inspector Connected With Opium Smuggling.

Are Implicated Through Letter Written to a Discharged Prisoner.

San Francisco, Cal., Sept. 21.—Robert Donaldson, assistant superintendent of navigation of the Pacific Mail Steamship company, and Henry Gallagher, United States customs inspector, have been indicted after three indictments had been returned against them by a federal grand jury, charging conspiracy in an opium smuggling operation in which, it is said, many other men are implicated.

Warrants for their arrest were issued and they are being sought by United States marshals.

The indictments were based upon testimony of David Powers and Emil Fidler, who were arrested in Oakland, Dec. 13, 1911, with several hundred tons of contraband opium in their possession.

The supposed connection of Donaldson and Gallagher with the smuggling plot was first revealed through the interception by government officials of a letter to a discharged prisoner, The letter implicated the prisoner, also Joseph Head, lieutenant of customs.

Approached by Donaldson.

Powers testified before the grand jury that he had been approached by Donaldson and Gallagher, who had a proposition to assist in landing opium, then concealed in the Pacific liner Siberia. He was taken aboard the ship by the two men and met two Chinese cabin boys.

Two nights later, said Powers, 220 tons of opium were transferred from the Siberia to a coal barge.

Gallagher, according to the witnesses, first appeared in the plot in conniving to land the drug in Oakland. Through the defection of a Chinese accomplice, the plans miscarried and Powers and Fidler were arrested.

SENATOR LODGE IS HEADLINER

Opening of Republican National and State Campaigns in Ohio.

Columbus, Ohio, Sept. 21.—Senator Henry Cabot Lodge of Massachusetts, R. B. Brown, candidate for governor, and other prominent speakers will open the national and state republican campaigns in this city today.

The opening will consist of two mass meetings to be held in Memorial hall and two parades. The first meeting will be at 2 o'clock this afternoon and the second at 8 o'clock this evening.

Congressman Edward L. Taylor of Columbus will preside at the afternoon meeting, at which Senator Lodge, Mr. Brown, Rev. John Wesley Hill of New York and Congressman Philip P. Campbell of Kansas will speak.

The evening meeting will be presided over by Warren Harding of Marion, who was the republican candidate for governor two years. Speakers will be ex-Congressman James E. Watson of Indiana; Beecher W. Waller, candidate for lieutenant governor; and Tom L. Lewis, nominee for secretary of state.

Special cars and trains began to bring delegations early. The Blaine Club of Cincinnati, the morning members of the Republican Club of Zanesville are among the uniformed clubs expected.

Other delegations will be from Washington, Lancaster, Lima and Newark.

Editor of Farm Paper at Minneapolis Heads Third Ticket.

Burnquist, Manahan, Walter J. Smith and Lyndon A. Smith Indorsed.

George S. Loftus, La Follette Man, Nominated for Railroad Commissioner.

PROGRESSIVE TICKET.  
Governor—P. V. Collins of Minneapolis.  
Lieutenant governor—J. A. A. Burnquist, Republican nominee, endorsed.  
Attorney general—Lyndon A. Smith, Republican nominee, endorsed.  
State treasurer—Walter J. Smith, Republican nominee, endorsed.  
Congressman-at-large—James Manahan, Republican nominee, endorsed.  
Secretary of state—No nomination or endorsement.  
Railroad and warehouse commission, six-year term—George S. Loftus, Minneapolis.  
Railroad and warehouse commission, four-year term—J. E. Sharkey, Staples.  
Chief justice supreme court—Justice Start, non-partisan nominee, endorsed.

St. Paul, Minn., Sept. 21.—(Special to The Herald.)—P. V. Collins of Minneapolis, publisher of an agricultural journal, was nominated for governor on the Progressive state ticket by the Progressive state central committee early this morning after four hours of bitter fighting in which the advocates of the third state ticket outgeneraled and outmaneuvered the minority members who were opposed.

Collins' nomination, as a surprise to him as to the committee's choice of the nominee when it met last night, was withdrawn from consideration under the impression that he would not under any circumstances accept the nomination.

Several endorsed J. A. A. Burnquist, Republican nominee for governor, and Attorney General Lyndon A. Smith, State Treasurer.

(Continued on page 4, third column.)

## JOHNSON AND GARFORD.

Will Open Ohio Campaign of the Progressive Party.

Akron, Ohio, Sept. 21.—The formal opening of the state campaign of the Progressive party takes place here today. It is set for 2 o'clock this afternoon, with Hiram W. Johnson, governor of California, and vice presidential candidate, and Arthur L. Garford of Elvira, candidate for governor of Ohio, as the principal speakers.

Tonight Johnson and Garford will address a mass meeting at the central armory in Cleveland.

Immediately after his Cleveland speech Governor Johnson will leave for New York to arrange his New England tour.

## RACE AGAIN POSTPONED

Continued Rain Causes Abandonment of Vanderbilt Cup Contest.

Ten Drivers Were Ready to Start on the Dangerous Course.

Watkins, N.Y., Sept. 21.—The Watkins race course, which was scheduled to start on the eighth Vanderbilt cup automobile road race, scheduled to start on the eighth day of the season, was postponed today because of continued rain.

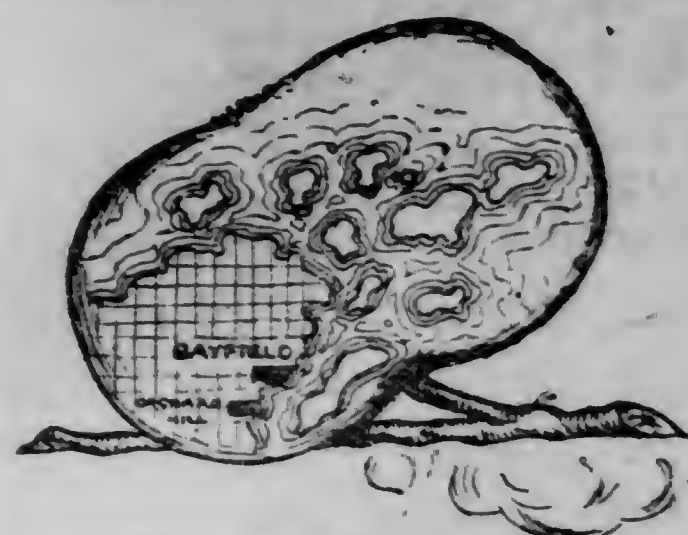

Throughout the morning members of the Milwaukee Automobile Dealers' association, under whose auspices the race was to be run, and officials of the race were on hand.

(Continued on page 4, first column.)

# THE CREAM OF "FROST-PROOF" BAYFIELD FRUIT LANDS

**I**F we can make you see the advantages of commercial fruit growing at "Orchard Hill" the few tracts we have for sale will be taken up on this advertisement.

## ORCHARD HILL

Is located in the proven Frost Proof Zone of the Bayfield Peninsula. This zone does not include the entire peninsula but is limited to a narrow strip of land along the lake and sheltered by the Apostle Islands. On the lake slope of this strip, where the ground remains unfrozen the year around, are located the Commercial Orchards. The same frost conditions do not exist on the other side of this range and the land is not so desirable for orchard purposes.

"ORCHARD HILL" is situated on the line of the C. & N. W. Ry., a short distance from Bayfield, the state highway crossing one corner of our property. The State Orchard and Fish Hatchery are close by. On one side of us is the property of O. F. Brand, former president of the Brand Nursery Co., of Faribault, Minn., and on the other side the orchard of Geo. H. Whiting, president of the Whiting Nursery Co. of Yankton, S. Dak. The selection of land adjoining us by these practical fruit men puts the stamp of approval on "Orchard Hill." Our land slopes gently back from the water and every tract overlooks beautiful Chequamegon Bay and historic Madeline Island, combining with an immensely profitable orchard an ideal summer home.

"ORCHARD HILL'S" hardwood soil is of a fine character for fruit growing, consisting of sand, marl and loam, highly impregnated with iron, a combination adapted to the production of fine flavored, well developed and highly colored fruit.

"ORCHARD HILL" will produce apples, cherries, plums and a great variety of small fruit and vegetables. A five-acre tract can be made to yield a net annual income of \$2,000 to \$4,000 per year.

The November, 1910, issue of the Wisconsin Horticulturist, official organ of the Wisconsin State Horticultural Society, has this to say: "Wisconsin is good enough for us. \* \* \* Opportunities for successful and profitable raising of fruit are as great as in any other state. Apples yielding \$300 to \$700 per acre, cherries \$400 to \$800 and small fruit in proportion tell only half the tale. Our nearness to the market next door to ten million people, all hungry for our apples, cherries and berries, and this population to be doubled in 25 years, makes Wisconsin the logical fruit basket of the upper Mississippi valley."

There were times this summer when as high as seven carloads of fruit per day were

shipped from the peninsula by the Bayfield Fruit Growers' Association.

"ORCHARD HILL" products ripen from two to three weeks later than the products of any other fruit growing section in the United States, and for this reason find an empty market awaiting them, insuring premium prices to the grower.

"ORCHARD HILL" is connected by rail and water with Duluth and Superior, Milwaukee and Chicago, also by rail with St. Paul and Minneapolis and is thus in quick and cheap communication with the great distributing points of the Middle West.

"ORCHARD HILL" products have a yearly freight advantage on the Chicago market over Western fruit of more than \$100 per acre. This one item alone is more than the entire cost of our land to you.

Experienced orchard men foreseeing the advantages of commercial orcharding have already purchased land and the history of the fortunes made in Western fruit lands where prices of orchard land advanced to hundreds and even thousands of dollars per acre is to be enacted again at Bayfield right at our very door.

You are given an opportunity of getting in on the ground floor at "Orchard Hill", the very "cream" as we said before of "Frost Proof Bayfield."

Arrange to go on our first excursion and see for yourself. Our Duluth and Superior offices will be open every evening for your accommodation during this sale.

### FREE EXCURSIONS

—TO—

### BAYFIELD AND ORCHARD HILL

#### DURING THIS SALE.

Our first bi-weekly excursion from Duluth and Superior to "Orchard Hill" leaves Tuesday evening, Sept. 24th, returning Wednesday evening, Sept. 25th. Next excursion leaves Saturday evening, Sept. 28th, returning Sunday evening, Sept. 29th.

The trip includes a boat ride from Ashland to Bayfield, touching at Washburn and at two points on Madeline Island—the finest of the Apostle group and most famous of North Wisconsin pleasure resorts.

The time is so arranged that you may visit Mr. Knight's splendid and extensive orchards at Bayfield, also the state experimental orchard and fish hatchery, points of interest between Bayfield and "Orchard Hill." Arriving at "Orchard Hill" you will be shown over our lands, leaving on the afternoon train for home. The entire cost of this excursion is only about \$5.00, and to parties purchasing, the expense will be borne by us. Call at office any day or evening and make arrangements to go with us.

### OUR FIRST ALLOTMENT TO BE SOLD ON EASY PAYMENTS

#### PRICES AND TERMS:

Our first allotment consists of twenty-four 5-acre tracts.

The first 12 tracts in this allotment will be sold at the following prices:

- A 5-acre tract from \$400 to \$425 each.
- Terms \$25 cash, balance \$10 monthly.
- A 10-acre tract from \$750 to \$800.
- Terms \$50 cash, balance \$15 monthly.
- (Interest at 6 per cent.)

The next 12 tracts will be sold at an advance of \$25 on a 5-acre tract.

## RACE AGAIN POSTPONED

(Continued from page 1.)  
Race meeting consulted regarding the condition of the roadway and the question of its safety or possible danger to the drivers entered in today's big race.  
Despite ominous weather signs and the debated condition of the roadway to which they were about to entrust themselves, ten drivers prepared their cars for the start of the 256-mile classic.  
This held included Ralph De Palma with a Mercedes, twice winner at Big Knos, winner of last year's Vanderbilt race at Savannah, Oli Anderson, Stutz, Charles Merz, Stutz, Teddy Tetzlaff, Fiat, Spencer E. Ward, Mercedes, George Clark, Mercedes, Harry Nelson, Lozier, Hughie Hughes, Mercedes, and an unnamed driver with a second Mercedes.  
The promoters of the meet held a meeting which continued late into the night last night, at which every phase of the situation was discussed. Suggestions for postponement to some day next week were advanced and rejected, but finally it was announced that the race would be started unless there occurred a downpour of rain. Thousands of people gathered at the race course early this morning, and waited patiently for the hour at which the big cars were to start.  
The talk of a dangerous course had become general and there was much discussion among the waiting throngs as to the possibilities of serious mishaps.

## Baking Powder Absolutely Pure

Royal Baking Powder exceeds others in leavening power, in purity and wholesomeness, and is used generally in families, exclusively in the most celebrated hotels and restaurants, by the United States Army and Navy, and wherever the best and finest food is required. Teachers of cooking schools and lecturers upon culinary matters use and recommend the Royal.

Royal is the only baking powder made from Royal Grape Cream of Tartar. It is admittedly the best and most healthful baking powder made.

When you know what is best, please ask for it.

## WARREN GIVES COURT FACTS ON CAR SERVICE

Says Fewer People Are Riding Than Before Strike Began.

Forty-Six Cars Now Running—Sixty Is the Usual Number.

\*\*\*\*\*  
WHAT MANAGER WARREN SAID TO JUDGE DIBBLE.  
\*\*\*\*\*  
The Duluth street railway has an equipment of seventy cars for use in Duluth.  
About 50 per cent or sixty cars were required to furnish normal service for the city before the strike.  
Forty cars were more or less smashed and damaged during the violence.  
The new damage amounted to nearly \$10,000—principally for broken glass.  
When the strike was first called, the company ran about twenty cars.  
Since that time, the number has been increased to forty-six.  
Thursday, forty-four cars were being used and Friday, forty-six were taken out.  
The company is now using about 60 per cent of its available equipment.  
When the strike was first called, only 25 per cent of the usual traffic offered.  
Only half as many people are riding on the cars as before the strike.  
The company is now furnishing 10 per cent more service than the present traffic requires.  
We have always wanted to give a little better service in this city than was being given anywhere else.  
\*\*\*\*\*  
Judge Dibble took a hand in the questioning last evening in the city's mandamus suit, and from Her-

bert Warren, general manager, drew out some interesting facts which may have more to do with the court's decision in the matter than the hundred other witnesses examined by both the city and company.  
"Would there be any trouble experienced by the company in furnishing complete service now as before Sept. 9, providing proper police protection was afforded?"

Mr. Warren stated that it was the aim of the company to restore the old service as soon as possible, and that he believed it would be accomplished within a very few days.  
"There are fewer people riding now," declared the manager. "Fewer people are offering themselves for transportation—very much fewer."  
At this point City Attorney Carmichael asked the witness whether or not he was basing his assertion from the number of fares turned in to the cashier of the company or from looking over the figures of the men who were seen on the cars.  
"I am basing it on the figures at Garfield, Third and Lake avenues. To this Mr. Warren replied that he had turned in the cashier's figures and by his own personal observations."

\*\*\*\*\*  
Walking Habit.  
Manager Warren estimates that 50 per cent of the company's riders are on foot. Both sides rested their cases and an hour was given over to a motion to dismiss, argued by the city. Judge Dibble, in effect, said that he would not enter into the question, claiming that under the Minnesota practice, a judgment with findings of fact and conclusions of law should be given by the court in mandamus proceedings.  
Mr. Warren was the last witness called by the city. He was asked if he would produce a copy of the company's traffic report for the week of Sept. 9. He gladly consented. It was introduced in evidence as the relator city's exhibit No. 1.  
Mr. Warren was the last witness called by the city. He was asked if he would produce a copy of the company's traffic report for the week of Sept. 9. He gladly consented. It was introduced in evidence as the relator city's exhibit No. 1.

## NO RIOTS IN SUPERIOR

Disorderly Scenes of Thursday Evening Are Not Repeated.

City Follows Duluth's Example and Asks for Mandamus Writ.

No disorder was reported in Superior yesterday or last night as a result of the street strike.  
The most important development of the day was the issuance of a writ of mandamus by Judge Charles Smith in superior court ordering the company to furnish normal street car service or appear to show cause why it should not do so.  
The action is similar to that which has been taken in Duluth. The commission directed the city attorney to take such legal steps as he might deem necessary and that official lost no time in appealing to the superior court for the writ, which was promptly ordered.  
The petition of the city sets forth at length the services which were accorded previous to Sept. 12 and asks that it be restored on the same schedule.

Mayor Konkki believes that the anger of the people, which resulted in rioting last night, had not been partially aroused by the practice of the strike-breakers in pocketing the fares which they collect. The mayor declares that all fares collected must be turned up to the city. He reported that five strike-breakers quit yesterday when they were told by the mayor that they would have to quit knocking down the fares.  
The service was said to be irregular and long ways from normal. The old employees are said to have returned to work yesterday. The strike-breakers declared that they were determined to "stick it out."  
The men who were arrested yesterday and Thursday night on charges of rioting were brought into court yesterday. They were held in \$100 bail until the last of the month. About forty or fifty boys have been ordered to report to the juvenile court for having cried "scab" at the strike-breakers running the street cars.  
Citizens have not been tumbling over each other in their eagerness to be sworn in as special policemen or deputy sheriffs. However, a fair-sized crew has been obtained and was in evidence on the streets in the afternoon and evening.  
The strikers decided at a meeting yesterday afternoon to adopt an independent charter, forming a union separate from that in Duluth. They will write at once to Detroit, Mich., for the charter. Violence was deplored.

## COLLINS NOMINATED FOR GOVERNOR AFTER JACOBSON DECLINED

(Continued from page 1.)  
After Walter L. Smith, James Mahanah, Republican nominee for congressman-at-large, and Chief Justice Starr were given unanimous endorsement and promise of support by the Progressives.  
After a brief fight in which Assistant Secretary of State James Larson, member of the committee, sought to obtain endorsement of La Follette men, was nominated for the six-year term on the railroad and was defeated by a vote of 10 to 8. E. B. Elmgvist, Republican nominee, H. T. Halbert, state chairman, frankly admitted that he hoped this nomination would cement

the La Follette and Roosevelt forces in the state.  
Thomas J. Sharkey of Staples was nominated for the four-year term on the railroad and warehouse commission to oppose Judge Ira Mills, Republican nominee. The nominations of the Progressive forces on the railroad and warehouse commission was made over the protests of A. A. D. Rahn and J. A. D. Rahn, who are not for the Progressive platform.  
Mr. Newton was made chairman of a committee to be appointed later to inquire into the propriety of the Republican legislative nominees with a view to opposing those who were declared for by Roosevelt. District committeemen were authorized to sound the alarm for the Republican nominees for congress and nominate new candidates if the Republican platform is not for the Progressive platform.

## OPPOSITION TO MEETING

Mayor May Be Asked to Prevent Gathering at Armory Sunday.

Union Men Taking Precautions Against Violence By Sympathizers.

Mayor McCuen may be petitioned to forbid the mass meeting of striking street car men and sympathizers, which is scheduled to take place at the Armory on Sunday afternoon.  
It is claimed that the petition or petitions are being circulated by friends of the strikers and that the company thinks much may be the outcome of the meeting and wreckage of street car property may result.  
Up to noon today Mayor McCuen had not heard of the proposed meeting. The mayor did not say what he would do if the petition were presented to him. The company does not fear the strikers themselves, for they have all pledged themselves to take no part in any riot and to do all in their power to prevent acts of violence on the part of sympathizers.  
The situation this morning was unchanged from yesterday. Street cars were running and no attempt is being made to interfere with the service.  
The union claims that all the members are sticking and that there are no losses. The company claims to be maintaining a fair service.  
President E. G. H. of the Minnesota State Federation of Labor, will leave tonight for his home, Minneapolis, to have other duties which will command his attention for a few days.  
Organizer Chubbuck of the Federation of Labor is expected in the city by Monday.

Striking street car men are taking precautions against rioting Sunday afternoon.  
They appear to all who sympathize with the strikers to "hang on to themselves." "We don't want any trouble," said one member of the union, "and we don't want to get excited. We want to have a good meeting and we want to win the strike, but we don't want any trouble or any destruction of property."

The men will march to the armory headed by a band. Several prominent speakers, including Dr. D. H. Day, Mayor McCuen, William E. McEwen, President Hall and others will deliver speeches at the meeting. There were no outbreaks of violence reported today. Late in the afternoon regularity until a late hour and no attempt was made to interfere with the service.  
Services on the Duluth-Superior and Duluth-St. Cloud lines will be far from normal.  
Sheriff Melning is taking precautions against any demonstrations to-day. Representatives of the sheriff's office will be on duty in different parts of the city all night.  
The company claims that the service is now sufficient to care for all traffic.

## LITTLE IS EXPECTED

(Continued from page 1.)  
able that even the organized miners of the state would participate in the meeting. International President John W. W. and International Vice President Frank J. Hayes of the United Mine Workers went over to the city yesterday morning. They were met by a large crowd of miners and a statement was made that the miners would support the governor in reply to his question as to whether they will attend the conference.

Legislature May Be Called.  
The limits of the discussion will only be revealed after the meeting has been formally opened. It is expected that a special session of the legislature will be called to meet on Monday, Sept. 24, at 10 o'clock. The martial law zone came officially to an end today.  
In citizen's clothes were challenged in a public road near Escalada during the night by a squad of Capt. White's command under a sergeant. The answer was a fusillade of bullets from the sergeant's belt and another stripped away his belt and hanging at his side. The men escaped into the woods.

## DULUTH TAKES HER PLACE AS LEADER IN RECEIPTS OF WHEAT

(Continued from page 1.)  
grain markets this week were reported as follows:  
Duluth, Minn., p. g. c. g. o.  
Monday ..... 1,395 916 148 187  
Tuesday ..... 1,283 459 258 544  
Wednesday ..... 959 477 61 200  
Thursday ..... 829 441 141 231  
Friday ..... 859 557 39 258  
Saturday ..... 633 495 219 185  
Totals ..... 5,442 3,445 928 1,615  
The corresponding receipts for the same week of last year were:  
Duluth, Minn., p. g. c. g. o.  
Monday ..... 145 773 138 47  
Tuesday ..... 24 127 144 47  
Wednesday ..... 17 476 442 73  
Thursday ..... 140 558 311 39  
Friday ..... 31 575 416 25  
Saturday ..... 149 732 416 37  
Totals ..... 886 3,485 2,300 375  
This is more remarkable in view of the fact that heretofore the wheat receipts of Minneapolis have cast those of Duluth into the shade. Figures from the U. S. Bureau of Census, chief deputy of the local state grain inspection office, show that in the year ending Sept. 1, 1911, same to 65,211 bushels of wheat at Duluth were only 21,453 cars. Mr. Emerson has not yet the figures of the year following, but he says that during the year ending Sept. 1, 1912, the wheat receipts at Duluth far behind those of Minneapolis.  
Mr. Emerson was asked whether he thought it at all likely that the wheat crop year would exceed those at Minneapolis. He said it was too soon to tell that, but he would not be at all surprised if it did.

\*\*\*\*\*  
The wheat receipts at Duluth this year have been phenomenal, said Mr. Emerson, and I see but one reason for it and that is the fact that the country on an export basis. When a country exports a domestic basis, naturally Duluth did not get a great deal, for Duluth is a grain export center. Looking at the Head of the Lakes, naturally the export grain from the surrounding country comes here. A great deal of wheat goes right through Minneapolis to Duluth for export. If this country could dispose of practically all of its wheat to the foreign market without export tax, it would be a big financial gain. Minneapolis is a big grain center and the wheat that is coming upon the

## INCURABLE SENT HOME BUT GOT CURED SINCE

Consumptive Was Found to Be Gone Too Far and Cure Found to Be Impossibility

News of New Curative Methods Gave Him Hopes and Got Completely Cured Since.

A sad story turns out to have a good ending once in a while. Such was the case with Mr. Gunder Gulbrandsen, who received the bad news from his family doctor that he had consumption and could not be cured any more. He was at that time working on his farm in a lonely prairie in North Dakota. "Our doctor consulted another doctor and they told me to go home where I should make my surroundings as comfortable as possible, and where my family should care for me," said Mr. Gulbrandsen. "Of course, I knew that my wife would give me all the comforts that a dying man might expect to get. I knew that I was in bad shape. Coughed most all the time, and my lungs were sore, and as I was led to believe that I had consumption, I naturally was not very much encouraged."

In the course of events I heard of the Electro Medical Doctors of Duluth and how they were spoken of highly in Fargo. I knew it was up to me to do something, and so I took the next train to Duluth and saw the examining doctor. He promised me relief, and said that he felt confident that a cure could be made of my disease. He did not think I had consumption in as bad a form as I had been led to believe. I was thin, pale, poor, had bad circulation, was nervous, and had lost all energy.

How He Found Help.  
"I placed great confidence in the Electro Medical treatments, for those electro machines have actually put new life into my lungs, right with the first treatment. I told the doctor to treat me, no matter whether he could cure me or not. I thought that if anybody could cure me these doctors surely

could. And when I got Electro Medicine for a few days, I knew that I would get better.  
"In two months from the time I first commenced doctoring with them, I had gained thirty-two pounds. I had a good appetite, my circulation was good, my veins were filling up, and I felt a new lease of life. I am now thanking the Lord that I went to see the Electro Medical doctors. If they wanted half of my farm, I certainly would not refuse to give it to them, but they are as great as they are kind and charged me less than anyone else would have done for the great deal of work they have done on me. How could I help but recommend the Electro Medical Doctors? I only wish I had better means to testify."

These treatments have done all, and even more, than anyone could expect. I recommend them to others, no matter what your sickness is. See them and if they can't cure you, there is little chance of your seeing anybody else."

There is another case, for instance, that is attracting more than usual attention. That of Mr. H. Colborn of International Falls, Minn. He had been doctoring for four years. Had a complication of diseases with itching piles. Could not rest day or night. He told his doctor he was going to see the Electro Medical Doctors in Duluth, but the doctor discouraged him, naturally, because it was business out of his pocket to do so. He told me that there was no cure for this disease. That he had the same disease for fourteen years, and could not do anything for himself, therefore he could not cure me, nor could anyone else do it.

Mr. Colborn in the meantime has seen the Electro Medical Doctors and got completely cured with a few treatments. The Electro Medical Doctors are specialists for those of a chronic nature, and they are always glad to see those who have been given up by others as incurable. Incorporated in the State of Minnesota, and are thoroughly reliable. Their office has cost them \$10,000, and their equipment is by far the best in the Northwest. They are permanent in Duluth at No. 26 West Superior street, which is next to Giddings.

## CASCARETS TONIGHT! IF BILIOUS, CONSTIPATED, HEADACHY AND SICK

Turn the rascals out—the headache, biliousness, indigestion, constipation, the sick, sour stomach and foul gases—turn them out tonight with Cascarets.  
Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.  
Don't put in another day of distress—wake up refreshed and feel fine. Let Cascarets cleanse and sweeten your

stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry off the decomposed waste matter and constipation poison from the bowels. Then you will feel great.

A Cascaret tonight will straighten you out by morning—a 10-cent box keeps your head clear, stomach sweet, liver and bowels regular and you feel cheerful and bully for months. Don't forget the children—they are little inmates need a good, gentle cleansing, too.

## COMMUNITY AWAKENING

Prof. E. J. Ward Will Give Free Lecture on Social Centers.

Heard in Interesting Address at Dinner Given in His Honor.

Duluthians will have an opportunity tonight to hear a free lecture on social center work by Professor Edward J. Ward, who will speak at the high school auditorium.

Professor Ward, famous throughout the country as the originator and promoter of that movement in the larger American cities, will bring his lecture to Duluth at a close tonight with a mass meeting of all interested in the work. He is having conferences on the subject with those who are most heartily interested in the project, and before he goes will give full expression to his views as to what should be done in Duluth. He will take care to present his ideas to the members of the city school board, and will also plan to use the school buildings for the meetings of such clubs.

Professor Ward remarked today that he had been informed by Superintendent of Schools that Duluth had twenty-five school buildings which could be used in the development of the neighborhood club. Thus, any civic organization of the social center type could have ample room for the purpose of holding night sessions.

"An awakening of community ambition," he remarked today, "is noticeable over the country at the present time. To broaden acquaintance, to supplant vice by wholesome amusement, and to develop the resources which the neighborhood and democracy make possible are acting people all around us. The form clubs and designate a common gathering place for the purpose of civic discussion. It offers opportunity for social intercourse and wholesome recreation, for this civic centers make use of the gymnasiums in the schools as well.

A banquet given by the Duluth Commercial club last evening in Prof. Ward's honor was attended by about eighty of the prominent men and women of the city. Prof. Ward was introduced by Dr. Robert Yost, who explained the purpose of that gathering, which was to introduce the professor and give him a chance to promote his ideas on the social center project. In the course of his address, Prof. Ward said:

"Once when I was fighting a liquor boss in a small town I ran up against one of the leaders of the opposition. I said to him, 'Why are you fighting on that? You don't like the tax or the headaches nor being under the pool of this boss any better than I do.'

"No," he said, "I don't but I tell you what I do like and like so well that I'm willing to accept these things rather than let it go. I like freedom and freedom and frankness and give and take that you had in a saloon and nowhere else. About time we had a place outside the saloon for just that freedom and frankness."

"There is nothing of charity in this movement. It is one of the people trying to uplift another. In fact, the rich need it more than the poor people, who are already more charitable than the 'cultured classes.'"

Mr. Ward's social centers had nothing to do with charity, which was heartily endorsed by Rev. George E. Dehaene, who declared that he would wipe the word "charity" out of the dictionary.

**Supper's Need.** Carl Beck, who is heading the social center in Duluth, said: "The 'little tea-party' in Superior last night was the best proof of the need of civic centers there. The riot there was caused by six youngsters who were out for a good time. The rioting was done by boys under 21. It was a case of misdirected energy. The need of training and responsibility, the very things that the civic center supplies, were sorely needed. The best possible means for organizing the people into a machine to boost a city is to give them a good work."

Among the other speakers were Mr. and Mrs. J. L. Washburn, Mrs. A. Kerr, E. S. Denfeld, R. A. Patrick, W. L. Smithies and Elmer Eli.

Members of the school board and the welfare committee and others interested in the social center work will meet this evening with Prof. Ward at the Central high school to perfect the plans for the organization of neighborhood clubs. It is intended to have all these clubs federated.

**Notice, Lakeside and Woodland People.** We make two trips a day to both of these points, and will deliver your trunks and parcels the same date as in the city proper. Duluth Van & Storage company. Telephone 492.

**Roosevelt Now on Way to Kansas**

Defends His Action in Quitting the Republican Party.

Omaha, Neb., Sept. 21.—A defense of his action in quitting the Republican party and taking the lead in formation of a new party, was made yesterday by Col. Roosevelt. He said he had been urged to remain in the Republican party, but that the only way you can reform that kind of men is with a club. In justification of his action, he

**CHAMBERLAIN-TAYLOR CO.** Office Outfitters. Desks, Chairs, Filing Devices, Stationery. 323 West Superior St.

**Would Preserve Peace.** Chemist, Sept. 21.—The Social-Democratic congress yesterday adopted a resolution looking to the termination of the international agreements of the competition in armaments.

**MORE MISSING INDIAN PAPERS ARE LOCATED.** Washington, Sept. 21.—More missing papers withdrawn from the Indian bureau files by Mrs. Helen Pierce Gray, the investigator of Crow Indian affairs, arrested here on a charge of concealing papers, were located last night by Attorney J. E. Wright, acting for the attorney general.

These related to a variety of official business concerning other tribes than the Crows. Practically all the papers withdrawn from the official archives by Mrs. Gray now have been accounted for.

**Services at Hall.** The congregation of St. Paul's English Lutheran church, Twentieth avenue west and Third street, will hold services tomorrow at the Bricklayers' hall, Nineteenth avenue west and First street. The church is being improved at present and will not be ready to receive the first of the month.

**FINAL REHEARSALS FOR MINSTREL SHOW.** The Adams Glee club will hold rehearsals every evening next week in preparation for the minstrel show to be given Monday and Tuesday evenings, Sept. 30 and Oct. 1, at the Star theater, Twenty-first avenue west and Superior street.

The entire club of twenty-seven members will take part in the entertainment, which includes a full minstrel first part and a vaudeville performance. In the minstrel act the members will all appear in black face, the end men being James Wade, Charles Kramer, William Cahill and Al Lauer. A number of late song hits and ensemble numbers will be introduced during the performance.

**Entertains Friends.** Last Saturday evening a formal party was given by George Mack at his home, 225 Eleventh avenue west. The evening was spent in music, dancing and games. The following were present: Misses: Anna Olson, Mildred Schott, Edna Olson, Mae Anderson, Anna Emanuelson, Martha Smith, Rosa Manolis, Edith Mack, Edith Johnson, Esther Mack, George Walduff, Clarence Anderson, George Hill, Ernest Ruden, Tom Strum, Rudolf Johnson, Joe Carlson, Axel Johnson, Wm. Ecker, Amos Carson.

**West End Briefs.** John L. Miller left yesterday for a short business visit on the range. The Niche Social club is making preparations for its first fall dancing party to be held in the near future. The striking car now entertained at a benefit dance last evening at the Lincoln park pavilion. Twenty-fifth avenue west and Third street.

Dr. and Mrs. B. Hanscome of Minneapolis have left for their home after spending the past week at the home of the latter's sister, Mrs. J. Robinson, 1811 West First street.

Rev. M. S. Rice of the First M. E. church gave an illustrated lecture on his recent travels last evening at the Grace M. E. church, Twenty-second avenue west and Third street.

Rev. J. A. McGaughey of the Second Presbyterian church, 1515 West Superior street, will conduct an open-air meeting tomorrow evening at the corner of Piedmont and Garfield avenues.

Rev. Alfred Johnson of Moline, Ill., former pastor of the Swedish Mission church, will preach Sunday morning to his former congregation, and Rev. A. W. Carlson of Chicago will preach in the evening.

## The Right Kind of Heat For Chilly Fall Days Is Electric Heat

Although many fall days are bright and cheery, the mornings and evenings are usually too chilly for comfort. Just enough heat is needed, at the right time, to drive away the dampness and cold. For centuries the Orientals and Europeans have used braziers for this purpose. But Americans need be content with nothing less than an electric portable radiator. Call and see our

## PORTABLE LUMINOUS ELECTRIC RADIATORS

For bathroom, nursery, library, dining room, office—anywhere there is an electric light socket—a turn of the switch will produce instantly a cheerful warm glow from a radiator that requires no waching.

The bright luminous rays of heat are like summer sunshine. With electric radiators there are no dirt, gases or odors; no oxygen-consuming flames; no fires to build; no ashes to remove; above all, no danger.

This electric radiator can be seen in our show rooms.

### WEST END

#### CHILDREN WILL RECEIVE PRIZE

Pupils of Ensign School Will Attend Commercial Club Meeting.

Children of the Ensign school, Twenty-third avenue west and Tenth street, will attend the meeting of the West End Commercial club Friday evening, Oct. 14, when the prizes are to be awarded for the recent garden contest in this end of the city.

The Ensign school was awarded \$5 for having the best lawn in the West end and the children will attend the special meeting in a body. The money will be used to purchase a suitable painting, which will be hung in one of the halls. The pupils of the school have been asked to arrange a program for the evening of Oct. 14 and it is probable several musical entertainers, numbers will be featured by the school.

The lawn at the school—extends around the entire building. The children have taken considerable interest in the lawn and have assisted in keeping it clean, besides adhering to the

#### WILL ORGANIZE SOCIAL CENTER

Bryant Alumni Association Is Campaigning Among West End Residents.

The Bryant Alumni association is making plans for a social center at the school. A committee appointed last spring is renewing its efforts to organize a center, which will take an active part in the life of the West end residents this winter.

The organization will be housed in the school building, where parties, dances and entertainments may be held under proper supervision. The members of the committee have been investigating among local residents and the sentiment so far is in favor of the social center at the school. The West End Commercial club will be asked to assist in the movement and to take part in the organization.

The members of the committee are: Misses Kathryn King, Ruth Manson and the Messrs. Leonard Hagberg, Adolph Lindahl and Lloyd Yeager.

**Services at Hall.** The congregation of St. Paul's English Lutheran church, Twentieth avenue west and Third street, will hold

## Is It the Hair or the Face That Makes the Woman?

If you think it is the face, take another look at the two heads pictured here. One shows a girl which the most critical would pronounce beautiful. While her features are fairly perfect, her greatest charm lies in a mass of fine lustrous hair. The opposite picture is identical as to features and other detail except that the wealth of hair is wanting.

Both of these ladies would attract attention anywhere, but each for a different reason, one on account of her superb beauty and the other on account of her comical appearance.

The hair makes all the difference. A woman loses her good looks in exact proportion as she loses her hair.

## NEWBRO'S HERPICIDE Saves the Hair

There is nothing which is so destructive to the hair as dandruff. This annoying trouble to which everyone is more or less exposed is due to the working of an invisible growth or microbe called the Dandruff Germ. It robs the hair of the snap and luster of health, burrows down into the follicle and eventually loosens the hair, allowing it to fall out.

Newbro's Herpicide applied regularly and intelligently kills this germ, keeps the scalp clean and the hair healthy. Falling hair is thus prevented and, if the hair follicles have not become atrophied, a new growth of hair may be anticipated.

The life and luster of Herpicide hair is beautiful to see, is unmistakable. An abundance of fluffy, glittering hair is woman's chiefest beauty and to permit its needless destruction is unpardonable.

**Kills the Dandruff Germ. Stops Falling Hair.** All Dealers sell and guarantee it in both 50c and \$1.00 sizes. Money refunded if not satisfactory.

Applications obtained at Barber Shops and Beauty Parlors.

**LYCEUM PHARMACY, Special Agent**

declared that the Republican managers were now "behaving worse than they behaved before."

Col. Roosevelt spent the day in Nebraska, traveling in a leisurely way across the plains with a speech for every stop. At Lincoln he spent three hours in the afternoon and he put in the evening in Omaha speaking before two large gatherings.

He left last night for Kansas.

**Dies From Injuries.** Macon, Ga., Sept. 21.—George Under-

wood, an aviator, who was injured when his biplane turned turtle during an exhibition flight at Calico, Mo., Thursday, died last night.

### PUT TRUST IN CIVIL SERVICE COMMISSION.

New York, Sept. 21.—On the witness stand for the third time before the Alderman committee which is investigating police conditions, Police Com-

missioner Waldo repeatedly disavowed responsibility for the fact that he had appointed to his force many men rejected by his predecessors and whose records at police headquarters showed that they had been arrested for various offenses.

The commissioner declared that he had put his whole trust in the civil service commission and had appointed men in 1, 2 and 3 order from the commissioner's list without having his own department investigate the record of the men.

Don't fail to see these values.

**GATELY'S**  
Hudson  
DULUTH—SUPERIOR—VIRGINIA

## FOR MEN

THE ONLY MEN'S SPECIALISTS IN  
THE CITY OF DULUTH FOR  
MORE THAN TWENTY YEARS.

We have cured hundreds of men who have long suffered a gradual decline of physical and mental energy as a result of ailments. Our success in curing difficult cases of long standing has made us the foremost specialists in treating men's disorders. This success is due to several things. It is due to the study we have given to the exact nature of men's ailments, and to the original, distinctive, and thoroughly scientific methods of treatment we employ.

**NERVOUS DEBILITY**  
Is sweeping thousands of young and middle-aged men into a premature grave. Early indigestion, nervousness, ARTERIES, BLOOD DISEASES are the causes. Are you nervous and weak, downcast and gloomy? Speaks before your eyes? Dark circles under them? Weak back, irritable kidneys? Palpitation of heart, are you? Have delectating dreams, loss of sleep, pimples on face, eyes sunken, hollow cheeks, careless, distrustful, lack of energy and strength, tired mornings, restless nights, changeable moods, hair falling out, etc. etc. CURE YOU AND MAKE A MAN OF YOU!

**RHEUMATISM, STOMACH TROUBLES.**  
We offer any man with rheumatism \$500 if we fail to cure him. We have cured a man just lately who has been in bed for four solid years. Have swollen joints, pain in back, highly acid urine, with brick-dust like sediment, burning at times and stinging, wrong? That is a sign of uric acid diathesis you have stored up into your body poisons and bad digestion may be at fault, a bad stomach and constipation. Your blood will be loaded with poisons which the organs should carry off. If you fail to cure this condition you will have to pay with many a year of dear life for it.

**NEW VITALITY.**  
There is today no excuse for any man remaining weak. The vital, manly man is admired by all men as well as all women. There is an influence about him no one can resist. He knows no fear; he knows no weakness; he knows no result of debility. It is this same VITALITY which carries our young soldiers to war without thought of death. Vitality, reader, is what you MUST have if you would enjoy a life of health, strength and manly vigor. I can give you this same life and vitality; if I can do what I am doing for thousands of men I can put the vigor of youth into your blood and nerves. I can make you feel young again and keep you feeling young; I can drive away all debility, weakness and dependence. You will laugh at trouble, you will tackle obstacles with the vim to win, just as all other hearty, vital men may do. I don't ask you to use drugs, ask you to use your present mode of living, all I ask is to come to my office and let us all your body with new power to dissolve disease poisons and liberate your system from poison. If everybody else failed to cure you of these troubles, I will cure you. I will cure you, 9 to 5, Sunday, 10 to 1. Ask for free instruction books.

Progressive Medical Association,  
No. 1 W. Superior St., Duluth, Minn.

## BILL RICH REAL ANGRY

Has Thrown Down the Progressive Committee of Fifty.

Says Third Ticket Will Lose Roosevelt Thousands of Votes.

St. Paul, Minn., Sept. 21.—(Special to The Herald.)—W. W. Rich has thrown down the Progressive committee of fifty, pulled his hat out of the ring, consigned its members to a widely known but undesirable station, tilted his chin upward and stalked from its councils, declaring he's "for Col. Roosevelt first, last and all the time, and all the rest of you fellows can just go ahead and do as you damn please."

The committee had met in the Merchants hotel this morning to consider, among other things, the nomination of a man to run against Julius Schmalz and Harvey Ottumner for secretary of state. Mr. Rich's demonstration prevented the consideration of that item but it was announced that it will be taken up later in the day.

His pronouncement was delivered fairly in the teeth of the committee and it was coupled with the assertion that he proposes to exercise his rights to work for support, and vote for whom he pleases. There were about a dozen members of the Progressive committee listening as he spoke.

"I'm going to work for Roosevelt as hard as I can," he said. "But I don't believe in your committee. I'm against you. By putting a third ticket in the field, you're driving 10,000 or 20,000 votes away from Col. Roosevelt, don't belong to you any more. I'm done."

"Come on back, Bill," expostulated Hugh T. Halbert, chairman of the Progressive state committee. "We want you."

"Nope! Not me."

"Come on, Bill," half a dozen voices chorused reproachfully; "you belong to us."

"Never!" Mr. Rich replied.

## BRAKEMAN BAHR MEETS DEATH

Conductor A. W. Jamison  
Critically Injured When  
Freights Collide.

Minneapolis, Minn., Sept. 21.—(Special to The Herald.)—J. W. Bahr of Minneapolis, rear brakeman on an extra freight, was killed, and A. W. Jamison, conductor, critically injured when two freight trains collided in the Minneapolis & St. Louis yards here today. Freight No. 97, east-bound, crashed through a bad order boxcar and the caboose of an extra freight, demolishing both cars. The engineer and fireman of No. 97 remained at their posts and were not injured.

You can, of course, "afford" to miss a dollar-saving chance now and then, through failing to read the ads—but is it worth while?

## TWO WIVES ASK COURT FOR RELIEF.

In a suit for separate maintenance filed in district court today, Anna Johnson, aged 41, charges her husband, John Johnson, with desertion. The plaintiff, living at Eveleth, with cruel and inhuman treatment. She claims that he has property worth upward of \$20,000, and asks that the court provide her with a suitable allowance for the remainder of her life. She also asks for the custody of their only child, a girl of 6.

The court this morning ordered Johnson to pay \$35 monthly alimony and \$50 attorney's fees during the pendency of the action. In her petition she also asks that her husband be ordered to return to her a certain farm land she conveyed to him prior to their marriage, to be held in trust. They were married in Duluth on Oct. 15, 1904.

Helen King, 21, this morning filed for divorce from Silas King, 40, a Grand Marais saloonkeeper, on grounds of cruelty and drunkenness. The plaintiff, who was married in Duluth on Sept. 2, this month, she was forcibly ejected from their home. The woman declares that their son, Godfrey Clarence, aged 5, was later turned over to a woman of ill-repute to care for. She asks for the custody of the child and alimony.

Judge Dibel this morning ordered King to pay temporary alimony and attorney's fees.

## "You'll Do Better at Kelly's."

**BOSTON MUSIC CO.**

6 and 8 West First Street, Duluth, Minn.

## MEMORIAL TO PROFESSOR LANGLEY

This is the memorial to Prof. S. P. Langley, designed by John Flanagan of New York, to be hung in the Smithsonian Institution at Washington. It commemorates the work done by Prof. Langley for aviation. Langley was born at Boston and went to Annapolis to be a preceptor at the naval academy and afterward to the Smithsonian, a position he held until his death in 1906.

In the later years of his life he devoted a great part of his time to the scientific study of the problem of aviation. He constructed a complicated machine, and a model weighing about thirty pounds sustained itself in the air for a minute and a half. In 1903 Prof. Langley built a machine which he called the "aerodrome," and which he attempted the first flight. The machine was mounted on a houseboat in the Potomac and it was to be launched from the top of the boat by a "gun" which Langley had devised. The gun shot the aviator right into the Potomac. This brought ridicule to Langley and he was so discouraged that he ceased experimenting.

## CANVASSING BOARD HAS BAD TANGLE TO TACKLE

Two Contests Must Be Determined By Second Choice Returns.

Many Errors Exist—Board Not Allowed to Open Ballot Boxes.

The county canvassing board is in the midst of its work canvassing the returns from the various election districts of St. Louis county and is finding its task no easy one, on account of the confusing returns on second choice votes.

In the contests for county coroner and commissioner for the seventh district the nominees will be determined by second choice votes, although there are many errors in connection with the second choice returns.

The report has been circulated that the county canvassing board will be required to recount the ballots in order to clear up the confusion due to improper returns of second choice votes by election judges, but this report is not correct.

The attorney general ruled that the canvassing board might examine the tally sheets in order to clear up confusion on the official summary sheets, but that they had no authority to open the ballot boxes or envelopes.

Secretary of State Schmalz, before consulting the attorney general, advised the county auditor of Jackson county to apply to the court for permission to open the ballot boxes and examine the ballots, but on referring the matter to the attorney general the ruling was made that this proceeding could not be taken and that the county canvassing board under no circumstances can be given authority to open the ballot boxes.

**Adams' Opinion.** Secretary of State Schmalz, before consulting the attorney general, advised the county auditor of Jackson county to apply to the court for permission to open the ballot boxes and examine the ballots, but on referring the matter to the attorney general the ruling was made that this proceeding could not be taken and that the county canvassing board under no circumstances can be given authority to open the ballot boxes.

C. E. Adams, attorney for the county board, when asked for an opinion on the matter this morning said: "The provisions of the election law for the opening of the ballot boxes and the inspection of the ballots have not been changed by the amendments of the primary election law. There is no way

## MARINE MOVEMENT IS SLOWER

Delays in Coal Shipments  
From the Lower Lake  
Docks.

Local Dealers Are Flooded  
With Orders From the  
West.

Coal is coming more slowly. The docks down the lakes are holding up the boats to some extent and several cargoes have been passed up on this account during the past week. Much more coal is needed at this end of the lakes, in fact, so fast are Western dealers ordering it that it is being shipped out at a rapid rate.

Fear of a coal famine in the Dakotas and Montana is widespread and the dealers can get it.

Just at present local coal companies are flooded with orders from the West. The business of this month is very much heavier than in a corresponding period last year, it is claimed.

The mines do not seem able to supply the demand. Business is so rushing in other lines that vessel owners are steering clear of coal, fearing that they would lose more time than the cargo would be worth.

Damp weather this week put the grain boats behind to some extent. Grain cannot be loaded in wet weather. Boats have been losing some time at both ends of the route this week and many of them are far behind in their schedule.

Package business was never better, lumber shipments continue to be heavy, ore is going down the lakes as fast as it can be loaded, grain tonnage is in demand and coal is needed badly. Indications are strong for the busiest finish in the history of lake shipping.

## Nottingham Released.

Detroit, Mich., Sept. 21.—The steamer Nottingham, which went aground off Stage Island in the St. Clair river Wednesday, was released yesterday, after having lighted a narrow channel and cargo. The vessel was released last night and probably will resume her trip today.

## Gossip and Comment on Sports and Pastimes of Arena, Field and Track.

By BRUCE

HERE will always be those claiming Marquard as one of the greatest of pitchers. The writer has ever held that the Frenchman was somewhat overrated and that his skill has been surpassed by Mortieck Brown, Christy Mathewson, Jack Chesbro, Walter Johnson, Joe Wood and Edward Reulbach.

Approx of this argument, the Baseball Magazine, in its current issue, speaks of the nineteen straight wins of Marquard. No one in baseball, of an impartial turn of mind, is willing to give the New York pitcher full credit for this string of victories. Be that as it is, let us take the fourteen straight games that Reulbach won in 1908, setting the league record that was broken by Marquard this season, and compare them to the first fourteen games won by the New York man.

Marquard allowed thirty-four runs in the first fourteen games he won; Reulbach allowed but fourteen runs, an average of one run per game. The Frenchman allowed 100 hits to be scored from his delivery, while Reulbach permitted but seventy-five. Marquard pitched one shutout game and Reulbach hurled five where there was calamine attached.

Three hits were the low record of the New York man, against a one-hit game twirled by the great Cub. Marquard started like a streak this season and went great in the early part of the year. With the beating Lavender gave him the Frenchman weakened and has been repeatedly driven from the box. Luck has played a leading part in the great record of Marquard.

A Gloucester, Mass., cit threw a lot of coal through the windows of his neighbors. With coal at \$9 per, there is need for the immediate services of the probate judge.

Through the swamps and bayous of the daily literature comes the faint echo of the States League. Most of us thought that the organization was so dead that it would make the figurative door nail seem like Eva Tangany artistically agitated. But no, Stephen, they are planning to place a team in St. Louis next season.

From Sacramento, Cal., comes the wire word that the bite of a rattlesnake is a cure for epilepsy. Out in North Dakota the same agency has been found effective in administering to a dry throat.

That faultless grace, the perfectly measured stride and the eagle eye of Napoleon Lajoie are succumbing to the ravages of age, the withering hand of which knows no discrimination in the ranks of the great or the small.

Reports from Cleveland are that the once king of the second sackers, though still one of the greatest batters in the world, is not the finished fielder as of yore.

Little Johnny Evers, crab though he may be, disliked by many, it is true, is about the greatest second baseman in the game when all is said and done.

Most of the managers in the two leagues are favoring the Boston Red Sox against the Giants. Most of the major managers also favored the Cubs against the White Sox in 1906. The majority of fans throughout the sweet length and wide breadth of this large stretch of freedom are also riding the Boston with the whip of enthusiasm and the spur of kale.

Here in fair Duluth, strike or no strike, there will be some of the wise ones walking hither and thither, should the beanecaters lose. Opinion is overwhelmingly one sided; much more so, in fact, than was the case last year.

The epistles of "Gyp the Blood" and "Lety Louie" have been confiscated and are being held by the police. It is not to be presumed that they are being preserved for their tender touch of romance or their literary value.

It is a most peculiar fact, Billy Waldemar, that two sets of critics in this country are strictly divided, like the Biblical house, in the matter of opinion regarding the greatness of Jeff in his prime and the black, Johnson.

It is also peculiar that the critics from the East are the ones who hold that the Jeff of Fitz and Corbett victories could have annihilated the black. Followers of fighting on the coast state that Johnson could have beaten Jeff the best day he ever saw.

Charles McHugh, who was in the Twin Cities last week with the Wolgast-Rivers fight pictures, which, by the way, the United States federal authorities refused to permit him to show, says Johnson would have beaten Jeff the most felicitous moment the California Grizzley ever possessed.

This McHugh is one of the match makers for Uncle Tom McGary's Pacific Athletic club, and has seen most of them go. Edgdon and others argue along diametrically opposed and adjective reinforced lines. We'll never know; why not shake dice over it?

That last shot of Ed. Adamson's evidently had its effect on little Walter Miller. Three days and the aggressive

little Pole has been silent. Maybe he is thinking deeply.

## CUBS BAT HARD AT LAST

MINUTE AND WIN GAME.

Brooklyn, Sept. 21.—Chicago defeated Brooklyn by a score of 3 to 2 in a ninth inning rally in which the visitors scored three runs after two men were out. Ragon had held Chicago scoreless until then. Sheppard and W. Miller singled in this inning. Tinker struck out and Downs forced W. Miller. Sater the tripled to center, scoring Sheppard and Miller, and when Sherman made a wild relay to third, Sater scored the winning run. Errors were responsible for both of Brooklyn's runs. Score: R. H. E.  
Chicago.....000000000—3 6 4  
Brooklyn.....100000100—2 7 5

## PIRATES TAKE CLOSING

GAME OF BOSTON SERIES.

Boston, Sept. 21.—Pittsburgh took the closing game of the series from Boston 10 to 2. The game was played quickly on account of extreme cold. Pittsburgh won by batting Perdue consistently together with Boston's errors in the fourth. Score: R. H. E.  
Boston.....000000200—2 7 5  
Pittsburgh.....001801000—10 8 0

## REDS WIN HALF OF

AFTERNOON'S PROGRAM.

New York, Sept. 21.—Cincinnati and New York divided their double-header, Cincinnati winning the first game 4 to 2 and New York the second 4 to 1. By losing the first game, New York suffered its fourth straight defeat. Its longest losing streak of the season. Cincinnati took this game in the first inning, when four hits off Marquard with two errors yielded four runs. In the next two innings, Marquard did not allow a man to reach first. Benton pitched well for Cincinnati, New York making two runs in the sixth on three singles and an error by Mitchell. Devereaux's hitting won all four runs for New York in the second game. He drove in two runs with a double and scored himself on Snodgrass' hits, all in the third inning. In the sixth he

New York.....000002000—2 7 5

## PHILADELPHIA DIVIDES

DOUBLE WITH ST. LOUIS.

Philadelphia, Sept. 21.—Philadelphia and St. Louis broke even in a double-header, the latter winning the first game 9 to 4 and the home team the second 5 to 0. St. Louis' victory was due to the ineffectiveness of Brennan who was knocked off the rubber in the fourth inning. In the second game, Burke was hit hard in only one inning, the sixth, in this game Doolin and Kilfliter were ordered to the club house by Umpire Klem for disputing a decision. The scores:

## WOOD FALLS DOWN ON

SEVENTEENTH GAME.

Detroit, Mich., Sept. 21.—Joseph Wood of Boston, invincible since early in July, attempted to win his seventeenth straight victory at the expense of Detroit, and failed. In a grueling, bitterly fought contest, the local triumphed 6 to 4. Wood's record of sixteen consecutive victories tied the league mark established this season by Walter Johnson of Washington. "Tex" Covington, who spent part of this season pitching for minor league clubs, was officially credited with the victory. The score was 3 to 1 in Detroit's favor in the fifth inning when Covington was put out of the game after an

argument with Umpire O'Loughlin over a ball pitched to Krug. Lake succeeded him and was hit hard, Boston immediately forging ahead. Lake's single started a rally in the Detroit half and Crawford's single produced two tallies, enough to give Detroit the advantage the rest of the way. Lake held the champions hitless after the fifth.

Wood appeared to be pitching under a severe strain. In the third he walked Covington, Bush, Corridon and Crawford in rapid succession. Then Krug dropped Cobb's pop fly which gave Detroit a total of three runs. Covington allowed but one scratch hit. Both he and Wood continually objected to the decisions of the umpires.

**Score:**  
Detroit.....000130000—4 4 2  
Boston.....003030000—3 7 2

## SOX WIN FAREWELL GAME

FROM THE SENATORS.

Chicago, Sept. 21.—Chicago bunched hits and won the first game of the farewell series with Washington, 6 to 1. Washington's lone run resulted from a base on a single and a sacrifice fly. Boehling, a recruit, pitched a good game. **R. H. E.**

## CALVERLY CUP

TROPHY CONTEST

Northland and Portage Lake

Teams to Compete for

Cup's Possession.

Play in the W. D. Calverly golf trophy series is scheduled for today on the links of the Northland Country club. The local team, comprising the best players of the club, is pitted against some of the stars of the Copper country. Should the Northland players win today's contest the cup will become the permanent property of the Duluth club. The match will be for 18 holes.

W. D. Calverly, whose interest in golf has resulted in the Calverly trophy, arrived with the Portage Lake players yesterday as the guest of honor of the Northland club. He will be an interested spectator of the match.

Following the play the visiting players will be the guests of the club at a dinner given at the Northland Country club. The dinner will be followed by music and dancing.

Following is the line-up of the two teams: Portage Lake—Byrne, Goodell, Fryer, Cairns, Winstler, Alexander, Moss, Nichols, Robinson, Zealand and Klesau. Duluth—Patrick, Cullum, Finckelstaed, Whyte, McLennan, Alexander, White, Bagley, Cullum, Jr., Mullen and Croze.

## CENTRAL READY

FOR THE ALUMNI

Central high school meets the alumni team today for the first game of the season. The contest will be interesting as one affording the followers of the team their first opportunity to look the new material over. With green material and a new coach in charge of the team, the school has considerable interest among the students of the pile of masonry on the hill to slip up the prospect.

The new rules will also be given their initial tryout here. The shortened field and the four downs have wrought changes in the rules that are bound to change the style of play materially. At Athletic park today the followers of the gridiron game will be given their first opportunity to size up the situation.

Following is the lineup of Central: Halves, Craswell, Harris; fullback, Brown; quarterback, Stevens or Kelly; center, Gorman; guards, Donnell, Flynn, tackles, Dunn, Frudden; ends, Du Moa, Lawrence.

## BASEBALL TITLE

TO BE DECIDED

The final baseball of the season comes tomorrow with the double-header between the Adams and Pittwells, the ancient aspirants for the city championship, and the Jeffersons and Sodality, these two teams being tied for the championship of the Duluth and Superior league.

For the game of tomorrow the Adams team will have its strongest lineup of the season. Many of the players have been out of the city during the greater part of the season but have returned and will represent the Three A organization in the contest of Sunday.

The Pittwells have been practicing faithfully for this game and are confident of being the winners of the 1912 city championship.

In the Jefferson-Sodality meeting there promises to be some of the best amateur baseball of the present season. Both of these teams have been fighting hard for the pennant in the Duluth and Superior league, the game of tomorrow entitling the winner to the flag.

The first game is scheduled to start at 1:30 and the second contest at 2 o'clock. The games tomorrow will bring to a close baseball in Duluth for the present season.

## PIRATES BREAK ALL

RECORDS FOR TRIPLES.

Pittsburgh, Pa., Sept. 21.—The Pittsburgh Pirates have established a new world's record for three-base hits and before the season ends will have set the record beyond where it reposes now. Last Thursday the team had 112 triples. On Friday, the 13th, Max Carey, poked out a three-sacker and on Saturday George Gibson added another, making the total to date 114. Baltimore in 1902 and Boston in 1905 each made 112 triples. Chief Wilson has made 35 of the total, just nine more than Buck Freeman made with the Washington team when he had 36 triples and 25 home runs. Lajoie of Cleveland holds the record in the American league with 46 triples in 1903.

## Sox Get Pitcher.

Chicago, Sept. 21.—Pitcher Woldring of the St. Joseph club in the Western league has been drafted by the Chicago American league club.

## GOVERNOR WILSON TALKS ON TARIFF AND TRUSTS

Real Issue of Campaign Is  
the High Cost of  
Living.

Leaders of Republican and  
Progressive Parties Are  
Dodging It.

Columbus, Ohio, Sept. 21.—Governor Wilson's 13-hour visit in Columbus yesterday was marked by the formal opening of the Democratic campaign in Ohio, a luncheon with Representative James M. Cox, the Democratic gubernatorial candidate and state leaders, and a series of speeches and receptions.

It was a strenuous whirlwind of the presidential nominee's first week of consecutive campaigning. As he started back to New York, N. J., last night, he said he was more than satisfied and pleased, both with the enthusiastic greetings he had received.

Enthusiasm in demonstration spread through the day's events. For the first time in his life, the governor said he saw what a political organization looked like. He saw the precinct organization, the county leaders, and the state executives, and with them, hundreds of co-workers, crowded Memorial hall and gave the nominee a high ovation.

From the moment the Democratic organization, the governor went to the chamber of commerce and addressed a meeting of educators from all parts of Ohio.

"I find this whole change of costume somewhat embarrassing," said the governor. "Just a few minutes ago I had to wear the costume of the politician. Now I have undergone a rapid change for which I am not prepared. No time behind the scenes, and resume my old garb as schoolmaster. I want to say to you, however, that after dealing with some college politicians, the new seem to be like amateurs. They haven't the same gift of making you look exactly what you are. They haven't the same subtle gift of the fine veneer of excellent phraseology."

**Attacks Tariff Board.** The candidate then addressed a meeting of several hundred people in the Memorial hall, the most spacious of the city's auditoriums. Governor Wilson presided. Outside there was an overflow meeting where the governor made another speech.

Senators Pomeroy of Ohio and Gore of Oklahoma and Representative Cox and the state leaders alternated between the two meetings.

**Introduced by Harmon.** Governor Wilson at the evening meeting, said:

"I have always hoped to live under a Democratic president and a Democratic governor at the same time. I am now confident we shall inaugurate a Democratic president next year."

Governor Wilson devoted his speech to the tariff and the trusts, which he called "the abandoned issues," but added to his prepared speech a reply to the recent argument of the Association of Locomotive Engineers, an efficient labor organization that had established itself long before the trusts became powerful.

**Analysis of "Big Business."** Governor Wilson's speech in greater part was devoted to high prices and their cause. He said the leaders of the Republican and Progressive parties were abandoning this issue which is the central one of the campaign.

An analysis of "big business" as assisted by the protective tariff was made by the speaker, who said in part:

"The leaders of the Republican party and the leaders of the third party have astonished the whole country by practically abandoning any serious attempt to meet the main issues of the campaign. The leaders of the third party, in particular, interest us anew every day by seeking new issues and shifting the ground of debate. At the outset they declared that the real issue of the present contest was the high cost of living, but they have laid less and less emphasis upon that, because they have seen that they cannot seriously attack that question without attacking the questions of the tariff and of the trusts in a very different way from that in which they are actually approaching them."

"Both the Republican party and the third party submit explicitly and ardently to the principle of protection. They admit that a government has a practice, that some duties are too high, that some extortions have resulted from some schedules of the tariff, but while they are ready to tin-

ker, they are not ready to alter in any essential particular the system by which special advantages and privileges in industry have been built up in this country. They stand for the system, and in their embarrassment declare that the tariff is not the cause of high prices, at any rate not the chief cause."

"They are very vague about what the chief cause is, because as a matter of fact the chief cause is the manipulation of prices by the trusts. And they are tender also towards the trusts. They know that the trusts practice monopoly, that monopoly was the object of the trusts, that they throw up their hands in despair when it is suggested that monopoly may be destroyed, and reply: No, it is very unfortunate, but it has come to stay. Business nowadays must be as it is. It can't be big in any one industry without controlling and control must mean mastery of the markets. This is the only way of efficiency, and we will not stand in the way of efficiency in modern business."

"The railroads, we all admit, are in their very nature monopolistic. We accepted that fact when we began to regulate them. Every economist knows the familiar proof that competition is not often feasible and is sometimes financially wasteful in the field of transportation, when railways have developed along the shortest and most serviceable lines; but they also know that this class of 'natural monopolies' is comparatively small, and that there is no analogy between the regulation of artificial monopoly created by deliberate combination and agreement, based not upon efficiency, upon control of a particular product and particular markets."

**Due to the Tariff.** "Prices have risen all over the world, but much faster and very much higher in high tariff countries, where monopoly was protected, than in low tariff countries, where competition excluded monopoly. And the chief cause of high prices in America is that the markets are controlled by trusts, which are controlled because the tariff screens them from the economic forces which establish prices in the markets of the world at large."

"No wonder, therefore, that the leaders of the Republican and Progressive parties are saying less and less about high prices. They dare not or will not go straight at the cause of high prices in this country, the trusts, which they propose Government regulation will shield monopoly as well as guide it, and regulation is not freedom."

"The net result is that both these parties have to intent and purpose abandoned the central issues of the campaign. The Democrats are bold enough and far sighted enough to see that they must tackle frankly and directly this question. Upon what principle shall tariff duties be laid, and by what means shall monopoly be prevented?"

"They understand the interests of the country as well as the gentlemen who have played Providence to those who stand for the trusts, and understand them, but they see them from another point of view, and they suspect this human Providence and distrust it."

"They see as clearly as anyone else

sees that business must in our day be done upon a great scale, but they know that there is a size which is natural and a size which is unnatural in business. The size which is unnatural is built up upon certain kinds of artificial means, certain kinds of practices, certain understandings with regard to control which are not efficiency. The right and wholesome kind of size comes from natural growth, from the development of a business managed with efficiency and economy, with a sort of statesmanlike knowledge of the necessities of the world, and that kind of size no wise or well informed man fears."

"Monopoly is always in the long run weak and inefficient, and the leaders of the Democratic party know perfectly well that they are serving the business interests of the country much better, much more intelligently, than the leaders of either of the other parties, because they mean so to regulate competition and free the conditions of business in this country as to substitute the efficient for the merely powerful. It is futile to stand for the causes of our present wrongs and weakly propose to control and moderate them, and yet that is all that our opponents suggest."

**Opposed to Partnership.** "They even propose to remedy the results by the very means by which they were produced, namely the partnership of the government in the management of big business. I, for my part, can never bring myself to accept the proposal that the government by regulation should act through the trusts for the people. The contact between the government and the people in such a case is too remote and indirect. This is no way in which to restore the confidence of the people. It is only a way in which to provide the people with new guardians, guardians interested above all things in making a profit out of their guardianship, a profit that is observed, as well as an economic profit. I wonder what the regulation of the trusts by the working men through the instrumentality of those who have been their most successful opponents."

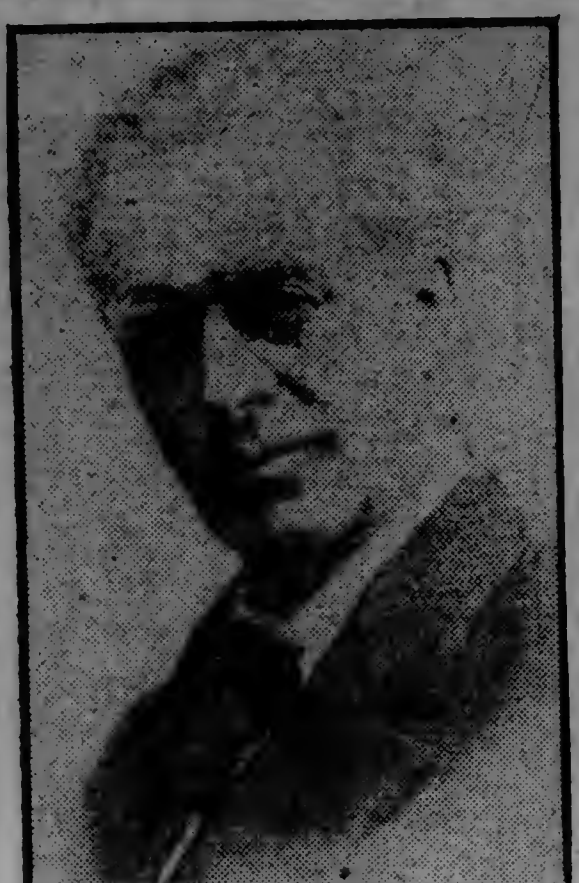

"For, after all, the attitude of government towards labor lies at the heart of almost everything that concerns us as a nation. A nation may be said to consist of those who do its daily labor, and America has always boasted that she was the home of free labor, that all were welcome to come to her shores and partake of her unbounded opportunities. Shall we substitute for this dream and ambition of ours a regime under which great regulated monopolies shall be forever the chief patrons of labor? Shall we not on the contrary, assist to set our laboring men free by placing them in a field of varied enterprise, controlled by no man by no set of men, by no government, where they can look ahead for opportunity and find where they can act as they please, within the limits of right and justice, in their own interest, where an economic democracy will make them feel that they have a vital part in everything that affects the enterprise and the hope of the success of the nation?"

"I, for one, shall not abandon this hope. For one, am confident that prosperity does not depend upon monopoly. I, for one, believe that with just a little intelligence, just a little courage, just enough indifference to special interests, a little imagination, a little courage, we can restore American life to the conditions of which we were once so proud. I am confident that we can again have a government which can serve all human purposes, which can make itself an instrument by which our life as a nation may be eased and ennobled."

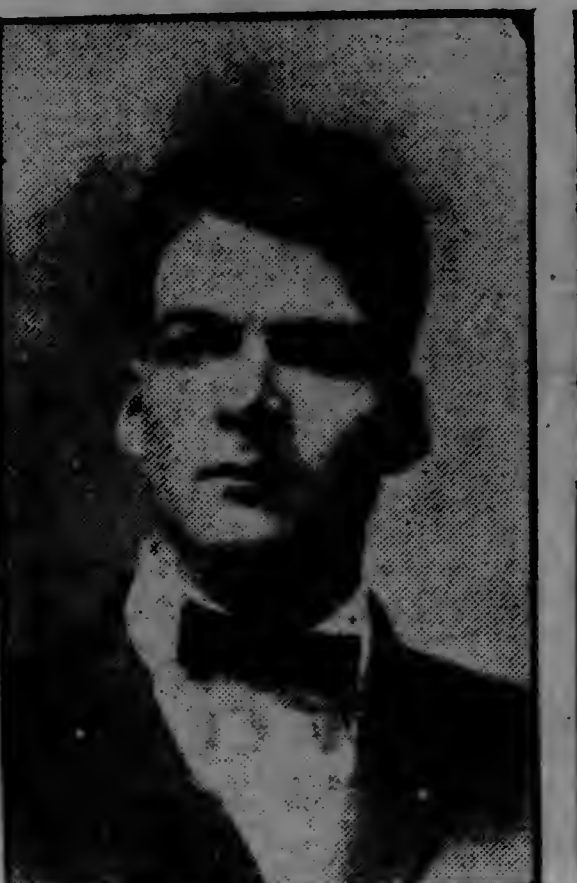

## CANDIDATES FOR CONGRESS NAMED BY VOTERS OF TWO PARTIES IN MINNESOTA PRIMARY ELECTION

JAMES A. MANAHAN,  
Minneapolis, Republican, At-Large.

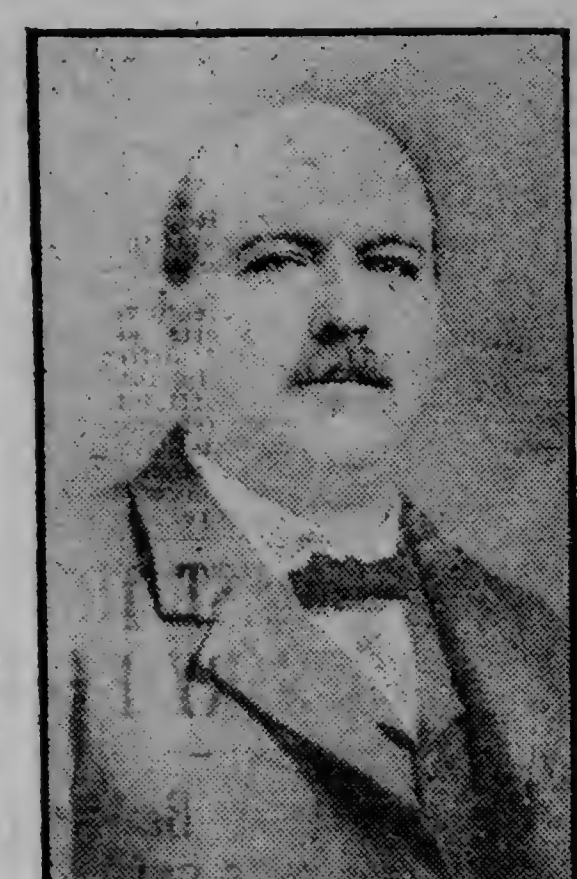

C. L. BUELL,  
St. Paul, Democrat, At-Large.

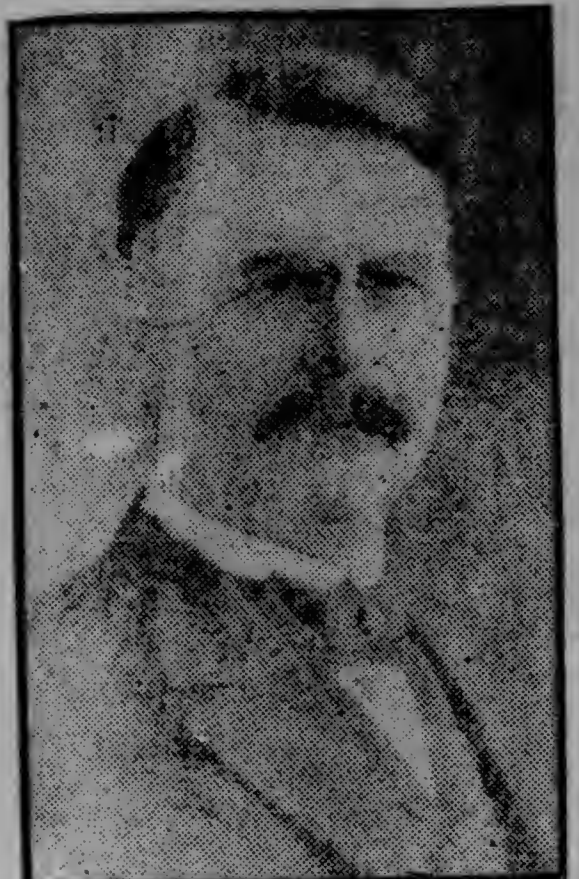

SYDNEY A. ANDERSON,  
Lanesboro, Republican, First District.

CLINTON ROBINSON,  
St. Charles, Democrat, First District.

W. S. HAMMOND,  
St. James, Democrat, Second District.

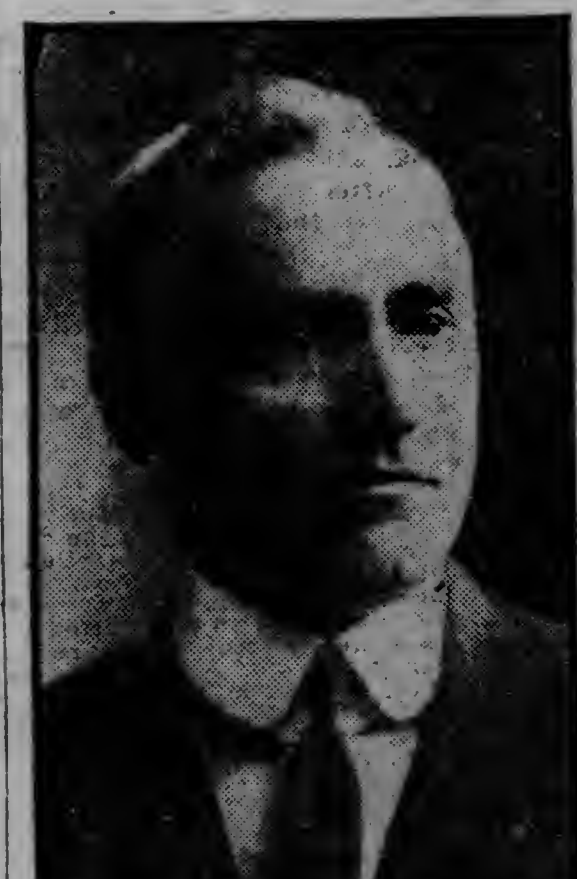

C. R. DAVIS,  
St. Peter, Republican, Third District.

FRANK L. GLOTZBACH,  
Faribault, Democrat, Third District.

F. C. STEVENS,  
St. Paul, Republican, Fourth District.

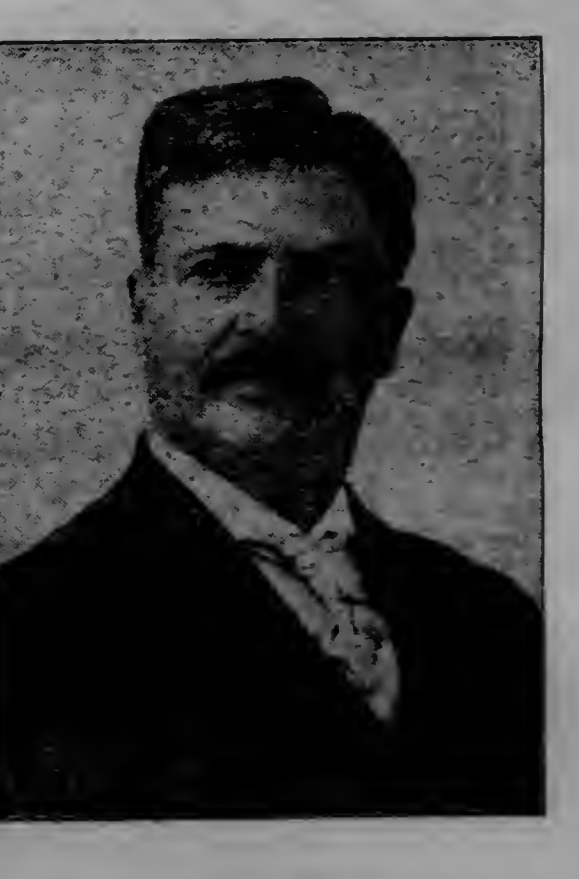

J. J. REGAN,  
St. Paul, Democrat, Fourth District.

G. R. SMITH,  
Minneapolis, Rep., Fifth District.

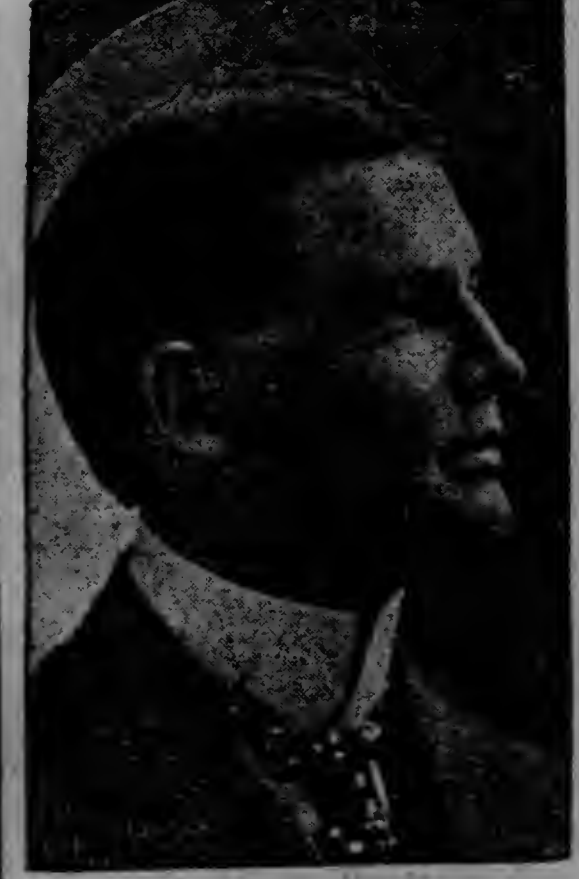

C. A. LINDBERGH,  
Little Falls, Republican, Sixth District.

DR. A. J. GILKINSON,  
Osakis, Democrat, Sixth District.

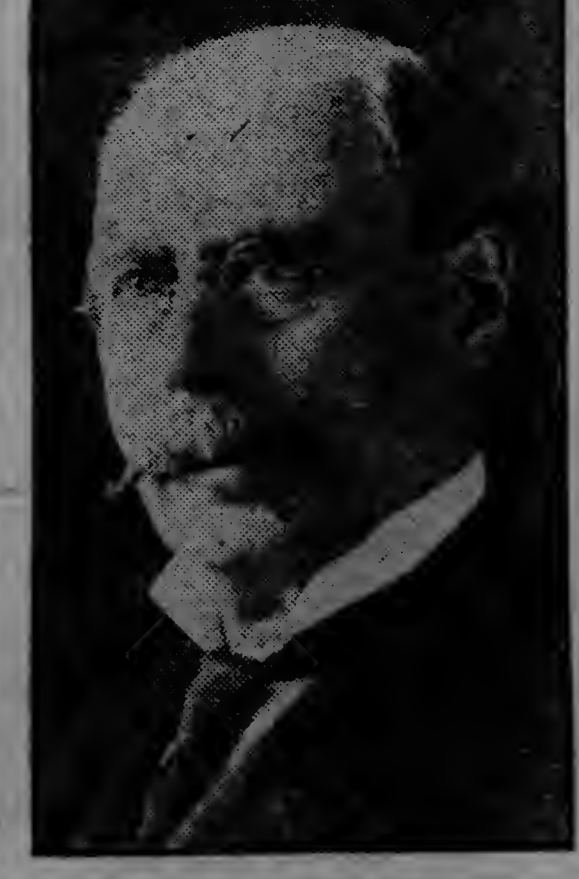

A. J. VOLSTEAD,  
Duluth, Republican, Eighth District.

C. B. MILLER,  
Duluth, Republican, Eighth District.

JOHN JENSWOLD, JR.,  
Duluth, Democrat, Eighth District.

HALVOR STEENERSON,  
Crookston, Republican, Ninth District.

## MINNESOTA POLITICS

P. V. Collins, "The Farmer's Friend," Original  
Roosevelt Man and Opponent of High-Heeled  
Shoes, Named for Governor By Bull-Moosers—  
Five Candidates on Regular Republican Ticket  
Indorsed—Ringdal Will Make Good Campaign.

**Collins Named for Governor.** The Minnesota Bull Moosers have announced to Adolph O. Eberhart, E. E. Smith and certain other victors at the recent primary election that they are not satisfied with Governor Eberhart as a candidate for governor.

The medium they have chosen for expressing their disaffection with the governor is P. V. Collins.

P. V. Collins, he it known, claims to be the original 1912 Roosevelt man in Minnesota. He was a candidate at large in the Republican convention in Minneapolis last May and was turned down cold.

He offered a place as elector-at-large, he indignantly refused to serve. He hobbled up again at the Roosevelt state convention in August and was selected as delegate-at-large to Chicago.

Mr. Collins also recently won fame by issuing an edict against the wearing of high-heeled shoes by girls working in the office of his farm paper. Women do not vote in Minnesota, so that fact will probably not work strongly against him.

Mr. Collins is of the militant brand of progressive. He believes in letting the world know his views. He dearly delights in the limelight. When the reciprocity pact was pending before the United States senate, Mr. Collins organized and led an army of Minnesota farmers to Washington to protest against the pact. The protest was very successful, and Mr. Collins has held it up against President Taft ever since.

Mr. Collins believes in himself. He has taken up the Minnesota farmer as a subject for his special protection and he works at the protecting him every week when his paper comes out, and through the circulation department during the intervals between publications.

His light will never be hidden under a bushel or even a cheese screen while Mr. Collins lives and breathes. He believes in publicity for himself and for those against whom his verbal and literary shafts are directed. With P. V. in the game, the campaign will be picturesque if not exciting. Mr. Collins will take the stump. He hasn't said he will, but will he will make a special appeal to the farmers and to the farmer following that will follow through thick and thin of the political contest. Undoubtedly the nomination for governor is to Mr. Collins' liking. He does like a fight, even when he loses.

**Three General Unsettled.** Attorney General Lyndon A. Smith, State Treasurer Walter J. Smith and Secretary of State Julius Schmah were three regular Republican nominees to come out unscathed after discussion by the committee of fifty. While nominally organization candidates, the three candidates are accepted by the committee, and there was never any likelihood of candidates being named against them.

The indorsement of J. A. Burnquist for lieutenant governor and James Manahan for congressman-at-large was to be expected. Manahan has never declared for Roosevelt, but he is known for his progressiveness.

George S. Loftus of Minneapolis, named for state railroad and was a house commissioner, is president of the Minnesota Progressive League, the La Follette organization. With Manahan on the regular Republican ticket and Loftus on the Bull Moose ticket the La Follette men are not without reward for their long loyalty.

The indorsement of Staples was a candidate for district delegate to the Republican convention in Minneapolis last May and is well known in the sixth district. He is an ardent Roosevelt man.

It will be necessary for the Roosevelt men to have petitions for each presidential elector and candidate for state office signed by 2,000 voters who did not participate in the primary election.

**Ringdal to Make Campaign.** P. M. Ringdal, who came to the state after a long vacation and campaign the state insures a contest for the governorship that will be worth watching. When Mr. Ringdal announced his candidacy he made it plain that he would make no campaign before the primary election and he held to the word. The only speech he made during the campaign was a non-political speech in Duluth on labor.

Now that the Democrats of the state have chosen him to head their ticket he intends to make a campaign. Mr. Ringdal will make a good campaign. His views are right in line with progressive thought in both parties. He has a record of accomplishment to back up his campaign statements. He has never exhibited the weakness that has characterized Governor Eberhart's administration and has never dodged an issue. The Democratic party could probably not have chosen a stronger candidate within its ranks. With P. V. Collins fighting for the farm vote, Ringdal making a identified appeal for progressive support, Governor Eberhart will be in a ticklish position.

Looks right now as though Ringdal has an advantage, for Eberhart has solved little more than a third of his party's vote in the primary election and is an extremely unpopular candidate.

**Embarrassing Situation.** Hugh T. Halbert, chairman of the Roosevelt committee of fifty, yesterday sent out telegrams asking the Republican nominees for congress whether they would support the Progressive platform and the Progressive candidate for president.

The Roosevelt committee has been surprised to find that many of the Republican nominees have not answered the telegrams. The committee has evidently decided to make the congressional candidates fight or cut bait. Anderson in the First, Ellsworth in the Second, Davis in the Third, Lindbergh in the Sixth and Steenerson in the Ninth have been supporters of Roosevelt or have had leanings that way. Stevens in the Fourth and Smith in the Fifth, Volstead in the Seventh and Miller in the Eighth have been on the fence.

The results of Mr. Halbert's inquiry will be interesting. Presumably candidates who fail to declare for Roosevelt will be threatened with opposition. The Taft men may adopt the same course, thus making the life of a congressional nominee anything but a round of pleasure.

The contest between P. H. McGarry of Walker and C. H. Mahns of Moose Lake for the nomination for the legislature in the Fifty-second district is a close one. Unofficial reports are confused, some declaring that McGarry is nominated and other giving the nomination to Mahns. The official count may be required to settle the contest.

**HOW PRICES ARE KEPT UP**  
(Continued from page 1.)

If the principles of the patent laws are applied to the case of the farmer and the grocer, the latter who perhaps might be unable to sell his perishable product at the market price would be subject to prosecution by the farmer if he sold at a lower price.

**Shows Effect of the Law.** The foregoing is just a homely example of the effect of the patent laws according to Mr. Oldfield. He points out that the vendor of a quart of milk put up in a patented bottle or a pound of butter inclosed in a patented box has the same authority to

dictate the price at which the product shall be ultimately sold. In other words, after he has sold his commodity to the retailer and has his money in payment he still retains his right to say what the retailer shall charge.

Mr. Oldfield is heavy-set, square-jawed and is just 38 years old. He came to congress three years ago. He frankly admits that if you had talked to him about the operation of the patent laws before he left Arkansas, he would not have understood half of what you said but now it is different.

"The more I studied the subject, the more I was astonished at the unfairness of the existing laws," he says. "With the aid of other members of the patent committee, I prepared a bill to revise the patent provisions. Introduced it at the last session and expect to see it enacted into law at the coming session. The manufacturers are fighting the bill, but when the consumers find out how they are reached by the present laws they will make their protests felt. There are three laws of evils incident to the use of the patent right under the existing laws, first, the vendor of an article fixes the price at which it must be resold to the public; second, vendors are enabled to put up patented articles unless used in connection with other unpatented articles purchased from them; and third, owners of patents suppress them or prohibit their use in order to protect their patents with other patented or unpatented articles sold by them. To my mind, there is something abhorrent in the

ability of a vendor of a patented article to fix the price at which it must be sold. Instances of this kind were cited before our committee.

**How Prices Are Kept Up.** "I am morally certain a popular safety razor which sells for \$5 at retail is manufactured at a cost not exceeding 50 or 75 cents at the outside. A certain dollar watch is manufactured for 25 cents. I doubt if one woman in a hundred knows she is affected by corset patents. The corset manufacturer keeps up the price by forbidding the retailer to sell below the rate he fixes. The corsets sell for \$5 must be resold for \$8; those he sells for \$6, resell for \$10, and if the retailer dares cut the price, the manufacturer can sue him for infringement and recover. The vendor of a food product, put up in a patented box, can dictate the retail price of that food."

"Another instance of the unfairness of the present patent laws is testified before the committee, told of by buying phonographs and records from a company from which he made the purchase. He was informed it would take the records from him at a rate of 5 cents each. He decided to let the

records rest before he would sell them back at that rate.

**Other Illustrations.** "A shoe machinery trust forces its customers to use certain tacks and nails and auxiliary machines on which the patents have run out. A harvester trust forces farmers who use its machines to use its binding twine. If they use another sort of twine, the trust can prosecute them for infringement."

"I want the sale and purchase of a patented article to be contractable, in case of dispute by the state courts," said Mr. Oldfield. "At present, all patent cases are tried by the federal courts, each circuit court of appeals being its own court of last resort. Decisions now are frequently in conflict. A patent may be granted in California and worthless in Massachusetts. Our bill makes every patent stand on its own merits and does not permit the vendor to dictate the use of unpatented auxiliary articles. Under the bill, an inventor may get out a patent and keep his article off the

market forever; but the manufacturer cannot do this. This is one of the strongest elements of protection for the inventor. The inventor's market will naturally be enlarged under the bill, for by breaking up the monopolistic privileges existing, the competition will be keener."

**JOHNSON SAYS TAFT WILL BE THIRD IN RACE.**

Cincinnati, Ohio, Sept. 21.—Governor Johnson entered the home city of President Taft tonight and told his fellow townsmen that the nation's chief executive will run third in the coming election.

"Each day," said the vice presidential candidate, "it becomes more evident to me that Mr. Taft is entirely eliminated from this fight. I now have visited eighteen states and everywhere the sentiment is the same. I think he will finish third."

Up to either phone when you want printing or binding—We'll do the rest

"Rush Orders a Pleasure" 112 West First Street

## AT THE LYCEUM

Laden with the spoils of two theatrical seasons and the victor in hundreds of encounters with critics and audiences North, East, South and West, "The Chocolate Soldier," Oscar Strauss' peerless musical version of George Bernard Shaw's "Arms and the Man," and the Whitney Opera company of chocolate soldiers and revolvers, will march into this city on Monday and Tuesday nights to gain the allegiance of the theatergoers of Duluth with the blandishments of their songs and the charms of their adventures.

Coming unheralded from Europe two years ago, "The Chocolate Soldier" gained an instantaneous victory over the hearts of theatergoers weary of the worldliness of cheap musical shows, redeemed the cause of light opera in this country, and is still dominating its rapturous melodies far and wide throughout the land. The fortune and misfortune of the warrior who lives on chocolate drops makes him the hero of the play. The action, which is the theme of the libretto, while the scenes change constantly in mood to reflect and interpret the dramatic situation, is a story of the "Chocolate Soldier" and the misadventures of the surrounding world. The play is a masterpiece of the art of the dramatist, and the music is a masterpiece of the art of the composer.

Every embellishment, every elegance of detail that could add to the vividness and picturesqueness of the scenes has been included in the production by Mr. Whitney. A special orchestra of picked musicians accompanies the organization to negotiate the intricacies of the score. The cast of characters includes Rena Vivienne, Clara Fisher, Nedra Winters, Charles Russell, J. Russell Powell, Oliver Randolph, Sylvan Langston, J. F. McDonough and George Ogilvie.

The recent tour around the world by Sousa and his band was unique in more ways than one. The seasons of the year, for instance, included five winters. They sailed from New York in December, and were about nine weeks in Great Britain during the British winter, then crossed to Africa and had four weeks' experience with the African cold waves. After a cold and hasty crossing to Cape Town to Hobart, Tasmania, they wished for spring, but were obliged to put up with more winter when they crossed over to Australia and spent many winter weeks in the four provinces of that continent, South Australia, Victoria, New South Wales and Queensland. The next voyage took them to New Zealand, where they spent the month of August, the coldest time of the year there and the last lap by water brought them back to the United States on the "Albatross."

## AT THE ORPHEUM

One of the delightful musical comedies of the Orpheum stage will be the feature act next week at this place, "California," one of the most popular of such acts sent out on the circuit, will be offered for the pleasure of Duluth theatergoers. "California" is an American operetta, written by Cecil de Mille, who has written many dramatic successes. The score is composed by Robert Hood Bowers and the lyrics that embellish the little comedy are by Grant Stewart, whose verses have brightened many a Broadway production.

The story deals with the pioneer days of the Far Western state whose name its bears and the little piece is well staged, well acted and well sung. There are comedy and excitement, clever lyrics, pleasing music and a handsome production to please. A company of sixteen members presents "California," and among them are Leslie Leigh, Harry L. Griffith and Austin Stewart.

A fellow of infinite jest is the label that attaches to James J. Morton, who will appear on the bill in a monologue that has given delight in many vaudeville theaters throughout the circuit. Without the aid of costume or the accessories that compel instant attention, a monologue must have real merit to catch and interest the attention of an inattentive audience. A vivid personality and humor that appeals to the varying degrees of the typical audience must be a pit in the stock in trade of the successful monologue artist. These qualities are possessed to a degree by Mr. Morton and the merit that accompanies the presentation of his act is proof of his industry.

Schichtl's Royal Marionettes are playing a return engagement on the Orpheum circuit. Their foreign contracts made their previous American tour a very brief one and the first possible return engagement was at this time. Mr. Schichtl's little wooden figures which he brings to life with his marionette, are a real treat to the audience. The act is presented on a miniature stage with the marionettes as the actors.

Stein, Hume and Thomas are known as the melodious merry-makers and in their tenor, baritone and bass solos they give pleasure as musicians as well as actors. The fun making of their act is not the least popular feature of it. A comedy song "Play a Piece for Papa on the Piccolo" is a dashing selection and a travesty on "Il Trovatore" is a delicious climax to the act.

The Chambermaid and the Bell Hop is the name of a single and dancing sketch to be presented by Tommy Kelly and Maudie Fulton, two of the smartest dancers and comedians of the act. A most attractive feature of the act is the shadow and the reflection by light of the audience. In this brilliant little vaudeville, comedy and cleverness are combined in this bright little vaudeville setting for a contortion plan.

Night on Crocodile Isle is a remarkable setting for a contortion plan. Night on Crocodile Isle is a remarkable setting for a contortion plan. Night on Crocodile Isle is a remarkable setting for a contortion plan.

Prices Sundays and Holidays, 10c and 20c.

tomine presented by the Aitken-Whitman trio. The setting is a bit of the Everglades and the performers appear as masters of the land. Humans with-

## AT THE EMPRESS

For the week commencing Sunday matinee, the patrons of the Empress are promised another vaudeville and picture program of sterling merit. The theater-going public has been astonished at the excellence of the shows which have been presented at the Empress during the past few months, and it is impossible to keep up the present standard at the low rate of admission charged, but each week sees the program becoming stronger instead of weaker.

The art of jugglery, like all other lines of entertainment has made vast strides during the past few years and feats which a few years ago would be considered marvellous are now commonplace and hardly attract notice. Consequently, the present day jugglers are constantly inventing new and more bewildering feats, and in the first rank will be one of the main features with next week's show. This trio is billed as "America's Foremost Class Manipulators," and those who attend the Empress during the coming week are promised a treat in this line. A great many vaudevillians do not care for juggling, but in other cities it is this class of people who were the most enthusiastic about the performance of the Tabor, and those who heretofore were bored by the mere mention of a juggling act, will find it a most interesting form of entertainment. The New York World said of this attraction: "A special feature in the novel juggling line is offered by the Three Throwing Tabor, who are billed as a high water mark for effective juggling. They not only perform extraordinary feats with remarkable swiftness, but their work is characterized for its accuracy. Graceful as well as marvellously skilled, it is indeed a pleasure to witness their performance. They keep their clubs whirling in bewildering speed and work so deftly that they create excitement as well as admiration. They introduce several original and novel feats which keep their

All that glorious profusion of color in nature which has hitherto eluded photographers will be reproduced by the city of Paris in every detail each scene is a perfect and accurate transcription of nature in color as well as in form and motion.

Whaling, the burial of the Maine, the bee industry, a thrilling act between a hydroplane and an 800-horse power motor boat in the harbor of Monaco and an exciting adventure with a ferocious lion are only a few of the other features on a program that is entirely new and exciting. It is a most interesting and educational study of the life of the world, and it is in defiance of the wide demand that he offers his patrons another opportunity to peer into one of nature's greatest secrets.

LESLIE LEIGH, With the Musical Comedy, "California," at the Orpheum Next Week.

out a bone apparent is the appearance to the audience and the most difficult feat is accomplished. The stage setting is a most pretentious one and makes a novel frame for the act. Winslow and Stryker appear as a saucy soubrette and an elongated eccentric Frenchman appear in a rather shading novelty that is graceful in the extreme and has a ripple of comedy floating over it. The skating acts are accomplished with grace and ease.

The world's event pictured by the kinodrome will be a feature as usual and the Orpheum concert orchestra numbers will be given as usual. The first performance of the week's bill will be given Sunday afternoon, and the bill will be repeated every afternoon and evening during the week.

audience on edge and win for them instant favor.

Gordon and Perry will offer a singing and acrobatic dancing specialty which is said to be brimful of vim and pleasing surprises. This team is one of the best known singing and dancing teams in vaudeville and are known to get away from the hackneyed conventional routine so common to teams of this nature. Their offering is always bright and original, and there is always a bright spot on any bill on which they appear. Lovers of coal dancing will take delight in Mr. Gordon, an acrobatic dancer. Mr. Gordon is brimful of originality and has created several different styles of acrobatic dancing. Mr. Gordon is a beautiful soprano voice, and a knowledge of the brand of entertainment desired by vaudeville audiences.

One of the most novel bits of entertainment of the present season will be offered by Elena, who will present a number of cowboy and Indian character songs in costume. Elena is a product of the West and is thoroughly conversant with the habits and costumes of the genuine Indians and cowboys and she uses her knowledge to excellent advantage in the presentation of her turn. The Milwaukee Sentinel said of her: "Distinctly different from anything seen here this season is the offering of Elena. Garbed in picturesque cowboy and Indian costumes, this charming Elena introduces several pleasing vocal numbers. Blended with a beautiful soprano voice and knowing how to dress the part which she portrays, Elena was an instant favorite and was forced to respond to several encores."

The film offering for the week will be up to the usual standard of excellence set by the pictures shown in the past and will include the latest Vitagraph release, "The Higher Merit." This is one of the most popular of the graph dramas of recent months, and is said to be portrayed in an exceptional manner. Its story is a gripping one and commands attention from start to finish. It remains for the Esplanade company to offer the comedy film for the week, and in the roaring comedy subject, "Billy McGrath and His Love Letters," the patrons of the Empress are expected to enjoy plenty of hearty

RENA VIVIENNE, Coming to the Lyceum.

highest bidder at the Anderson art galleries, 284 Madison avenue, New York, late in November. Seventy-six lots will be sold, including one old portrait of theatrical celebrities. Among these are David Garrick, by Sir Joshua Reynolds; Kitty Clive, by Sir Joshua Reynolds; Neil Gwynn, by Sir Peter Lely; and portraits of Mrs. Clibber, Mrs. Siddons, Peg Worthington, George Frederick Cook, James Wallack, John McCullough, Charles Fisher, Charlotte Cushman, Duse, Von Posart, the German Italian, Ada Rehan, Clara Fisher Maeder, John Drew, Lester Wallack, Edwin Booth and many others. Among the other items in the collection are old play bills such as a David Garrick bill of Drury Lane, Dec. 18, 1756, old spinets, harpsichords, draperies, etc. This sale, one of the really notable ones scheduled in New York for the coming season, recalls the sale of the late Mr. Daly's books in 1900, which realized about \$200,000 and attracted collectors, professionals and amateurs, from all parts of the world. The present sale is made by order of Kilw & Bringer, who purchased the collection shortly after Mr. Daly's death.

William Collier is to appear this season in "Never Say Die," a new comedy, and among the other items in the collection of the late Mr. Daly's books is a collection of old play bills such as a David Garrick bill of Drury Lane, Dec. 18, 1756, old spinets, harpsichords, draperies, etc. This sale, one of the really notable ones scheduled in New York for the coming season, recalls the sale of the late Mr. Daly's books in 1900, which realized about \$200,000 and attracted collectors, professionals and amateurs, from all parts of the world. The present sale is made by order of Kilw & Bringer, who purchased the collection shortly after Mr. Daly's death.

George Edwards will produce another musical comedy at the Gaiety in London, within the next few days. The title may be "The Dancing Mistress," and Miss Gertrude Millie will play the lead. The cast is settled upon and includes several names well known over here. The musical comedy, "The Dancing Mistress," will be produced by George Edwards, who has produced several successful musical comedies in London.

The American adaptation of a German farce with music, originally called "Polnische Wirtschaft," and rendered in English by "Polish Wedding," was tried out by Colman & Harris in Syracuse. The reception was so favorable that it was decided to produce it in New York. The cast is settled upon and includes several names well known over here. The musical comedy, "The Polish Wedding," will be produced by Colman & Harris.

Arnold Daly has a new comedy this season called "The Wedding Journey." It is a new comedy, and it is said to have its first production in Boston during the coming week.

At last the science of eugenics is to be staged. The author of the new science, who decided that this newest science would form the basis of a first class modern farce, so he has produced an entertaining comedy, entitled "A Man's Way." It is said to be a first class modern farce, and it is said to be a first class modern farce.

Mr. Buchanan has treated the world to a scientific child raising from both a serious and a farcical standpoint, but it is declared that his inspiration may have come from the "pure food child" of Dr. Wiley, the original scientific food taster at Washington, his story is in no sense a dramatization of that particular incident. It will be remembered that Dr. Wiley advanced many theories about how a child should be raised, and even announced the prospective marriage of his boy when the infant was only three days old. Mr. Buchanan is said to have written a hilariously funny comedy, dealing with this infant industry.

The effervescent Emma Trentline is to be seen in a new opera, by Robert Frim, this season. It is called "The Firefly."

William Rock and Maude Fulton, of the well known vaudeville team, of Rock and Fulton, are to separate. Each is to go an independent way. The split is said to be due to the fact that both desire to enter the legitimate, and that it will be easier to do it singly than as a team.

Adela Ritchie is to go back to vaudeville this season, and has been booked for a lengthy tour.

A dramatization of Victoria Cross's sensational novel, "Lita's Shop Window," has been presented for a tour of the Stair & Haylin circuit. It proved to be a mild sort of an affair, and nothing more than a conventional melodrama.

Gaby Deslys has written Mr. J. J. Shubert that upon the conclusion of her present engagement at the Palace, London, she will rest until her departure for America. Gaby will be starred this season in "Vera Violetta." Boston will be the first city out of New York which Gaby and the Winter Garden company will visit.

A called dispatch from Mrs. Langtry, the powers of the United States Booking offices brings the request that in the future she shall not be referred to as Lily Langtry or the Jersey Lily. It is her desire to be known either as Mrs. Langtry or Lady De Essex. Mrs. Langtry will begin her American tour in vaudeville Sept. 30, presenting a sketch dealing with woman's suffrage called "For the Cause."

Fritz Scheff, in her new comic opera, "The Love Wager," opens in Baltimore tomorrow night.

## IT LOOKED SCARY FOR A MOMENT

By C. L. SHERMAN

THE QUESTION ISN'T SO MUCH AS TO HOW I GOT UP HERE—BUT HOW AM I GOING TO GET DOWN.

THAT DULL SICKENING THUD, STUFF DOESN'T MAKE ANY HIT WITH ME.

BUT CHEER UP, FOLKS—LEAVE IT TO ME—YOU SEE YOU'VE BEEN LOOKING AT THIS STRIP—

BOO-HOO I WANT A NAME

I'LL CALL YOU SOMETHING SOON.

## 2 NEGOTIABLE BONES FOR A NAME

Among the suggestions received today is the following: "Why not call the new pup 'Reckless' because of his 'rashness'?" Signed—Sarajane Cole, 115 Williams Blvd., Springfield, Ills. Sorry Sarajane, those are not rash, those are birthmark. Try again.

SHERMAN—  
Custodian of the Cuckoo.

## TWENTY YEARS AGO

Taken From the Columns of The Herald of This Date, 1892.

A colored K. of P. lodge was established last evening by Supreme Deputy Chancellor F. D. Parker of St. Paul, the six knight degree being conferred. The following officers were installed: C. W. Dorsey, P. C.; W. Gray, C. C.; E. W. Hubbard, V. C.; P. W. Scott, prelate; R. Hall, K. of R. and S.; W. Austin, M. E.; P. P. Thornton, M. of B. E. Lane, M. of G. J. W. Mack, L. G.; J. E. Statum, O. G.

The bids for dredging the channel in St. Louis bay and St. Louis river were opened yesterday by Capt. Elsie Williams. Daugherty & Upham were the lowest bidders. The estimate of cost is \$52,500.

The Superior Leader says that J. J. Wemyss, W. R. Fanning, J. L. Osborne and David Buchanan of Duluth met at the West Superior hotel last night and practically completed arrangements for starting another whole sale grocery house in Superior. The capital stock of \$150,000 is all subscribed, considerable being taken by Duluth people.

Officer M. L. Roche of West Duluth has returned from Independence, Iowa, where he attended the state fair. Nearly 3,000 people visited the driving park at Woodland yesterday afternoon and the opening day of the fair was far more successful than the management expected. Only one race was finished, as the events were not

started until 3:30 p. m., owing to the slow car service delaying the people.

Miss Margaret Woods and Miss Berry of Washington, D. C., who have been spending the summer months in West Duluth, left yesterday for their home.

Mr. and Mrs. O. H. Hagenson of West Duluth have gone to Minneapolis for a few days' visit.

R. M. Todd and wife of Minneapolis are here today. Mr. Todd will erect a flour mill at Superior.

Clossin M. Akine and Mabel H. Colquhoun were licensed to wed this morning.

Mrs. George W. Horton and her two sons, formerly of Mayville, N. D., have arrived at the St. Louis hotel and leave this evening for Portland, Me.

Mrs. W. J. Purcell, Miss Gilly and Miss A. E. Newsome of Port Arthur arrived yesterday by the Cambria and are the guests of Mrs. B. Wood of 1127 West Second street.

Mr. and Mrs. Hiram Pierce, who have been visiting G. S. Bowen here, leave this evening for Portland, Me.

F. W. McManus of West Duluth has returned from Carlton, where he has been working all summer.

## THE PEOPLE'S CAMPAIGN FUND

## A PEOPLE'S CAMPAIGN FUND FOR A PEOPLE'S PRESIDENT

## SUBSCRIPTIONS RECEIVED AT THE HERALD OFFICE, DULUTH

The primary campaign and the confusion in the results have undoubtedly distracted attention from the presidential fund. The Wilson campaign fund has not been growing during the last few days.

Although the presidential campaign has not really started in Minnesota, it is not the case in other states. The campaign has been on for many weeks in some parts of the United States, and the national committees have been called upon to spend money in organization and other campaign requirements.

Woodrow Wilson has a very small campaign fund at present.

Much more money will be needed for the Democratic campaign cannot be carried out on the lines contemplated. Progressive citizens must be awakened and furnish money for the campaign. A great national campaign fund can be raised in a few days.

Every man who is interested in the triumph of progressive principles should feel it his duty to contribute to the Woodrow Wilson campaign fund.

It is a "People's Campaign Fund for a People's President." Woodrow Wilson will not be a president of any class or of any interest other than the interest of the whole people.

He is keeping himself free of all alliances and entanglements of all kinds, and he is giving his whole attention to the interests of the people.

The money is needed now. Next month or next year, it will be too late. The people do not grasp this opportunity of electing a president of the people, and they are not contributing.

Contributions will be acknowledged by publication in The Herald, and each contributor will receive a handsome engraved receipt suitable for framing.

Checks should be made payable to "Wilson Campaign Fund, Herald Office, Duluth, Minn."

## THE BULL MOOSE IN KANSAS

By SAVOYARD.

In a political way Kansas has ever been the most turbulent of the states. The war between the North and the South began between her borders. She was the first born of the Republican party. She was the first commonwealth to give 100,000 majority for a candidate that faith. It was in Kansas that the O. P. attained its zenith. We find it in Holy Writ that as Elijah passed by him and cast his mantle upon him. And so your pious Kansas Republican has it that the mantle of old John Brown descended upon Abraham Lincoln and thus made him a captain for Armageddon. It is pretty tough on old Abe, but as it came out of Kansas it must be accepted. The same as Gospel, or a little sinner, by all orthodox Republicans, who are not very strong on any other matter.

Well, there is a grievous schism in the O. P., and it began in the state of Jim Lane and "Subsidy Rom," of Kate Bender and Will Allen White. Col. Theodore Roosevelt, who has all the honors from the Republican party it had to bestow, all any true man would give their robes to the flame, and their flesh to the eagles."

And the thing they did—invincible clan that it was.

Now the Bull Moose outfit in Kansas have robbed the Taft men of name. They will not allow a Taft man to vote in politics. But the Bull Moose outfit in Kansas have robbed the Taft men of name.

A large majority of the Kansas Republicans followed Roosevelt, but they reject the name he gave the new organization. Their platform is the

eight commandment, and yet this Kansas set, that pretend to be fit to lead in Armageddon, lay violent hands on the party paraphernalia, take it and carry it away, and so arrange it that thousands of Kansas Republicans cannot vote for their party candidate, Mr. Taft, at all.

There was and yet survives, a Highland clan in Scotland—the MacGregors. They were a political conflict in that country, virulent enough—almost—to the point of bloodshed. The MacGregors were a sort of honest folk in case of political turmoil, and the conquerors sorely oppressed them. So vindictive were the authorities that they made a law that no one in Scotland should bear the name MacGregor, and the thing enforced, cruelly executed, resulting in the massacre of many of the tribe. But they were brave men, and their blood made them heroic. Walter Scott makes the chief of the MacGregors say: "My foot is on my native heath, and I will stand by it, and I will stand by it."

Now the Bull Moose outfit in Kansas have robbed the Taft men of name. They will not allow a Taft man to vote in politics. But the Bull Moose outfit in Kansas have robbed the Taft men of name.

A large majority of the Kansas Republicans followed Roosevelt, but they reject the name he gave the new organization. Their platform is the

eight commandment, and yet this Kansas set, that pretend to be fit to lead in Armageddon, lay violent hands on the party paraphernalia, take it and carry it away, and so arrange it that thousands of Kansas Republicans cannot vote for their party candidate, Mr. Taft, at all.

There was and yet survives, a Highland clan in Scotland—the MacGregors. They were a political conflict in that country, virulent enough—almost—to the point of bloodshed. The MacGregors were a sort of honest folk in case of political turmoil, and the conquerors sorely oppressed them. So vindictive were the authorities that they made a law that no one in Scotland should bear the name MacGregor, and the thing enforced, cruelly executed, resulting in the massacre of many of the tribe. But they were brave men, and their blood made them heroic. Walter Scott makes the chief of the MacGregors say: "My foot is on my native heath, and I will stand by it, and I will stand by it."

of New York, who have become famous for the wonderful things they have done for boys and girls. Mrs. Wade tells the story of their lives, of their childhood days, of struggles they had carrying out their plans, and the final successes of the real wonder workers. An admirable book for young people.

THE BUNNIES—BUNNIES AND THE MOON KING. By Edith B. Davidson. Author of many charming child tales. Illustrated. Boston: Little, Brown & Co. 50 cents net.

The announcement that there is a third book about the "Bunnies and the Moon King" will be pleasant news to the little folk who have enjoyed the first two. This book tells how Mr. Bunnies took a trip with his friend, Mr. Gray, to the moon and back.

THE WOMAN—By Albert Payson Terhune. Founded on the play by William C. De Mille, Indianapolis. The Bobbs-Merrill Company, \$1.25.

It is no small task for an author to take a play and turn it into a story, and the Bobbs-Merrill Company has done a splendid job in this case. The "Woman" is a story of a woman's life, and it is a story of a woman's life.

The September Sports Afield contains many articles of unusual and general interest. S. D. Barnes, in an article, "The Sports Afield," tells of his experiences in the woods and fields.

THE SECRET OF LONESOME COVE. By Samuel Hopkins Adams. Indianapolis. The Bobbs-Merrill Company, \$1.25.

It is a story from start to finish. It is ingeniously devised, excitingly told, and calculated to keep the reader up to the very end. What is more, it is a story of a woman's life, and it is a story of a woman's life.

## YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores.

Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

**MONDAY**—Mrs. D. H. Day will be hostess at the country club.

**TUESDAY**—Ladies' literature class will hold preliminary meeting at library board room.

**WEDNESDAY**—Open house in evening at Young Women's Christian association, to which public is cordially invited. Mrs. E. C. Bradley will give bridge party. Mrs. D. H. Day will give second bridge party at country club. Company C will hold first dance of year at Armory.

**THURSDAY**—Dinner dance at country club. Mrs. E. C. Bradley will give bridge party.

**FRIDAY**—Informal affairs for visitors.

**SATURDAY**—Last boat club dance of season at Oakes and main houses of club.

Receptions for Mrs. J. L. Washburn given by the women's council yesterday afternoon and for Edward J. Ward by the women's suffrage association this afternoon were perhaps the two special events of interest in Duluth circles this week. Many similar affairs have been given for visitors, and departing college people and pre-nuptial affairs have claimed the interest of many.

Several weddings of interest are planned for the near future which will be preceded by parties and showers and several large bridge parties will be given next week at homes and at the country club.

The boat club dances this evening and next Saturday will probably be well attended, as they are the last of the season, and the members are anxious to enjoy the use of the club while the weather continues warm enough to make the dancing in unheated halls comfortable.

### Events Planned

Mrs. D. H. Day has invited guests for two bridge parties Monday and Wednesday afternoons of next week at the Northland Country club.

### Engagements

Mr. and Mrs. Daniel T. Helm of 2429 East Second street announce the engagement of their daughter, Cora Belle, to William J. Scott of New York.

### Weddings

A pretty wedding took place Monday morning when Miss Marie Nicholson became the bride of Vincent Burdush at St. James church. Rev. Father Lynch officiated. The bride was attended by Miss Stella Harvey and the best man was Paul Burdush. Miss Evelyn Hale played the wedding music. The bride wore a gown of crepe de chene and carried a bouquet of roses and lilies of the valley.

Miss Harvey's gown was white bordered chiffon over pale blue messaline and she carried pink sweet peas. Following the ceremony a wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. Nicholson, only relatives and immediate friends attending. The home was tastefully decorated with autumn leaves, sweet peas, red hearts and bells.

Mr. and Mrs. Burdush left on the noon train for the Twin Cities, Stillwater and William, where they will spend their honeymoon. They will be at home at 311 East Fifth street after Oct. 15.

## HIGH SCHOOL STUDENTS ARE NOW SERVED WITH A WARM LUNCH AT LOW COST

THE HIGH SCHOOL LUNCH ROOM.

A visit to the lunch room of the high school is most surprising in the excellence of service and food given to the students at the noon hour and the students themselves seem to appreciate this fact, for the lunch room is patronized by about 200 each noon.

The force in the kitchen under the direction of Mrs. Marsh has everything in readiness at 12 o'clock and the 200 students are served between that time and 12:30 when the room is practically emptied.

The lunches are varied and tempting and offer wholesome and attractive mid-day meal instead of the cold in-digestible producing box lunch. Everything on the bill of fare, from a nutritious broth, baked beans, meat and potatoes, sandwiches, salads, doughnuts, cake, pie, ice cream and tea, coffee, cocoa, milk is 5 cents an order and everything, with the exception of the ice cream, is cooked or made in the high school kitchen under the supervision of Mrs. Marsh herself.

Served in a nice bright dining room with freshly polished tables and cooking in a kitchen, spotless and convenient, the lunches have an attraction which adds much to their enjoyment. Many of the students take most of their own lunch, getting some warm dish or drink at the lunch room and eating it there.

Members of one club of girls eat their lunches together each day and take turns in making the sandwiches, cakes or other dishes for the crowd and each one gets her own dessert or drink at the lunch counter.

"What I would really like to do," said Mrs. Marsh in speaking of the running of the lunch room, "is to fill this room up each noon with about twice as many pupils and then I could cut the prices right in two on every dish served. I can't do it and make the business pay on the present patronage, but by buying for twice the present number I could easily cut the prices."

The girls of the school use the lunch room for little afternoon parties and luncheons. They bring their own lunches and use the school silver and then pay just a little for the service of cleaning up after the affair, or lunches will be served at so much a plate if the girls prefer that plan.

The little freshman who had just finished her lunch, "I like mother's cooking, but I'd rather come over here and get something hot, and then we

don't have to lug any lunch box around either."

The girls, too, were enthusiastic about the lunch room and say they wouldn't bother putting up a lunch any more.

The lunch room was started last year by Mrs. Marsh as somewhat of an experiment, but she made it successful and the students at first did not care to try again what had not been attractive but a few weeks later and then more, until now the average attendance is 200.

Visitors are very welcome at the lunch room and outsiders are often among the customers who enjoy their mid-day meal there.

The club women of the city did much to bring about the reopening of a lunch room at the school as they felt that the young folks needed something warm and substantial and wholesome at noon and their efforts combined with those of some board members resulted in the equipment of the fine dining room and kitchen in the new manual training high school. Gas, light and heat and janitor service are furnished by the board and the business itself is run by Mrs. Marsh and her assistants.

the first of October with Mr. Washburn and their family for Europe. Mrs. W. S. Woodbridge, the first president of the Council and Mrs. W. S. Burrill, first vice president, at present time were in the receiving line with Mrs. Washburn. The guest of

Mrs. T. W. Gallagher and Mrs. Al Smart entertained the members of the Tabernacle of St. Clement's church Wednesday afternoon at the home of the former. There were eighty guests present and after an informal afternoon refreshments were served.

A reception took place at the Commercial club for Edward J. Ward, the social center expert and suffragist, from 4 to 5:30 p.m. will be attended by a large number of men and women interested in the cause. Members of the Duluth Women's Suffrage association will be hostesses at the event and a general invitation has been extended to all interested to attend.

Mrs. Ward's talk this evening on social center work at an open mass meeting at the assembly hall of the Central high school will attract a big crowd as the subject is one which is high in the interest of the citizens of Duluth at present. Parents, teachers and all interested in the work should be present at the meeting. Social centers and every one is urged to attend. The meeting will open at 8 o'clock and is free to all.

Mrs. J. L. Washburn was honored by a reception given for her at the Commercial club last Saturday afternoon. Members of the council and their guests called during the afternoon to greet Mrs. Washburn, the retiring president of that organization and wish her a pleasant year abroad. She will leave

well of friends, just as surely do these friends come to take on the different virtues.

How different the state of mind after one has flayed one's mind by word of mouth. The world and all its creatures take on a sordid aspect. Neither glow nor satisfaction with life follows unkind comparisons and a discussion of faults.

One may not feel shame at one's ability to face with smiles and pleasant reception given for her at the Commercial club last Saturday afternoon. Members of the council and their guests called during the afternoon to greet Mrs. Washburn, the retiring president of that organization and wish her a pleasant year abroad. She will leave

Mr. and Mrs. Pierce Rauen of Minneapolis who have been in Duluth on their wedding trip the guests of Mr. and Mrs. E. M. Tredway, 1414 East

MME. JEANNE SAVARIE  
Who Will Visit Duluth Soon.

## "Leading Styles for Fall and Winter" the Topic She Will Discuss at the Geo. A. Gray Store on Tuesday Afternoon, Sept. 24th.

Mme. Jeanne Savarie of Paris, a famous authority on fashion, will give a lecture to women on "LEADING STYLES FOR FALL AND WINTER" at the Geo. A. Gray store Tuesday afternoon.

The tremendous interest which is manifested in matters of dress and style, and the desire of all women to keep posted on what Paris is doing, makes it a safe prediction that the ready-to-wear department will be crowded to the doors on this occasion.

Mme. Savarie is a woman of American birth, who has made her home for many years in Paris, where she is the head of the well-known Wooltex Fashion Bureau.

As a lecturer she has been remarkably successful, and her services are quite as much in demand in the continental cities as they are in the United States.

She is a charming talker, and her talk is interspersed with personal experience and points on correct dress in a way that is not only interesting to her audience, but also exceedingly helpful.

The Buffalo Times mentions Mme. Savarie's lecture in that city in this way:

"Buffalo women are indebted to the Wm. Hengeler Co. for one of the most delightful fashion talks that has been heard here in many a day. Madame Savarie's reputation as a foremost authority on American and European fashion preceded her and as a result the Star Theater was filled to the doors when the curtain rose."

An interesting feature of Mme. Savarie's lecture will be an exhibit of beautiful Paris and American costumes to illustrate the various points brought out by the speaker. These will be exhibited by living models.

The Geo. A. Gray Company is bringing Mme. Savarie to Duluth. Tickets for this lecture are now being issued in the ready-to-wear department of this store.

First street returned to their home yesterday.

William Coughlin of Portland, Or., formerly of Duluth, is visiting in the city for a few weeks.

Miss Hanna Wiehe, who has been visiting Mrs. E. J. Mancke for the past three weeks, has left for her home at Fremont, Neb.

The Misses Jean and Carrie Brindamour have returned from a three weeks' visit in the Twin Cities. They also attended the "Home Coming" at Stillwater, Minn.

Miss Mae Bell left Saturday for Minneapolis after a week's visit with her parents at Lakeside.

Ralph Caulkins left Sunday for Fargo to resume studies at the North Dakota Agricultural college. He has been visiting his parents, Mr. and Mrs. DeFaut and son Clifford of Green Bay, who have been visiting Mrs. E. J. Mancke for the past three weeks, has left for her home at Fremont, Neb.

Miss Lila O'Rourke of 119 East Third street left Sunday for the Villa Sancta Scholastica to take up her college course there.

Mrs. W. J. Floan and Mrs. Amy Forsburg have returned from a trip in the East of several weeks.

Mrs. G. H. Whitely, 1 Munger terrace is visiting friends at Wadena, Minn.

Mrs. Edward Hazen, 1515 East Superior street, has returned from Buffalo, N. Y., where she was called by the illness of her sister, Mrs. John Lindsay.

## Of Interest to Women

¶ An impression seems to have prevailed that this is a high-priced store—just because it sells beautiful wearables and is the most fashionable establishment of the city.

¶ As a matter of fact patrons tell us that considering the kind of apparel we sell, our prices are really more reasonable than stores that only pretend to sell the same grades.

¶ We have but one suggestion to make to "Doubters"—try us, as hundreds of satisfied patrons have done.

¶ We have built a wonderful business—find out why!

¶ When you can get the best at comparatively no greater cost than the inferior, why not get the best?

¶ Put the GIDDING label in your wearables. It costs no more to have it, but is worth much more to you in satisfaction.

four miles west of town. This spur was put in about three years ago for the Muller-McDonald lumber company to load lumber products and the settlers were also allowed to load there. Last spring the Muller-McDonald people completed their operations around mile post 62 and the railway was permanently abandoned the spur. It would have been a great inconvenience for the settlers of that vicinity had the permission been granted, as there is no other loading track between Brookston and Poupere, a distance of over 10 miles, the matter was taken up with the railroad and warehouse commissioners.

Teodore Salil, who resides on a homestead in section 7-50-18, reports the arrival of a young son at his home on Aug. 24.

## ON THE HARBORS

## READY FOR COUNTY FAIR

Two Harbors Awaits Only the Opening Gong—Arrangements Complete.

Saturday Named as Duluth Day Owing to Interest Shown Last Year.

Two Harbors, Minn., Sept. 21.—(Special to The Herald.)—Officers and directors of the Lake County Agricultural society held a special meeting in the rooms of the Commercial club last night for the purpose of discussing and making further arrangements for the Lake county fair which is to be held here next Thursday, Friday and Saturday. Several committees reported and these reports show that the fair is going along very smoothly. The committee on buildings reported that the new building is completed and ready for use. With this late addition of buildings, the association has 5,000 square feet of floor space, and it is expected that every square foot will be utilized this year.

The Duluth people took so much interest in the Lake county fair here last year that it was desired that arrangements be made whereby those from Duluth wishing to visit the fair this year might do so with as little inconvenience as possible. A committee has been appointed to make arrangements for a special train to run from Duluth and return on Saturday, which day has been designated as Duluth day.

Mr. McFether, the new agricultural instructor in the public schools here, has been chosen judge of poultry. Judges of other exhibits will be secured from the various departments of the University of Minnesota and the state experimental farm near St. Paul.

## RAIN COMPELS SUNDAY PROGRAM

Itasca County Fair Will Continue to Allow All Events to Take Place.

Grand Rapids, Minn., Sept. 21.—(Special to The Herald.)—Rain falling at an early hour yesterday morning and lasted until nearly noon, spoiled the sports program scheduled for that day and the fair was held, and resulted in the management of the fair deciding on holding the fair over Sunday, to give the balance of the sports program as arranged for the two big days of the fair.

Only the football game between the Grand Rapids high school team and the G. R. H. alumni of the sports program was pulled out. The game resulted in a score of 18 to 6 in favor of the alumni. Despite the bad weather there was quite a crowd present.

## ROANE CASE ON TRIAL

Negro Porter Charged With Molesting White Woman Passenger.

Virginia, Minn., Sept. 21.—(Special to The Herald.)—On Monday morning district court will take up the case of Charles Roane, alias Jack Williams, in which one half of the jury has already been obtained. The court adjourned over Thursday and the case will be heard on Friday. The reason that important witnesses could not arrive for several days.

Roane is charged with molesting Mrs. E. A. Williams of Eveleth, while she was the only white passenger on the car on which Roane was porter on the Duluth-Staples run last May. Mrs. Williams tells one story and the defendant tells another. The accused is being defended by Alexander Marshall of Duluth and J. C. McGilvery of Eveleth. Roane is a colored man.

## VIPOND-GUMMERSON.

Marriage of Grand Rapids Girl and Stevenson Man Solemnized.

Grand Rapids, Minn., Sept. 21.—(Special to The Herald.)—The marriage of Miss Grace Vipond and John Stevenson was solemnized yesterday at the residence of the bride's parents, Mr. and Mrs. G. Vipond, Rev. Leo E. Burrows officiating. The bride, one of the popular young women and has for some years been engaged in teaching in the schools of the county. Mr. Gummerston is a master mechanic at the Stevenson mine. The happy couple left on the afternoon train for Duluth, where they will spend a few days, after which they will go to Stevenson where they will make their home.

## CHISHOLM CLUB

URGES BEAUTIFYING.

Chisholm, Minn., Sept. 21.—(Special to The Herald.)—The Commercial club has elected a new secretary to fill the vacancy caused by Oscar Arneson removing to St. Paul. Frank Harris was chosen and entered upon his duties at once. A committee was appointed to carry a resolution to the village council requesting them to amend the ordinance governing peddling, so that peddlers who reside in town have more privileges than transient ones. The Commercial club went into the matter of parking and boulevarding more extensively in the future, and passed resolutions to that end last night. A sewage line of the town is imperative and no progress can be made in beautifying Longyear lake unless the sewage line is laid.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: J. J. CHENEY & CO., Toledo, O. Sold by all Druggists. 75c.

Take Hall's Family Pills for constipation.

## PLAN AUTO RACES FOR HIBBING TRACK

Arrangements to Be Perfect for Big Events Scheduled for Next Week.

Hibbing, Minn., Sept. 21.—(Special to The Herald.)—At a meeting to be held this evening at the office of V. L. Power, all arrangements will be perfected for the automobile races to be held here and the dates fixed will probably be Sept. 27 and 28.

There will be a 15-mile race, a three-mile and a five-mile event, beside several exhibitions and demonstration drives. The Case company of Minneapolis will send a racing machine here, which will be driven a mile against time on both days of the meeting, and there will be some motor-cycle races also. The local track is in fine condition. Entries are expected from the Twin Cities, Duluth and several towns in the northern part of the state.

## KAPLAN'S CHALLENGE IS TURNED DOWN

Father Jones of Hibbing Declines to Debate With Socialist Candidate.

Hibbing, Minn., Sept. 21.—(Special to The Herald.)—Morris Kaplan of Duluth, Socialist candidate for congressman from the Eighth congressional district, in handbills issued an open challenge to Rev. Father James Hogan, pastor of the Church of the Blessed Sacrament, to debate the subject "Socialism vs. Capitalism." In reply, Father Hogan last evening authorized the following statement:

"Regarding the challenge, my late usage of my name in challenging me to debate the question of Socialism with Mr. Kaplan in any way. I have no views on Socialism and wish to avoid them when I feel like doing as I need no invitation from any man."

## INTERURBAN SERVICE NOV. 1

Electric Line Between Gilbert and Eveleth Nearing Completion.

Gilbert, Minn., Sept. 21.—(Special to The Herald.)—Mr. J. M. Bay, engineer of the Missabe road, was in Gilbert this week looking after the work being done here by the company. The fill on Broadway between New York and Virginia avenues has been completed, putting the street in first class condition. The work of the Gilbert and Eveleth road has proceeded nearly to the village limits of Gilbert and it is expected that the work will be completed by the end of the month.

The wire men are now busy stringing the feeder wire from Virginia to connect with the end of the line. The wire men are now busy stringing the feeder wire from Virginia to connect with the end of the line. The wire men are now busy stringing the feeder wire from Virginia to connect with the end of the line.

It is reported the Virginia & Rainy Lake Lumber company will supply power temporarily until the electric power plant is built. The street cars are to be modern, high-speed electric cars, equipped with air brakes and electric heaters.

The electric equipment is not ready by the time the rails are laid, the company will probably use gasoline propelled passenger cars, or which are now several successful makes on the market suitable for interurban service. The indications at present point to the probability of the company being able to open up for traffic by Nov. 1, although the labor situation here has been a rapid progress.

## HAVE ELECTION ANYWAY.

Town of Morcom Holds Primaries Two Days Late.

Bear River, Minn., Sept. 21.—(Special to The Herald.)—In spite of the fact that the town of Morcom did not receive election supplies on Tuesday in time to hold a primary election, the supplies were used in an election held on Thursday. The question of its legality must be determined by the county authorities, but the people of this section felt that they should not be without the right of voting even though there was no supplies here on the regular day.

## HOLMES DEDUCTIONS.

Body Found at Virginia Heavily Clothed—Hence, Winter Traveler.

Virginia, Minn., Sept. 21.—(Special to The Herald.)—W. R. Byrne, secretary of the Virginia series of the order of Eagles is in communication with the aeris at Jamestown, N. D., where it is believed the man found in the woods near Wolf a few days ago was a member. It is expected the Jamestown lodge will be able to tell the man's name and throw some light on how he happened to be in this part of the country.

## EXPECT REPEAL OF SECOND CHOICE CLAUSE.

Hibbing, Minn., Sept. 21.—(Special to The Herald.)—Representative John A. Healy, renominated by the Republicans of the Forty-ninth legislative district at Tuesday's primaries, believes the

## CHANGE IN RETAIL FIRM.

J. F. Kearney Sells Interest in Reid & Co. to Duluth Man.

Virginia, Minn., Sept. 21.—(Special to The Herald.)—A business change of importance announced yesterday is that James F. Kearney retires from the firm of Alexander Reid & Co. and that Donald Young of Duluth comes to Virginia as a partner and in the capacity of associate manager of the Reid retail store. Mr. Young also is the secretary of the company.

Mr. Kearney will go from here to Chicago. He left with his family today. He has several places in view in which to locate, but will not decide in making a choice, in the meantime taking a vacation.

## GILBERT BRIEFS.

Gilbert, Minn., Sept. 21.—(Special to The Herald.)—Mrs. E. G. Carroll visited her husband this week in Gilbert and attended the teachers' reception. Richard Durbell has gone to Duluth to visit his brother, Thomas. Mrs. Cassidy of Hibbing is visiting her brother, Thomas. The Ladies Aid Society of the Presbyterian church at her home Thursday.

The firemen's vaudeville entertainment for the benefit of the firemen's fund will take place Wednesday night at the Lyceum. The firemen's fund will take place Wednesday night at the Lyceum.

Settle Title to Championship. Hibbing, Minn., Sept. 21.—(Special to The Herald.)—With favorable weather, what will probably be the last baseball game of the season will be played in Hibbing tonight. The game will be between Hibbing and Duluth. The game will be between Hibbing and Duluth.

Building Damage Awarded. Virginia, Minn., Sept. 21.—(Special to The Herald.)—The case of Mulligan against Shandelin in the district court jury has awarded the plaintiff, George W. Mulligan of Eveleth, \$206.68 on his claim of \$400 against Julius and Morris Shandelin. The Shandelins had erected a new building on Chestnut street owned by Julius and Morris Shandelin. The building was destroyed by fire on August 10, 1911. The jury found that the Shandelins were liable for the damage.

Can't Buckle Down Yet. Hibbing, Minn., Sept. 21.—(Special to The Herald.)—C. C. Atkinson, the "old man here" of the Moosea Ore, went to Duluth today to see the attorney, Louis Crombie in a case brought down by the Hibbing river from Big Fork to Duluth. The case is about the Hibbing river and the Hibbing river.

Genoa Church Dedication. Gilbert, Minn., Sept. 21.—(Special to The Herald.)—The Genoa M. E. church will be dedicated tomorrow. Special services are to be held for the purpose of dedicating the new church building. The church building is a new building and is a fine building.

Reception Postponed. Chisholm, Minn., Sept. 21.—(Special to The Herald.)—The reception to have been held this evening by the school board to the teachers and their friends in the auditorium has been postponed until Wednesday evening. The reception is being postponed because of the weather.

Funeral at Erickburg. Virginia, Minn., Sept. 21.—(Special to The Herald.)—The funeral of Mrs. Knutson of Erickburg, Minn., will be held at Erickburg, Minn., this evening. The funeral is being held at Erickburg, Minn., because of the weather.

New Flusher at Work. Virginia, Minn., Sept. 21.—(Special to The Herald.)—The new street flusher operated by the city of Virginia is now at work on the new street. The flusher is a new machine and is a fine machine.

FORAGE POISONING IN SOUTH DAKOTA REPORTED. Washington, Sept. 21.—Forage poisoning, which has caused heavy mortality among the horses of Kansas and Nebraska, is reported prevalent in South Dakota, in advice to the department of agriculture. The poisoning is caused by a poisonous plant called locoweed.

WANTS JOINT DEBATES ON THE TARIFF ISSUE. New York, Sept. 21.—Chairman Hill of the Republican national committee, in addressing National Chairman McAdoo of the Democratic national committee in a letter made public, suggested a series of joint debates throughout the country between prominent speakers on the tariff question.

He made the suggestion after calling Mr. McAdoo's attention to the fact that Governor Wilson had been quoted as saying that one of the real issues of the campaign—the tariff—has been abandoned by the Republican party.

Mr. Hill said he agreed that the tariff was one of the vital issues, but denied that it had been abandoned by the Republican party.

## NEW MANHOOD

The Dr. Lorenz Electric Body Battery is the greatest discovery for treating and curing all the ills of the body. It is a new discovery and is a fine discovery. It is a new discovery and is a fine discovery.

43.50 to 43.59, 43.60 to 43.69, 43.70 to 43.79, 43.

# REAL ESTATE

## GOOD BUILDING WEATHER FOR DULUTH CONTRACTORS

Structures Under Way Are Being Rushed—Few New Contracts.

Building operations now under way are progressing rapidly under most favorable weather conditions. There have been few new structures announced despite the fact that the architects claim to be busy.

Some of the old propositions which have been hanging fire for several weeks are now becoming realities. The building club contract has been let and the plans are out for figures on the Providence building addition and the new manufacturing building.

McLeod & Smith were this week awarded the general contract for the erection of the building at Third and Fourth streets, east of the city hall.

The building will occupy the ground floor, while the hockey and skating rink will be on the second story. The club and waiting room features which have been planned will be of an elaborate nature. If the work is rushed, it is possible that the members may be able to use the building this winter.

West Duluth has had a prosperous building season during the past three months. Present indications are that by the end of the year a new record will be set for new buildings in the western suburb.

By Oct. 1 the Ramsted building at Fifty-seventh avenue west and Grand will be completed. It is a two-story office, flat and store building, costing \$10,000.

Other structures which are under way are:

- An addition to the Nelson building, Fifty-seventh avenue west and Grand, costing \$20,000.
- An addition to the Dorned building, Central avenue and Ramsey street, costing \$20,000.
- Finishing Temperance society hall, Fifty-fourth avenue west and Ramsey street, \$12,000.

Architect P. M. Olson has prepared plans for a \$3,500 modern frame residence to be built on the Jean Duluth farm this fall for the superintendent. Figures will be taken next week. The re-inforced concrete creamery building now being built on the farm will soon be completed.

Kelly & Williams, architects, this week let the contract for a \$5,000 addition to the naval militia boat house, Park point, to the Bove-Burke company. The improvement calls for several new boat stalls and a keeper's house.

The same architects have plans out for figures for the remodeling and alteration of a store front on Fifth avenue west between Superior and First streets.

Architect J. J. Wengenstein will open bids to day for the construction of the new proposed \$15,000 manufacturers' building to be erected at First avenue west and Second street. The same architect this morning

saw the contractors plans for the two-story addition to the Providence building at Fourth avenue west and Second street, to cost \$50,000. The bids for this job will be opened next Friday.

E. F. Broomhall, architect, has prepared plans for a modern brick auditorium and manual training building for the board of education of Park Rapids, Minn. Figures will be taken Oct. 1.

Architect Frank L. Young is preparing sketches for a \$15,000 addition and remodeling job on a flat building owned by Dr. Rodill at Albert Lea, Minn. The improvement will be made this fall.

The building permits of the week follow:

To C. W. Townner, addition, near Proctor	300
To A. T. Linden, stone basement, West Tenth street between Twenty-third and Twenty-fourth avenues	325
To John Monaghan, brick dwelling, East Fourth street between Twenty-second and Twenty-third avenues	11,000
To Fred Backstrom, frame dwelling, East Sixth street between Fourth and Fifth avenues	2,000
To J. Fischer, addition, East Eighth street between Ninth and Tenth avenues	500

put new additions at considerable distances from the settled area, are forcing things beyond a natural action, and are causing needless expense in numerous ways.

INDORSES VIEWS EXPRESSED IN HERALD

The Improvement Bulletin today says:

Duluth correspondent to the Herald of that city, makes the point that the platting of tracts at considerable distance from the settled portion of the city has a tendency to make it difficult to secure factory site tracts of good area. Where a tract is platting, and a few sales have been made out of the lot, if a large enterprise wishes the entire tract, it must often pay exorbitant prices for the few lots which have been sold, and sometimes is unable to make arrangements to buy at all. The suggestion is a very good one. The enterprising real estate men who

say:

A new laundry establishment is said to be assured for the West end. A deal for a West Superior street business site is now pending between the new laundry company and P. George Hanson & Sons. Negotiations, it is believed, will be closed within a comparatively few days and the particulars of the deal disclosed.

West end realty, this firm reports, was never looking better. During the past few weeks there has been a brisk demand for all sorts of residence property and some inquiry for West Superior street and West First street business sites.

ATTENDED CONFERENCE OF BUILDERS' EXCHANGE SECRETARIES

E. R. Cobb, secretary of the Duluth Builders' Exchange has returned from Detroit, Mich., where last week he attended a gathering of secretaries of builders' exchanges of the United States and Canada.

The meeting was called by Charles Bowen of the Detroit exchange. There was a good representation, about thirty exchanges having their secretaries present. The territory covered was general.

The gathering was a big success, many suggestions of practical value being given. All received new ideas and suggestions which will be of use in carrying the work of their own exchanges.

A notable figure attending the convention was W. H. Seward of Boston, dean of the builders' exchange movement, who has devoted forty years to this kind of work.

Other representatives from the West and Northwest besides Mr. Cobb were Eugene Young of Minneapolis, A. V. Williams of St. Paul, Charles A. Gries of Omaha, L. F. Danforth of Portland, Or., and A. M. Rose of Winnipeg.

## ONLY TWO HOUSES LEFT

Five new six-room houses, with concrete foundation and basement, hardwood floors throughout, city water, bath, gas and electric light, at \$22 Ninth avenue east, for small cash payment and balance with your rent money.

EBY & GRIDLEY, 505 Palladio Building.

## Applications

Now being received for dwellings and flats for September and October 1st.

John A. Stephenson & Co. Wolvin Bldg.

## NEW LAUNDRY FOR WEST END

A new laundry establishment is said to be assured for the West end. A deal for a West Superior street business site is now pending between the new laundry company and P. George Hanson & Sons. Negotiations, it is believed, will be closed within a comparatively few days and the particulars of the deal disclosed.

West end realty, this firm reports, was never looking better. During the past few weeks there has been a brisk demand for all sorts of residence property and some inquiry for West Superior street and West First street business sites.

## WATCH!! WAIT!!

FOR OUR BIG SALE OF GARDEN TRACTS

A splendid opportunity to secure a Garden Tract on which to live away from the city, and yet near enough to be able to reach the downtown district in thirty minutes.

LOCATION AND SOIL These Garden Tracts are located on the Morris Thomas road, a short distance from the Piedmont avenue car line, and immediately adjacent to the most thickly settled portion of Duluth, the West end. The tracts are 1½, 2½ and up to 5 acres in size, and each tract faces a road.

PRICES AND TERMS Prices range from \$250 per tract and up, according to location and desirability. Terms, \$10 cash and \$10 per month, with discount for half cash or all cash. No interest, no taxes until 1913. Torrens title. Adjoining land is being held at twice to three times the prices we ask.

Sale commences next Saturday, September 28th, and continues until all tracts are sold. Be sure to make an appointment to see these tracts.

## WESTERN REALTY CO.

Phone, Lincoln 24. 1922 WEST SUPERIOR ST.

## NOTICE TO LOT OWNERS

Before building it will pay you to see me for plans for houses and terms.

My terms are easy and plain for anybody to understand. I will take you to the houses that I have built so that you can see them and speak to the owners and find out if they have gotten their money's worth.

Remember—This is not an out-of-town firm. This is a Duluth man and a Duluth Home Builder.

## LOTS IN THE NEW STEEL CITY CARNEGIE

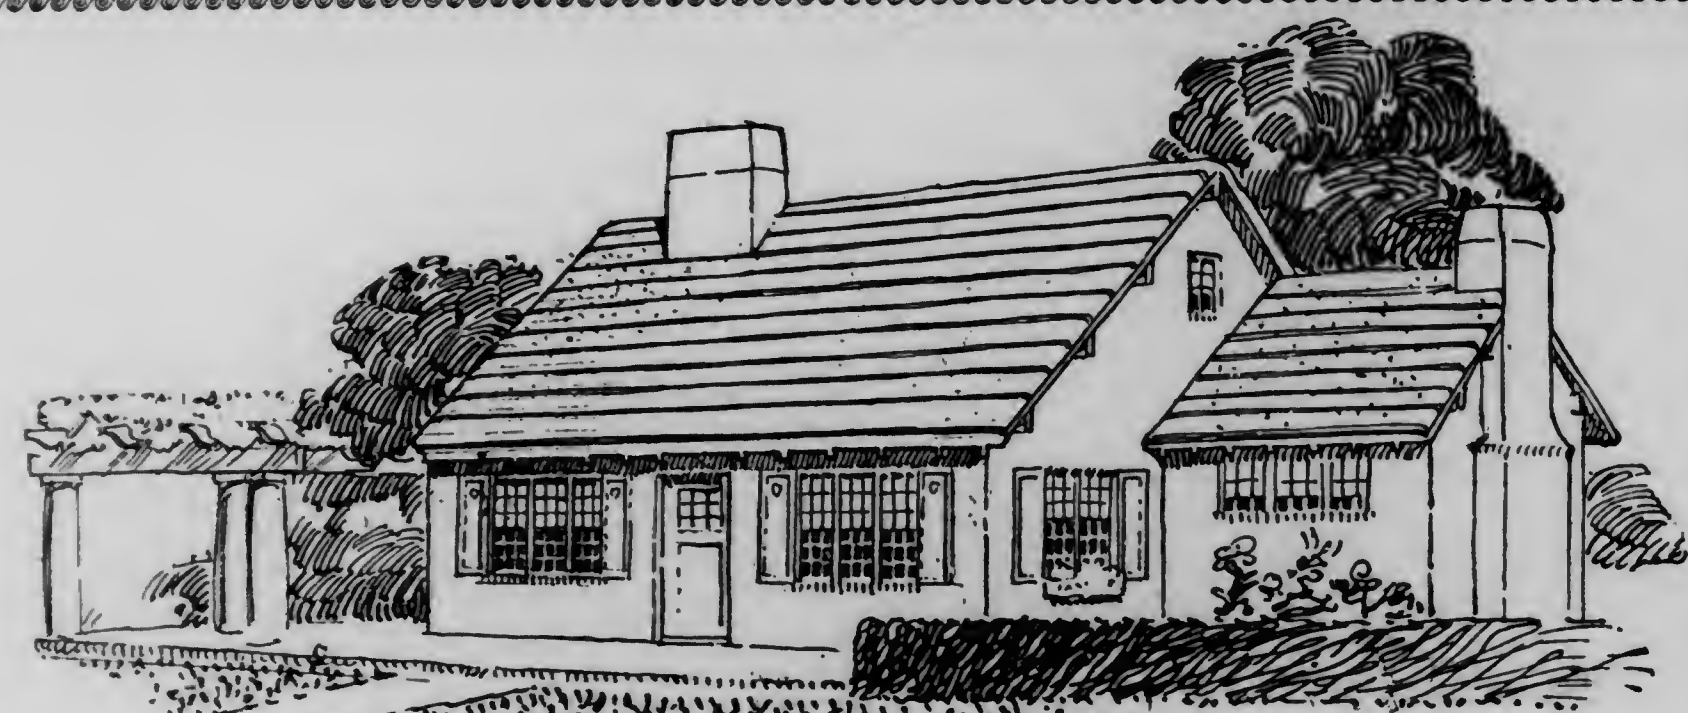

WILL ADVANCE 20% IN PRICE BY SEPTEMBER 15 The contract for grading streets in Central Division has been let; work begins Sept. 10 and will be finished by November 15th, this year. You, who are wise, will invest in Carnegie property. It will mean "easy street" for you in a few years.

GREAT NORTHERN LAND CO., 600 and 601 Torrey Building. DULUTH, MINN.

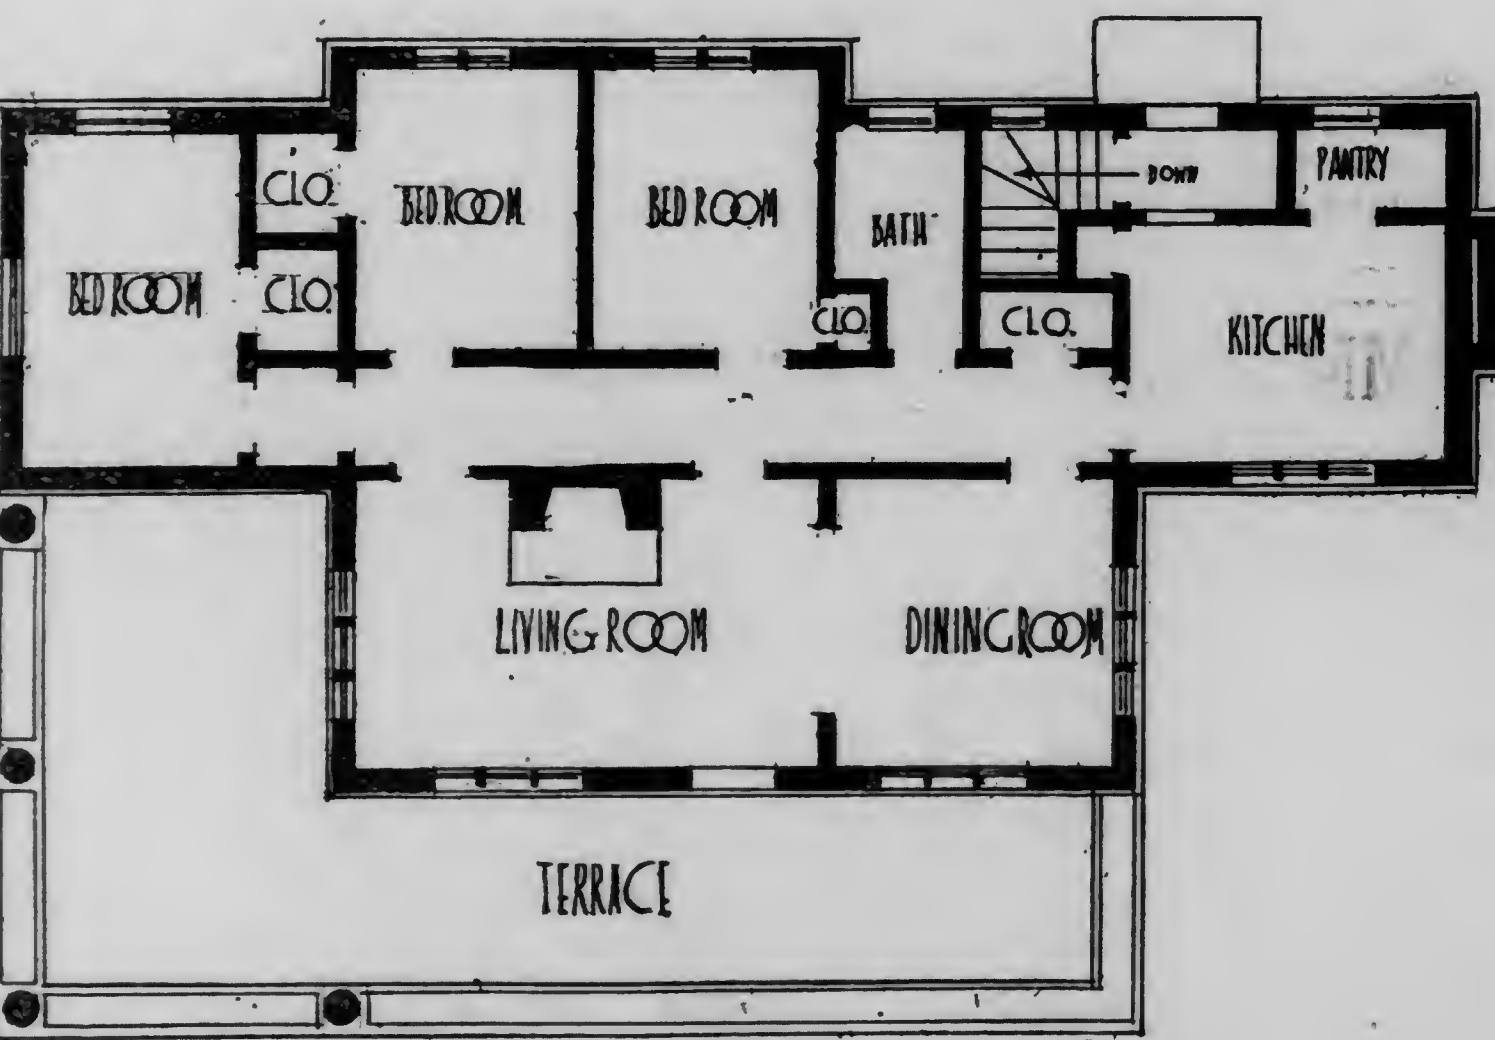

## ½-Acre Tracts in Seventh Ward Garden Division. Easy Terms.

FOR SALE BY ANDREW BERGQUIST OFFICE 404 EXCHANGE BUILDING.

## HERALD'S POPULAR-PRICED HOMES

A. HOLSTEAD, ARCHITECT.

FLOOR PLAN

The above design for a bungalow shows a very simple and refined exterior. The two wings on each side add largely to the artistic effect by softening and lowering the extreme ends of the elevation. The exterior is in roughcast over studding and forms a surface which is economical in first cost and in upkeep, as the surface of the cement plaster takes on an added texture which is becoming and the whole exterior can be renewed and refreshed by the painting of the woodwork around doors and windows, which has been reduced to a minimum, consistent with utility and artistic effect. The plan is very simple and can be easily understood without description. The basement would extend under only half the first floor. The cost, inclusive of heating and plumbing, would be \$3,000.

## QUIET WEEK REPORTED IN DULUTH REAL ESTATE

### Suburban Tracts Selling and Movement in Acreage Is Fair.

The Duluth real estate market experienced a quiet week, with a number of property—business, residence, suburban and acreage—shows no decline, although there were apparently fewer deals put through during the past few days.

Trading in the residence districts has not varied. Suburban areas are still active, and the movement in acreage and around Duluth has been fairly good.

Richardson, Day & Harrison advise continued activity. During the past week they sold three lots on Kent road, which is now being paved west of Woodland avenue. They also report continued interest for property in that locality.

The same firm this week disposed of two ten-acre tracts in Norton's division. This tract, which occupies a full section, is rapidly building up. Several sales were also closed in Norton's steel plant division and Norton's division.

On the whole, they advise inquiry and demand for property of all kinds is better now than at any time during the past year.

The Alliance Real Estate corporation this week sold six lots in Norton's division at the end of the Woodland car line. The firm advises that inquiry for suburban property was never better.

Several lots at Gary and New Duluth

were disposed of this week by the Clarke-Worthen company, which is operating extensively in that vicinity. A number of the purchasers were local people.

Ebert, Walker & McKnight report first class inquiry for farm lands and acreage tracts of all sizes, both in Carlton county and in Carlton county. Several good sized deals are now pending with this firm.

The Greyson Farms company this week disposed of six tracts of from two to ten acres not far from the end of the Woodland car line. There has been considerable market gardening on small farms in this vicinity during the past year.

The land department of the Duluth & Iron Range railroad this week closed several sales at Meadowlands, Floodwood and Cook, in St. Louis county, and a few farms in Carlton county.

Four 40-acre tracts in the Cornucopia district, Bayfield county, Wis. The purchasers propose to engage extensively in the fruit-raising business, together with the production of root crops.

The land department of the South Shore railroad is receiving splendid inquiry for lands contiguous to the railroad in Northern Wisconsin and Northern Michigan, and has closed up several sales during the past week, according to its land commissioner, E. W. McPherson.

A house and 50-foot lot on the upper side of Oneida street near Fifty-second avenue east was sold this week from Mary L. Money to Horace Johnson for \$1,500.

The Dickman Investment company has sold to John E. Lawrenson for \$1,300 the northwest corner of Woodland avenue and Garden street. The

property fronts fifty feet on Woodland avenue.

Fifty feet fronting on the lower side of Third street between Fifteenth and Sixteenth avenues east has been sold from Marlon C. Armstrong to Hor C. Johnson. The consideration was \$1,100.

If H. Peyton reports that during the past week he had sold seven lots at Gary for Watson S. Moore, and that deals for several more are now pending.

The real estate transfers of the week follow:

August 22nd to Hugh P. Cameron, 1/4 of sec. 1, 1/4 of sec. 2, 1/4 of sec. 3, 1/4 of sec. 4, 1/4 of sec. 5, 1/4 of sec. 6, 1/4 of sec. 7, 1/4 of sec. 8, 1/4 of sec. 9, 1/4 of sec. 10, 1/4 of sec. 11, 1/4 of sec. 12, 1/4 of ## TUOLUMNE MAY NOT HAVE ANY DIVIDEND THIS YEAR

**Will Wait Until in a Position to Earn More Money.**

**Railroad to Radersburg District Not to Be Built This Year.**

Duluth, Mont., Sept. 21.—(Special to The Herald.)—A few months ago it was anticipated that there would be two dividends before the close of the year by the Tuolumne company, but it is now a question if there will be even one. A director of the company, in speaking on the subject, said that the company is not in a position to pay a dividend until it is in a position to earn more money. The company is now in a position to earn more money, but it is not in a position to pay a dividend until it is in a position to earn more money. The company is now in a position to earn more money, but it is not in a position to pay a dividend until it is in a position to earn more money.

**Harmon-King.** The Harmon-King company has a force of men at work on a north branch of the Piegans-Glacier mine making preparations for the opening of the properties. The Harmon-King shaft will be repaired in a month's time and then actual mining will be commenced in the North Moccasin. It will be some time later before the Piegans-Glacier mine is ready.

**Radersburg District.** The Radersburg district mine owners are very much disappointed over the failure of the company which undertook to construct the railroad way from the mining locality to Three Forks, where connection could be made with either the Northern Pacific or Milwaukee railways to this city or Helena, to carry the ore. After the road had been graded, financial difficulties were encountered and now there does not appear to be any prospect of the road being completed. Several of the mine owners have guaranteed the railway company a certain amount of ore for shipment each day, and for some time the operating companies were rushing development work and carrying on extensive hauling of ore by wagon road. An effort is being made to have the Milwaukee take hold of the road and complete it, but it is said that the engineer sent into the district recently has not made a very favorable report. The mine owners are undoubtedly disappointed at the cost of hauling ore by wagon road, a distance of twelve miles, is \$2 a ton. The Keating, Ohio Keating and Black Friday all claim that with a railway into the district the output of these mines could easily be doubled.

**Boston & Corbin.** The Boston & Corbin company is shipping ore to the Washoe smelter and the returns are more than sufficient to pay all operating expenses, according to a man who has just returned from the mine. The Boston & Corbin concentrates are to be treated at the Washoe smelter. For a long time the company has been carrying on extensive development work, at times under rather adverse conditions, but according to men from the locality the mine is now in a position to supply concentrates for many years to come with good commercial ore. The main shaft is 1,200 feet deep and has several miles of levels, crosscuts and drifts which contain an immense tonnage of ore. While all the development work was under way no attempt was made to ship any ore, and the company is now fully demonstrating that the red metal was there in sufficient quantity to make the mine a paying investment.

**Pilot Butte.** Shaft sinking has been resumed at the Pilot Butte, which has been down for several weeks. The shaft is being run and at the same time the sinking will be continued for another 200 feet. While shaft sinking, the shaft is being run and at the same time the sinking will be continued for another 200 feet. While shaft sinking, the shaft is being run and at the same time the sinking will be continued for another 200 feet.

**Butte and Superior.** The new hole for the Butte & Superior company has arrived, and in about two weeks the mine will be closed down to place it in position. This will require about two months, after which it is expected that the new concentrator in a position to handle about 1,000 tons of ore a day. Just now the mill is handling from 450 to 600 tons of ore a day, and the results attained are now being to the satisfaction of D. C. Jackson, president of the Utah Copper company, who now has charge of the mining and smelting department of the Butte & Superior company. Was in the city a few days ago making an inspection of the mill and mine, and before his departure he said that the concentrator was working much more satisfactorily than a few weeks ago, and that the changes being made and completed would undoubtedly remove the defects which had existed. There are 600 tons of ore being hoisted every day, and what is not required for treatment at the mill is added to the stockpile on the surface, which will contain a very large quantity of ore at the time the mine is closed down to supply the concentrator until the new surface plant is in working order and hoisting is resumed at the mine. Mr. Jackson says that after the new hoisting equipment is installed the mill will be in a position to treat 1,000 tons of ore a day.

**Japanese Visitors.** That the mine and smelters of Montana are attracting the attention of the world there can be no question. A few days ago T. Katsura, son of

Prince Katsura, former prime minister of Japan, and T. Teubner, expert engineer of the Katsura mines, the largest copper mines in Japan, reached the state and were the guests of C. V. Goodale, manager of the Boston & Montana properties at Great Falls. They made a very complete examination of the smelter and found much to interest them in the way of the treatment of ore. After leaving Great Falls they visited this city, and after an examination of the mines went to Anaconda where they were given an opportunity to witness the various methods of the treatment of ore.

**Georgetown District.** As the extension of the Butte, Anaconda & Pacific Railroad company approaches, the Georgetown district mining operations begin to expand and by Nov. 1 when the first train reaches the district there will be one sufficient to keep the road in operation for many months. Some new properties have recently been put into commission, among them being the Big Hill, a property which was at one time owned by the Milwaukee Gold Extraction company, but through lack of capital had to be closed down. A crew of fifteen men has been recently put to work on the property and some good results are anticipated.

**East Butte.** Little information will be given out at the mine as the new body of ore opened on the 1,200-foot level of the East Butte mine, at about 125 tons, is very rich and that some of the assays run as high as 12 per cent copper. The strike in the Adirondack claim of the North Butte company was made of rather an uncertain quantity at the present time. Some assays have been made showing as high as 12 per cent copper, and it is said that the low-grade ore is being worked. The North Butte property is undoubtedly looking up well, but the officials do not care to say much as to the future prospects. There is a probability that the East Butte mine on the 2,000-foot level will be encountered in a few days.

**Shipments to Start at Once.**

**Mount Washington Mine in Colorado District Is Rejuvenated.**

Butte, Mont., Sept. 21.—George W. Wilson, in charge of the mining operations of the Mount Washington Mining company was in the city a few days ago from the property which is located in the Colorado district, about two miles from Wickes. He states that splendid progress has been made in the development of the mine and that shipments of highly profitable ore are to commence at once. For the operation of the mine a company recently was organized by Mr. Wilson and John D. Pope. The company is now in the process of developing the mine and has installed a few weeks ago the old workings and has cleared out the mine. Some important ore bodies have been opened up and the future of the property appears to be exceptionally bright. The property is located between the famous silver mines on the east and the Blue Bird and Pen darron on the west. Both these mines, famous producers and netted their owners enormous fortunes. The Mount Washington company is capitalized for 100,000 shares of a par value of \$5 each.

**Two More Ore Strikes Made.**

**High Grade Ore Encountered By the Calumet & Arizona.**

Bisbee, Ariz., Sept. 21.—Two more ore strikes at the Junction shaft are reported by the Calumet & Arizona company. They are on the 1,300 and 1,400-foot levels and look good, both workings being in high grade ore. Plans are under way for the building of a spur by this company to the Briggs shaft so that whenever it is desired that large quantities now being developed in that works of the company may be handled from the collar of the Briggs shaft. The company is raising the level of the shaft and has herebefore been described in shipping in quantities to the smelter at Douglas. The Calumet & Arizona is in no wise affected in output by the Mexican revolutionary conditions.

**Mexican Mines Are Shut Down.**

**Greene-Cananea Cannot Secure Supplies or Ship Its Bullion.**

Cananea, Mex., Sept. 21.—The present revolution in Sonora is causing much trouble for the mining companies of the state. Already quite a number have been closed down until such time as they can operate without fear of being molested. Among the properties and companies which have suffered losses at the hands of the rebels, or were forced to close down are the following: Washington, San Lorenzo, Colorado, Minneapolis, Transvaal, La Portuna, North Tigua, La Colbriza, Laguna River Gold & Copper company, Cananea-Boston, Abundancia, San Gerónimo, El Oro, Verde, Cerro de Cobre, San Felipe. The Greene-Cananea company is at present without means of securing supplies or shipping its bullion, the railroad between Naco and Cananea being crippled by rebel bands. Sept. 8, when seven bridges were burned, the company will not suffer severely as a result, as it has plenty of coke and fuel oil, sufficient to continue in operation for another sixty days. There is also a good supply of food of all kinds in the company store. The output for the month will probably not be much different from the output of that company for the month. The state of Sonora have suffered considerably during the month, having fallen off at least 25 per cent.

## LARGEST AT MARQUETTE

**Cascade Company Starts Shaft Sinking on Property Near Palmer.**

**Operations Resumed at Tully Mine of Corrigan, McKinney & Co.**

The fact that the newly organized Cascade Mining company has started shaft-sinking at its property near Palmer in the Cascade district of the Marquette range, is one more tribute to the worth of the diamond drill in the Lake Superior country and especially in those fields in which the mineral lies deep in the ground. For the new body of iron ore would never have been found, at least not for many years, for it lies 325 feet beneath the surface. Not for a year or more will the Cascade people be ready to produce. The shaft, which already has reached the depth, down thirty feet, will be one of the largest on the range. The new body of iron ore would never have been found, at least not for many years, for it lies 325 feet beneath the surface. Not for a year or more will the Cascade people be ready to produce. The shaft, which already has reached the depth, down thirty feet, will be one of the largest on the range.

**John Van Swaney Field.** It is a theory of Marquette range men that the Cascade district has a junction with the Swaney field, and it is believed that eventually a strike of iron ore will be made along the connecting formation. The intervening country is a virgin territory, hardly searched for iron ore. The Heidelberg interests of New York are at work in the district, and the Cascade district and there is much interest in the outcome. Diamond drilling has been in progress for some time, and the Heidelberg interests of New York are at work in the district, and the Cascade district and there is much interest in the outcome. Diamond drilling has been in progress for some time, and the Heidelberg interests of New York are at work in the district, and the Cascade district and there is much interest in the outcome.

**Tully Mine Resumes.** An event of interest in the Iron River district of the Menominee range is the resumption of operations at the Tully mine of Corrigan, McKinney & Co. The work now in progress is of preparatory nature, with shaft-sinking scheduled to be resumed early in October. The latest property added to the producing list in the Iron River country is the Tully mine, which is located in the north of the village of Iron River. Shaft-sinking was started last November following the location of a promising deposit by diamond drill exploration, and the mine is now being hoisted. During the winter and spring the mine was operated on a small scale, and the equipment of buildings and machinery was sent out a good-sized outfit. The Cortland mine, another Wickwire property, is being developed in the same manner, and shipments on or about Oct. 1, when the Chicago & Northern Pacific railway has completed the construction of a spur track to the shaft. The mine is owned by the Tully mine, which is the home of President T. H. Wickwire of the Wickwire company. The mine is being developed by the Tully mine, which is the home of President T. H. Wickwire of the Wickwire company.

**Fluorence Company Exploring.** The Fluorence company, controlled by the Lodenberg-Thalmann interests of New York, has in progress an active campaign of exploratory and development work, both in the Fluorence county, Wis., and in the Menominee range. Its latest extension has been to the Marquette range, in the Lake Superior country, where it has taken under option a property in section 14, 42-23. This tract is near Buck Lake and in proximity to the Michigan find of the Lodenberg-Thalmann interests. It will be drilled extensively. The Fluorence company is also exploring in section 36, 44-23, near Swan lake in the Amasa field, with two diamond drills in commission. The showing at this point is reported excellent. Pickands, Mather & Co., engineering and construction, are in the process of erecting a new shafthouse at the Warner property in the Amasa country and are working for the development of the tract in earnest. Exploration here had

## ENCOUNTERS AMYGDALOID

**Isle Royale Strikes New Lode With Characteristics of Kearsarge.**

**Area Tributary to Ojibway's No. 1 Shaft Promises to Make Mine.**

Houghton, Mich., Sept. 21.—(Special to The Herald.)—The Isle Royale Copper company, engaged in exploratory work in the horizon of the Kearsarge lode, recently encountered an unidentified amygdaloid in boring No. 1 drill hole, and is now opening the formation at surface by trenching. The new lode has all of the characteristics of the Kearsarge lode. It shows a width of about fourteen feet. This horizon in Isle Royale is to be thoroughly explored by means of the diamond drill, and this work will test the lode at various points along its strike, a distance of quite three miles. In its operations on the Isle Royale company obtains much encouragement, and is now sinking a fifth shaft, and the only other shaft opened on the property, remains temporarily closed though an extensive development work is being carried on. The No. 4 shaft is at the eighth level, and the No. 4 shaft is at the eighth level, and the No. 4 shaft is at the eighth level.

**The Franklin.** The Franklin is shipping well above 500 tons of rock daily and promises soon to reach a total of 1,200 tons. The No. 1 shaft is sinking for the thirty-fourth level, and the No. 1 shaft is sinking for the thirty-fourth level, and the No. 1 shaft is sinking for the thirty-fourth level.

**The Victoria.** The Victoria has resumed shaft work on the Victoria lode, and the Victoria has resumed shaft work on the Victoria lode, and the Victoria has resumed shaft work on the Victoria lode.

**Ojibway.** The Ojibway is expanding in the neighborhood of \$6,000 monthly in the development of the property on the Kearsarge lode. The No. 1 shaft is sinking steadily, and has attained a depth of 2,400 feet. The No. 1 shaft is sinking steadily, and has attained a depth of 2,400 feet. The No. 1 shaft is sinking steadily, and has attained a depth of 2,400 feet.

**The Michigan.** The Michigan has resumed exploratory work in the horizon embraced by the Evergreen series of lode. Several promising formations were disclosed in the exploratory campaign of two years ago, and a test pit is now being put down on one of these lodes thought to be identical with the Butler lode in which the Mass Consolidated is operating with such excellent results. The Michigan mine has been in the hands of the Michigan Consolidated, and the outlook for a resumption of operations by the company is anything but

**CATARRH OF THE BLADDER.** Suffered in 24 Hours. Suffered in 24 Hours. Suffered in 24 Hours.

## MINNESOTA IS NOW ON ITS FEET

**Final Payment to Those Who Held Claim Against Company.**

Deadwood, S. D., Sept. 21.—Through the payment to N. E. Franklin, trustee for the judgment creditors of the Minnesota Mining company, of about \$20,000, the amount of liens for supplies and labor, that corporation has discharged its floating indebtedness and is now in a position to proceed with its development work, which was suspended two years ago on account of lack of capital. The company is understood to have no bonded indebtedness and consequently the capital that may hereafter be raised will be available for putting the company on a paying basis.

**Wide Body of Copper Glance.**

**East Butte Opens Rich Ore on the 1,200-Foot Level.**

Butte, Mont., Sept. 21.—Recent developments in the Pittsburg property of the East Butte Mining company have added materially to the mineral wealth of that organization and have proved that depth only is necessary to prove the downward continuation of the great ore bodies which have been developed on the 800- and 1,000-foot levels. While it has been the policy of the management, apparently, to keep secret the progress that has been made during the past few months, it has leaked out that on the 1,200-foot level, in the southern portion of the mine, one of the richest ore bodies in the East Butte camp has been opened up. On the lower level it has been ascertained, an extensive ore body has been opened up, the exact width or extent of which has not been known. It is known, however, that there is at least 100 feet of ore, and that the highest grade of ore that has ever been mined in the East Butte camp, and that the ore body will average better than 10 per cent copper. This is the same ore body which was opened up on the 800- and 1,000-foot levels some months ago and proves the continuity of the ore body. The ore body on the 1,200-foot level is one of the most extensive ever developed in the East Butte property and adds materially to the reserve tonnage of the mine. It is believed that the ore body is of the same grade as the ore bodies on the 800- and 1,000-foot levels, and that the ore body will average better than 10 per cent copper. This is the same ore body which was opened up on the 800- and 1,000-foot levels some months ago and proves the continuity of the ore body.
